(4) Guaranteed asset protection waivers governed by [sections 1 through 7] are not insurance and are exempt from the insurance laws of this state. Persons

that comply with [sections 1 through 7] in marketing, selling, or offering to sell guaranteed asset protection waivers to borrowers are exempt from this state's insurance licensing requirements.

(3) Any cost to the borrower for a guaranteed asset protection waiver entered into in compliance with the Truth in Lending Act, 15 U.S.C. 1601, et. seq., must be separately stated and is not considered a finance charge or interest.

(4) A retail dealer of motor vehicles shall insure its GAP waiver obligations under a contractual liability or other insurance policy issued by an insurer. A creditor, other than a retail dealer of motor vehicles, may insure its GAP waiver obligations under a contractual liability policy or similar policy issued by an insurer. The insurance policy may be directly obtained by a creditor or a retail dealer of motor vehicles or may be procured by an administrator to cover a creditor's or retail dealer's obligations. However, retail dealers of motor vehicles that are lessors of motor vehicles are not required to insure obligations related to GAP waivers on leased vehicles.

(5) The GAP waiver remains a part of the finance agreement upon the assignment, sale, or transfer of the finance agreement by the creditor.

(6) The extension of credit, the term of credit, or the term of the related motor vehicle sale or lease may not be conditioned upon the purchase of a GAP waiver.

(7) A creditor that offers a GAP waiver shall report the sale of and forward funds received on all GAP waivers to the designated party, if any, as prescribed in any applicable administrative services agreement, contractual liability policy, other insurance policy, or other specified program document.

(8) Funds received or held by a creditor or administrator and belonging to an insurer, creditor, or administrator pursuant to the terms of a written agreement must be held by the creditor or administrator in a fiduciary capacity.

**Section 4. (2) Coverage under a contractual liability or other insurance policy insuring a GAP waiver must also cover any subsequent assignee upon the assignment, sale, or transfer of the finance agreement.

(3) Coverage under a contractual liability or other insurance policy insuring a GAP waiver must remain in effect unless canceled or terminated in compliance with applicable insurance laws of this state.

(4) The cancellation or termination of a contractual liability or other insurance policy may not reduce the insurer's responsibility for GAP waivers issued by the creditor prior to the date of cancellation or termination and for which premiums have been received by the insurer.

**Section 5. Disclosures.** Guaranteed asset protection waivers must disclose, as applicable, in writing and in clear, understandable language, the following:

(1) the name and address of the initial creditor and the borrower at the time of sale and the identity of any administrator if different from the creditor;

(2) the purchase price and the terms of the GAP waiver, including without limitation the requirements for protection, conditions, or exclusions associated with the GAP waiver;

(5) whether the GAP waiver may be canceled after the free look period and the conditions under which it may be canceled, including the procedures for requesting any refund due;

(6) that in order to receive any refund due in the event of a borrower's cancellation of the GAP waiver agreement or early termination of the finance agreement, the borrower, in accordance with terms of the waiver, shall provide a written request to cancel to the creditor, administrator, or other party as specified in the GAP waiver. If a borrower is canceling the GAP waiver due to early termination of the finance agreement, the borrower shall provide a written request to the creditor, administrator, or other party within 90 days of the occurrence of the event terminating the finance agreement.

(7) the methodology for calculating any refund of the unearned purchase price of the GAP waiver due in the event of cancellation of the GAP waiver or early termination of the finance agreement; and

(8) that the extension of credit, the terms of the credit, or the terms of the related motor vehicle sale or lease may not be conditioned upon the purchase of the GAP waiver.

**Section 6. Cancellation.** (1) Guaranteed asset protection waiver agreements may be cancelable or noncancelable after the free look period. GAP waivers must provide that if a borrower cancels a GAP waiver within the free look period, so long as no benefits have been provided, the borrower is entitled to a full refund of the purchase price.

(2) If the borrower cancels the GAP waiver or terminates the finance agreement early but after the agreement has been in effect beyond the free look period, the borrower is entitled to a refund of any unearned portion of the purchase price of the GAP waiver unless the GAP waiver provides otherwise. In order to receive a refund, the borrower, in accordance with any applicable terms of the waiver, shall provide a written request to the creditor, administrator, or other party. If the borrower is canceling the GAP waiver due to the early termination of the finance agreement, the borrower shall provide a written request within 90 days of the event terminating the finance agreement.

(3) If the cancellation of a GAP waiver occurs as a result of a default under the finance agreement, the repossession of the motor vehicle associated with the finance agreement, or other termination of the finance agreement, any refund due may be paid directly to the creditor or administrator and applied as set forth in subsection (4).

(4) A cancellation or termination refund under subsection (1), (2), or (3) may be applied by the creditor as a reduction of the amount owed under the finance agreement unless the borrower can show that the finance agreement has been paid in full.

**Section 7. Commercial transactions exempted.** [Sections 3(3) and 5] do not apply to a guaranteed asset protection waiver offered in connection with a lease or retail installment sale associated with a commercial transaction.

(a) For each fiscal year through the fiscal year ending June 30, 2015:

(ii) the balance of the account must be allocated evenly to the wireless providers providing wireless enhanced 9-1-1 in counties with 1% or less of the total population of the state; and

(iii) prior to distribution, the amounts allocated under subsections (1)(a)(i) and (1)(a)(ii) must be adjusted to ensure that a wireless provider does not receive less than the amount allocated to wireless providers providing wireless enhanced 9-1-1 in counties with 1% or less of the total population of the state.

(b) For fiscal years beginning after June 30, 2015, 100% of the balance of the account must be allocated to the wireless providers providing wireless enhanced 9-1-1 in each county on a per capita basis. (d) A wireless provider shall submit an invoice for cost recovery according to the allowable costs.

The percentage must be applied to the total wireless provider funds for that 9-1-1 jurisdiction, and each wireless provider shall receive distribution based on the provider's percentage. To receive cost recovery, wireless providers shall submit subscriber counts to the department on a quarterly basis. The subscriber count must be provided for each 9-1-1 jurisdiction in which the wireless provider receives cost recovery within 30 calendar days following the end of each quarter. The department shall recalculate distribution percentages on a quarterly basis.

(f) If the department determines that a wireless provider has submitted costs that exceed allowable costs or are not submitted in the manner prescribed in 10-4-115, the department may, after giving notice to the wireless provider, suspend or withhold payment from the wireless enhanced 9-1-1 account.

*(2) (a) Except as provided in subsection (3) and after the distribution for the final quarter of each fiscal year is made pursuant to subsection (1), the department, within 45 days of the end of the final quarter of each fiscal year, shall:*

*(i) determine an amount equal to 50% of the total balance included in the account under 10-4-301(1)(c)(ii); and*

*(ii) except as provided in subsection (2)(b), distribute the amount determined in accordance with subsection (2)(a)(i) to wireless providers to reimburse the unpaid balances carried over by wireless providers pursuant to subsection (1)(c).*

*(3) Funds may not be reallocated in accordance with subsection (2) if the county contains less than 1% of the state population.*

*(4) Any reallocated funds not distributed in accordance with subsection (2) must be returned to the account established under 10-4-301(1)(c).*

~~(2)~~*(5)* The department shall make quarterly distribution of the portion of the wireless enhanced 9-1-1 account described in 10-4-301(1)(c)(i) to each 9-1-1 jurisdiction as follows:

educational records from a local education facility, as defined by federal law, containing uniform information as determined by the Interstate Commission. Upon receipt of the unofficial education records by a school in the receiving state, the school shall enroll and appropriately place the student based on the information provided in the unofficial records, pending validation by the official records, as quickly as possible.

(2) Simultaneous with the enrollment and conditional placement of the student, the school in the receiving state shall request the student's official education record from the school in the sending state. Upon receipt of this request, the school in the sending state shall process and furnish the official education records to the school in the receiving state within 10 days or within a time that is reasonably determined under the rules promulgated by the Interstate Commission.

ARTICLE V

PLACEMENT AND ATTENDANCE

(1) When the student transfers before or during the school year, the receiving state school shall initially honor placement of the student in educational courses based on the student's enrollment in the sending state school, educational assessments conducted at the school in the sending state, or both, if the courses are offered and space is available. Course placement includes but is not limited to honors, international baccalaureate, advanced placement, and vocational, technical, and career pathways courses. Continuing the student's academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses.

(2) The receiving state school shall initially honor placement of the student in educational programs based on space availability and current educational assessments conducted at the school in the sending state or participation or placement in like programs in the sending state. Such programs include but are not limited to gifted and talented programs. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student. This section does not require a local education agency to create programs or offer services that were not in place prior to the enrollment of the student unless the programs or services are required by federal or state law.

(3) (a) In compliance with the federal requirements of the Individuals with Disabilities Education Act, 20 U.S.C. 1400, et seq., the receiving state shall initially provide comparable services to a student with disabilities based on the student's current individualized education program.

(b) In compliance with the requirements of section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794, and with Title II of the Americans with Disabilities Act of 1990, 42 U.S.C. 12131 through 12165, the receiving state shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing 504 or Title II plan, to provide the student with equal access to education. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

(4) Local education agency administrative officials have flexibility in waiving course or program prerequisites or other preconditions for placement in courses or programs offered under the jurisdiction of the local education agency.

(5) A student whose parent or legal guardian is an active duty member of the uniformed services, as defined by the compact, and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat support posting must be granted additional excused absences at the discretion of the local education agency superintendent to visit with the student's parent or legal guardian relative to the leave or deployment of the parent or guardian.

ARTICLE VI

ELIGIBILITY

(1) A special power of attorney, relative to the guardianship of a child of a military family and executed under applicable law, is sufficient for the purposes of enrollment and all other actions requiring parental participation and consent.

(2) A local education agency is prohibited from charging local tuition to a transitioning military child placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent.

(3) A transitioning military child, placed in the care of a noncustodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent may continue to attend the school in which the child was enrolled while residing with the custodial parent.

(4) State and local education agencies shall facilitate the opportunity for transitioning military children's inclusion in extracurricular activities, regardless of application deadlines, to the extent they are otherwise qualified.

ARTICLE VII

GRADUATION

In order to facilitate the on-time graduation of children of military families, states and local education agencies shall incorporate the following procedures:

(1) Local education agency administrative officials shall waive specific courses required for graduation if similar course work has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. If a waiver is not granted to a student who would qualify to graduate from the sending state, the local education agency shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

(2) (a) In lieu of testing requirements for graduation in the receiving state, states shall accept:

(i) exit or end-of-course exams required for graduation from the sending state;

(ii) national norm-referenced achievement tests; or

(iii) alternative testing.

(b) In the event that the above alternatives cannot be accommodated by the receiving state for a student transferring to the school during the student's senior year, the provisions of subsection (3) of this article apply.

(3) If a military student transferring at the beginning of or during the student's senior year is ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with subsections (1) and (2) of this article.

ARTICLE VIII

STATE COORDINATION

(1) Each member state shall, through the creation of a state council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies, and military installations concerning the state's participation in and compliance with this compact and Interstate Commission activities. While each member state may determine the membership of its own state council, its membership must, at a minimum, include the state superintendent of public instruction, a superintendent of a school district with a high concentration of military children, a representative from a military installation, one representative each from the legislative and executive branches of government, and other offices and stakeholder groups that the state council considers appropriate.

(2) The state council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact.

(3) The compact commissioner responsible for the administration and management of the state's participation in the compact must be appointed by the governor or as otherwise determined by each member state.

(4) The compact commissioner and the military family education liaison designated herein are ex-officio members of the state council unless either is already a full voting member of the state council.

ARTICLE IX

INTERSTATE COMMISSION ON EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN

The member states hereby create the Interstate Commission on Educational Opportunity for Military Children. The activities of the Interstate Commission are the formation of public policy and are a discretionary state function.

(1) The Interstate Commission is a body corporate and joint agency of the member states and has all the responsibilities, powers, and duties set forth herein and additional powers that may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of this compact.

(2) (a) The Interstate Commission consists of one voting representative from each member state who is that state's compact commissioner.

(b) Each member state represented at a meeting of the Interstate Commission is entitled to one vote.

(c) A majority of the total member states constitute a quorum for the transaction of business unless a larger quorum is required by the bylaws of the Interstate Commission.

(d) A representative may not delegate a vote to another member state. In the event that the compact commissioner is unable to attend a meeting of the Interstate Commission, the governor or state council may delegate voting authority to another person from the state for a specified meeting.

(e) The bylaws may provide for meetings of the Interstate Commission to be conducted by telecommunication or electronic communication.

(3) The Interstate Commission consists of ex-officio, nonvoting representatives who are members of interested organizations. The ex-officio members, as defined in the bylaws, may include but may not be limited to members of the representative organizations of military family advocates, local education agency officials, parent and teacher groups, the U.S. department of defense, the education commission of the states, the Interstate Agreement on the Qualification of Educational Personnel, and other interstate compacts affecting the education of children of military members.

(4) The Interstate Commission shall meet at least once each calendar year. The chairperson may call additional meetings and, upon the request of a simple majority of the member states, shall call additional meetings.

(5) The Interstate Commission shall establish an executive committee, whose members must include the officers of the Interstate Commission and any other members of the Interstate Commission as determined by the bylaws. Members of the executive committee shall serve 1-year terms. Members of the executive committee are entitled to one vote each. The executive committee has the power to act on behalf of the Interstate Commission, with the exception of rulemaking, during periods when the Interstate Commission is not in session. The executive committee shall oversee the day-to-day activities of the administration of the compact, including enforcement and compliance with the provisions of the compact and its bylaws and rules and other duties considered necessary. The U.S. department of defense shall serve as an ex-officio, nonvoting member of the executive committee.

(6) The Interstate Commission shall establish bylaws and rules that provide for conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests.

(7) Public notice must be given by the Interstate Commission of all meetings, and all meetings must be open to the public except as set forth in the rules or as otherwise provided in the compact. The Interstate Commission and its committees may close a meeting or portion thereof if it determines by a two-thirds vote that an open meeting would be likely to:

(a) relate solely to the Interstate Commission's internal personnel;

(b) disclose matters specifically exempted from disclosure by federal and state statute;

(c) disclose trade secrets or commercial or financial information that is privileged or confidential;

(d) involve accusing a person of a crime or formally censuring a person;

(e) disclose information of a personal nature when disclosure would constitute a clearly unwarranted invasion of personal privacy;

(f) disclose investigative records compiled for law enforcement purposes; or

(g) specifically relate to the Interstate Commission's participation in a civil action or other legal proceeding.

(8) For a meeting or portion of a meeting closed pursuant to this provision, the Interstate Commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exemptible provision. The Interstate Commission shall keep minutes, which shall fully and clearly describe all matters discussed in a meeting, and shall provide a full and accurate summary of actions taken and the reasons therefore, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action must be identified in the minutes. All minutes and documents of a closed meeting must remain under seal, subject to release by a majority vote of the Interstate Commission.

(9) The Interstate Commission shall collect standardized data concerning the educational transition of the children of military families under this compact as directed through its rules, which shall specify the data to be collected, the means of collection, and data exchange and reporting requirements. The methods of data collection, exchange, and reporting must, in so far as is reasonably possible, conform to current technology, and the Interstate Commission shall coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules.

(10) The Interstate Commission shall create a process that permits military officials, education officials, and parents to inform the Interstate Commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction of the compact or its rules are not addressed by the state or local education agency. This section may not be construed to create a private right of action against the Interstate Commission, any member state, or any local education agency.

## ARTICLE X

## POWERS AND DUTIES OF THE INTERSTATE COMMISSION

The Interstate Commission may:

(1) provide for dispute resolution among member states;

(2) adopt rules that have the force and effect of law and are binding in the compact states to the extent and in the manner provided in this compact and take all necessary actions to effect the goals, purposes, and obligations as enumerated in this compact;

(3) issue, upon request of a member state, advisory opinions concerning the meaning or interpretation of the interstate compact and its bylaws, rules, and actions;

(4) monitor compliance with the compact provisions, the rules adopted by the commission, and the bylaws;

(5) establish and maintain offices, which must be located within one or more of the member states;

(6) purchase and maintain insurance and bonds;

(7) borrow, accept, hire, or contract for services of personnel;

(8) establish and appoint committees, including but not limited to an executive committee as required by subsection (5) of Article IX of this compact, which has the power to act on behalf of the Interstate Commission in carrying out its powers and duties under this compact;

(9) elect or appoint officers, attorneys, employees, agents, or consultants, fix their compensation, define their duties, and determine their qualifications, and establish the Interstate Commission's personnel policies and programs relating to conflicts of interest, rates of compensation, and qualifications of personnel;

(10) accept any and all donations and grants of money, equipment, supplies, materials, and services and receive, utilize, and dispose of it;

(11) lease, purchase, accept contributions or donations of, or otherwise own, hold, improve, or use any property, whether real, personal, or mixed;

(12) sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, whether real, personal, or mixed;

(13) establish a budget and make expenditures;

(14) adopt a seal and bylaws governing the management and operation of the Interstate Commission;

(15) report annually to the legislatures, governors, judiciary, and state councils of the member states concerning the activities of the Interstate Commission during the preceding year. The reports must also include any recommendations that may have been adopted by the Interstate Commission.

(16) coordinate education, training, and public awareness regarding the compact and its implementation and operation for officials and parents involved in such activity;

(17) establish uniform standards for the reporting, collecting, and exchanging of data;

(18) maintain corporate books and records in accordance with the bylaws;

(19) perform functions that may be necessary or appropriate to achieve the purposes of this compact;

(20) provide for the uniform collection and sharing of information between and among member states, schools, and military families under this compact.

ARTICLE XI

ORGANIZATION AND OPERATION OF THE INTERSTATE COMMISSION

(1) The Interstate Commission shall, by a majority of the members present and voting, within 12 months after the first Interstate Commission meeting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact, including but not limited to:

(a) establishing the fiscal year of the Interstate Commission;

(b) establishing an executive committee and other committees as may be necessary;

(c) providing for the establishment of committees and for governing any general or specific delegation of authority or function of the Interstate Commission;

(d) providing reasonable procedures for calling and conducting meetings of the Interstate Commission and ensuring reasonable notice of each meeting;

(e) establishing the titles and responsibilities of the officers and staff of the Interstate Commission;

(f) providing a mechanism for concluding the operations of the Interstate Commission and the return of surplus funds that may exist upon the

termination of the compact after the payment and reserving of all of its debts and obligations;

(g) providing startup rules for initial administration of the compact.

(2) The Interstate Commission shall, by a majority of the members, elect annually from among its members a chairperson, a vice chairperson, and a treasurer, each of whom has authority and duties as specified in the bylaws. The chairperson or, in the chairperson's absence or disability, the vice chairperson, shall preside at all meetings of the Interstate Commission. The officers shall serve without compensation or remuneration from the Interstate Commission. However, subject to the availability of budgeted funds, the officers must be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the Interstate Commission.

(3) The executive committee has authority and duties as set forth in the bylaws, including but not limited to:

(a) managing the affairs of the Interstate Commission in a manner consistent with the bylaws and purposes of the Interstate Commission;

(b) overseeing an organizational structure and appropriate procedures for the Interstate Commission to provide for the creation of rules, operating procedures, and administrative and technical support functions; and

(c) planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations in order to advance the goals of the Interstate Commission.

(4) The executive committee may, subject to the approval of the Interstate Commission, appoint or retain an executive director for a period, upon terms and conditions, and for compensation as the Interstate Commission considers appropriate. The executive director shall serve as secretary to the Interstate Commission, but may not be a member of the Interstate Commission. The executive director shall hire and supervise other persons as authorized by the Interstate Commission.

(5) The Interstate Commission's executive director and its employees are immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred or that the person had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities. However, that person is not protected from suit or liability for damage, loss, injury, or liability caused by the person's intentional or willful and wanton misconduct.

(6) The liability of the Interstate Commission's executive director and employees or Interstate Commission representatives, acting within the scope of their employment or duties for acts, errors, or omissions occurring within their state, may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. The Interstate Commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subsection may be construed to protect a person from suit or liability for damage, loss, injury, or liability caused by the person's intentional or willful and wanton misconduct.

(7) The Interstate Commission shall defend the executive director and its employees and, subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an Interstate

Commission representative, shall defend the Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities if the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of the person.

(8) To the extent not covered by the state involved, the member state, the Interstate Commission, or the representatives or employees of the Interstate Commission must be held harmless in the amount of a settlement or judgment, including attorney fees and costs, obtained against those persons arising out of an actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities or that the persons had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities if the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of the persons.

ARTICLE XII

RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

(1) The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this compact or the powers granted under the compact, then such an action by the Interstate Commission is invalid and has no force or effect.

(2) Rules must be made pursuant to a rulemaking process that substantially conforms to the Model State Administrative Procedure Act revised as of 2012 as may be appropriate to the operations of the Interstate Commission.

(3) Not later than 30 days after a rule is promulgated, any person may file a petition for judicial review of the rule. However, the filing of a petition does not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and may not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission's authority.

(4) If a majority of the legislatures of the member states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then the rule has no further force and effect in any member state.

ARTICLE XIII

OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION

(1) Each member state shall enforce this compact to effectuate the compact's purposes and intent.

(2) All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact that may affect the powers, responsibilities, or actions of the Interstate Commission.

(3) The Interstate Commission is entitled to receive all service of process in any such proceeding and has standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission

renders a judgment or order void as to the Interstate Commission, this compact, or promulgated rules.

(4) The purpose of this compact is not to supersede the sovereignty of any member state but instead to facilitate the collective exercise of each state's sovereignty to allow a uniform solution without federal intervention. No provision of the interstate compact may be construed as a waiver of a state's sovereignty.

(5) If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the bylaws or promulgated rules, the Interstate Commission shall:

(a) provide written notice to the defaulting state and other member states of the nature of the default, the means of curing the default, and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state is required to cure its default.

(b) provide remedial training and specific technical assistance regarding the default.

(6) If the defaulting state fails to cure the default, the defaulting state must be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges, and benefits conferred by this compact must be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default, except that in the event of a default by this state, its total financial responsibility is limited to the amount of its most recent annual assessment.

(7) Suspension or termination of membership in the compact may be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate must be given by the Interstate Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(8) The state that has been suspended or terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of suspension or termination up to a maximum amount of $5,000 multiplied by the number of years that the state has been a member of the compact. In the event that this state is suspended or terminated, its total financial responsibility is limited to the amount of its most recent annual assessment.

(9) The Interstate Commission may not bear any costs relating to any state that has been found to be in default or that has been suspended or terminated from the compact unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

(10) The defaulting state may appeal the action of the Interstate Commission by petitioning the U.S. district court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party must be awarded all costs of litigation, including reasonable attorney fees.

(11) The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes that are subject to the compact and that may arise among member states and between member and nonmember states.

(12) The Interstate Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

ARTICLE XIV

FINANCING OF THE INTERSTATE COMMISSION

(1) The Interstate Commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

(2) The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff, which must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount must be allocated based upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states to the limits as specified herein.

(3) The annual assessment applicable to this state may not exceed an amount equal to $2 multiplied by the latest available number of children of military families in this state.

(4) This state may not be held liable for the payment of any special assessment or other assessment other than the annual assessment in the amount established by subsection (3).

(5) The Interstate Commission may not incur obligations of any kind prior to securing the funds adequate to meet those obligations, and the Interstate Commission may not pledge the credit of any of the member states except by and with the authority of the member state.

(6) The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission are subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Interstate Commission must be audited yearly by a certified or licensed public accountant, and the report of the audit must be included in and become part of the annual report of the Interstate Commission.

(7) All expenditures for the state, including withdrawal or dissolution costs, or both, may not exceed an amount of $5,000 annually.

ARTICLE XV

MEMBER STATES, EFFECTIVE DATE, AND AMENDMENT

(1) Any state is eligible to become a member state, except that in the case of this state, withdrawal from the compact may also be accomplished by statutorily allowing for expiration of this section.

(2) Withdrawal from the compact must be by the enactment of a statute repealing the compact, except in the case of this state, withdrawal from the compact may also be accomplished by statutorily allowing for the expiration of this section.

(3) The Interstate Commission may propose amendments to the compact for enactment by the member states. An amendment may not become effective and binding upon the Interstate Commission and the member states unless it is enacted into law by unanimous consent of the member states.

ARTICLE XVI

WITHDRAWAL AND DISSOLUTION

(1) Once effective, the compact continues in force and remains binding upon each and every member state. However, a member state may withdraw from the compact by specifically repealing the statute that enacted the compact into law,

except that in the case of this state, withdrawal from the compact may also be accomplished by statutorily allowing for expiration of this section.

(2) Withdrawal from this compact must be by the enactment of legislation repealing the compact except in the case of this state, withdrawal from the compact may also be accomplished by statutorily allowing for the expiration of this section.

(3) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state, except that if this state elects to withdraw from the compact by statutorily allowing for the expiration of this section, this state shall notify the chairperson of the commission when it becomes evident that the expiration will take effect. The Interstate Commission shall notify the other member states of the withdrawing state's intent to withdraw within 60 days of its receipt of the notice.

(4) The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal up to a maximum amount equal to $2 multiplied by the latest available number of children of military families in this state.

(5) Reinstatement following withdrawal of a member state may occur upon the withdrawing state reenacting the compact or upon a later date as determined by the Interstate Commission.

(6) (a) This compact dissolves on the date of the withdrawal or default of the member state that reduces the membership in the compact to one member state.

(b) Upon the dissolution of this compact, the compact becomes null and void and is of no further force or effect and the business and affairs of the Interstate Commission must be concluded and surplus funds must be distributed in accordance with the bylaws.

ARTICLE XVII

SEVERABILITY AND CONSTRUCTION

(1) The provisions of this compact are severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact are enforceable.

(2) The provisions of this compact must be liberally construed to effectuate its purposes.

(3) Nothing in this compact may be construed to prohibit the applicability of other interstate compacts to which the states are members.

ARTICLE XVIII

BINDING EFFECT OF COMPACT AND OTHER LAWS

(1) Nothing in this compact prevents the enforcement of any other law of a member state that is not inconsistent with this compact. All member states' laws conflicting with this compact are superseded to the extent of the conflict.

(2) All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Interstate Commission, are binding upon the member states.

(3) All agreements between the Interstate Commission and the member states are binding in accordance with their terms.

(4) In the event that any provision of this compact exceeds the constitutional limits imposed on the legislature of any member state, that provision is ineffective to the extent of the conflict with the constitutional provision in question in that member state.

(3) The department shall, in consultation with the department of justice, make rules necessary to carry out the provisions of this section.

**Section 2.** Section 61-5-111, MCA, is amended to read:

(b) The department may enter into an authorized agent agreement with the county treasurer of any county in which the department no longer maintains a driver examination station for the purpose of providing driver's license renewal services.

(2) (a) The department, upon receipt of payment of the fees specified in this section, shall issue a driver's license to each qualifying applicant. The license must contain:

(i) a full-face photograph of the licensee in the size and form prescribed by the department;

(3) (a) When a person applies for renewal of a driver's license, the department shall conduct a records check in accordance with 61-5-110(1) to determine the applicant's eligibility status and shall test the applicant's

eyesight. The department may also require the applicant to submit to a knowledge and road or skills test if:

(i) the renewal applicant has a physical or mental disability, limitation, or condition that impairs, or may impair, the applicant's ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway; and

(e) The department shall mail a driver's license renewal notice no earlier than 60 days and no later than 30 days prior to the expiration date of a driver's license. # CHAPTER NO. 323

[SB 355]

AN ACT CREATING A PETITION PROCESS TO JUDICIALLY DETERMINE CLAIMS FOR EXISTING WATER RIGHTS THAT WERE EXEMPT FROM FILING FOR THE ADJUDICATION OF WATER RIGHTS; PROVIDING THAT WITHOUT A DETERMINATION WATER RIGHTS EXEMPT FROM FILING ARE NOT ADMINISTERED BY FIRST IN TIME, FIRST IN RIGHT; AMENDING SECTIONS 85-2-222, 85-2-233, AND 85-2-234, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 85-2-222, MCA, is amended to read:

**"85-2-222. Exemptions — *petition for determination.*** *(1)* Claims for existing rights for livestock and individual *uses* as opposed to municipal domestic uses based upon instream flow or ground water sources and claims for rights in the Powder River basin included in a declaration filed pursuant to the order of the department or a district court issued under sections 8 and 9 of Chapter 452, Laws of 1973, or under sections 3 and 4 of Chapter 485, Laws of

1975, are exempt from the filing requirements of 85-2-221(1). ~~Such claims may, however, be voluntarily filed.~~

*(2) The owner of an existing right exempt from filing under this section who did not voluntarily file a claim may request a judicial determination from the water court of the existing water right at least 90 days prior to issuance of a final decree pursuant to 85-2-234 or upon the reopening of a final decree pursuant to 85-2-237, whichever occurs later.*

*(3) To request a judicial determination of an existing right exempt from filing, the owner shall:*

*(a) file a petition in the water court and pay a filing fee, including the cost of examination by the department under 85-2-243;*

*(b) submit information required by 85-2-224(1) and (2) on a form provided by the department; and*

*(c) provide and pay for the notice required by 85-2-233(6).*

*(4) A claim of an existing right undergoing judicial determination pursuant to this section constitutes prima facie proof of its content.*

*(5) The provisions of 85-2-233, 85-2-243, and 85-2-248 as well as supreme court examination rules apply to petitions for judicial determination under this section, except that the department may not resolve issue remarks.*

*(6) Failure to file a claim for an existing right exempt under this section or failure to request a judicial determination for an existing right exempt under this section:*

*(a) does not result in the forfeiture of an existing water right; and*

*(b) subordinates the existing right to all other water rights except those that are exempt from this section and for which there has been neither a claim filed nor a judicial determination sought.*"

**Section 2.** Section 85-2-233, MCA, is amended to read:

**"85-2-233. Hearing on temporary preliminary decree or preliminary decree — procedure.** (1) (a) For good cause shown and subject to the provisions of subsection (9), a hearing must be held before the water judge on any objection to a temporary preliminary decree, ~~or~~ preliminary decree*, or a petition for judicial determination under 85-2-222* by:

(i) the department;

(ii) a person named in the temporary preliminary decree or preliminary decree;

(iii) any person within the basin entitled to receive notice under 85-2-232(1); or

(iv) any other person who claims rights to the use of water from sources in other basins that are hydrologically connected to the sources within the decreed basin and who would be entitled to receive notice under 85-2-232 if the claim or claims were from sources within the decreed basin.

(b) For the purposes of this subsection (1), "good cause shown" means a written statement showing that a person has an ownership interest in water or its use that has been affected by the decree.

(c) A person does not waive the right to object to a preliminary decree by failing to object to a temporary preliminary decree issued before March 28, 1997. However, a person may not raise an objection to a matter in a preliminary decree if that person was a party to the matter when the matter was previously litigated and resolved as the result of an objection raised in a temporary

preliminary decree unless the objection is allowed for any of the following reasons:

(i) mistake, inadvertence, surprise, or excusable neglect;

(ii) newly discovered evidence that by due diligence could not have been discovered in time to move for a new trial under Rule 59(b), Montana Rules of Civil Procedure;

(iii) fraud, misrepresentation, or other misconduct of an adverse party;

(iv) the judgment is void; or

(v) any other reason justifying relief from the operation of the judgment.

(d) After March 28, 1997, a person may not raise an objection or counterobjection to a matter contained in a subsequent decree issued under this part if the matter was contained in a prior decree issued under this part for which there was an objection and counterobjection period unless the objection is allowed for any of the following reasons:

(i) mistake, inadvertence, surprise, or excusable neglect;

(ii) newly discovered evidence that by due diligence could not have been discovered at the close of the objection period set forth in subsection (2);

(iii) fraud, misrepresentation, or other misconduct of an adverse party;

(iv) the temporary preliminary decree is void; or

(v) any other reason justifying relief from the operation of the prior decree issued under this part. The fact that a prior owner of a water right did not object or counterobject at a prior decree stage may not be a basis for a subsequent owner of the water right to object or counterobject absent a finding that one of the provisions in this subsection (1)(d) applies.

(2) Objections must be filed with the water judge within 180 days after entry of the temporary preliminary decree or preliminary decree. The water judge may, for good cause shown, extend this time limit up to two additional 90-day periods if application for an extension is made prior to expiration of the original 180-day period or any extension of it.

(3) Upon expiration of the time for filing objections under subsection (2), the water judge shall notify each party whose claim received an objection that an objection was filed. The notice must set forth the name of each objector and must allow an additional 60 days for the party whose claim received an objection to file a counterobjection to the claim or claims of the objector. Counterobjections must be limited to those claims that are included within the particular decree issued by the court.

(4) Objections and counterobjections must specify the paragraphs and pages containing the findings and conclusions to which objection is made. The request must state the specific grounds and evidence on which the objections are based.

(5) (a) Upon expiration of the time for filing counterobjections under subsection (3), the water judge shall notify each party named in the temporary preliminary decree or preliminary decree or that person's successor as documented in the department records and shall notify the attorney general that objections and counterobjections have been filed. The water judge shall fix a day when all parties who wish to participate in future proceedings are required to appear or file a statement. The water judge shall then set a date for a hearing. The water judge may conduct individual or consolidated hearings. A hearing must be conducted in the same manner as for other civil actions. At the order of the water judge, a hearing may be conducted by the water master, who shall

prepare a report of the hearing as provided in Rule 53(e), Montana Rules of Civil Procedure.

(b) In conducting hearings pursuant to this chapter, a water judge may require the parties to participate in settlement conferences or may assign the matter to a mediator. Any settlement reached by the parties is subject to review and approval by a water judge.

(6) *(a)* After the issuance of a temporary preliminary decree or preliminary decree, notice ~~of any motion to amend a statement of claim or a timely filed objection that may adversely affect other water rights~~ must be published *once a week* for 3 consecutive weeks in two newspapers of general circulation in the basin where ~~the statement of claim or objection was filed~~ *the decree was issued for:*

*(i) a motion to amend a statement of claim that may adversely affect other water rights;*

*(ii) a motion to amend a timely objection that may adversely affect other water rights; or*

*(iii) a petition for judicial determination as provided for in 85-2-222.*

*(b)* The notice must specify that any response or objection to the proposed amendment must be filed within 45 days of the date of the last notice.

*(c)* The water judge may order any additional notice of the motion as the water judge considers necessary.

*(d)* The costs of the notice required pursuant to this subsection must be borne by the moving party.

(7) Failure to object under subsection (1) to a compact negotiated and ratified under 85-2-702 or 85-2-703 bars any subsequent cause of action in the water court.

(8) If the court sustains an objection to a compact, it may declare the compact void. The agency of the United States, the tribe, or the United States on behalf of the tribe party to the compact is permitted 6 months after the court's determination to file a statement of claim, as provided in 85-2-224, and the court shall issue a new preliminary decree in accordance with 85-2-231. However, any party to a compact declared void may appeal from that determination in accordance with those procedures applicable to 85-2-235, and the filing of a notice of appeal stays the period for filing a statement of claim as required under this subsection.

(9) Upon petition by a claimant, the water court may grant a motion for dismissal to an objection to a temporary preliminary or preliminary decree if the objection pertains to an element of a water right that was previously decreed and if dismissal is consistent with common-law principles of issue and claim preclusion.

(10) The provisions of subsection (9) do not apply to issues arising after entry of the previous decree, including but not limited to the issues of abandonment, expansion of the water right, and reasonable diligence.

(11) All issue remarks, as defined in 85-2-250, must be finally resolved before the issuance of a final decree."

**Section 3.** Section 85-2-234, MCA, is amended to read:

**"85-2-234. Final decree.** (1) The water judge shall, on the basis of the preliminary decree, on the basis of any hearing that may have been held, and on final resolution of all issue remarks, as defined in 85-2-250, enter a final decree affirming or modifying the preliminary decree.

(2) The terms of a compact negotiated and ratified under 85-2-702 must be included in the final decree without alteration unless an objection is sustained pursuant to 85-2-233. However, the court may not alter or amend any of the terms of a compact except with the prior written consent of the parties in accordance with applicable law.

(3) The final decree must establish the existing rights and priorities within the water judge's jurisdiction of persons who have filed a claim in accordance with 85-2-221, of persons required to file a declaration of existing rights in the Powder River basin pursuant to an order of the department or a district court issued under sections 8 and 9 of Chapter 452, Laws of 1973, *of any judicial determinations made pursuant to 85-2-222,* and of any federal agency or Indian tribe possessing water rights arising under federal law, required by 85-2-702 to file claims.

(4) The final decree must establish, in a form determined to be appropriate by the water judge, one or more tabulations or lists of all water rights and their relative priorities.

(5) The final decree must state the findings of fact, along with any conclusions of law, upon which the existing rights and priorities of each person, federal agency, and Indian tribe named in the decree are based.

(6) For each person who is found to have an existing right arising under the laws of the state of Montana, the final decree must state:

(a) the name and post-office address of the owner of the right;

(b) the amount of water included in the right, as follows:

(i) by flow rate for direct flow rights, such as irrigation rights;

(ii) by volume for rights, such as stockpond and reservoir storage rights, and for rights that are not susceptible to measurement by flow rate; or

(iii) by flow rate and volume for rights that a water judge determines require both volume and flow rate to adequately administer the right;

(c) the date of priority of the right;

(d) the purpose for which the water included in the right is used;

(e) the place of use and a description of the land, if any, to which the right is appurtenant;

(f) the source of the water included in the right;

(g) the place and means of diversion;

(h) the inclusive dates during which the water is used each year;

(i) any other information necessary to fully define the nature and extent of the right.

(7) For each person, tribe, or federal agency possessing water rights arising under the laws of the United States, the final decree must state:

(a) the name and mailing address of the holder of the right;

(b) the source or sources of water included in the right;

(c) the quantity of water included in the right;

(d) the date of priority of the right;

(e) the purpose for which the water included in the right is currently used, if at all;

(f) the place of use and a description of the land, if any, to which the right is appurtenant;

(g) the place and means of diversion, if any; and

(h) any other information necessary to fully define the nature and extent of the right, including the terms of any compacts negotiated and ratified under 85-2-702.

(8) Clerical mistakes in a final decree may be corrected at any time on the initiative of the water judge or on the petition of any person who possesses a water right. The water judge shall order the notice of a correction proceeding that the judge determines to be appropriate to advise all persons who may be affected by the correction. An order of the water judge making or denying a clerical correction is subject to appellate review."

(4) Any portion of the general fund end-of-the-year fund balance that is not reserved under subsection (2) or reappropriated under subsection (3) is fund balance reappropriated and must be used for property tax reduction as provided in 20-9-141(1)(b).

**Section 3.** Section 20-9-208, MCA, is amended to read:

**"20-9-208. Transfers among appropriation items of fund — transfers from fund to fund.** (1) Whenever it appears to the trustees of a district that the appropriated amount of an item of a budgeted fund of the final budget or a budget amendment is in excess of the amount actually required during the

school fiscal year for the appropriation item, the trustees may transfer any of the excess appropriation amount to any other appropriation item of the same budgeted fund.

(2) Unless otherwise restricted by a specific provision in this title, transfers may be made between different funds of the same district or between the final budget and a budget amendment under one of the following circumstances:

(a) (i) Except as provided in ~~subsection~~ *subsections* (2)(a)(ii) *through (2)(a)(iv)*, transfers may be made from one budgeted fund to another budgeted fund or between the final budget and a budget amendment for a budgeted fund whenever the trustees determine, in their discretion, that the transfer of funds is necessary to improve the efficiency of spending within the district or when an action of the trustees results in savings in one budgeted fund that can be put to more efficient use in another budgeted fund. Transfers may not be made with funds approved by the voters or with funds raised by a nonvoted levy unless:

(A) the transfer is within or directly related to the purposes for which the funds were raised and the trustees hold a properly noticed hearing to accept public comment on the transfer; or

(B) the transfer is approved by the qualified electors of the district in an election called for the purpose of approving the transfer, in which case the funds may be spent for the purpose approved on the ballot.

*(iii) Unless otherwise authorized by a specific provision in this title, transfers from the retirement fund to any other fund are prohibited.*

*(iv) Unless otherwise authorized by a specific provision in this title, transfers from the debt service fund to any other fund are prohibited.*

(b) Transfers may be made from one nonbudgeted fund to another nonbudgeted fund whenever the trustees determine that the transfer of funds is necessary to improve the efficiency of spending within the district. Transfers may not be made with funds restricted by ~~state or~~ federal law unless the transfer is in compliance with any restrictions or conditions imposed by ~~state or~~ federal law. Before a transfer can occur, the trustees shall hold a properly noticed hearing to accept public comment on the transfer.

(3) The trustees shall enter the authorized transfers upon the permanent records of the district.

(4) The intent of this section is to increase the flexibility and efficiency of school districts without an increase in local taxes. In furtherance of this intent, if transfers of funds are made from any school district fund supported by a nonvoted levy, the district may not increase its nonvoted levy for the purpose of restoring the amount of funds transferred."

**Section 4.** Section 20-9-235, MCA, is amended to read:

**"20-9-235. Authorization for school district investment account.** (1) The trustees of a school district may establish investment accounts and may temporarily transfer into the accounts all or a portion of any of its budgeted or nonbudgeted funds.

The district shall ensure that sufficient money is reverted to the district's budgeted and nonbudgeted funds maintained by the county treasurer in sufficient time to pay all claims presented against the applicable funds of the district. The county treasurer shall accept all money that is reverted upon tendered transfer of the district.

(iv) coincide with fiscal years beginning on July 1 and ending on June 30.

(b) The district and the county treasurer may renew an agreement, including terms and conditions on which they agree, provided that the terms and conditions comply with the provisions of this section.

(5) Except for debt service money that the county treasurer is required by law to collect and report to the districts *and state transportation reimbursement payments provided for in 20-10-141 and 20-10-142*, all other revenue may be sent directly to a participating district's investment account.

(6) The trustees shall implement an accounting system for the investment account pursuant to rules adopted by the superintendent of public instruction. The rules for the accounting system must include but are not limited to:

(a) providing for the internal control of deposits into and transfers between a district's investment accounts and budgeted and nonbudgeted funds of the district;

(9) A district establishing investment accounts under the section shall pay the automated clearinghouse system charges for all automated clearinghouse transfers made by the office of public instruction to the district's accounts."

**Section 2.** Section 13-37-216, MCA, is amended to read:

**"13-37-216. Limitations on contributions — adjustment.** (1) (a) Subject to adjustment as provided for in subsection (4) *and subject to [section 1]*, aggregate contributions for each election in a campaign by a political committee or by an individual, other than the candidate, to a candidate are limited as follows:

(3) All political committees except those of political party organizations are subject to the provisions of subsections (1) and (2). (e) for a candidate for any other public office, not to exceed $650.

(4) (a) The commissioner shall adjust the limitations in subsections (1) and (3) by multiplying each limit by an inflation factor, which is determined by dividing the consumer price index for June of the year prior to the year in which a general election is held by the consumer price index for June 2002.

(b) The resulting figure must be rounded up or down to the nearest:

(i) $10 increment for the limits established in subsection (1); and

(ii) $50 increment for the limits established in subsection (3).

(f) at least 30 days before the end of the current fiscal year, request that funds be transferred from the funds appropriated for premium incentive payments and premium assistance payments to the department of revenue for reimbursement of the general fund to offset tax credits if the number of eligible small employers seeking premium incentive payments and employees receiving premium assistance payments is insufficient to exhaust ~~at least 90% of~~ the appropriated funds for the premium incentive *payments* and *premium* assistance payments during a fiscal year;

[HB 87]

AN ACT REQUIRING THAT RATES FOR HEALTH INSURANCE COVERAGE BE FILED WITH THE COMMISSIONER OF INSURANCE FOR REVIEW; PROVIDING STANDARDS FOR REVIEW AND NOTICE OF DEFICIENCY; PROVIDING RULEMAKING AUTHORITY; APPROPRIATING AND AUTHORIZING THE USE OF FUNDS FOR IMPLEMENTATION OF THE REVIEW; AMENDING SECTION 33-31-111, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Health insurance rates — filing required — use.** (1) Each health insurance issuer that issues, delivers, or renews individual or small employer group health insurance coverage in the individual or small employer group market shall, at least 60 days before the rate goes into effect, file with the commissioner its rates, fees, dues, and other charges for each product form intended for use in Montana, together with sufficient information to support the premium to be charged as described in [sections 1 through 4]. This filing may be made simultaneously with a notice of premium increase to policyholders and certificate holders required by 33-22-107.

(2) A health insurance issuer may submit a single combined justification for rate increases subject to review affecting multiple products if the claims experience of all products has been aggregated to calculate the rate increases and the rate increases are the same for all products. Rate increases are determined by combining the total amount of increases taken on a single product form or market segment, if the rate increase is the same for all products, over a 12-month period. A market segment means the individual or small group market.

(3) The commissioner may waive the 60-day filing requirement under subsection (1) if the rate increase is implemented pursuant to 33-22-107(1)(b). However, the rates and justifications for the rate increase still must be filed.

(4) The health insurance issuer shall submit a new filing to reflect any material change to the previous rate filing. For all other changes, the insurer shall submit an amendment to a previous rate filing. The insurer may file an actuarial trend to phase in rate increases over a 12-month period. The insurer may file amendments to that trend within the 12-month period.

(5) The filing of rates for health plans must include:

(a) the product form number or numbers and approval date of the product form or forms to which the rate applies;

(b) a statement of actuarial justification; and

(c) information sufficient to support the rate as described in [section 2].

(6) The commissioner shall prescribe the form and content of the information required under this section.

(7) A rate filing required under this section must be submitted by a qualified actuary representing the health insurance issuer. The qualified actuary shall certify in a form prescribed by the commissioner that, to the best of the actuary's

knowledge and belief, the rates are not excessive, inadequate, unjustified, or unfairly discriminatory, as described in [section 2], and comply with the applicable provisions of Title 33 and rules adopted pursuant to Title 33.

(8) The rate filing must be delivered by the national association of insurance commissioners' system for electronic rate and form filing.

(9) An insurer may use a rate filing under this section 60 days after the date of filing with the commissioner unless the health insurance issuer fails to provide the minimum documentation required in [section 2].

(10) [Sections 1 through 4] do not apply to coverage consisting solely of excepted benefits as defined in 33-22-140.

**Section 2. Standards for review — notice of deficiency.** (1) (a) When reviewing a premium rate filing, the commissioner shall consider whether the proposed premium rate is excessive, inadequate, unjustified, or unfairly discriminatory. Rates may be considered excessive if they cause the premium charged for the health insurance coverage to be unreasonably high in relation to the benefits provided under the coverage. In order to determine if the rate is excessive, the commissioner shall consider whether:

(i) the assumptions on which the rate increase is based are reasonable; and

(ii) one or more of the assumptions is not supported by the evidence.

(b) Rates may be considered inadequate if the rate is unreasonably low for the coverage provided, and the commissioner may consider if the rate would endanger the solvency of the insurer or disrupt the insurance market in Montana.

(c) A rate increase may be considered unjustified if the health insurance issuer provides data or documentation in connection with the increase that is incomplete, inadequate, or otherwise does not provide a basis upon which the reasonableness of an increase may be determined.

(d) Rates may be considered unfairly discriminatory if they violate 33-18-206, 33-22-526, 49-2-309, or other applicable state laws prohibiting discrimination in health insurance.

(2) In order to determine whether the proposed premium rates for health insurance coverage are not excessive, inadequate, unjustified, or unfairly discriminatory, the commissioner may consider:

(a) the health insurance issuer's financial position, including but not limited to surplus, reserves, and investment savings;

(b) historical and projected administrative costs and medical and hospital expenses, including medical trends;

(c) the historical and projected medical loss ratio;

(d) changes to covered benefits or health plan design, along with actuarial projections concerning cost savings or additional expenses related to those changes;

(e) changes in the health insurance issuer's health care cost containment and quality improvement efforts following the health insurance issuer's last rate filing for the same category of health plan;

(f) product development and startup costs, drug and other benefit costs or expenses, and product age and credibility;

(g) whether the proposed change in the premium rate is necessary to maintain the health insurance issuer's solvency or to maintain rate stability and prevent excessive rate increases in the future;

(h) historical and projected claims experience;

(i) trend projections related to utilization and service or unit cost;

(j) allocation of the overall rate increase to claims and nonclaims costs;

(k) allocation of current and projected premium for each enrollee each month;

(l) the 3-year history of rate increases for the product or group of products associated with the rate increase if the product is 3 years old or older and otherwise any available rate history;

(m) employee and executive compensation data from the health insurance issuer's annual financial statements; and

(n) any other applicable information identified in administrative rules adopted pursuant to Title 33, except that the administrative rules may not include by reference any provisions of Public Law 111-148 and Public Law 111-152 or any regulations promulgated under those laws.

(3) The commissioner shall review rate filings and, if applicable, shall provide a notice of deficiencies containing detailed reasons describing why the commissioner finds that the proposed premium rate is excessive, inadequate, unjustified, or unfairly discriminatory. The notice must be provided within 60 days of receipt of filing.

(4) Within 30 days after receiving a notice of deficiencies alleging that a proposed rate is excessive, inadequate, unjustified, or unfairly discriminatory, the insurer may amend its rate filing, request reconsideration based upon additional information, or implement the proposed rate, unless the rate is unfairly discriminatory, pursuant to subsection (1)(d).

(5) At the end of the 30-day period described in subsection (4), if the insurer implements a rate that the commissioner has determined to be excessive, inadequate, unjustified, or unfairly discriminatory, the commissioner shall publish the finding on the commissioner's website indicating the commissioner's determination.

**Section 3. Trade secret disclosure exemption.** The commissioner, upon request by the health insurance issuer, may exempt from disclosure any part of a premium rate filing submitted pursuant to [section 1] that the commissioner determines to contain trade secrets as defined in 30-14-402. The commissioner may not disclose that part of a filing that is subject to a health insurance issuer's request until the commissioner makes a determination under this section. The commissioner shall provide the issuer with 30 days' advance notice of the determination before releasing the information to the public.

**Section 4. Rulemaking.** The commissioner may adopt rules necessary to implement the provisions of [sections 1 through 4], except that the administrative rules may not include by reference any provisions of Public Law 111-148 and Public Law 111-152 or any regulations promulgated under those laws.

**Section 5.** Section 33-31-111, MCA, is amended to read:

These funds are appropriated from the state special revenue fund credited to the state auditor's office and must be used exclusively for purposes of implementing [this act], including but not limited to the payment of contracting services to perform the rate review.

(2) The department shall adopt rules that are necessary to determine whether or not an application is correct and complete, based on the provisions applicable to issuance of a permit under this part *or a change in appropriation right pursuant to Title 85, chapter 2, part 4*. The rules must be adopted in compliance with Title 2, chapter 4.

(3) The application must be made on a form prescribed by the department. The department shall make the forms available through its offices.

(4) (a) Subject to subsection (4)(b), the applicant shall submit a correct and complete application. The determination of whether an application is correct and complete must be based on rules adopted under subsection (2) that are in effect at the time the application is submitted.

(b) If an application is for a permit to appropriate water with a point of diversion, conveyance, or place of use on national forest system lands, the application is not correct and complete under this section until the applicant has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the permit.

(7) An application not corrected or completed within 90 days from the date of notification of the defects is terminated."

**Section 3.** Section 85-2-310, MCA, is amended to read:

**"85-2-310. Action on application for permit or change in appropriation right.** (1) (a) If the department proposes to deny an application for a permit or a change in appropriation right under 85-2-307, unless the applicant withdraws the application, the department shall hold a hearing pursuant to 2-4-604 after serving notice of the hearing by first-class mail upon the applicant for the applicant to show cause by a preponderance of the evidence as to why the permit or change in appropriation right should not be denied.

(b) (i) Upon request from the applicant, the department shall appoint a hearing examiner who did not participate in the preliminary determination.

(ii) The applicant may make only one request pursuant to this subsection (1)(b) for a different hearing examiner.

(2) A proposal to grant ~~an application~~ *a permit or change in appropriation right* with or without conditions following a hearing on a proposal to deny the application must proceed as if the department proposed to grant the ~~application~~ *permit or change in appropriation right* in its preliminary determination pursuant to 85-2-307.

(3) If valid objections are not received on an application or if valid objections are unconditionally withdrawn and the department preliminarily determined to grant the permit or change in appropriation right, the department shall grant the permit or change in appropriation right as proposed in the preliminary determination pursuant to 85-2-307.

(4) If valid objections to an application are received and withdrawn with conditions stipulated with the applicant and the department preliminarily determined to grant the permit or change in appropriation right, the department shall grant the permit or change in appropriation right subject to conditions as necessary to satisfy applicable criteria.

(5) The department shall deny or grant with or without conditions a permit under 85-2-311 or a change in appropriation right under 85-2-402 within 90 days after the administrative record is closed.

(6) If an application is to appropriate water with a point of diversion, conveyance, or place of use on national forest system lands, any application approved by the department is subject to any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of the water applied for and any terms, conditions, and limitations related to the use of water contained in any special use authorization required by federal law.

(7) *(a)* Except as provided in subsection (6), ~~an application may not be denied or approved in a modified form or upon terms, conditions, or limitations specified by the department unless the applicant is first granted an opportunity to be heard~~ *if the department proposes to grant a permit or change in appropriation right in modified form, the applicant must be given an opportunity to be heard. The addition of conditions or changes to conditions required for approval does not constitute a modification of the application.* ~~If an objection is not filed against the application but the department is of the opinion that the application should be denied or approved in a modified form or upon terms, conditions, or limitations specified by it, the department shall prepare a statement of its opinion and its reasons for the opinion.~~

*(b)* The department shall serve ~~a statement of its opinion~~ *notice of a preliminary determination to grant a permit or change in appropriation right in a modified form* by first-class mail upon the applicant, with a notice that the applicant may obtain a hearing *pursuant to 2-4-604 to show cause by a preponderance of the evidence as to why the permit or change in appropriation right should not be preliminarily determined to be granted in the modified form* by filing a request within 30 days after the notice is mailed. The notice must ~~further~~ state that the ~~application~~ *permit or change in appropriation right* will be *preliminarily determined to be granted as* modified ~~in a specified manner or denied~~ unless a hearing is requested.

(8) The department may cease action upon an application for a permit or change in appropriation right and return it to the applicant when it finds that the application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use. An application returned for either of these reasons must be accompanied by a statement of the reasons for which it was returned, and for a permit application there is not a right to a priority date based upon the filing of the application. Returning an application pursuant to this subsection is a final decision of the department.

(9) For all applications filed after July 1, 1973, the department shall find that an application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use if:

(a) an application is not corrected and completed as required by 85-2-302;

(b) the appropriate filing fee is not paid;

(c) the application does not document:

(i) a beneficial use of water;

(ii) the proposed place of use of all water applied for;

(iii) for an appropriation of 4,000 acre-feet a year or more and 5.5 cubic feet per second or more, a detailed project plan describing when and how much water will be put to a beneficial use. The project plan must include a reasonable

timeline for the completion of the project and the actual application of the water to a beneficial use.

(iv) for appropriations not covered in subsection (9)(c)(iii), a general project plan stating when and how much water will be put to a beneficial use; and

(v) except as provided in subsection (10), if the water applied for is to be appropriated above that which will be used solely by the applicant or if it will be marketed by the applicant to other users, information detailing:

(A) each person who will use the water and the amount of water each person will use;

(B) the proposed place of use of all water by each person;

(C) the nature of the relationship between the applicant and each person using the water; and

(D) each firm contractual agreement for the specified amount of water for each person using the water; or

(d) the appropriate environmental impact statement costs or fees, if any, are not paid as required by 85-2-124.

(10) If water applied for is to be marketed by the applicant to other users for the purpose of aquifer recharge or mitigation, the applicant is exempt from the provisions of subsection (9)(c)(v). The applicant must provide information detailing the proposed place of use."

**Section 4.** Section 85-2-311, MCA, is amended to read:

**"85-2-311. Criteria for issuance of permit.** (1) A permit may be issued under this part prior to the adjudication of existing water rights in a source of supply. In a permit proceeding under this part, there is no presumption that an applicant for a permit cannot meet the statutory criteria of this section prior to the adjudication of existing water rights pursuant to this chapter. In making a determination under this section, the department may not alter the terms and conditions of an existing water right or an issued certificate, permit, or state water reservation. Except as provided in subsections (3) and (4), the department shall issue a permit if the applicant proves by a preponderance of evidence that the following criteria are met:

(a) (i) there is water physically available at the proposed point of diversion in the amount that the applicant seeks to appropriate; and

(ii) water can reasonably be considered legally available during the period in which the applicant seeks to appropriate, in the amount requested, based on the records of the department and other evidence provided to the department. Legal availability is determined using an analysis involving the following factors:

(A) identification of physical water availability;

(B) identification of existing legal demands on the source of supply throughout the area of potential impact by the proposed use; and

(C) analysis of the evidence on physical water availability and the existing legal demands, including but not limited to a comparison of the physical water supply at the proposed point of diversion with the existing legal demands on the supply of water.

(b) the water rights of a prior appropriator under an existing water right, a certificate, a permit, or a state water reservation will not be adversely affected. In this subsection (1)(b), adverse effect must be determined based on a consideration of an applicant's plan for the exercise of the permit that demonstrates that the applicant's use of the water will be controlled so the water right of a prior appropriator will be satisfied;

(c) the proposed means of diversion, construction, and operation of the appropriation works are adequate;

(d) the proposed use of water is a beneficial use;

(e) the applicant has a possessory interest or the written consent of the person with the possessory interest in the property where the water is to be put to beneficial use, or if the proposed use has a point of diversion, conveyance, or place of use on national forest system lands, the applicant has any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the permit;

(f) the water quality of a prior appropriator will not be adversely affected;

(g) the proposed use will be substantially in accordance with the classification of water set for the source of supply pursuant to 75-5-301(1); and

(h) the ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(2) The applicant is required to prove that the criteria in subsections (1)(f) through (1)(h) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (1)(f), (1)(g), or (1)(h), as applicable, may not be met. For the criteria set forth in subsection (1)(g), only the department of environmental quality or a local water quality district established under Title 7, chapter 13, part 45, may file a valid objection.

(3) The department may not issue a permit for an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the applicant proves by clear and convincing evidence that:

(a) the criteria in subsection (1) are met;

(b) the proposed appropriation is a reasonable use. A finding must be based on a consideration of the following:

(i) the existing demands on the state water supply, as well as projected demands, such as reservations of water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing beneficial uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(4) (a) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under

appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the criteria in this subsection (4) must be met before out-of-state use may occur.

(b) The department may not issue a permit for the appropriation of water for withdrawal and transportation for use outside the state unless the applicant proves by clear and convincing evidence that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (1) or (3) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the applicant has proved by clear and convincing evidence that the requirements of subsections (4)(b)(ii) and (4)(b)(iii) are met, the department shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the application could feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a permit or a lease to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation, lease, and use of water.

(5) Subject to 85-2-360, to meet the preponderance of evidence standard in this section, the applicant, in addition to other evidence demonstrating that the criteria of subsection (1) have been met, shall submit hydrologic or other evidence, including but not limited to water supply data, field reports, and other information developed by the applicant, the department, the U.S. geological survey, or the U.S. natural resources conservation service and other specific field studies.

(6) An appropriation, diversion, impoundment, use, restraint, or attempted appropriation, diversion, impoundment, use, or restraint contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized appropriation, diversion, impoundment, use, or other restraint. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to appropriate, divert, impound, use, or otherwise restrain or control waters within the boundaries of this state except in accordance with this section.

(7) The department may adopt rules to implement the provisions of this section.

(8) For an application for ground water in a basin closed pursuant to *85-2-319, 85-2-321,* 85-2-330, 85-2-336, 85-2-341, 85-2-343, or 85-2-344 ~~or during the period of closure for any basin that is administratively closed pursuant to 85-2-319~~, the applicant shall comply with the provisions of 85-2-360 in addition to the requirements of this section."

**Section 5.** Section 85-2-314, MCA, is amended to read:

**"85-2-314. Revocation or modification of permit or change in appropriation right.** *(1) (a)* If the work on an appropriation is not commenced, prosecuted, or completed within the time stated in the permit or an extension of the time stated in the permit, if the water is not being applied to the beneficial use contemplated in the permit or change in appropriation right, or if the permit or change in appropriation right is otherwise not being followed, the department may, after notice, require the permittee or the holder of the change in appropriation right to show cause why the permit or change in appropriation right should not be modified or revoked.

*(b)* If the permittee or holder of the change in appropriation right fails to show sufficient cause, the department may modify or revoke the permit or change in appropriation right.

*(2) (a) A permittee or holder of a change in appropriation right may petition the department to modify or remove a condition of approval or reduce the amount of the permit or change authorization.*

*(b) The petition must be submitted on a form designated by the department, is subject to the criteria of 85-2-311 and 85-2-402, and must be processed in the same manner as an application made pursuant to 85-2-302, 85-2-307 through 85-2-309, and 85-2-310(1) through (5) except that:*

*(i) the department may waive the public notice of a preliminary determination to grant the petition if the department finds, on the basis of information reasonably available to it, that the petition as proposed in the application will not adversely affect the rights of other appropriators;*

*(ii) if the department issues a preliminary determination to grant the petition and waives public notice, the determination becomes final;*

*(iii) the department may condition a preliminary determination to grant the petition in order to meet the criteria under 85-2-311 and 85-2-402; and*

*(iv) a preliminary determination to deny a petition is final. Denial of a petition does not affect the permit or change authorization."*

**Section 6.** Section 85-2-320, MCA, is amended to read:

**"85-2-320. Change in appropriation right authorization for instream flow — United States department of agriculture, forest service.** (1) (a) The department shall accept and process an application by the United States department of agriculture, forest service for a change in appropriation right under the provisions of 85-2-402 and this section to protect, maintain, or enhance streamflows to benefit the fishery or other resources on national forest system lands.

~~(b) As used in this section, "national forest system lands" has the same meaning as that provided in 85-20-1401, Article I.~~

~~(c)~~*(b)* To change an appropriation right, the United States department of agriculture, forest service must own the appropriation right that it seeks to change to an instream flow right, the diversion or withdrawal that is to be changed to instream flow must be located within or immediately adjacent to the exterior boundaries of national forest system lands on the date provided in 85-20-1401, Article IV.B.2., and the stream reach in which the streamflow is to be protected, maintained, or enhanced must be located within or immediately adjacent to the exterior boundaries of national forest system lands as of the date provided in 85-20-1401, Article IV.B.2. The application for a change in appropriation right must:

(i) include specific information on the length and location of the stream reach in which the streamflow is to be protected, maintained, or enhanced; and

(ii) provide a detailed streamflow measuring plan that describes the point where and the manner in which the streamflow must be measured.

(2) In addition to the requirements of 85-2-402, when applying for a change in appropriation right pursuant to this section, the United States department of agriculture, forest service, shall prove by a preponderance of the evidence that:

(a) the change in appropriation right authorization to protect, maintain, or enhance streamflows to benefit the fishery or other resources, as measured at a specific point, will not adversely affect the water rights of other persons; and

(b) the amount of water for the proposed instream flow use is needed to protect, maintain, or enhance streamflows to benefit the fishery or other resources.

(3) The proposed method of measurement of the water to protect, maintain, or enhance streamflows to benefit the fishery or other resources must be approved by the department before a change in appropriation right may be approved.

(4) The department is not responsible for costs associated with installing devices or providing personnel to measure streamflows according to the measurement plan submitted under this section.

(5) If an appropriation right is changed pursuant to this section, the priority of the appropriation right remains the same as the appropriation right that was changed.

(6) A change in appropriation right authorization under this section does not create a right of access across private property or allow any infringement of private property rights.

(7) The maximum quantity of water that may be subject to a change in appropriation right authorization to protect, maintain, or enhance streamflows to benefit the fishery or other resources is the amount historically diverted. However, only the amount historically consumed or a smaller amount if specified by the department in the change in appropriation right authorization may be used to protect, maintain, or enhance streamflows to benefit the fishery or other resources below the existing point of diversion.

(8) The department may modify or revoke the change in appropriation right up to 10 years after it is approved if an appropriator with a priority of appropriation that is earlier than the change in appropriation right that was granted submits new evidence that was not available at the time the change in appropriation right was approved that proves by a preponderance of evidence that the appropriator's water right is adversely affected."

**Section 7.** Section 85-2-360, MCA, is amended to read:

**"85-2-360. Ground water appropriation right in closed basins.** (1) An application for a ground water appropriation right in a basin closed pursuant to *85-2-319, 85-2-321,* 85-2-330, 85-2-336, 85-2-341, 85-2-343, or 85-2-344 ~~or administratively closed pursuant to 85-2-319~~ must be accompanied by a hydrogeologic ~~assessment~~ *report* ~~that has been~~ conducted pursuant to 85-2-361*, an aquifer recharge or mitigation plan if required, and an application for a change in appropriation right or rights if necessary.* ~~to predict whether the proposed appropriation right will result in a net depletion of surface water and must be accompanied by a plan as provided in 85-2-362, if necessary.~~

~~(2) If the hydrogeologic assessment conducted pursuant to 85-2-361 predicts that the proposed appropriation right will not result in a net depletion of surface water, the department shall proceed under the criteria provided in 85-2-311.~~

~~(3) (a) If the hydrogeologic assessment predicts that the proposed appropriation right will result in a net depletion of surface water, the applicant shall analyze whether the net depletion results in an adverse effect on a prior appropriator. If the applicant provides a correct and complete application, the department shall proceed to process the application as provided in 85-2-363.~~

~~(b) If the applicant has used the water for the purpose of conducting the hydrogeologic assessment, the applicant shall terminate the use of the water. Failure to terminate use of the water must result in a fine of not more than $1,000 for each day of the violation.~~

~~(4) If the hydrogeologic assessment predicts that there will be net depletion as provided in subsection (3)(a), the department may proceed to process the application pursuant to 85-2-363 if, in addition to other applicable criteria, the applicant complies with 85-2-362.~~

*(2) The department shall use the hydrogeologic report to determine if the proposed appropriation right could result in a net depletion of surface water.*

~~(5)~~*(3) (a)* For the purposes of 85-2-360 through 85-2-362, the prediction of net depletion does not mean that an adverse effect on a prior appropriator will occur or if an adverse effect does occur that the entire amount of net depletion is the cause of the adverse effect. *A determination of whether or not there is an adverse effect on a prior appropriator as the result of a new appropriation right is a determination that must be made by the department based on the rate, location, and timing of the net depletion that causes the adverse effect relative to the historic beneficial use of the appropriation right that may be adversely affected.* ~~A determination of whether or not there is an adverse effect on a prior appropriator as the result of a new appropriation right is a determination that must be made by the department based on the amount, location, and duration of the amount of net depletion that causes the adverse effect relative to the historic beneficial use of the appropriation right that may be adversely affected.~~

~~(6) The priority date for an appropriation right that is granted to an entity whose permit application was returned after April 11, 2006, and before May 3, 2007, because of the department's interpretation of a court decision is the date of the initial application to the department.~~

*(b) The department may grant a permit for a new appropriation only if the applicant proves by a preponderance of the evidence that the adverse effect would be offset through an aquifer recharge or mitigation plan that meets the requirements of 85-2-362.*"

**Section 8.** Section 85-2-361, MCA, is amended to read:

~~(b)~~*(2)* A permit is not required if the intent of a person is to conduct aquifer tests, water quality tests, water level monitoring, or other testing or monitoring of a water source."

**Section 11.** Section 85-2-402, MCA, is amended to read:

**"85-2-402. Changes in appropriation rights — definition.** (1) (a) The right to make a change in appropriation right subject to the provisions of this section in an existing water right, a permit, or a state water reservation is recognized and confirmed. In a change in appropriation right proceeding under this section, there is no presumption that an applicant for a change in appropriation right cannot establish lack of adverse effect prior to the adjudication of other rights in the source of supply pursuant to this chapter. Except as provided in 85-2-410 and subsections (15) and (16) of this section, an appropriator may not make a change in an appropriation right without the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(b) If an application involves a change in a point of diversion, conveyance, or place of use located on national forest system lands, the application is not correct and complete until the applicant has submitted proof to the department of any written special use authorization required by federal law for the proposed change in occupancy, use, or traverse of national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.

~~(c) As used in this part, "national forest system lands" has the same meaning as that provided in 85-20-1401, Article I.~~

(2) Except as provided in subsections (4) through (6), (15), (16), and (18) and, if applicable, subject to subsection (17), the department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

(a) The proposed change in appropriation right will not adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under part 3.

(b) The proposed means of diversion, construction, and operation of the appropriation works are adequate, except for:

(i) a change in appropriation right for instream flow pursuant to 85-2-320 or 85-2-436;

(ii) a temporary change in appropriation right for instream flow pursuant to 85-2-408; or

(iii) a change in appropriation right pursuant to 85-2-420 for mitigation or marketing for mitigation.

(c) The proposed use of water is a beneficial use.

(d) The applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use or, if the proposed change involves a point of diversion, conveyance, or place of use on national forest system lands, the applicant has any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water. This subsection (2)(d) does not apply to:

(i) a change in appropriation right for instream flow pursuant to 85-2-320 or 85-2-436;

(ii) a temporary change in appropriation right for instream flow pursuant to 85-2-408; or

(iii) a change in appropriation right pursuant to 85-2-420 for mitigation or marketing for mitigation.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(f) The water quality of an appropriator will not be adversely affected.

(g) The ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(4) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by a preponderance of evidence that:

(a) the criteria in subsection (2) are met; and

(b) the proposed change in appropriation right is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(5) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (4) are met; and

(b) for the withdrawal and transportation of appropriated water for out-of-state use, the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(6) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(a) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(b) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(a)(ii) and (6)(a)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(c) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in appropriation right in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change in appropriation right. The department shall provide notice and may hold one or more hearings upon any other proposed change in appropriation right if it determines that the proposed change in appropriation right might adversely affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change in appropriation right subject to the terms, conditions, restrictions, and limitations that it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change in appropriation right. The department may extend time limits specified in the change in

appropriation right approval under the applicable criteria and procedures of 85-2-312(3).

(9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.

(10) If a change in appropriation right is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change in appropriation right approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change in appropriation right approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change in appropriation right approval.

(11) The original of a change in appropriation right approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(12) A person holding an issued permit or change in appropriation right approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change in appropriation right pursuant to this section.

(13) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section.

(14) The department may adopt rules to implement the provisions of this section.

(15) (a) An appropriator may change an appropriation right for a replacement well without the prior approval of the department if:

(i) the appropriation right is for:

(B) ground water inside the boundaries of a controlled ground water area and if the provisions of the rule establishing the controlled ground water area do not restrict a change in appropriation right;

(ii) the change in appropriation right is to replace an existing well and the existing well will no longer be used;

(iii) the rate and volume of the appropriation from the replacement well are equal to or less than that of the well being replaced and do not exceed:

(ii) (A) The department shall review the notice of replacement well and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (15)(a) have been met and the notice is correct and complete.

(B) If the replacement well is located on national forest system lands, the notice is not correct and complete under this subsection (15) until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the replacement well.

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement well has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement well within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(ii) is required by a state or federal agency.

(b) The priority date of the redundant water supply well is the same as the priority date of the original well. Only one well may be used at one time.

(c) Within 60 days of completion of a redundant water supply well, the appropriator shall file a notice of construction of the well with the department on a form provided by the department. The department may return a defective notice of construction to the appropriator for correction and completion. (viii) the appropriator can show the change will not increase access to water availability, change the method of irrigation, if applicable, or increase the amount of water diverted, used, or consumed; and

(ix) a timely, correct and complete notice of replacement point of diversion is submitted to the department as provided in subsection (18)(b).

(b) (i) Within 60 days after completion of a replacement point of diversion, the appropriator shall file a notice of replacement point of diversion with the department on a form provided by the department.

(ii) The department shall review the notice of replacement point of diversion and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (18)(a) have been met and the notice is correct and complete. The department may inspect the diversion to confirm that the criteria under subsection (18)(a) have been met. If the department issues an authorization of a change in an appropriation right for a replacement point of diversion, the department shall prepare a notice of the authorization and provide notice of the authorization in the same manner as required in 85-2-307 for applications.

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement point of diversion has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement point of diversion within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(c) The provisions of this subsection (18) do not apply to an appropriation right abandoned under 85-2-404.

(d) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (18)(a).

(e) (i) An appropriator may file a correct and complete objection with the department alleging that the change in appropriation right for a replacement point of diversion will adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under Title 85, chapter 2, part 3.

(ii) If the department determines after a contested case hearing between the appropriator and the objector that the rights of other appropriators have been or will be adversely affected, it may revoke the change or make the change subject to terms, conditions, restrictions, or limitations necessary to protect the rights of other appropriators.

(iii) The burden of proof to prove lack of adverse effect at the hearing is on the appropriator changing the point of diversion."

(2) (a) If the realty transfer certificate discloses that the water rights will transfer with the property, the department's records must be updated to reflect the purchaser of the property as the new owner of the water right based on information received from the department of revenue. The appropriate fee must be paid at closing or upon completion of the transfer of real property as provided in 85-2-426.

(b) The transferee of a water right, after receiving notice provided in subsection (2)(c), is responsible for compliance with this section.

(c) If the department receives notice from the department of revenue that a property transfer has occurred and the proper fee was not received by the department, the department shall send a notice to the transferee requesting payment of the fee. If the transferee does not pay the fee within 60 days, the department may assess a penalty against the transferee pursuant to 85-2-431.

(a) that the documents and fee necessary to comply with this section are held in escrow, in which case the certification must also be signed by the escrow agent; or

(b) if there is no escrow, that the transferor and transferee certify that they have prepared the required documents and will send the required documents and fee to the department within ~~5 business~~ *60 business* days of recording, in which case the certification must also require the transferee to acknowledge that failure to file the appropriate documents and fee with the department will result in the department assessing the penalty in 85-2-431 against the transferee.

(7) Any written agreement to transfer land that has appurtenant water rights on record with the department must contain the following disclosure or words of a similar nature:

"WATER RIGHT OWNERSHIP UPDATE DISCLOSURE:

By Montana law, failure of the parties at closing or transfer of real property to pay the required fee to the Montana Department of Natural Resources and Conservation for updating water right ownership may result in the transferee of the property being subject to a penalty. Additionally, in the case of water rights being exempted, severed, or divided, the failure of the parties to comply with section 85-2-424, MCA, could result in a penalty against the transferee and rejection of the deed for recording.""

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 5-2-402, MCA, is amended to read:

**"5-2-402. Appointment by board of county commissioners — county central committee role — timeframes.** (1) Except as provided in subsection (5) or as otherwise provided by law, whenever a vacancy occurs in the legislature, the vacancy must be filled by appointment by the board of county commissioners or, in the event of a multicounty district, the boards of county commissioners of the counties comprising the district sitting as one appointing board.

(2) (a) Whenever a vacancy is within a single county, the board of county commissioners shall make the appointment as described in 5-2-403, 5-2-404, or 5-2-406.

(b) Whenever a vacancy is within a multicounty district, the boards of county commissioners shall sit as one appointing board. The selection of an individual to fill the vacancy must be as follows:

(i) The presiding officer of the board of county commissioners of the county in which the person resided whose vacancy is to be filled shall call a meeting for the purpose of appointing the member of the legislature and shall preside at the meeting.

(ii) Each commissioner's vote is determined by the following formula: 100 multiplied by (A divided by B) multiplied by (1 divided by C), where:

(A) A is the total votes cast in the respective county for the person vacating the legislative seat or, if the vacating person was not elected, the votes cast for the last person to be elected for the current term;

(B) B is the total votes cast for that person in the legislative district; and

(C) C is the number of authorized commissioners on the board of the commissioner whose vote is being determined.

(iii) The person selected to fill the vacancy is the one who receives the highest number above 50 that results from the calculation in subsection (2)(b)(ii). If none of the candidates receives a number higher than 50 from that calculation, the selection board shall cast its votes again in the same manner for the persons receiving the two highest numbers. If neither vote results in a candidate receiving a number higher than 50 from the calculation provided in subsection (2)(b)(ii), then 5-2-404 applies.

(c) If a vacancy occurs in a holdover senate seat after holdover senators have been assigned to new districts under each reapportionment, the formula in subsection (2)(b)(ii) must be applied using the votes cast for the senatorial

candidates at the last election in which votes were cast for a senate candidate. Only the number of votes cast by electors residing in the new senate district for senate candidates of the party to which the person vacating the seat belonged may be counted. The secretary of state shall provide an estimate of the number of votes cast for each party by county or portion of a county. The selection process is the same as provided in subsection (2)(b)(iii).

(3) The appointment process to fill a vacant legislative seat under this section is as follows:

(a) Within 7 days of being notified of a vacancy as described in 2-16-501, the secretary of state shall notify the board of county commissioners and the *state party that is responsible for notifying the* county central committee of the county where the vacating legislator is a resident, if the legislative seat is within one county, or the boards of county commissioners and the corresponding county central committees if the legislative seat is in a multicounty district. If the legislator is an independent or belongs to a party for which there is no county central committee, the notification of county commissioners suffices.

(b) The county central committee or committees, upon receipt of notification of a vacancy, have 45 days to propose a list of prospective appointees, pursuant to 5-2-403(1). The county central committee or the county central committees, acting together, shall forward the list of names to the appointing board within the 45-day period.

(c) The appointing board shall make and confirm an appointment and notify the secretary of state within 15 days:

(i) after receiving the list of prospective appointees from the county central committee or committees;

(ii) after 45 days have expired after the notification of vacancy if the county central committee or committees have not provided a list of prospective appointees; or

(iii) after notification of a vacancy if the legislator vacating the seat is an independent.

(4) If the legislature is in session, the notification process in subsection (3)(a) must be followed within 5 days. The process described in subsection (3)(b) must take place in 5 days. The process described in subsection (3)(c) must take place in 5 days.

(5) Notwithstanding subsection (6), if a vacancy occurs prior to a primary election, 13-10-326 applies. If a vacancy occurs after a primary and prior to a general election, 13-10-327 applies.

(6) If the legislature is called into special session within 85 days of a general election, a person must be appointed to fill a legislative vacancy pursuant to subsections (1) through (4)."

**"13-15-107. Handling and counting provisional and challenged ballots.** (1) To verify eligibility to vote, a provisionally registered ~~elector~~ *individual* who casts a provisional ballot has until 5 p.m. on the day after the election to provide valid identification or eligibility information either in person, by facsimile, by electronic means, or by mail postmarked no later than the day after the election.

(2) (a) If a legally registered ~~elector~~ *individual* casts a provisional ballot because the ~~elector~~ *individual* failed to provide sufficient identification as required pursuant to 13-13-114(1)(a), the election administrator shall compare the signature of the ~~elector~~ *individual* or the ~~elector's~~ *individual's* agent designated pursuant to 13-1-116 on the affirmation required under 13-13-601 to the signature on the ~~elector's~~ *individual's* voter registration card or the agent's designation form.

(b) If the signatures match, the election administrator shall handle the ballot as provided in subsection (5).

(c) If the signatures do not match and the ~~elector~~ *individual* or the ~~elector's~~ *individual's* agent fails to provide valid identification information by the deadline, the ballot must be rejected and handled as provided in 13-15-108.

(3) A provisional ballot must be counted if the election administrator verifies the ~~elector's~~ *individual's* identity or eligibility pursuant to rules adopted under 13-13-603. However, if the election administrator cannot verify the ~~elector's~~ *individual's* identity or eligibility under the rules, the ~~elector's~~ *individual's* provisional ballot must be rejected and handled as provided in 13-15-108. If the ballot is provisional because of a challenge and the challenge was made on the grounds that the ~~elector~~ *individual* is of unsound mind or serving a felony sentence in a penal institution, the ~~elector's~~ *individual's* provisional ballot must be counted unless the challenger provides documentation by 5 p.m. on the day after the election that a court has established that the ~~elector~~ *individual* is of unsound mind or that the ~~elector~~ *individual* has been convicted and sentenced and is still serving a felony sentence in a penal institution.

(4) The election administrator shall provide an ~~elector~~ *individual* who cast a provisional ballot but whose ballot was or was not counted with the reasons why the ballot was or was not counted.

(5) A provisional ballot must be removed from its provisional envelope, grouped with other ballots in a manner that allows for the secrecy of the ballot to the greatest extent possible, and counted as any other provisional ballot if the ~~elector's~~ *individual's* voter information is:

(a) verified before 5 p.m. on the day after the election; or

(b) postmarked by 5 p.m. on the day after election day and received and verified by 3 p.m. on the sixth day after the election.

(6) Provisional ballots that are not resolved by the end of election day may not be counted until after 3 p.m. on the sixth day after the election."

(2) After being handled and marked as provided in this section, all rejected ballots must be placed in a package or container in which the voted ballots are to be placed and the package or container must be sealed, dated, and marked as provided under rules adopted by the secretary of state. After a package or

(2) The board shall count all ballots to ensure that the total number of ballots corresponds with the total number of names in the pollbook.

(3) If the board cannot reconcile the total number of ballots with the pollbook, the board shall submit to the election administrator a written report stating how many ballots were missing or in excess and any reason of which they are aware for the discrepancy. Each judge on the board shall sign the report.

(4) A ballot that is not marked as official is void and may not be counted unless all judges on the board agree that the marking is missing because of an error by election officials, in which case the ballot must be marked "unmarked by error" on the back and must be initialed by all judges.

(5) If two or more ballots are folded or stuck together to look like a single ballot, they must be laid aside until the count is complete. The counting board shall compare the count with the pollbooks, and if a majority believes that the ballots folded together were ~~voted~~ *marked* by one elector, the ballots must be rejected and handled as provided in 13-15-108, otherwise they must be counted.

(6) Only valid absentee ballots may be counted in an election conducted under this chapter.

(7) For the purpose of this chapter, a ~~voted~~ *marked* absentee ballot is valid only if:

(a) the elector's signature on the affirmation on the ~~return~~ *signature* envelope is verified pursuant to 13-13-241; and

(b) it is received before 8 p.m. on election day, except as provided in 13-21-206 and 13-21-207.

(8) (a) A ballot is invalid if:

(i) problems with the ballot have not been resolved pursuant to 13-13-245;

(iii) except as provided in subsection (8)(b), more than one ballot is enclosed in a single ~~return~~ *signature* or secrecy envelope.

(b) The provisions of subsection (8)(a)(iii) do not apply if:

(i) there are multiple elections being held at the same time and the envelope contains only one ballot for each election; or

(ii) the ~~return~~ *signature* envelope contains ballots from the same household, each ballot is in its own secrecy envelope, and the ~~return~~ *signature* envelope contains a valid signature for each elector who has returned a ballot."

**Section 47.** Section 13-15-206, MCA, is amended to read:

**"13-15-206. Counting votes — uniformity — rulemaking — definitions.** (1) When conducting vote counts as provided by law, a counting board, absentee ballot counting board, or recount board shall count and determine the validity of each vote in a uniform manner as provided in this section.

(2) A manual count or recount of votes must be conducted as follows:

Write-in votes must be counted in accordance with subsection (5) and rules adopted pursuant to subsection (7). If a vote has not been cast according to instructions, the vote must be considered questionable and the entire ballot must be set aside and votes on the ballot must be handled as provided in subsection (4).

(b) (i) After the vote count is complete, the tally sheets of the two judges recording the votes must be compared.

(ii) If the two tallies match, the judges shall record in the ~~pollbook~~ *official results records*:

(A) the names of all individuals who received votes;

(B) the offices for which individuals received votes;

(C) the total votes received by each individual as shown by the tally sheets; and

(iii) If the tallies do not match, the count must be conducted again as provided in this subsection (2) until the two tallies match.

(3) (a) When a voting system is counting votes:

(i) if a vote is recognized and counted by the system, it is a valid vote;

(ii) if a vote is not recognized and counted by the system, it is not a valid vote;

(iii) write-in votes must be counted in accordance with rules adopted pursuant to subsection (7).

(b) If the voting system cannot process the ballot because of the ballot's condition or if the voting system registers an ~~unvoted~~ *unmarked* ballot or an overvote, which must be considered a questionable vote, the entire ballot must be set aside and the votes on the ballot must be counted as provided in subsection (4).

(c) If an election administrator or counting board has reason to believe that a voting system is not functioning correctly, the election administrator shall follow the procedures prescribed in 13-15-209.

(d) After all valid votes have been counted and totaled, the judges shall record in the ~~pollbook~~ *official results records* the information specified in subsection (2)(b)(ii).

(ii) If a majority of the counting board members agree that under the rules the voter's intent can be clearly determined, the vote is valid and must be counted according to the voter's intent.

(iii) If a majority of the counting board members do not agree that the voter's intent can be clearly determined under the rules, the vote is not valid and may not be counted.

(b) If a ballot was set aside under subsection (3)(b) because it could not be processed by the voting system due to the ballot's condition, the counting board shall transfer all valid votes to a new ballot that can be processed by the voting system.

(5) A write-in vote may be counted *only* if:

(a) (i) the write-in vote identifies an individual by a designation filed pursuant to 13-10-211(1)(a); or

(ii) pursuant to 13-10-211(8), a declaration of nomination was not filed and the write-in vote identifies an individual who is qualified for the office; and

(b) the oval, box, or other designated voting area on the ballot is marked.

(6) A vote is not valid and may not be counted if the elector's choice cannot be determined as provided in this section.

(7) The secretary of state shall adopt rules defining a valid vote and a valid write-in vote for each type of ballot and for each type of voting system used in the state. The rules must provide a sufficient guarantee that all votes are treated equally among jurisdictions using similar ballot types and voting systems.

(8) Local election administrators shall adopt policies to govern local processes that are consistent with the provisions of this title and that provide for:

(a) the security of the counting process against fraud;

(b) the place and time and public notice of each count or recount;

(3) The governing body of any political subdivision in the county that participated in the election may join with the governing body of the county or consolidated local government in canvassing the votes cast at the election.

(4) The election administrator is secretary of the board of county canvassers and shall keep minutes of the meeting of the board and file them in the official records of the administrator's office."

(a) there has been a release or there is a substantial threat of a release into the environment that may present an imminent and substantial endangerment to the public health, welfare, or safety or the environment; and

(b) none of the persons who are liable or potentially liable under 75-10-715(1) and who have been given the opportunity by letter to properly and expeditiously perform the appropriate remedial action will properly and expeditiously perform the appropriate remedial action. Any person liable under 75-10-715(1) shall take immediate action to contain, remove, and abate the release.

(3) Except as provided in 75-10-712, the department is authorized to draw upon the fund to take action under subsection (1) if it has made diligent good faith efforts to determine the identity of the person or persons liable for the release or threatened release and:

the state's remedial action costs and may be subject to penalties pursuant to this part.

(4) Whenever the department is authorized to act pursuant to subsection (1), it may issue to any person liable under 75-10-715(1) cease and desist, remedial, or other orders as may be necessary or appropriate to protect the public health, safety, or welfare or the environment.

(8) Instead of issuing a notification or an order under this section, the department may bring an action for legal or equitable relief in the district court of the county where the release or threatened release occurred or in the first judicial district as may be necessary to abate any imminent and substantial endangerment to the public health, safety, or welfare or the environment resulting from the release or threatened release.

*(9) A person who is not subject to an administrative or judicial order may not conduct any remedial action at any facility that is subject to an administrative or judicial order issued pursuant to this part without the written permission of the department. If a state or federal administrative or judicial order is issued relative to a facility, the order and any remedial activity conducted pursuant to the order may be admissible in a civil action pertaining to the facility or property adjacent to or allegedly impacted by the facility provided that the reviewing court in its discretion determines the order to be relevant and more probative than*

*prejudicial. Admission of this evidence does not make the department a necessary party to the action. Remedial action performed in accordance with this part is intended to provide for the protection of the environmental life support system from degradation and to prevent unreasonable depletion and degradation of natural resources.*

~~(9)~~*(10)* The department may take remedial action pursuant to subsection (1) at a site that is regulated under the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, Public Law 96-510, if the department determines that remedial action is necessary to carry out the purposes of this part."

**Section 2.** Section 70-24-321, MCA, is amended to read:

This section does not preclude the right of the tenant to operate a limited business or cottage industry on the premises, subject to state and local laws, if the landlord has consented in writing. The landlord may not unreasonably withhold consent if the limited business or cottage industry is operated within reasonable rules of the landlord.

(2) A tenant may not destroy, deface, damage, impair, or remove any part of the premises or permit any person to do so.

(5) (a) A contract for participation in the unlocking state lands program is established through a cooperative agreement between the landowner and the department that guarantees reasonable access to state land through the landowner's private land. This contract serves as certification that the landowner is providing qualified access to state land and is eligible for the tax credit identified in [section 1]. The contract must include a certification number for identification purposes. The department shall provide a copy of the contract to the landowner and notify the department of revenue of the certification number.

(b) Contracts may be established with landowners who, prior to [the effective date of this act], provided access to state land that was otherwise not legally accessible under subsection (9). The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) Married taxpayers filing a joint federal return who are allowed a capital loss deduction under section 1211 of the Internal Revenue Code, 26 U.S.C. 1211, and who file separate Montana income tax returns may claim the same amount of the capital loss deduction that is allowed on the federal return. If the allowable capital loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(7) In the case of passive and rental income losses, married taxpayers filing a joint federal return and who file separate Montana income tax returns are not required to recompute allowable passive losses according to the federal passive activity rules for married taxpayers filing separately under section 469 of the Internal Revenue Code, 26 U.S.C. 469. If the allowable passive loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(8) Married taxpayers filing a joint federal return in which one or both of the taxpayers are allowed a deduction for an individual retirement contribution under section 219 of the Internal Revenue Code, 26 U.S.C. 219, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(b) Married taxpayers filing a joint federal return who are allowed a deduction for qualified tuition and related expenses under section 222 of the Internal Revenue Code, 26 U.S.C. 222, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(10) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(11) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.

(12) (a) A taxpayer may exclude the amount of the loan payment received pursuant to subsection (12)(a)(iv), not to exceed $5,000, from the taxpayer's adjusted gross income if the taxpayer:

(i) is a health care professional licensed in Montana as provided in Title 37;

(ii) is serving a significant portion of a designated geographic area, special population, or facility population in a federally designated health professional shortage area, a medically underserved area or population, or a federal nursing shortage county as determined by the secretary of health and human services or by the governor;

(iii) has had a student loan incurred as a result of health-related education; and

(iv) has received a loan payment during the tax year made on the taxpayer's behalf by a loan repayment program described in subsection (12)(b) as an incentive to practice in Montana.

(b) For the purposes of subsection (12)(a), a loan repayment program includes a federal, state, or qualified private program. A qualified private loan repayment program includes a licensed health care facility, as defined in 50-5-101, that makes student loan payments on behalf of the person who is employed by the facility as a licensed health care professional.

(13) Notwithstanding the provisions of subsection (1), adjusted gross income does not include 40% of capital gains on the sale or exchange of capital assets before December 31, 1986, as capital gains are determined under subchapter P. of Chapter 1 of the Internal Revenue Code as it read on December 31, 1986.

(14) By November 1 of each year, the department shall multiply the amount of pension and annuity income contained in subsection (2)(c)(i) and the federal adjusted gross income amounts in subsection (2)(c)(ii) by the inflation factor for that tax year, but using the year 2009 consumer price index, and rounding the results to the nearest $10. The resulting amounts are effective for that tax year and must be used as the basis for the exemption determined under subsection (2)(c). (Subsection (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency—sec. 9, Ch. 262, L. 2001.)"

**Section 3.** Section 33-22-1804, MCA, is amended to read:

**"33-22-1804. Applicability and scope.** (1) This part applies to a health benefit plan marketed through a small employer that provides coverage to the employees of a small employer in this state if any of the following conditions are met:

(a) a portion of the premium or benefits is paid by or on behalf of the small employer;

(b) an eligible employee or dependent is reimbursed, whether through wage adjustments or otherwise, by or on behalf of the small employer for any portion of the premium;

(c) the health benefit plan is treated by the employer or any of the eligible employees or dependents as part of a plan or program for the purposes of section 106, 125, or 162 of the Internal Revenue Code, except a plan or program that is funded entirely by contributions from the employees; or

(d) all of the premium is paid by the employee who obtains coverage through the employer's group health benefit plan.

(2) This part does not apply to an individual health benefit plan for which the entire premium is paid by an employee through payroll deduction or other means.

(3) Unless prohibited by a written opinion from a federal agency, by final regulations implementing Public Law 104-191, or by a ruling by a court of competent jurisdiction, this part does not apply to an individual health benefit plan if the eligible employee or dependent is directly or indirectly reimbursed, whether through wage adjustments or otherwise, by or on behalf of the small employer for any portion of the premium. However, this part does apply to an individual health benefit plan if the employer making the direct or indirect reimbursement for any portion of the premium has had in place an employer-sponsored group health benefit plan in the 12 months preceding the reimbursement.

*(4) This part does not apply to an individual health benefit plan for which the premium is paid by a small employer pursuant to [section 1].*"

[HB 555]

AN ACT GENERALLY REVISING MEDIATION LAWS; CLARIFYING THE CIRCUMSTANCES IN WHICH A COURT MAY ORDER MEDIATION TO RESOLVE AMENDED PARENTING PLAN DISPUTES; REQUIRING PARTIES TO PROVIDE INFORMED CONSENT BEFORE A COURT CAN AUTHORIZE MEDIATION WHEN THE COURT SUSPECTS PHYSICAL, SEXUAL, OR EMOTIONAL ABUSE; REQUIRING A MEDIATOR TRAINED IN MEDIATING DOMESTIC VIOLENCE CASES TO CONDUCT MEDIATIONS IN CERTAIN CASES; DEFINING "INFORMED CONSENT"; ALLOWING PERSONS WHO ARE NOT ATTORNEYS TO BE PRESENT DURING CERTAIN MEDIATIONS; ALLOWING MEDIATIONS TO BE CONDUCTED BY MEDIATORS WHO ARE TRAINED IN MEDIATING DOMESTIC VIOLENCE CASES; AND AMENDING SECTIONS 40-4-219, 40-4-301, 40-4-302, AND 40-4-307, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 40-4-219, MCA, is amended to read:

**"40-4-219. Amendment of parenting plan — mediation.** (1) The court may in its discretion amend a prior parenting plan if it finds, upon the basis of facts that have arisen since the prior plan or that were unknown to the court at the time of entry of the prior plan, that a change has occurred in the circumstances of the child and that the amendment is necessary to serve the best interest of the child. In determining the child's best interest under this section, the court may, in addition to the criteria in 40-4-212, also consider whether:

(a) the parents agree to the amendment;

(b) the child has been integrated into the family of the petitioner with consent of the parents;

(c) the child is 14 years of age or older and desires the amendment;

(d) one parent has willfully and consistently:

(i) refused to allow the child to have any contact with the other parent; or

(ii) attempted to frustrate or deny contact with the child by the other parent; or

(e) one parent has changed or intends to change the child's residence in a manner that significantly affects the child's contact with the other parent.

(2) A court may modify a de facto parenting arrangement in accordance with the factors set forth in 40-4-212.

(3) The court shall presume a parent is not acting in the child's best interest if the parent does any of the acts specified in subsection (1)(d) or (8).

(4) The court may amend the prior parenting plan based on subsection (1)(e) to provide a new residential schedule for parental contact with the child and to apportion transportation costs between the parents.

(5) Attorney fees and costs must be assessed against a party seeking frivolous or repeated amendment if the court finds that the amendment action is vexatious and constitutes harassment.

(6) A parenting plan may be amended upon the death of one parent pursuant to 40-4-221.

(7) As used in this section, "prior parenting plan" means a parenting determination contained in a judicial decree or order made in a parenting

proceeding. In proceedings for amendment under this section, a proposed amended parenting plan must be filed and served with the motion for amendment and with the response to the motion for amendment. Preference must be given to carrying out the parenting plan.

(8) (a) If a parent or other person residing in that parent's household has been convicted of any of the crimes listed in subsection (8)(b), the other parent or any other person who has been granted rights to the child pursuant to court order may file an objection to the current parenting order with the court. The parent or other person having rights to the child pursuant to court order shall give notice to the other parent of the objection as provided by the Montana Rules of Civil Procedure, and the other parent has 20 days from the notice to respond. If the parent who receives notice of objection fails to respond within 20 days, the parenting rights of that parent are suspended until further order of the court. If that parent responds and objects, a hearing must be held within 30 days of the response.

(b) This subsection (8) applies to the following crimes:

(i) deliberate homicide, as described in 45-5-102;

(ii) mitigated deliberate homicide, as described in 45-5-103;

(iii) sexual assault, as described in 45-5-502;

(iv) sexual intercourse without consent, as described in 45-5-503;

(v) deviate sexual conduct with an animal, as described in 45-2-101 and prohibited under 45-5-505;

(vi) incest, as described in 45-5-507;

(vii) aggravated promotion of prostitution of a child, as described in 45-5-603(1)(b);

(viii) endangering the welfare of children, as described in 45-5-622;

(ix) partner or family member assault of the type described in 45-5-206(1)(a);

(x) sexual abuse of children, as described in 45-5-625.

(9) Except in cases of physical*, sexual, or emotional* abuse or threat of physical*, sexual, or emotional* abuse by one parent against the other parent or the child~~,~~ or when a parent has been convicted of a crime enumerated in subsection (8)(b), the court may, in its discretion, order the parties to participate in a dispute resolution process to assist in resolving any conflicts between the parties regarding amendment of the parenting plan. The dispute resolution process may include counseling or mediation by a specified person or agency, and court action.

(10) (a) Except as provided in subsection (10)(b), a court-ordered or de facto modification of a parenting plan based in whole or in part on military service orders of a parent is temporary and reverts to the previous parenting plan at the end of the military service. If a motion for an amendment of a parenting plan is filed after a parent returns from military service, the court may not consider a parent's absence due to that military service in its determination of the best interest of the child.

(b) A parent who has performed or is performing military service, as defined in 10-1-1003, may consent to a temporary or permanent modification of a parenting plan:

(i) for the duration of the military service; or

(ii) that continues past the end of the military service."

**Section 2.** Section 40-4-301, MCA, is amended to read:

**"40-4-301. Family law mediation — exception.** (1) The district court may at any time consider the advisability of requiring the parties to a proceeding under this chapter to participate in the mediation of the case. Any party may request the court to order mediation. If the parties agree to mediation, the court may require the attendance of the parties or the representatives of the parties with authority to settle the case at the mediation sessions.

(2) ~~The~~ *Unless each of the parties provides written, informed consent, the* court may not authorize or permit continuation of mediated negotiations if the court has reason to suspect that one of the parties or a child of a party has been physically, sexually, or emotionally abused by the other party. *A mediation conducted under this subsection may be conducted by a mediator who is trained in mediating domestic violence cases.*

(3) The court shall appoint a mediator from the list maintained pursuant to 40-4-306. By agreement of all parties, mediators not on the list may be appointed.

(4) The court may adopt rules to implement this part.

*(5) For purposes of this section, "informed consent" means an educated, competent, and voluntary choice to enter into mediation.*"

**Section 3.** Section 40-4-302, MCA, is amended to read:

**"40-4-302. Mediation proceeding — tolling of statute of limitations.** (1) The purpose of a mediation proceeding is to reduce the acrimony that may exist between the parties and to develop an agreement that is supportive of the best interests of a child involved in the proceeding.

(2) The mediator shall attempt to effect a settlement of the parenting, child support, parental contact with the child, maintenance, or property settlement dispute. The mediator may not use coercive measures to effect the settlement. The mediator may recommend that a party obtain assistance from other resources in the community.

(3) Subject to 40-4-301(1) *and except in cases involving domestic violence*, the mediator may exclude attorneys from the mediation sessions. The parties' attorneys may confer with the mediator prior to the mediation session and may review and approve any agreement. *In cases involving domestic violence, a victim may elect to have advocates and support persons who are not attorneys present during the mediation.*

(4) An applicable statute of limitations is tolled as to the participants during the period of mediation. The tolling commences on the date the parties agree in writing to participate in the mediation or when the court orders mediation, whichever is later, and ends on the date the mediation is officially terminated by the mediator."

**Section 4.** Section 40-4-307, MCA, is amended to read:

**"40-4-307. Mediator qualifications.** A mediator must meet the following minimum qualifications:

(1) knowledge of the court system and the procedures used in family law matters;

(2) knowledge of other resources in the community to which the parties may be referred for assistance;

*(3) knowledge in the area of domestic violence;*

~~(3)~~*(4)* if applicable, knowledge of child development, clinical issues relating to children, the effects of marriage dissolution on children, and parenting research; and

~~(4)~~*(5)* knowledge of the mediation process."

WHEREAS, the greater sage-grouse (Centrocercus urophasianus) is an iconic species that inhabits much of the sagebrush-grassland habitats in Montana; and

WHEREAS, the State of Montana currently enjoys viable and widespread populations of the species, the second largest abundance of greater sage-grouse among western states; and

WHEREAS, the United States Fish and Wildlife Service (USFWS) has determined that the greater sage-grouse species is warranted for listing as a threatened or endangered species under the Endangered Species Act (ESA) but is precluded by other higher priority species; and

WHEREAS, the United States District Court for the District of Idaho ruled on February 2, 2012, that the USFWS must reevaluate the status of the greater sage-grouse by September 30, 2015; and

WHEREAS, the United States Secretary of the Interior has invited Montana and other western states impacted by the potential listing of the greater sage-grouse to develop state-specific regulatory mechanisms to conserve the species and preclude the need to list it under the ESA; and

WHEREAS, the development of a state-specific strategy in Montana will be critical in demonstrating to the USFWS that the species does not warrant federal protection under the ESA; and

WHEREAS, the United States Bureau of Land Management (BLM) and the United States Forest Service (USFS) are currently implementing national instruction memoranda to guide interim management of public lands and to develop greater sage-grouse conservation measures for incorporation into the agencies' respective land use plans; and

WHEREAS, the development of a state-specific strategy will enable the BLM and USFS to incorporate relevant elements from the strategy into their land use plans and environmental analyses; and

WHEREAS, approximately half of greater sage-grouse habitat in Montana involves private property, and maintaining the species will require effective conservation strategies across property ownerships; and

WHEREAS, the State of Montana has management authority over greater sage-grouse populations in Montana; and

WHEREAS, the State of Montana in collaboration with stakeholders developed and adopted a state greater sage-grouse plan in 2004, pertaining to sage-grouse population responses to large scale changes in habitat; and

WHEREAS, the State of Montana has identified and will update, as appropriate, greater sage-grouse core areas, which include priority habitats for conservation; and

WHEREAS, it is in the interest of this state to bring stakeholders and experts together to recommend a course of action that will provide for conservation measures sufficient to preclude the need to list the greater sage-grouse; and

WHEREAS, the listing of the greater sage-grouse could have a significant adverse effect on the economy of the state of Montana; and

WHEREAS, it is appropriate and beneficial to fund the Greater Sage-Grouse Habitat Conservation Advisory Council established by Governor Steve Bullock in Executive Order No. 2-2013.

*Be it enacted by the Legislature of the State of Montana:*

(2) The legislature recommends that the greater sage-grouse habitat conservation advisory council develop its proposed recommendations on policies and actions for a statewide strategy to preclude the need to list the greater sage-grouse under the Endangered Species Act of 1973 by October 31, 2013, so that the public may review and comment on the proposed recommendations and the council may make any necessary changes prior to the recommendations being delivered to the governor by the established deadline of January 31, 2014.

[HB 586]

AN ACT REVISING LAWS RELATED TO AQUATIC INVASIVE SPECIES; ESTABLISHING A STATEWIDE INVASIVE SPECIES MANAGEMENT AREA; AUTHORIZING USE OF QUARANTINE MEASURES AND CHECK STATIONS AT KEY ENTRY POINTS TO THE STATE; DEFINING AND AUTHORIZING INSPECTION OF EQUIPMENT; REVISING DEPARTMENTAL DUTIES, INCLUDING DUTIES OF THE DEPARTMENT

OF TRANSPORTATION; GRANTING RULEMAKING AUTHORITY; PROVIDING AN APPROPRIATION; AMENDING SECTIONS 80-7-1002, 80-7-1003, 80-7-1004, 80-7-1006, 80-7-1007, 80-7-1008, 80-7-1010, 80-7-1011, AND 80-7-1014, MCA; AND PROVIDING EFFECTIVE DATES.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Statewide invasive species management area.** (1) There is established a statewide invasive species management area for the purpose of preventing the introduction, importation, and infestation of invasive species through the mandatory inspection of vessels and equipment at key entry points to the state on a seasonal basis and the mandatory decontamination of any vessel or equipment on or in which an invasive species is detected.

(2) As far as practical, signs indicating that the statewide invasive species management area is in place must be posted in an effective manner along the boundaries of and within the state. The signs must include information about the specific regulations that apply to the area. The signs must be paid for with funds from the invasive species account established in 80-7-1004. The departments may coordinate with any other governmental entity for the posting of signs.

(3) At a check station established pursuant to this section, the departments may examine vessels and equipment for the presence of an invasive species and compliance with this section and rules adopted pursuant to 80-7-1007. A department may examine any interior portion of a vessel or equipment that may contain water, including bilges, livewells, and bait containers, for compliance only if inspection of interior portions is included as part of quarantine measures established pursuant to rules adopted under 80-7-1007.

(4) The owner, operator, or person in possession of a vessel or equipment shall:

(a) comply with this section and rules imposed under 80-7-1007; and

(b) stop at any check station established pursuant to this section unless a medical emergency makes stopping likely to result in death or serious bodily injury.

(5) If during an inspection of a vessel or equipment the presence of an invasive species is detected, that vessel or equipment may not leave the check station without authorization until it is cleaned and decontaminated in a manner established in accordance with rules adopted pursuant to 80-7-1007. The department shall make every effort to ensure decontamination of the vessel or equipment as expeditiously as possible.

(6) After use in a body of water within the statewide invasive species management area, all vessels, equipment, bait containers, livewells, bilges, and other boating-related equipment, excluding marine sanitary systems, must be drained in a way that does not impact any state waters before being transported on land or on a public highway, as defined in 61-1-101, except when allowed by the department of fish, wildlife, and parks.

**Section 2.** Section 80-7-1002, MCA, is amended to read:

**"80-7-1002. Legislative findings and purpose.** (1) The legislature finds that:

(a) invasive species can wreak damage on the economy, environment, recreational opportunities, and human health in Montana;

(b) there is reason to be concerned about the further introduction, importation, and infestation of Eurasian watermilfoil (Myriophyllum spicatum) and the introduction, importation, and infestation of additional invasive species

in Montana, such as the zebra mussel (Dreissena polymorpha) and the quagga mussel (Dreissena bugensis), that could cause catastrophic damage to not only our waterways, rivers, and lakes, our water storage, delivery, and irrigation systems, our hydroelectric power structures and systems, and our aquatic ecosystems, but also to the entire state economy;

(c) as infestations of threatening invasive species move ever closer to Montana's borders, protecting Montana against these species is of utmost importance to the state economy, environment, recreational opportunities, and human health for the benefit of all Montanans;

(d) preventing the introduction, importation, and infestation of invasive species is the most effective and least costly strategy for combating invasive species that, once established, are often difficult to control or eradicate;

(e) the use of check stations, at which vessels and ~~trailers transporting vessels~~ *equipment* may be inspected for the presence of invasive species and cleaned if an invasive species is detected, is an effective way to prevent the introduction, importation, and infestation of invasive species that are easily transferred from infested areas to uninfested areas when proper precautions are not taken; and

(f) preventing the introduction, importation, and infestation of invasive species is best accomplished through coordinated educational and management activities.

(2) The purpose of this part is to establish a mechanism for Montana to take concerted action to detect, control, and manage invasive species, including preventing further introduction, importation, and infestation, by educating the public about the threat of these species, coordinating public and private efforts and expertise to combat these species, and authorizing the use of check stations to prevent the ~~intrastate~~ movement of invasive species from infested areas to uninfested areas to protect the state's economy, environment, recreational opportunities, and human health for the benefit of all Montanans."

**Section 3.** Section 80-7-1003, MCA, is amended to read:

*(a) information detailing actual climate conditions;*

*(b) information from the United States department of agriculture, including but not limited to:*

*(i) natural resources conservation service rangeland inventory materials;*

*(ii) farm service agency materials; and*

*(iii) Montana agriculture statistics information; and*

*(c) any other documents or publicly available information that will assist in reaching a value that accurately approximates the productive capacity that the average Montana farmer or rancher could achieve*.

(4) All lands must be classified by parcels or subdivisions not exceeding 1 section each, by the sections, fractional sections, or lots of all tracts of land that have been sectionized by the United States government, or by metes and bounds, whichever yields a true description of the land.

(5) All agricultural lands must be classified and appraised as agricultural lands without regard to the best and highest value use of adjacent or neighboring lands.

(6) In any periodic revaluation of taxable property completed under the provisions of 15-7-111, all property classified in 15-6-134 must be appraised on the taxable portion of its market value in the same year. The department shall publish a rule specifying the year used in the appraisal.

(7) All sewage disposal systems and domestic use water supply systems of all dwellings may not be appraised, assessed, and taxed separately from the land~~,~~ *or from the* house~~,~~ or other improvements in which they are located. ~~In no event may the~~ *The* sewage disposal or domestic water supply systems *may not* be included twice by including *either of* them in the valuation and assessing them separately."

**Section 2.** Section 15-7-201, MCA, is amended to read:

**"15-7-201. Legislative intent — value of agricultural property.** (1) Because the market value of many agricultural properties is based upon speculative purchases that do not reflect the productive capability of agricultural land, it is the legislative intent that bona fide agricultural properties be classified and assessed at a value that is exclusive of values attributed to urban influences or speculative purposes.

(2) Agricultural land must be classified according to its use, which classifications include but are not limited to irrigated use, nonirrigated use, and grazing use.

(3) Within each class, land must be subclassified by productive capacity. Productive capacity is determined based on yield.

(4) In computing the agricultural land valuation schedules to take effect on the date when each revaluation cycle takes effect pursuant to 15-7-111, the department of revenue shall determine the productive capacity value of all agricultural lands using the formula V = I/R where:

(a) V is the per-acre productive capacity value of agricultural land in each subclass;

(b) I is the per-acre net income of agricultural land in each subclass and is to be determined as provided in subsection (5); and

(c) R is the capitalization rate and, unless the advisory committee recommends a different rate and the department adopts the recommended capitalization rate by rule, is equal to 6.4%. This capitalization rate must remain in effect until the next revaluation cycle.

(5) (a) Net income must be determined separately for each subclass.

(b) Net income must be based on commodity price data, which may include grazing fees, crop and livestock share arrangements, cost of production data, and water cost data for the base period using the best available data.

(i) Commodity price data and cost of production data for the base period must be obtained from the Montana Agricultural Statistics, the Montana crop

and livestock reporting service, and other sources of publicly available information if considered appropriate by the advisory committee.

(ii) Crop share and livestock share arrangements are based on typical agricultural business practices and average landowner costs.

(iii) Allowable water costs consist only of the per-acre labor costs, energy costs of irrigation, and, unless the advisory committee recommends otherwise and the department adopts the recommended cost by rule, a base water cost of $15 for each acre of irrigated land. Total allowable water costs may not exceed $50 for each acre of irrigated land. Labor and energy costs must be determined as follows:

(A) Labor costs are $5 an acre for pivot sprinkler irrigation systems; $10 an acre for tow lines, side roll, and lateral sprinkler irrigation systems; and $15 an acre for hand-moved and flood irrigation systems.

(B) Energy costs must be based on per-acre energy costs incurred in the energy cost base year, which is the calendar year immediately preceding the year specified by the department in 15-7-103(6). By July 1 of the year following the energy cost base year, an owner of irrigated land shall provide the department, on a form prescribed by the department, with energy costs incurred in that energy cost base year. In the event that no energy costs were incurred in the energy cost base year, the owner of irrigated land shall provide the department with energy costs from the most recent year available. The department shall adjust the most recent year's energy costs to reflect costs in the energy cost base year.

(c) The base crop for valuation of irrigated land is alfalfa hay adjusted to 80% of the sales price, and the base crop for valuation of nonirrigated land is spring wheat. The base unit for valuation of grazing lands is animal unit months, defined as the average monthly requirement of pasture forage to support a 1,200-pound cow with a calf or its equivalent.

(d) Unless the advisory committee recommends a different base period and the department adopts the recommended base period by rule, the base period used to determine net income must be the most recent 7 years for which data is available prior to the date the revaluation cycle ends. Unless the advisory committee recommends a different averaging method and the department adopts the recommended averaging method by rule, data referred to in subsection (5)(b) must be averaged, but the average must exclude the lowest and highest yearly data in the period.

(6) The department shall compile data and develop valuation manuals adopted by rule to implement the valuation method established by subsections (4) and (5).

(7) The governor shall appoint an advisory committee of persons knowledgeable in agriculture and agricultural economics. The advisory committee shall include one member of the Montana state university-Bozeman, college of agriculture, staff. The advisory committee shall:

(a) compile and review data required by subsections (4) and (5);

(b) recommend to the department any adjustments to data or to landowners' share percentages if required by changes in government agricultural programs, market conditions, or prevailing agricultural practices;

(c) recommend appropriate base periods and averaging methods to the department;

(d) evaluate the appropriateness of the capitalization rate and recommend a rate to the department;

(e) verify for each class and subclass of land that the income determined in subsection (5) reasonably approximates that which the average Montana farmer or rancher could have attained; ~~and~~

(f) recommend agricultural land valuation schedules to the department. With respect to irrigated land, the recommended value of irrigated land may not be below the value that the land would have if it were not irrigated.

*(g) provide methods for adjusting agricultural land productivity values when more site-specific data is available and pertinent; and*

*(h) recommend to the department definitions for "site-specific" and "pertinent".*"

**Section 3. Applicability.** [This act] applies to property tax years beginning after December 31, 2013.

[SB 28]

AN ACT ADOPTING THE INTERSTATE INSURANCE PRODUCT REGULATION COMPACT; AUTHORIZING THE STATE AUDITOR AS COMMISSIONER OF INSURANCE TO PARTICIPATE IN THE COMPACT; ENSURING THAT PARTICIPATING STATES PROVIDE A COMMON FRAMEWORK FOR REGULATING DESIGNATED INSURANCE PRODUCTS; LEGISLATIVELY OPTING OUT OF CERTAIN UNIFORM STANDARDS; PROVIDING OPT-OUT AUTHORITY; LIMITING GOVERNMENTAL LIABILITY; AND AMENDING SECTIONS 33-1-311 AND 33-1-501, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Compact Adopted.** The Interstate Insurance Product Regulation Compact is enacted into law and entered into with all jurisdictions legally joining in the compact, in the form substantially as set forth below.

Article I. Purposes

Pursuant to terms and conditions of this compact, the state of Montana seeks to join with other states and establish the Interstate Insurance Product Regulation Compact. Through means of joint and cooperative action among the compacting states, the purposes of this compact are:

(1) to promote and protect the interest of consumers of individual and group annuity, life insurance, disability income, and long-term care insurance products;

(2) to develop uniform standards for insurance products covered under the compact;

(3) to establish a central clearinghouse to receive and provide prompt review of insurance products covered under the compact and, in certain cases, advertisement related to the products, submitted by insurers authorized to do business in one or more compacting states;

(4) to give appropriate regulatory approval to those product filings and advertisement satisfying the applicable uniform standard;

(5) to improve coordination of regulatory resources and expertise between state insurance departments regarding the setting of uniform standards and review of insurance products covered under the compact;

(6) to create the interstate insurance product regulation commission; and

(7) to perform these and other related functions as may be consistent with the state regulation of the business of insurance.

Article II. Definitions

For purposes of this compact, the following definitions apply:

(1) "Advertisement" means any material designed to create public interest in a product or induce the public to purchase, increase, modify, reinstate, borrow on, surrender, replace, or retain a policy, as more specifically defined in the rules and operating procedures of the commission.

(2) "Bylaws" mean those bylaws established by the commission for its governance or for directing or controlling the commission's actions or conduct.

(3) "Compacting state" means a state that has enacted this compact legislation and that has not withdrawn pursuant to Article XIV, subsection (1), or been terminated pursuant to Article XIV, subsection (2).

(4) "Commission" means the interstate insurance product regulation commission established by this compact.

(5) "Commissioner" means the chief insurance regulatory official of a state, including but not limited to a commissioner, superintendent, director, or administrator.

(6) "Domiciliary state" means the state in which an insurer is incorporated or organized or, in the case of an alien insurer, its state of entry.

(7) "Insurer" means any entity licensed by a state to issue contracts of insurance for any of the lines of insurance covered by this compact.

(8) "Member" means the person chosen by a compacting state as its representative to the commission or the designee named by the representative to the commission.

(9) "Noncompacting state" means a state that is not at the time a compacting state.

(10) "Operating procedures" mean procedures promulgated by the commission implementing a rule, a uniform standard, or a provision of this compact.

(11) "Product" means the form of a policy or contract, including any application, endorsement, or related form that is attached to and made a part of the policy or contract, and any evidence of coverage or certificate, for an individual or group annuity, life insurance, disability income, or long-term care insurance product that an insurer is authorized to issue.

(12) "Rule" means a statement of general or particular applicability and future effect promulgated by the commission, including a uniform standard developed pursuant to Article VII, designed to implement, interpret, or prescribe law or policy or describing the organization, procedure, or practice requirements of the commission, which has the force of law in the compacting states.

(13) "State" means any state, district, or territory of the United States of America.

(14) "Third-party filer" means an entity that submits a product filing to the commission on behalf of an insurer.

(15) "Uniform standard" means a standard adopted by the commission for a product line pursuant to Article VII and includes all of the product requirements in aggregate, provided that each uniform standard must be construed, whether express or implied, to prohibit the use of any inconsistent, misleading, or ambiguous provisions in a product and the form of the product made available to the public may not be unfair, inequitable, or against public policy as determined by the commission.

Article III. Establishment of the Commission and Venue

(1) The compacting states create and establish a joint public agency known as the interstate insurance product regulation commission. Pursuant to Article IV, the commission has the power to develop uniform standards for product lines, receive and provide prompt review of products filed with the commission, and give approval to those product filings satisfying applicable uniform standards. However, it is not intended for the commission to be the exclusive entity for receipt and review of insurance product filings. Nothing in the compact prohibits any insurer from filing its product in any state in which the insurer is licensed to conduct the business of insurance, and any such filing is subject to the laws of the state where filed.

(2) The commission is a body corporate and politic and an instrumentality of the compacting states.

(3) The commission is solely responsible for its liabilities except as otherwise specifically provided in this compact.

(4) Venue is proper and judicial proceedings by or against the commission must be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located.

Article IV. Powers of the Commission

The commission has the following powers:

(1) to promulgate rules, pursuant to Article VII, which have the force of law and are binding in the compacting states to the extent and in the manner provided in this compact;

(2) to exercise its rulemaking authority and establish reasonable uniform standards for products covered under the compact and advertisement related to the products, which have the force of law and are binding in the compacting states, but only for those products filed with the commission, provided that a compacting state has the right to opt out of the uniform standard pursuant to Article VII, to the extent and in the manner provided in this compact, and provided further that any uniform standard established by the commission for long-term care insurance products may provide the same or greater protections for consumers as, but may not provide less than, those protections set forth in the national association of insurance commissioners' Long-Term Care Insurance Model Act and Long-Term Care Insurance Model Regulation, respectively, adopted as of 2001. The commission shall consider whether any subsequent amendments to the national association of insurance commissioners' Long-Term Care Insurance Model Act or Long-Term Care Insurance Model Regulation adopted by the national association of insurance commissioners require amending of the uniform standards established by the commission for long-term care insurance products.

(3) to receive and review in an expeditious manner products filed with the commission and rate filings for disability income and long-term care insurance products and to give approval of those products and rate filings that satisfy the applicable uniform standard, where the approval has the force of law and is binding on the compacting states to the extent and in the manner provided in the compact;

(4) to receive and review in an expeditious manner advertisement relating to long-term care insurance products for which uniform standards have been adopted by the commission and to give approval to all advertisement that satisfies the applicable uniform standard. For any product covered under this compact, other than long-term care insurance products, the commission has the authority to require an insurer to submit all or any part of its advertisement with respect to that product for review or approval prior to use if the commission determines that the nature of the product is such that an advertisement of the product could have the capacity or tendency to mislead the public. The actions of the commission as provided in this section have the force of law and are binding in the compacting states to the extent and in the manner provided in the compact.

(5) to exercise its rulemaking authority and designate products and advertisement that may be subject to a self-certification process without the need for prior approval by the commission;

(6) to promulgate operating procedures pursuant to Article VII that are binding in the compacting states to the extent and in the manner provided in this compact;

(7) to bring and prosecute legal proceedings or actions in its name as the commission, provided that the standing of any state insurance department to sue or be sued under applicable law may not be affected;

(8) to issue subpoenas requiring the attendance and testimony of witnesses and the production of evidence;

(9) to establish and maintain offices;

(10) to purchase and maintain insurance and bonds;

(11) to borrow, accept, or contract for services of personnel, including but not limited to employees of a compacting state;

(12) to hire employees, professionals, or specialists and elect or appoint officers, to fix their compensation, define their duties, give them appropriate authority to carry out the purposes of the compact, and determine their qualifications, and to establish the commission's personnel policies and programs relating to, among other things, conflicts of interest, rates of compensation, and qualifications of personnel;

(13) to accept any and all appropriate donations and grants of money, equipment, supplies, materials, and services and to receive, utilize, and dispose of the same, provided that at all times the commission shall strive to avoid any appearance of impropriety;

(14) to lease, purchase, or accept appropriate gifts or donations of or otherwise own, hold, improve, or use any property, real, personal, or mixed, provided that at all times the commission shall strive to avoid any appearance of impropriety;

(15) to sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property whether real, personal, or mixed;

(16) to remit filing fees to compacting states as may be set forth in the bylaws, rules, or operating procedures;

(17) to enforce compliance by compacting states with rules, uniform standards, operating procedures, and bylaws;

(18) to provide for dispute resolution among compacting states;

(19) to advise compacting states on issues relating to insurers domiciled or doing business in noncompacting jurisdictions, consistent with the purposes of this compact;

(20) to provide advice and training to those personnel in state insurance departments responsible for product review and to be a resource for state insurance departments;

(21) to establish a budget and make expenditures;

(22) to borrow money;

(23) to appoint committees, including advisory committees comprising members, state insurance regulators, state legislators or their representatives, insurance industry and consumer representatives, and other interested persons as may be designated in the bylaws;

(24) to provide and receive information from and to cooperate with law enforcement agencies;

(25) to adopt and use a corporate seal; and

(26) to perform other functions as may be necessary or appropriate to achieve the purposes of this compact consistent with the state regulation of the business of insurance.

Article V. Organization of the Commission

(1) Membership, voting, and bylaws.

(a) Each compacting state has and is limited to one member. Each member must be qualified to serve in that capacity pursuant to applicable law of the compacting state. Any member may be removed or suspended from office as provided by the law of the state from which the member is appointed. Any vacancy occurring in the commission must be filled in accordance with the laws of the compacting state in which the vacancy exists. Nothing in the compact may be construed to affect the manner in which a compacting state determines the election or appointment and qualification of its own commissioner.

(b) Each member is entitled to one vote and must have an opportunity to participate in the governance of the commission in accordance with the bylaws. Notwithstanding any provision in the compact to the contrary, an action of the commission with respect to the promulgation of a uniform standard may not be effective unless two-thirds of the members vote in favor of the standard.

(c) The commission shall, by a majority vote of the members, prescribe bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact, including but not limited to:

(i) establishing the fiscal year of the commission;

(ii) providing reasonable procedures for appointing and electing members, as well as holding meetings, of the management committee;

(iii) providing reasonable standards and procedures:

(A) for the establishment and meetings of other committees; and

(B) governing any general or specific delegation of any authority or function of the commission;

(iv) providing reasonable procedures for calling and conducting meetings of the commission that consist of a majority of commission members, ensuring reasonable advance notice of each meeting, and providing for the right of citizens to attend each meeting with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and insurers' proprietary information, including trade secrets. The commission may meet in camera only after a majority of the entire membership votes to close a meeting in whole or in part. As soon as practicable, the commission shall make public:

(A) a copy of the vote to close the meeting revealing the vote of each member with no proxy votes allowed; and

(B) votes taken during the meeting.

(v) establishing the titles, duties, and authority and reasonable procedures for the election of the officers of the commission;

(vi) providing reasonable standards and procedures for the establishment of the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any compacting state, the bylaws must exclusively govern the personnel policies and programs of the commission.

(vii) promulgating a code of ethics to address permissible and prohibited activities of commission members and employees; and

(viii) providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact after the payment or reserving of all of its debts and obligations.

(d) The commission shall publish its bylaws in a convenient form and file a copy of the bylaws and a copy of any amendment to the bylaws with the appropriate agency or officer in each of the compacting states.

(2) Management committee, officers, and personnel.

(a) A management committee comprising no more than 14 members must be established as follows:

(i) one member from each of the six compacting states with the largest premium volume for individual and group annuities, life, disability income, and long-term care insurance products as determined from the records of the national association of insurance commissioners for the prior year;

(ii) four members from those compacting states with at least 2% of the market based on the premium volume described in subsection (2)(a)(i), other

than the six compacting states with the largest premium volume, selected on a rotating basis as provided in the bylaws; and

(iii) four members from those compacting states with less than 2% of the market, based on the premium volume described in subsection (2)(a)(i), with one selected from each of the four zone regions of the national association of insurance commissioners as provided in the bylaws.

(b) The management committee has the authority and duties set forth in the bylaws, including but not limited to:

(i) managing the affairs of the commission in a manner consistent with the bylaws and purposes of the commission;

(ii) establishing and overseeing an organizational structure within and appropriate procedures for the commission to provide for the creation of uniform standards and other rules, receipt and review of product filings, administrative and technical support functions, review of decisions regarding the disapproval of a product filing, and the review of elections made by a compacting state to opt out of a uniform standard, provided that a uniform standard may not be submitted to the compacting states for adoption unless approved by two-thirds of the members of the management committee;

(iii) overseeing the offices of the commission; and

(iv) planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations in order to advance the goals of the commission.

(c) The commission shall annually elect officers from the management committee, with each having the authority and duties specified in the bylaws.

(d) The management committee may, subject to the approval of the commission, appoint or retain an executive director for a period, upon the terms and conditions, and for the compensation that the commission considers appropriate. The executive director shall serve as secretary to the commission but may not be a member of the commission. The executive director shall hire and supervise other staff authorized by the commission.

(3) Legislative and advisory committees.

(a) A legislative committee comprising state legislators or their designees must be established to monitor the operations of and make recommendations to the commission, including the management committee, provided that the manner of selection and term of any legislative committee member must be as set forth in the bylaws. Prior to the adoption by the commission of any uniform standard, revision to the bylaws, annual budget, or other significant matter provided in the bylaws, the management committee shall consult with and report to the legislative committee.

(b) The commission shall establish two advisory committees, one comprising consumer representatives independent of the insurance industry and the other comprising insurance industry representatives.

(c) The commission may establish additional advisory committees as its bylaws may provide to carry out its functions.

(4) Corporate records of the commission. The commission shall maintain its corporate books and records in accordance with the bylaws.

(5) Qualified immunity, defense, and indemnification.

(a) The members, officers, executive director, employees, and representatives of the commission are immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of

property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that nothing in this subsection (5)(a) may be construed to protect any person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of that person.

(b) The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that nothing in the compact may be construed to prohibit that person from retaining personal counsel and provided further that the actual or alleged act, error, or omission did not result from that person's intentional or willful and wanton misconduct.

(c) The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities or that the person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful and wanton misconduct of that person.

Article VI. Meetings and Acts of the Commission

(1) The commission shall meet and take actions that are consistent with the provisions of this compact and the bylaws.

(2) Each member of the commission has the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the commission. A member shall vote in person or by other means that are provided in the bylaws. The bylaws may provide for members' participation in meetings by telephone or other means of communication.

(3) The commission shall meet at least once during each calendar year. Additional meetings must be held as set forth in the bylaws.

Article VII. Rules and Operating Procedures — Rulemaking Functions of the Commission and Opting Out of Uniform Standards

(1) Rulemaking authority. The commission shall promulgate reasonable rules, including uniform standards, and operating procedures to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, if the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this compact or the powers granted by this compact, then the action by the commission is invalid and has no force.

(2) Rulemaking procedure. Rules and operating procedures must be made pursuant to a rulemaking process that conforms to the Model State Administrative Procedures Act of 1981, as amended, as may be appropriate to the operations of the commission. Before the commission adopts a uniform standard, the commission shall give written notice to the relevant state legislative committee or committees in each compacting state responsible for insurance issues of its intention to adopt the uniform standard. In adopting a

uniform standard, the commission shall consider fully all submitted materials and issue a concise explanation of its decision.

(3) Effective date and opt out of a uniform standard. A uniform standard becomes effective 90 days after its promulgation by the commission or at a later date determined by the commission, provided, however, that a compacting state may opt out of a uniform standard as provided in this article. "Opt out" means any action by a compacting state to decline to adopt or participate in a promulgated uniform standard. All other rules and operating procedures and amendments of the rules and operating procedures become effective as of the date specified in each rule, operating procedure, or amendment.

(4) Opt-out procedure.

(a) A compacting state may opt out of a uniform standard, either by legislation or regulation promulgated by the insurance department under the compacting state's administrative procedure act. If a compacting state elects to opt out of a uniform standard by regulation, the compacting state shall:

(i) give written notice to the commission no later than 10 business days after the uniform standard is promulgated or at the time the state becomes a compacting state; and

(ii) find that the uniform standard does not provide reasonable protections to the citizens of the state, given the conditions in the state. The commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the state that warrant a departure from the uniform standard and determining that the uniform standard would not reasonably protect the citizens of the state. The commissioner shall consider and balance the following factors and find that the conditions in the state and needs of the citizens of the state outweigh:

(A) the intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the products subject to this compact; and

(B) the presumption that a uniform standard adopted by the commission provides reasonable protections to consumers of the relevant product.

(b) Notwithstanding subsection (4)(a), a compacting state may, at the time of its enactment of this compact, prospectively opt out of all uniform standards involving long-term care insurance products by expressly providing for the opt out in the enacted compact, and the opt out may not be treated as a material variance in the offer or acceptance of any state to participate in this compact. The opt out is effective at the time of enactment of this compact by the compacting state and applies to all existing uniform standards involving long-term care insurance products and those subsequently promulgated.

(5) Effect of opt out.

(a) If a compacting state elects to opt out of a uniform standard, the uniform standard remains applicable in the compacting state electing to opt out until the opt-out legislation is enacted into law or the regulation opting out becomes effective.

(b) Once the opt out of a uniform standard by a compacting state becomes effective as provided under the laws of that state, the uniform standard has no further force in that state unless the legislation or regulation implementing the opt out is repealed or otherwise becomes ineffective under the laws of the state. If a compacting state opts out of a uniform standard after the uniform standard has been made effective in that state, the opt out has the same prospective effect as provided under Article XIV for withdrawals.

(6) Stay of uniform standard. If a compacting state has formally initiated the process of opting out of a uniform standard by regulation and while the regulatory opt out is pending, the compacting state may petition the commission, at least 15 days before the effective date of the uniform standard, to stay the effectiveness of the uniform standard in that state. The commission may grant a stay if it determines the regulatory opt out is being pursued in a reasonable manner and there is a likelihood of success. If the commission grants or extends a stay, the stay or extension may postpone the effective date by up to 90 days unless affirmatively extended by the commission, provided that a stay may not be permitted to remain in effect for more than 1 year unless the compacting state can show extraordinary circumstances that warrant a continuance of the stay, including but not limited to the existence of a legal challenge that prevents the compacting state from opting out. The commission may terminate a stay upon notice that the rulemaking process has been terminated.

(7) Not later than 30 days after a rule or operating procedure is promulgated, any person may file a petition for judicial review of the rule or operating procedure, provided that the filing of a petition may not stay or otherwise prevent the rule or operating procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the commission consistent with applicable law and may not find the rule or operating procedure to be unlawful if the rule or operating procedure represents a reasonable exercise of the commission's authority.

Article VIII. Commission Records and Enforcement

(1) The commission shall promulgate rules establishing conditions and procedures for public inspection and copying of its information and official records, except information and records involving the privacy of individuals and insurers' trade secrets. The commission may promulgate additional rules under which it may make available to federal and state agencies, including law enforcement agencies, records and information otherwise exempt from disclosure and may enter into agreements with those agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

(2) Except with regard to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure may not relieve any compacting state commissioner of the duty to disclose any relevant records, data, or information to the commission, provided that disclosure to the commission may not be considered to waive or otherwise affect any confidentiality requirement and provided further that, except as otherwise expressly provided in this compact, the commission may not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the commission must remain confidential after the information is provided to any commissioner.

(3) The commission shall monitor compacting states for compliance with duly adopted bylaws, rules, including uniform standards, and operating procedures. The commission shall notify any noncomplying compacting state in writing of its noncompliance with commission bylaws, rules, or operating procedures. If a noncomplying compacting state fails to remedy its noncompliance within the time specified in the notice of noncompliance, the compacting state is considered to be in default as set forth in Article XIV.

(4) The commissioner of any state in which an insurer is authorized to do business or is conducting the business of insurance shall continue to exercise authority to oversee the market regulation of the activities of the insurer in accordance with the provisions of the state's law. The commissioner's enforcement of compliance with the compact is governed by the following provisions:

(a) With respect to the commissioner's market regulation of a product or advertisement that is approved or certified to the commission, the content of the product or advertisement may not constitute a violation of the provisions, standards, or requirements of the compact except upon a final order of the commission, issued at the request of a commissioner after prior notice to the insurer and an opportunity for hearing before the commission.

(b) Before a commissioner may bring an action for violation of any provision, standard, or requirement of the compact relating to the content of an advertisement not approved or certified to the commission, the commission or an authorized commission officer or employee shall authorize the action. However, authorization pursuant to this subsection (4)(b) does not require notice to the insurer, opportunity for hearing, or disclosure of requests for authorization or records of the commission's action on the requests.

Article IX. Dispute Resolution

The commission shall attempt, upon the request of a member, to resolve any disputes or other issues that are subject to this compact and that may arise between two or more compacting states or between compacting states and noncompacting states, and the commission shall promulgate an operating procedure providing for resolution of the disputes.

Article X. Product Filing and Approval

(1) Insurers and third-party filers seeking to have a product approved by the commission shall file the product with and pay applicable filing fees to the commission. Nothing in this compact may be construed to restrict or otherwise prevent an insurer from filing its product with the insurance department in any state in which the insurer is licensed to conduct the business of insurance, and the filing is subject to the laws of the states where filed.

(2) The commission shall establish appropriate filing and review processes and procedures pursuant to commission rules and operating procedures. Notwithstanding any provision in this compact to the contrary, the commission shall promulgate rules to establish conditions and procedures under which the commission shall provide public access to product filing information. In establishing the rules, the commission shall consider the interests of the public in having access to the information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a product filing or supporting information.

(3) Any product approved by the commission may be sold or otherwise issued in those compacting states in which the insurer is legally authorized to do business.

Article XI. Review of Commission Decisions Regarding Filings

(1) Not later than 30 days after the commission has given notice of a disapproved product or advertisement filed with the commission, the insurer or third-party filer whose filing was disapproved may appeal the determination to a review panel appointed by the commission. The commission shall promulgate rules to establish procedures for appointing a review panel and provide for notice and hearing. An allegation that the commission, in disapproving a

product or advertisement filed with the commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law is subject to judicial review in accordance with Article III, subsection (4).

(2) The commission has authority to monitor, review, and reconsider products and advertisement subsequent to their filing or approval upon a finding that the product does not meet the relevant uniform standard. When appropriate, the commission may withdraw or modify its approval after proper notice and hearing subject to the appeal process in subsection (1).

Article XII. Finance

(1) The commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the commission may accept contributions and other forms of funding from the national association of insurance commissioners, compacting states, and other sources. Contributions and other forms of funding from other sources must be of such a nature that the independence of the commission concerning the performance of its duties may not be compromised.

(2) The commission shall collect a filing fee from each insurer and third-party filer filing a product with the commission to cover the cost of the operations and activities of the commission and its staff in a total amount sufficient to cover the commission's annual budget.

(3) The commission's budget for a fiscal year may not be approved until the budget has been subject to notice and comment as set forth in Article VII.

(4) The commission is exempt from all taxation in and by the compacting states.

(5) The commission may not pledge the credit of any compacting state except by and with the appropriate legal authority of that compacting state.

(6) The commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the commission are subject to the accounting procedures established under the commission bylaws. The financial accounts and reports, including the system of internal controls and procedures of the commission, must be audited annually by an independent certified public accountant. Upon the determination of the commission, but no less frequently than every 3 years, the review of the independent auditor must include a management and performance audit of the commission. The commission shall make an annual report to the governor and legislature of the compacting states, which must include a report of the independent audit. The commission's internal accounts are not confidential, and the materials may be shared with the commissioner of any compacting state upon request. However, any work papers related to any internal or independent audit and any information regarding the privacy of individuals and insurers' proprietary information, including trade secrets, must remain confidential.

(7) No compacting state has any claim to or ownership of any property held by or vested in the commission or to any commission funds held pursuant to the provisions of this compact.

Article XIII. Compacting States, Effective Date, and Amendment

(1) Any state is eligible to become a compacting state.

(2) The compact becomes effective and binding upon legislative enactment of the compact into law by two compacting states; however, the commission becomes effective for purposes of adopting uniform standards for, reviewing,

and giving approval or disapproval of products filed with the commission that satisfy applicable uniform standards only after 26 states are compacting states or, alternatively, by states representing greater than 40% of the premium volume for life insurance, annuity, disability income, and long-term care insurance products, based on records of the national association of insurance commissioners for the prior year. Thereafter, the compact becomes effective and binding as to any other compacting state upon enactment of the compact into law by the state.

(3) Amendments to the compact may be proposed by the commission for enactment by the compacting states. An amendment does not become effective and binding upon the commission and the compacting states until all compacting states enact the amendment into law.

Article XIV. Withdrawal, Default, and Termination

(1) Withdrawal.

(a) Once effective, the compact continues in force and remains binding upon each compacting state, provided that a compacting state may withdraw from the compact ("withdrawing state") by enacting a statute specifically repealing the statute that enacted the compact into law.

(b) The effective date of withdrawal is the effective date of the repealing statute. The withdrawal may not apply to any product filings approved or self-certified, or any advertisement of those products, on the date the repealing statute becomes effective except by mutual agreement of the commission and the withdrawing state unless the withdrawing state rescinds the approval as provided in subsection (1)(e).

(c) The commissioner of the withdrawing state shall immediately notify the management committee in writing upon the introduction of legislation repealing this compact in the withdrawing state.

(d) The commission shall notify the other compacting states of the introduction of the legislation within 10 days after its receipt of notice.

(e) The withdrawing state is responsible for all obligations, duties, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal, except to the extent those obligations may have been released or relinquished by mutual agreement of the commission and the withdrawing state. The commission's approval of products and advertisement prior to the effective date of withdrawal continues to be effective and must be given full force in the withdrawing state unless formally rescinded by the withdrawing state in the same manner as provided by the laws of the withdrawing state for the prospective disapproval of products or advertisement previously approved under state law.

(f) Reinstatement following withdrawal of any compacting state occurs upon the effective date of the withdrawing state reenacting the compact.

(2) Default.

(a) If the commission determines that any compacting state has at any time defaulted ("defaulting state") in the performance of any of its obligations or responsibilities under this compact, the bylaws, or duly promulgated rules or operating procedures, then, after notice and hearing as set forth in the bylaws, all rights, privileges, and benefits conferred by this compact on the defaulting state must be suspended from the effective date of default as fixed by the commission. The grounds for default include but are not limited to failure of a compacting state to perform its obligations or responsibilities and any other

grounds designated in the commission rules. The commission shall immediately notify the defaulting state in writing of the defaulting state's suspension pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state must be terminated from the compact and all rights, privileges, and benefits conferred by this compact must be terminated from the effective date of termination.

(b) Product approvals by the commission, product self-certifications, or any advertisement in connection with the product that is in force on the effective date of termination remains in force in the defaulting state in the same manner as if the defaulting state had withdrawn voluntarily pursuant to subsection (1) of this article.

(c) Reinstatement following termination of any compacting state requires a reenactment of the compact.

(3) Dissolution of compact.

(a) The compact dissolves effective upon the date of the withdrawal or default of the compacting state that reduces membership in the compact to one compacting state.

(b) Upon the dissolution of this compact, the compact becomes null and void and is of no further force and the business and affairs of the commission must be wound up and any surplus funds must be distributed in accordance with the bylaws.

Article XV. Severability and Construction

(1) The provisions of this compact are severable, and if any phrase, clause, sentence, or provision is considered unenforceable, the remaining provisions of the compact are enforceable.

(2) The provisions of this compact must be liberally construed to effectuate its purposes.

Article XVI. Binding Effect of Compact and Other Laws

(1) Other laws.

(a) Nothing in this compact prevents the enforcement of any other law of a compacting state, except as provided in subsection (1)(b).

(b) For any product approved or certified to the commission, the rules, uniform standards, and any other requirements of the commission constitute the exclusive provisions applicable to the content, approval, and certification of those products. For advertisement that is subject to the commission's authority, any rule, uniform standard, or other requirement of the commission that governs the content of the advertisement constitutes the exclusive provision that a commissioner may apply to the content of the advertisement. Notwithstanding the foregoing, no action taken by the commission may abrogate or restrict:

(i) the access of any person to state courts;

(ii) remedies available under state law related to breach of contract, tort, or other laws not specifically directed to the content of the product;

(iii) state law relating to the construction of insurance contracts; or

(iv) the authority of the attorney general of the state, including but not limited to maintaining any actions or proceedings, as authorized by law.

(c) All insurance products filed with individual states are subject to the laws of those states.

(2) Binding effect of this compact.

(a) All lawful actions of the commission, including all rules and operating procedures promulgated by the commission, are binding upon the compacting states.

(b) All agreements between the commission and the compacting states are binding in accordance with their terms.

(c) Upon the request of a party to a conflict over the meaning or interpretation of commission actions and upon a majority vote of the compacting states, the commission may issue advisory opinions regarding the meaning or interpretation in dispute.

(d) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by that provision upon the commission are ineffective as to that compacting state and those obligations, duties, powers, or jurisdiction remain in the compacting state and must be exercised by the agency of the compacting state to which those obligations, duties, powers, or jurisdictions are delegated by law in effect at the time this compact becomes effective.

Article XVII. State of Montana Opt Out

In accordance with the provisions of Article VII, subsection (4)(b), the state of Montana opts out of all existing and prospective uniform standards involving long-term care insurance products and all existing uniform standards involving individual disability income insurance products in order to preserve the state's statutory and constitutional requirements governing these insurance products.

**Section 2. Montana compact commissioner — alternate.** The commissioner of insurance provided for in 2-15-1903 or the commissioner's designated alternate shall represent this state on the interstate insurance product regulation commission.

**Section 3. Opt-out duties, guidelines, remedies.** (1) As a participant in the Interstate Insurance Product Regulation Compact, the commissioner may opt out of any uniform standard that provides a materially lower level of protection for or materially diminishes the rights of Montana policyholders or policy applicants under Montana law.

(2) Using the time periods provided in Title 2, chapter 4, for adopting administrative procedures and prior to notifying the interstate insurance product regulation commission of a decision to opt out, the commissioner shall provide public notice and hold a public hearing to allow for comments on the decision to opt out.

(3) After taking public comment, the commissioner shall notify the interstate insurance product regulation commission, the governor, and the legislative council of the decision to opt out.

(4) A decision of the commissioner to opt out of a uniform standard may be appealed as provided in 33-1-711.

**Section 4.** Section 33-1-311, MCA, is amended to read:

**"33-1-311. General powers and duties.** (1) The commissioner shall enforce the applicable provisions of the laws of this state and shall execute the duties imposed on the commissioner by the laws of this state.

(2) The commissioner has the powers and authority expressly conferred upon the commissioner by or reasonably implied from the provisions of the laws of this state.

(3) ~~The~~ *Except as otherwise provided in [section 1], the* commissioner shall administer the department to ensure that the interests of insurance consumers are protected.

(4) The commissioner may conduct examinations and investigations of insurance matters, in addition to examinations and investigations expressly authorized, as the commissioner considers proper, to determine whether any person has violated any provision of the laws of this state or to secure information useful in the lawful administration of any provision. The cost of additional examinations and investigations must be borne by the state.

(5) The commissioner shall maintain as confidential any information or document received from:

(a) the national association of insurance commissioners; or

(b) another state agency, an insurance department from another state, a federal agency, *the interstate insurance product regulation commission,* or a foreign government that treats the same information or document as confidential. The commissioner may provide information or documents, including information or documents that are confidential, to another state agency, the national association of insurance commissioners, a state or federal law enforcement agency, a federal agency, *the interstate insurance product regulation commission,* a foreign government, or an insurance department in another state~~,~~ if the recipient agrees to maintain the confidentiality of the information or documents.

(6) The department is a criminal justice agency as defined in 44-5-103."

**Section 5.** Section 33-1-501, MCA, is amended to read:

**"33-1-501. Filing of forms — approval — review of disapproval or withdrawal of approval — application.** (1) (a) An insurance policy or annuity contract form, certificate, enrollment form, application form, printed rider or endorsement form, or form of renewal certificate may not be delivered or issued for delivery in Montana unless the form and, for the purposes of disability insurance, an outline of coverage as required by 33-22-244 and 33-22-521 have been filed with and approved by the commissioner and, if required, the regulatory official of the state of domicile of the insurer *or the interstate insurance product regulation commission provided for in [section 1].* This provision does not apply to surety bonds or policies, riders, endorsements, or forms of unique character designed for and used with relation to insurance upon a particular subject or that relate to the manner of distribution of benefits or to the reservation of rights and benefits under life or disability insurance policies and are used at the request of the individual policyholder, contract holder, or certificate holder. Forms for use in property, marine, other than ocean marine and foreign trade coverages, casualty, and surety insurance coverages may be filed by a rating organization on behalf of its members and subscribers or by a member or subscriber on its own behalf.

(b) A filing required by subsection (1)(a) must be submitted by an officer of the insurer with a certification in a form prescribed by the commissioner. The certification must state that to the best of the officer's knowledge and belief, the policy, contract form, certificate, enrollment form, application form, printed rider or endorsement form, or form of renewal certificate complies with the applicable provisions of Title 33.

(c) The approval of an insurance policy or annuity contract form, certificate, enrollment form, application form, or other related insurance form by the state of domicile may be waived by the commissioner if the commissioner considers

the requirements of subsection (1)(a) unnecessary for the protection of Montana insurance consumers. If the requirement is waived, an insurer shall notify the commissioner in writing within 10 days of disapproval, denial, or withdrawal of approval of a form by the state of domicile.

(2) (a) The filing must be made not less than 60 days before delivery and must be delivered by hand or sent by certified mail with a return receipt requested. The commissioner's office shall mark a filing with the date of receipt by the commissioner's office.

(b) (i) If after 60 days from the date of receipt by the commissioner's office the commissioner has not approved or disapproved the form by a notice pursuant to the provisions in subsection (4), the form is considered approved for all purposes, subject to subsection (2)(c).

(ii) The running of the 60-day period is tolled for a period commencing on the date that the commissioner notifies the insurer of problems or questions and requests additional information from the insurer concerning a form filed pursuant to subsection (1)(a) and ending on the date that the insurer submits its response to the commissioner.

(iii) For purposes of tolling the 60-day period as provided in subsection (2)(b)(ii), the commissioner's request notification may be made electronically.

(c) In a letter separate from the original filing and delivered by hand or sent by certified mail with return receipt requested, the insurer shall notify the commissioner, at least 10 days before the use of the form in the market, that the insurer believes that:

(i) the form has been or will be considered approved; and

(ii) the insurer will begin marketing the form in Montana.

(d) The commissioner's office shall mark a letter received pursuant to subsection (2)(c) with the date of receipt by the commissioner's office.

(3) Approval of a form by the commissioner constitutes a waiver of any unexpired portion of the waiting period.

(4) The commissioner may at any time, after notice and for cause shown, withdraw any approval. Notice by the commissioner disapproving a form or withdrawing a previous approval must state the grounds for disapproval or withdrawal in sufficient detail to inform the insurer of the specific reason or reasons for and the legal authority supporting the disapproval or withdrawal of approval in whole or in part. The disapproval or withdrawal of approval does not take effect unless it is issued after the commissioner has reviewed the form and provided notice to the person who filed the form pursuant to 33-1-314 and this subsection.

(5) After the date of the insurer's receipt of notice of disapproval or withdrawal of approval by the commissioner, the insurer may not deliver the form or issue the form for delivery in Montana.

(6) The insurer may request a hearing, as provided for in 33-1-701, for unresolved disputes regarding a disapproval or a withdrawal of approval.

(7) The commissioner may exempt from the requirements of this section, for so long as the commissioner considers proper, an insurance document, form, or type of document or form to which, in the commissioner's opinion, this section may not practicably be applied or the filing and approval of which are not desirable or necessary for the protection of the public.

(8) This section applies to a form used by a domestic insurer for delivery in a jurisdiction outside Montana if the insurance supervisory official of the

jurisdiction informs the commissioner that the form is not subject to approval or disapproval by the official and upon the commissioner's order requiring the form to be submitted to the commissioner for the purpose. The same standards apply to these forms as apply to forms for domestic use.

(9) Section 33-1-502 and this section do not apply to:

(a) reinsurance;

(b) policies or contracts not issued for delivery in Montana or delivered in Montana, except as provided in subsection (8);

(c) ocean marine and foreign trade insurances.

(10) Except as provided in chapter 21, group certificates that are delivered or issued for delivery in Montana for group insurance policies effectuated and delivered outside Montana but covering persons resident in Montana must be filed with the commissioner upon request. The certificates must meet the minimum provisions mandated by Montana if Montana law prevails over conflicting provisions of other state law."

**Section 6. Codification instruction.** [Sections 1 through 3] are intended to be codified as an integral part of Title 33, and the provisions of Title 33 apply to [sections 1 through 3].

**Section 7. Two-thirds vote required.** Because [section 1] limits governmental liability, Article II, section 18, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for passage.

# CHAPTER NO. 361

[SB 45]

AN ACT REVISING THE DEFINITION OF "ELIGIBLE RENEWABLE RESOURCE" TO INCLUDE HYDROELECTRIC PROJECT EXPANSIONS; PROVIDING THE PUBLIC SERVICE COMMISSION WITH RULEMAKING AUTHORITY WITH RESPECT TO HYDROELECTRIC PROJECT EXPANSIONS; AND AMENDING SECTIONS 69-3-2003 AND 69-3-2006, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 69-3-2003, MCA, is amended to read:

**"69-3-2003. Definitions.** As used in this part, unless the context requires otherwise, the following definitions apply:

(1) "Ancillary services" means services or tariff provisions related to generation and delivery of electric power other than simple generation, transmission, or distribution. Ancillary services related to transmission services include energy losses, energy imbalances, scheduling and dispatching, load following, system protection, spinning reserves and nonspinning reserves, and reactive power.

(2) "Balancing authority" means a transmission system control operator who balances electricity supply and load at all times to meet transmission system operating criteria and to provide reliable electric service to customers.

(3) "Common ownership" means the same or substantially similar persons or entities that maintain a controlling interest in more than one community renewable energy project even if the ownership shares differ between two

community renewable energy projects. Two community renewable energy projects may not be considered to be under common ownership simply because the same entity provided debt or equity or both debt and equity to both projects.

(4) "Community renewable energy project" means an eligible renewable resource that:

(a) is interconnected on the utility side of the meter in which local owners have a controlling interest and that is less than or equal to 25 megawatts in total calculated nameplate capacity; or

(b) is owned by a public utility and has less than or equal to 25 megawatts in total nameplate capacity.

(5) (a) "Competitive electricity supplier" means any person, corporation, or governmental entity that is selling electricity to small customers at retail rates in the state of Montana and that is not a public utility or cooperative.

(b) The term does not include governmental entities selling electricity produced only by facilities generating less than 250 kilowatts that were in operation prior to 1990.

(6) "Compliance year" means each calendar year beginning January 1 and ending December 31, starting in 2008, for which compliance with this part must be demonstrated.

(7) "Cooperative utility" means:

[SB 69]

AN ACT CREATING A FINE FOR RECEIVING ASSETS THAT WERE TRANSFERRED TO QUALIFY AN APPLICANT OR RECIPIENT FOR MEDICAID.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Receipt of transferred assets for less than fair market value — fine.** (1) A person who receives an asset for less than fair market value from an applicant for or recipient of medical assistance for certain services under this part is subject to a civil fine payable to the department if the department initiates a judicial proceeding and shows by a preponderance of the evidence that:

(a) the asset was transferred to qualify the applicant or recipient for medical assistance for long-term care or home and community-based services;

(b) the transfer resulted in the imposition of a period of ineligibility for medical assistance under 53-6-166;

(c) the department advised the person who received the asset that the transfer would result in a period of ineligibility and the person refused to return the asset to the applicant or recipient; and

(d) the department provided medical assistance to the applicant or recipient during the period of ineligibility because the applicant or recipient received an undue hardship exception under 53-6-166.

(2) A court may impose a civil fine of 100% to 150% of the amount that the department paid for medical assistance for the applicant or recipient during the period of ineligibility that is attributable to the amount transferred to the person receiving the asset, plus the department's court costs and attorney fees.

(3) The department may petition a court to set aside a transfer that meets the requirements in subsection (1) and to require the return of the transferred asset to the applicant or recipient. Action under this subsection must be undertaken using available resources.

(4) All money collected under this section must be distributed to the state general fund and to the United States as required by applicable state and federal laws and regulations.

**Section 2. Codification instruction.** [Section 1] is intended to be codified as an integral part of Title 53, chapter 6, part 1, and the provisions of Title 53, chapter 6, part 1, apply to [section 1].

# CHAPTER NO. 363

[SB 84]

AN ACT ESTABLISHING STANDARDS FOR PATIENT-CENTERED MEDICAL HOMES; PROVIDING THAT PATIENT-CENTERED MEDICAL HOMES HAVE A STATE PURPOSE THAT PROVIDES STATE ACTION IMMUNITY ON ANTICOMPETITION CONCERNS; ALLOWING THE USE OF PATIENT-CENTERED MEDICAL HOMES IN THE MEDICAID AND HEALTHY MONTANA KIDS PROGRAMS; ALLOWING THE VOLUNTARY PARTICIPATION OF ALL STATE, UNIVERSITY, AND LOCAL GOVERNMENT PLANS, INCLUDING STATE-REGULATED MULTIPLE-WELFARE ARRANGEMENTS, THIRD-PARTY ADMINISTRATORS, AND SELF-INSURED STUDENT HEALTH PLANS AS POTENTIAL HEALTH PLAN PARTICIPANTS IN A PATIENT-CENTERED MEDICAL HOME PROGRAM; PROVIDING RULEMAKING AUTHORITY FOR THE STATE AUDITOR'S OFFICE AND THE DEPARTMENT OF PUBLIC HEALTH AND HUMAN SERVICES; AMENDING SECTIONS 20-25-1403, 33-1-102, 33-31-111, 33-35-306, AND 53-6-113, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Short title — legislative findings.** (1) [Sections 1 through 5] may be cited as the "Patient-Centered Medical Homes Act".

(2) The legislature finds that the increasing cost of health care makes health plans more difficult for individuals, families, and businesses to afford. These increases in health care costs are attributable in part to inadequate coordination of care among providers, difficulties in accessing primary care, and a lack of engagement between patients and their primary care providers. The purpose of [sections 1 through 5] is to enhance care coordination and promote high-quality, cost-effective care through patient-centered medical homes by engaging patients and their primary care providers.

(3) The legislature also finds that chronic diseases are one of the biggest threats to the health of Montana residents. The purpose of [sections 1 through 5] includes promoting episodic evidence-based care in the community to reduce hospital admissions, enhance chronic disease management, and reduce costs for treating chronic diseases.

(4) The legislature finds that there is a shortage of primary care providers in areas of Montana and that inconsistent access to health care services and variable quality of care have been shown to result in poorer health outcomes and health care disparities but that patient-centered medical homes offer a model of primary care that may attract new providers to Montana because the model is effective, sustainable, and replicable in small communities and provides a process to achieve higher quality health care for Montana citizens and a way to

help slow the continuing escalation of health care costs as well as improve health outcomes for Montana citizens.

(5) The legislature further finds that a single definition and common set of quality measures as well as a uniform payment methodology provide the best chance of success for the patient-centered medical homes model by increasing consistency in reporting across health plans and primary care practices.

(6) The legislature finds that best practices are most likely to be recognized and adopted by primary care practices if a state-structured patient-centered medical home program works with programs that may be developed for health plans and primary care practices and for any programs in Title 53 for medicaid and in Title 53, chapter 4, part 11, for the healthy Montana kids plan.

(7) The legislature also finds that an ongoing process is desirable to evaluate the effectiveness of patient-centered medical homes.

(8) Notwithstanding any state or federal law that prohibits the collaboration of insurers, other health plans, or providers regarding payment methods, the legislature finds that patient-centered medical homes are likely to result in the delivery of more efficient and effective health care services and are in the public interest.

**Section 2. State action immunity doctrine.** The state action immunity doctrine applies to the patient-centered medical home program in Montana, and federal or state antitrust laws that prohibit collusion do not apply to any standards used by the patient-centered medical home program regarding medical payments. The legislative findings, as provided in [section 1], and oversight by the insurance commissioner combine to determine that patient-centered medical homes are in the public interest and are likely to result in the delivery of more efficient and effective health care services sufficient to override concerns about collusion regarding medical payments among insurers, other health plans, or primary care practices.

**Section 3. Definitions.** As used in [sections 1 through 5], the following definitions apply:

(1) "Covered medical services" means the health care services that are included as benefits under a health plan.

(2) "Department" means the department of public health and human services provided for in 2-15-2201.

(3) (a) "Health plan" means any public or private program that pays for medical care, including but not limited to a health benefit plan issued by or administered by an insurer, a health service corporation, a health maintenance organization, a multiple employer welfare arrangement, or a third-party administrator or a plan described under 33-1-102(7), (9), or (12).

(b) The term does not include the provision of services through the medicaid program or the healthy Montana kids program as authorized in Title 53.

(4) "Patient-centered medical home" means a model of health care that is:

(a) directed by a primary care provider offering family-centered, culturally effective care that is coordinated, comprehensive, continuous, and, whenever possible, located in the patient's community and integrated across systems;

(b) characterized by enhanced access, with an emphasis on prevention, improved health outcomes, and satisfaction;

(c) qualified by the commissioner under [section 4] as meeting the standards of a patient-centered medical home; and

(d) reimbursed under a payment system that recognizes the value of services that meet the standards of the patient-centered medical home program.

(5) "Prevention services" means health care services that include primary prevention services and clinical prevention services.

(6) "Primary care practice" means a solo health care provider or a health care practice that is organized by or includes licensees under Title 37 who provide primary medical care, including but not limited to pediatricians, internal medicine physicians, family medicine physicians, nurse practitioners, and physician assistants.

(7) "Qualified individual" means a policyholder, certificate holder, member, subscriber, enrollee, or other individual who is participating in a health plan and who is enrolled in a patient-centered medical home program.

**Section 4. Powers and duties of commissioner — rulemaking.** (1) The commissioner shall:

(a) adopt rules necessary to implement the provisions of [sections 1 through 5];

(b) in consultation with interested parties, qualify patient-centered medical homes that have been accredited by a nationally recognized accrediting organization approved by the commissioner and that meet any other standards established by the commissioner;

(c) oversee, promote, coordinate, and provide guidance concerning the creation and activities of any patient-centered medical homes doing business in Montana in order to ensure that the requirements of [sections 1 through 5] are met;

(d) consult with all interested parties in association with carrying out the activities required under [sections 1 through 5]; and

(e) develop and implement standards as set forth in [section 5] in consultation with interested parties.

(2) For the purposes of this section, interested parties include but are not limited to the department, public health agencies, health plans, government health plans, primary health care providers, and health care consumers. Interested parties must be organized as a stakeholder council with regular meetings, the scheduling of which must be determined by the commissioner.

**Section 5. Standards for patient-centered medical homes.** (1) The commissioner shall, in consultation with the stakeholder council of interested parties, set standards from the list provided in subsection (2).

(2) Standards may be set for one or more of the following or for other topics determined by the commissioner in consultation with stakeholders:

(a) payment methods used by health plans to pay patient-centered medical homes for services associated with the coordination of covered health care services;

(b) bonuses, fee-based incentives, bundled fees, or other incentives that a health plan may use to pay a patient-centered medical home based on the savings from reduced health care expenditures associated with improved health outcomes and care coordination by qualified individuals attributed to the participation in the patient-centered medical homes;

(c) a uniform set of health care quality and performance measures that include prevention services; and

(d) a uniform set of measures related to cost and medical usage.

(3) A patient-centered medical home must meet the standards in this section in full or in part by providing proof to the commissioner that it has been accredited by a nationally recognized accrediting organization approved by the commissioner.

(4) The commissioner may, in consultation with stakeholders, set standards that are specific to Montana and may be required in addition to nationally recognized accreditation standards.

(5) A patient-centered medical home shall report on its compliance with the uniform set of health care quality and performance measures adopted by the commissioner to:

(a) health plans and other payers with which the patient-centered medical home contracts;

(b) the commissioner; and

(c) the department, if the department is a participant.

(6) A health plan and other payers shall report to the patient-centered medical home regarding their compliance with the uniform set of cost and utilization measures adopted by the commissioner for patients covered under the health plan.

(7) In developing the standards described in subsection (2), the commissioner may consider:

(a) the use of health information technology, including electronic medical records;

(b) the relationship between the primary care practice, specialists, other health care providers, and hospitals;

(c) the access standards for individuals covered by a health plan to receive primary medical care in a timely manner;

(d) the ability of the primary care practice to foster a partnership with patients; and

(e) the use of comprehensive medication management to improve clinical outcomes.

(8) All health care providers and payers who participate in a patient-centered medical home shall, as a condition of participation, collectively commission one independent study on savings generated by the patient-centered medical home program and report to the children, families, health, and human services interim committee no later than September 30, 2016.

**Section 6. Participation in patient-centered medical home optional.** The participation of an insurance contract or plan issued under this part in a patient-centered medical home program is not required. If a plan chooses to participate in a patient-centered medical home program, the plan shall comply with the requirements of [sections 1 through 5].

**Section 7.** Section 20-25-1403, MCA, is amended to read:

**"20-25-1403. Authorization to establish self-insured health plan for students — requirements — exemption.** (1) The commissioner may establish a self-insured student health plan for enrolled students of the system and their dependents, including students of a community college district. The projects described in this section are reauthorized. **Section 3. Coal severance tax bonds authorized.** (1) The legislature finds that Title 17, chapter 5, part 7, provides for the issuance of coal severance tax bonds for financing specific approved renewable resource projects as part of the state renewable resource grant and loan program. Available funds from previous sales of coal severance tax bonds, plus any additional principal amount on bonds as may be necessary, pursuant to the conditions in 85-1-605, to fund emergency loans, as authorized and approved in accordance with 85-1-605(4), may also be used for the projects approved in [sections 1 through 7]. The board of examiners is authorized to issue coal severance tax bonds in an amount not to exceed $24,711,793 in the 2015 biennium, of which up to $2,246,527 is to be used to establish a reserve for the bonds. Proceeds of the bonds are appropriated to the department of natural resources and conservation for financing the projects identified in [sections 1 and 2] and may be used as authorized in 85-1-605(4). Loans made under 85-1-605(4) must bear interest at the rate borne by the state bonds unless the legislature in a subsequent session provides for a lower interest rate, in which case the rate must be reduced to the rate specified by the legislature.

(2) In connection with the issuance of coal severance tax bonds, the board of examiners may pay the principal and interest on the bonds when due from the debt service account and in all other respects manage and use the funds within each special bond account for the benefit of the bonds. The board of examiners shall exercise its discretion to enhance the marketability of the bonds and to secure the most advantageous financial arrangements for the state.

(3) Earnings on bond proceeds prior to the completion of any loan must be allocated to the debt service account to pay the debt service on the bonds during this period. Earnings in excess of debt service, if any, must be allocated to the natural resources projects state special revenue account established in 15-38-302.

**Section 4. Conditions of loans.** (1) Disbursement of funds under [sections 1 and 2] for loans is subject to the following conditions that must be met by project sponsors:

(a) approval of a scope of work and budget for the project by the department of natural resources and conservation. Reductions in a scope of work or budget may not affect priority activities or improvements.

(b) documented commitment of other funds required for project completion;

(c) satisfactory completion of conditions described in the recommendations section of the project narrative in the renewable resource grant and loan program project evaluations and recommendations report;

(d) execution of a loan agreement with the department of natural resources and conservation; and

(e) accomplishment of other specific requirements considered necessary by the department of natural resources and conservation to accomplish the

purpose of the loan as evidenced from the application to the department or from the proposal to the legislature.

(2) Each sponsor authorized for a loan from coal severance tax bond proceeds may be required to pay to the department a pro rata share of the bond issuance costs and the administrative costs incurred by the department to complete the loan transaction.

**Section 5. Private and discount purchase of loans.** Loans to political subdivisions and local government entities and bonds, warrants, and notes issued in evidence of the loans may be made, purchased by, and sold to the department of natural resources and conservation at a discount and at a private negotiated sale, notwithstanding the provisions of any other law applicable to political subdivisions or local government entities.

**Section 6. Appropriations established.** For any entity of state government that receives a loan under [sections 1 and 2], an appropriation is established for the amount of the loan upon award of the loan by the department of natural resources and conservation.

**Section 7. Creation of state debt — appropriation of coal severance tax — bonding provisions.** (1) Because [section 3] authorizes the creation of a state debt, a vote of two-thirds of the members of each house is required for enactment of [section 3].

(2) The legislature, through the enactment of [sections 1 through 7] by a vote of three-fourths of the members of each house of the legislature, as required by Article IX, section 5, of the Montana constitution, pledges, dedicates, and appropriates from the coal severance tax bond fund all money necessary for the payment of principal and interest not otherwise provided for on the coal severance tax bonds authorized by [section 3] to be issued pursuant to Title 17, chapter 5, part 7, and pursuant to the provisions of [sections 1 through 7] and the general resolution for this bond program that has been adopted by the board of examiners under the authority provided in Title 17, chapter 5, part 7.

**Section 8. Notification to tribal governments.** The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell Chippewa tribe.

**Section 9. Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

**Section 10. Effective date.** [This act] is effective July 1, 2013.

(a) Option 1—The member may use the total termination pay in the calculation of the member's average final compensation. The member and the employer shall pay contributions to the retirement system as determined by the board to adequately compensate the system for the additional retirement benefit. The contributions must be made at the time of termination.

(b) Option 2—The member may use a yearly amount of the total termination pay added to each of the 3 consecutive years' salary used in the calculation of the member's average final compensation. To determine the amount of termination pay used in the calculation of average final compensation, termination pay must be divided by the total number of years of creditable service to determine a yearly amount. The member and the employer shall pay contributions on the termination pay according to the rates provided for in 19-20-602 and 19-20-605(1). For the purposes of this subsection (1)(b), the employer shall also pay as a contribution an amount equal to the termination pay multiplied by the rate established in 19-20-607 that would have been payable by the state as a supplemental contribution. The contributions must be made at the time of termination.

(c) Option 3—The member may exclude the termination pay from the average final compensation. A contribution is not required of either the member or the employer.

(2) ~~A~~ *If a member signs a* binding, irrevocable written election ~~required by this section must be signed by both the member and the employer~~ *for either an option 1 or option 2 benefit* at least 90 days prior to the member's termination date*, the employee contributions required by this section must be picked up by the employer. The binding, irrevocable written election required by this subsection (2) must be signed by both the member and the employer* and must contain statements with regard to the contributions required to be made by the member under subsections (1)(a) and (1)(b) that:

(a) the contributions being picked up, although designated as member contributions, are being paid by the employer directly to the system in lieu of contributions by the member and that the picked up contributions are paid from the same source as compensation is paid;

(b) the member may not choose to directly receive the amounts deducted from the member's termination pay instead of having them paid by the employer to the system;

(c) the member may not prepay any portion of the contributions; and

(d) the effective date of the pickup is the date that the irrevocable written election is signed by both the member and employer. The effective date must be at least 90 days prior to ~~the date of~~ the member's *date of* termination. The pickup does not apply to a contribution made before the effective date of the pickup.

~~(3) For the purpose of this section, the date of termination is the last day the member is performing any services covered under this chapter.~~

~~(4)~~*(3)* Pursuant to subsection (2), contributions required under subsection (1)(a) or (1)(b) must be:

(a) deducted from the portion of termination pay that:

(i) constitutes wages for the purposes of section 3121 of the Internal Revenue Code, determined without regard to the wage base limitation; and

(ii) can be included in the member's gross income for federal tax purposes; and

(b) picked up by the employer, except as provided in subsections ~~(5)~~ *(4)* and ~~(6)~~ *(5)*.

~~(5)~~*(4)* A member's contributions greater than the total amount of the member's termination pay may not be picked up by the employer and are subject to the limitations of section 415 of the Internal Revenue Code.

~~(6)~~*(5)* If a member and the member's employer fail to sign the written election within the time period required in subsection (1), the member may contribute for the purposes specified in subsections (1)(a) and (1)(b) on all or any part of the termination pay received. A contribution made pursuant to this subsection may not be picked up by the employer and is subject to the limitations of section 415 of the Internal Revenue Code."

**Section 5.** Section 19-20-733, MCA, is amended to read:

**"19-20-733. Resumption of employment by retired member — suspension of benefits.** (1) [Except as provided in 19-20-732,] if a retired member returns to employment in a position covered by the retirement system and becomes an active contributing member, benefits must be suspended until the member terminates all employment and applies to have benefits reinstated.

(2) ~~Except as provided in subsection (4), upon~~ *Upon* termination and retirement of a previously retired member who was reinstated to active membership pursuant to 19-20-731 before July 1, 2009:

(a) if the member earned less than 1 year of creditable service, the original benefit and retirement option that the member was receiving at the time of suspension of benefits must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was reemployed, whichever is later; or

(b) if the member earned 1 year or more of creditable service, retirement benefits must be recalculated under 19-20-804 if the member would qualify for a service retirement benefit under 19-20-801 or under 19-20-802 if the member is eligible for early retirement. The recalculated benefit must include the service credit accumulated at the time of the member's previous retirement, plus any service credit accumulated subsequent to reemployment. The recalculated benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were suspended.

(3) (a) Except as provided in subsection ~~(4)~~ *(3)(c)*, upon the subsequent retirement of a formerly retired member who was reinstated to active membership pursuant to 19-20-731 on or after July 1, 2009, and earned:

(i) at least 3 years of membership service following suspension of benefits, the member is entitled to resume receiving the suspended benefit in accordance with the retirement benefit option and joint annuitant previously selected, plus an additional benefit based upon the new creditable service and compensation earned. The second benefit must be calculated as provided under 19-20-804 if the member is eligible for a service retirement benefit or under 19-20-802 if the member is eligible for early retirement. The second benefit must be paid under the same retirement benefit option and with the same joint annuitant originally elected.

(ii) less than 3 years of membership service following suspension of benefits, the member is entitled to resume receiving the suspended benefit in accordance with the retirement benefit option previously selected, plus a refund of the employee contributions contributed after the member was reinstated to active service, plus interest.

(b) If a member dies during the period of reemployment following an initial retirement, the member must be considered as retiring on the day preceding the date of death and benefits must be determined according to the following:

(i) If the member elected the normal form benefit prior to reemployment, the member's designated beneficiary must receive an amount equal to the member's *remaining* accumulated contributions on deposit.

(ii) If the member elected a retirement option pursuant to 19-20-702 prior to reemployment, the benefits due are payable in accordance with the terms of the original option elected and this subsection (3).

~~(4) If a retired member who has not attained normal retirement age is reemployed with the same employer within 30 days from the member's effective date of retirement or if that member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled.~~

*(c) If the joint annuitant nominated prior to the member's reemployment under retirement option A, B, or C dies prior to the member reretiring, the member will be given the option to select either the normal form retirement benefit or a retirement option as provided in 19-20-702.* (Bracketed language terminates June 30, 2015—sec. 5, Ch. 129, L. 2009.)"

**Section 6.** Section 19-20-801, MCA, is amended to read:

**"19-20-801. Eligibility for service retirement.** *(1)* A member who has at least 5 full years of creditable service and who has attained the age of 60 or has been credited with full-time or part-time creditable service in 25 or more years may retire from service if the member has terminated employment in all positions ~~from which the member is eligible to retire~~ *reportable to the retirement system* and files with the retirement board a written application.

*(2) A vested member who has attained normal retirement age has a nonforfeitable right to the benefits accrued and payable under the provisions of this chapter, subject to the member's right to withdraw the member's accumulated contributions under 19-20-603.*"

**Section 7.** Section 19-20-802, MCA, is amended to read:

**"19-20-802. Early retirement.** (1) A member who is not eligible for service retirement but who has at least 5 years of creditable service and who has attained the age of 50 may retire from service and be eligible for an early retirement allowance if the member *terminates employment in all positions reportable to the retirement system and* files with the retirement board ~~the member's~~ *a* written application.

(2) The early retirement allowance must be determined as prescribed in 19-20-804, with the exception that the allowance will be reduced using actuarially equivalent factors based on the most recent valuation of the system."

**Section 8.** Section 19-20-805, MCA, is amended to read:

**"19-20-805. Calculation of average final compensation.** (1) Except as limited by this section, average final compensation is calculated by averaging

the earned compensation paid to a member in 3 consecutive fiscal years of full-time service that yields the highest average.

(2) The earned compensation of a member who retires under 19-20-802, 19-20-804, or 19-20-902 and has less than 3 consecutive years of full-time service during the 5 years immediately preceding the member's termination is the compensation that the member would have earned in the 3 years used to calculate average final compensation had the member's part-time service been full-time service. To determine the compensation that the member would have earned, the compensation reported must be divided by the part-time service credited to the member's account.

(3) (a) Subject to subsection (3)(b), if a member has transferred service from the public employees' retirement system as provided under 19-20-409 and does not have 3 consecutive years of full-time service reported to the teachers' retirement system, the member's average final compensation must be calculated as follows:

(i) if the member's part-time service credit in the public employees' retirement system plus the member's part-time service credit in the teachers' retirement system equals 1 year in any of the fiscal years used in determining average final compensation, then the member's annual salary for that fiscal year must be the member's salary as a member of the public employees' retirement system plus the member's salary as a member of the teachers' retirement system; or

(ii) if the member's part-time service credit in the public employees' retirement system plus the member's part-time service credit in the teachers' retirement system equals less than 1 year in any of the fiscal years used to determine average final compensation, then the member's part-time salary as a member of the public employees' retirement system plus the member's part-time salary as a member of the teachers' retirement system must be divided by the sum of the member's part-time teachers' retirement system service credit and the member's part-time public employees' retirement system service credit.

(b) Compensation reported to the public employees' retirement system used to calculate average final compensation must be adjusted to exclude any compensation that would be considered termination pay under this chapter.

(4) (a) If the benefits excluded from earned compensation pursuant to 19-20-101~~(7)(b)~~*(8)(b)* have been converted by an employer to earned compensation for all members and have been continuously reported as earned compensation in a like amount for at least 5 fiscal years preceding a member's retirement, the converted benefit amounts must be included in the calculation of average final compensation.

(b) If benefits have been converted to earned compensation as described in subsection (4)(a) but have been reported as earned compensation for less than 5 fiscal years or if the member has been given the option to have benefits converted to earned compensation, any converted benefits reported as earned compensation in the 3 years used to calculate average final compensation may be included in the calculation of average final compensation only as termination pay under 19-20-716(1)(b)."

**Section 9. Termination of employment — retired member status — certification of termination date.** (1) A member shall terminate employment in all positions reportable to the retirement system to be eligible for service retirement under 19-20-801, early retirement under 19-20-802,

disability retirement under 19-20-901, or withdrawal of the member's accumulated contributions under 19-20-603.

(2) Except as provided in subsections (3) and (4), a member has terminated employment in a position reportable to the retirement system when the employment relationship with the employer has been fully and completely severed and all, if any, payments due upon termination of employment, including but not limited to payment of accrued sick and annual leave balances, have been paid to the member.

(3) (a) A member who has not attained normal retirement age has not terminated employment in a position reportable to the retirement system if the member and the employer have a prearranged agreement for postretirement service.

(b) For purposes of this subsection (3), a "prearranged agreement for postretirement service" means an oral or written agreement between a member and an employer made before the member attains retired member status for the member to provide service or perform work, in any capacity, on behalf of the employer in the future.

(4) A member has not terminated employment in a position reportable to the retirement system if the member provides any service or performs any work, in any capacity, on behalf of the employer after the certified date of termination but prior to attaining retired member status.

(5) A member must be in retired member status before the member is eligible to be employed as a working retiree pursuant to 19-20-731. Service provided by a member in a position reportable to the retirement system before the member attains retired member status is service provided as an active member, and the member shall terminate from the position to be eligible for retirement benefits.

(6) (a) A member attains retired member status when the member has terminated employment in all positions reportable to the retirement system and has actually received at least one monthly retirement benefit payment.

(b) A retired member who returns to active member status for any reason ceases to be in retired member status until the member again applies for a retirement benefit and actually receives at least one monthly retirement benefit payment.

(7) (a) Unless waived by the board, the member and the employer for each position from which the member is terminating or has terminated must certify on a form provided by the retirement system the member's date of termination and whether there is a prearranged agreement for postretirement service.

(b) The certification obligation of the member and the employer is ongoing and must be immediately updated if the information previously provided was in error or has changed.

**Section 10.** Section 19-20-1101, MCA, is amended to read:

**"19-20-1101. Withholding of group insurance premium from retirement allowance.** (1) A retired member who is a participant in an approved employer-sponsored group insurance plan may elect to have the monthly premium for the group insurance withheld from the member's retirement allowance by the retirement system. Premiums withheld may be paid directly to the insurance carrier or employer of record at the time of retirement.

(2) Upon the death of a retired member, the joint annuitant or beneficiary, if eligible, may elect to continue to have the monthly insurance premium withheld

from a monthly retirement benefit and paid directly to the employer or the employer's insurance carrier.

(3) Each month, using the retirement system's online employer reporting system, the employer shall ~~verify~~ *commence withholding, cease withholding, or process any necessary adjustments to the premium amount on behalf of the benefit recipient, including verification* that all authorized insurance deductions are correct. ~~and~~

*(4) The employer shall* notify the ~~retired member~~ *benefit recipient* of any changes *related to the premiums, including any changes to the premium amount, prior to the effective date of the change*."

**Section 11. Codification instruction.** [Section 9] is intended to be codified as an integral part of Title 19, chapter 20, part 8, and the provisions of Title 19, chapter 20, part 8, apply to [section 9].

**Section 12. Coordination instruction.** If House Bill No. 78 and [this act] are both passed and approved and if both contain sections amending 19-20-733, then the sections amending 19-20-733 are void and 19-20-733 must be amended as follows:

**"19-20-733. Resumption of employment by retired member — suspension of benefits.** ~~(1)~~ [Except as provided in 19-20-732, *and*] *subject to [section 2 of House Bill No. 78], the following provisions apply:*

*(1)* ~~if~~ *If* a retired member returns to employment in a position covered by the retirement system and becomes an active contributing member, benefits must be suspended until the member terminates all employment and applies to have benefits reinstated.

(2) ~~Except as provided in subsection (4), upon~~ *Upon* termination and retirement of a previously retired member who was reinstated to active membership pursuant to 19-20-731 before July 1, 2009:

(a) if the member earned less than 1 year of creditable service, the original benefit and retirement option that the member was receiving at the time of suspension of benefits must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was reemployed, whichever is later; or

(b) if the member earned 1 year or more of creditable service, retirement benefits must be recalculated under 19-20-804 if the member would qualify for a service retirement benefit under 19-20-801 or under 19-20-802 if the member is eligible for early retirement. The recalculated benefit must include the service credit accumulated at the time of the member's previous retirement, plus any service credit accumulated subsequent to reemployment. The recalculated benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were suspended.

(3) (a) Except as provided in subsection ~~(4)~~ *(3)(c)*, upon the subsequent retirement of a formerly retired member who was reinstated to active membership pursuant to 19-20-731 on or after July 1, 2009, and earned:

(i) at least 3 years of membership service following suspension of benefits, the member is entitled to resume receiving the suspended benefit in accordance with the retirement benefit option and joint annuitant previously selected, plus an additional benefit based upon the new creditable service and compensation earned. The second benefit must be calculated as provided under 19-20-804 if the member is eligible for a service retirement benefit or under 19-20-802 if the member is eligible for early retirement. The second benefit must be paid under

the same retirement benefit option and with the same joint annuitant originally elected.

(ii) less than 3 years of membership service following suspension of benefits, the member is entitled to resume receiving the suspended benefit in accordance with the retirement benefit option previously selected, plus a refund of the employee contributions contributed after the member was reinstated to active service, plus interest.

(b) If a member dies during the period of reemployment following an initial retirement, the member must be considered as retiring on the day preceding the date of death and benefits must be determined according to the following:

(i) If the member elected the normal form benefit prior to reemployment, the member's designated beneficiary must receive an amount equal to the member's accumulated contributions on deposit.

(ii) If the member elected a retirement option pursuant to 19-20-702 prior to reemployment, the benefits due are payable in accordance with the terms of the original option elected and ~~this~~ subsection (3).

~~(4) If a retired member who has not attained normal retirement age is reemployed with the same employer within 30 days from the member's effective date of retirement or if that member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled.~~

*(c) If the joint annuitant nominated prior to the member's reemployment under retirement option A, B, or C dies prior to the member reretiring, the member will be given the option to select either the normal form retirement benefit or a retirement option as provided in 19-20-702.* (Bracketed language terminates June 30, 2015—sec. 5, Ch. 129, L. 2009.)"

**Section 13. Coordination instruction.** If House Bill No. 377 and [this act] are both passed and approved and if both contain sections amending 19-20-801, then the sections amending 19-20-801 are void and 19-20-801 must be amended as follows:

**"19-20-801. Eligibility for service retirement.** *(1)* A *tier one* member ~~who~~ *is eligible to receive a service retirement allowance calculated under 19-20-804(1) if the member:*

*(a)* has *been credited with* at least 5 full years of creditable service and ~~who~~ has attained the age of 60*;* or

*(b)* has been credited with full-time or part-time creditable service in 25 or more years ~~may retire from service if the member has~~.

*(2) Except as provided in subsection (3), a tier two member is eligible to receive a service retirement allowance calculated under 19-20-804(1) if the member:*

*(b) has been credited with full-time or part-time creditable service in 30 or more years and has attained the age of 55.*

*(3) A tier two member who has been credited with 30 or more years of creditable service and has attained the age of 60 is eligible for a professional retirement option allowance calculated under 19-20-804(2).*

(4) If a document or other article of advertising is too small for the requirements of subsections (1) through (3) to be conveniently included, the candidate responsible for the material or the person financing the communication shall file a copy of the article with the commissioner of political practices, together with the required information or statement, at the time of its public distribution.

(3) For the purposes of this section, the public voting record of a candidate who was previously a member of the legislature includes a vote of that candidate recorded in committee minutes or in journals of the senate or the house of representatives. [HB 354]

AN ACT REVISING THE LAWS GOVERNING THE FIRE SUPPRESSION ACCOUNT; REQUIRING THE CONSIDERATION OF WILDLAND FIRE SUPPRESSION ACTIVITIES IN DETERMINING THE AMOUNT OF THE PROJECTED GENERAL FUND BUDGET DEFICIT; REQUIRING

TRANSFER OF THE UNOBLIGATED BALANCE OF THE APPROPRIATION FOR GOVERNOR-DECLARED DISASTERS TO THE FIRE SUPPRESSION ACCOUNT; REQUIRING TRANSFER OF A CERTAIN PERCENTAGE OF UNEXPENDED GENERAL FUND MONEY TO THE FIRE SUPPRESSION ACCOUNT; PROVIDING THAT THE MONEY IN THE FIRE SUPPRESSION ACCOUNT MAY NOT EXCEED $100 MILLION; REQUIRING TRANSFER OF AN EXCESS AMOUNT OF CORPORATION LICENSE TAX REVENUE INTO THE FIRE SUPPRESSION ACCOUNT; STATUTORILY APPROPRIATING THE MONEY TO THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION; AMENDING SECTIONS 10-3-312, 17-7-140, 17-7-502, AND 76-13-150, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 10-3-312, MCA, is amended to read:

**"10-3-312. Maximum expenditure by governor — appropriation.** (1) Whenever a disaster or an emergency, including an energy emergency as defined in 90-4-302 or an invasive species emergency declared under 80-7-1013, is declared by the governor, there is statutorily appropriated to the office of the governor, as provided in 17-7-502, and, subject to subsection (2), the governor is authorized to expend from the general fund an amount not to exceed $16 million in any biennium, minus any amount appropriated pursuant to 10-3-310 in the same biennium. The statutory appropriation in this subsection may be used by any state agency designated by the governor.

(2) In the event of the recovery of money expended under this section, the spending authority must be reinstated to a level reflecting the recovery.

(3) If a disaster is declared by the president of the United States, there is statutorily appropriated to the office of the governor, as provided in 17-7-502, and the governor is authorized to expend from the general fund an amount not to exceed $500,000 during the biennium to meet the state's share of the individual and family grant programs as provided in 42 U.S.C. 5178. The statutory appropriation in this subsection may be used by any state agency designated by the governor.

*(4) At the end of each biennium, an amount equal to the unexpended and unencumbered balance of the $16 million statutory appropriation in subsection (1), minus any amount appropriated pursuant to 10-3-310 in the same biennium, must be transferred by the state treasurer from the state general fund to the fire suppression account provided for in 76-13-150.*"

**Section 2.** Section 17-7-140, MCA, is amended to read:

**"17-7-140. Reduction in spending.** (1) (a) As the chief budget officer of the state, the governor shall ensure that the expenditure of appropriations does not exceed available revenue. Except as provided in subsection (2), in the event of a projected general fund budget deficit, the governor, taking into account the criteria provided in subsection (1)(b), shall direct agencies to reduce spending in an amount that ensures that the projected ending general fund balance for the biennium will be at least 1% of all general fund appropriations during the biennium. An agency may not be required to reduce general fund spending for any program, as defined in each general appropriations act, by more than 10% during a biennium. Departments or agencies headed by elected officials or the board of regents may not be required to reduce general fund spending by a percentage greater than the percentage of general fund spending reductions required for the total of all other executive branch agencies. The legislature may

exempt from a reduction an appropriation item within a program or may direct that the appropriation item may not be reduced by more than 10%.

(b) The governor shall direct agencies to manage their budgets in order to reduce general fund expenditures. Prior to directing agencies to reduce spending as provided in subsection (1)(a), the governor shall direct each agency to analyze the nature of each program that receives a general fund appropriation to determine whether the program is mandatory or permissive and to analyze the impact of the proposed reduction in spending on the purpose of the program. An agency shall submit its analysis to the office of budget and program planning and shall at the same time provide a copy of the analysis to the legislative fiscal analyst. The office of budget and program planning shall review each agency's analysis, and the budget director shall submit to the governor a copy of the office of budget and program planning's recommendations for reductions in spending. The budget director shall provide a copy of the recommendations to the legislative fiscal analyst at the time that the recommendations are submitted to the governor and shall provide the legislative fiscal analyst with any proposed changes to the recommendations. The legislative finance committee shall meet within 20 days of the date that the proposed changes to the recommendations for reductions in spending are provided to the legislative fiscal analyst. The legislative fiscal analyst shall provide a copy of the legislative fiscal analyst's review of the proposed reductions in spending to the budget director at least 5 days before the meeting of the legislative finance committee. The committee may make recommendations concerning the proposed reductions in spending. The governor shall consider each agency's analysis and the recommendations of the office of budget and program planning and the legislative finance committee in determining the agency's reduction in spending. Reductions in spending must be designed to have the least adverse impact on the provision of services determined to be most integral to the discharge of the agency's statutory responsibilities.

(2) Reductions in spending for the following may not be directed by the governor:

(a) payment of interest and principal on state debt;

(b) the legislative branch;

(c) the judicial branch;

(d) the school BASE funding program, including special education;

(e) salaries of elected officials during their terms of office; and

(f) the Montana school for the deaf and blind.

(3) (a) As used in this section, "projected general fund budget deficit" means an amount, certified by the budget director to the governor, by which the projected ending general fund balance for the biennium is less than:

(i) 2% of the general fund appropriations for the second fiscal year of the biennium prior to October of the year preceding a legislative session;

(ii) 3/4 of 1% in October of the year preceding a legislative session;

(iii) 1/2 of 1% in January of the year in which a legislative session is convened; and

(iv) 1/4 of 1% in March of the year in which a legislative session is convened.

(b) In determining the amount of the projected general fund budget deficit, the budget director shall take into account revenue, established levels of appropriation, anticipated supplemental appropriations for school equalization

aid *and the cost of the state's wildland fire suppression activities exceeding the amount statutorily appropriated in 10-3-312*, and anticipated reversions.

(4) If the budget director determines that an amount of actual or projected receipts will result in an amount less than the amount projected to be received in the revenue estimate established pursuant to 5-5-227, the budget director shall notify the revenue and transportation interim committee of the estimated amount. Within 20 days of notification, the revenue and transportation interim committee shall provide the budget director with any recommendations concerning the amount. The budget director shall consider any recommendations of the revenue and transportation interim committee prior to certifying a projected general fund budget deficit to the governor."

**Section 3.** Section 17-7-502, MCA, is amended to read:

**"17-7-502. Statutory appropriations — definition — requisites for validity.** (1) A statutory appropriation is an appropriation made by permanent law that authorizes spending by a state agency without the need for a biennial legislative appropriation or budget amendment.

(2) Except as provided in subsection (4), to be effective, a statutory appropriation must comply with both of the following provisions:

(a) The law containing the statutory authority must be listed in subsection (3).

(b) The law or portion of the law making a statutory appropriation must specifically state that a statutory appropriation is made as provided in this section.

The state or its agents in charge of the public use may, after giving 30 days' written notice to the owners and persons in possession of the land, enter upon the land and make examination, surveys, and maps of the land. *(2) Subsection (1)(d) does not prohibit the condemnor from making further offers in an effort to obtain the property interest sought to be taken, but offers made after the final written offer is submitted pursuant to subsection (1)(d) may not be used to determine whether the condemnee prevails pursuant to 70-30-305.*

*The condemnor shall disclose to a property owner that further offers made in accordance with this subsection (2) are not considered the final written offer.*"

**Section 3.** Section 70-30-203, MCA, is amended to read:

(f) a statement of the condemnor's claim of appropriate payment for damages to the property proposed to be taken as well as to any remaining parcel of property. *The condemnor's claim of appropriate payment for damages must be the same amount as the final written offer that was rejected pursuant to the facts necessary in 70-30-111(1)(d).*

(2) If a right-of-way is sought, in addition to the items listed in subsection (1), the complaint must show the location, general route, and termini and must be accompanied with a map of the route, so far as the route is involved in the action or proceeding.

(b) subject to 70-30-104(2), limit the interest in real property sought to be taken if in the opinion of the court the interest sought is not necessary.

(2) If the court finds and concludes from the evidence presented that the public interest requires the taking of an interest in real property and that the condemnor has met the burden of proof under ~~70-30-111~~ *70-30-111(1)*, the court shall enter a preliminary condemnation order providing that the condemnation of the interest in real property may proceed in accordance with the provisions of this chapter.

(3) (a) If the property sought to be taken is a sand, stratum, or formation suitable for use as an underground natural gas storage reservoir and the existence and suitability of the property for that use has been proved by the condemnor based upon substantial evidence, the order of the court must direct the condemnation commissioners to determine the amount to be paid by the condemnor to each person for each person's interest in the property sought to be taken for use as an underground natural gas storage reservoir.

The fees and expenses of the experts are chargeable as costs of the proceedings to be paid by the condemnor.

(5) After a complaint as described in 70-30-203 is filed and prior to the issuance of the preliminary condemnation order, all parties shall proceed as expeditiously as possible, but without prejudicing any party's position, with all aspects of the preliminary condemnation proceeding, including discovery and trial. The court shall give the proceedings expeditious and priority consideration. The preliminary condemnation proceeding must be tried by the court ~~sitting without a jury~~ *sitting without a jury*."

**Section 5.** Section 70-30-305, MCA, is amended to read:

If at any time prior to 10 days before trial the condemnee serves written notice that the offer is accepted, either party may then file the offer and notice of acceptance, together with proof of service of the acceptance, and judgment must be entered. An offer not accepted is considered withdrawn and evidence of the offer is not admissible at the trial except in a proceeding to determine costs. The fact that an offer is made but not accepted does not preclude a subsequent offer.

(2) In the event of litigation and when the condemnee prevails *either by the court not allowing condemnation or* by *the condemnee* receiving an award in excess of the final *written* offer of the condemnor *that was rejected pursuant to the facts necessary in 70-30-111(1)(d)*, the court shall award necessary expenses of litigation to the condemnee."

[HB 464]

AN ACT GENERALLY REVISING LAWS PERTAINING TO PREVAILING WAGES; CLARIFYING THE CEILING FOR WAGE RATES AND FRINGE BENEFIT RATES; REDUCING THE NUMBER OF PREVAILING WAGE RATE DISTRICTS FROM A MAXIMUM OF 10 DISTRICTS TO A MAXIMUM OF 5 DISTRICTS; REVISING THE METHOD OF DETERMINING PREVAILING FRINGE BENEFITS; REQUIRING THE DEPARTMENT OF LABOR AND INDUSTRY TO ESTABLISH THE PREVAILING WAGE RATES FOR HEAVY CONSTRUCTION SERVICES, HIGHWAY CONSTRUCTION SERVICES, AND BUILDING CONSTRUCTION SERVICES ANNUALLY; REVISING PROVISIONS RELATED TO PREVAILING WAGES FOR HEAVY CONSTRUCTION SERVICES AND HIGHWAY CONSTRUCTION SERVICES; ESTABLISHING A METHOD FOR CALCULATING ZONE PAY OR PER DIEM; AND AMENDING SECTIONS 18-2-402, 18-2-411, 18-2-413, AND 18-2-414, MCA.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 18-2-402, MCA, is amended to read:

**"18-2-402. Standard prevailing rate of wages.** (1) The commissioner may determine the standard prevailing rate of wages*, including fringe benefits,* applicable to public works contracts under this part. The commissioner shall keep and maintain copies of collective bargaining agreements and other information on which the rates are based.

(2) The provisions of this part do not apply in those instances in which the standard prevailing rate of wages is determined by federal law.

(3) Whenever this part is applicable, the standard prevailing rate of wages*, including fringe benefits, is the* ~~may be equal to but not~~ greater ~~than~~ *of* the highest applicable rate of wages in the area for the particular work in question as negotiated under existing and current collective bargaining agreements *or the rate determined by the applicable survey under this part*."

**Section 2.** Section 18-2-411, MCA, is amended to read:

**"18-2-411. Creation of prevailing wage rate districts.** (1) Without taking into consideration heavy construction services and highway construction services wage rates, the commissioner shall divide the state into not more than ~~10~~ *5* prevailing wage rate districts for building construction services and nonconstruction services.

(2) In initially determining the districts, the commissioner shall:

(a) follow the rulemaking procedures in the Montana Administrative Procedure Act; and

(b) publish the reasons supporting the creation of each district.

(3) A district boundary may not be changed except for good cause and in accordance with the rulemaking procedures in the Montana Administrative Procedure Act.

(4) The presence of collective bargaining agreements in a particular area may not be the sole basis for the creation of boundaries of a district, nor may the absence of collective bargaining agreements in a particular area be the sole basis for changing the boundaries of a district.

(5) For each prevailing wage rate district established under this section, the commissioner shall determine the standard prevailing rate of wages to be paid employees, as provided in this part. The standard prevailing rate of wages for construction services, as determined by the commissioner in this subsection, must be used for calculating an apprentice's wage, as provided in 39-6-108."

**Section 3.** Section 18-2-413, MCA, is amended to read:

**"18-2-413. Standard prevailing rate of wages for building construction services.** (1) The department shall conduct an annual survey to calculate the standard prevailing rate of wages for building construction services using the process described in this section.

(2) The standard prevailing wage rates adopted under subsection (1) must be set for the districts established pursuant to 18-2-411.

(3) The department shall survey:

(a) electrical contractors who are licensed under Title 37, chapter 68, who perform commercial work;

(b) plumbers who are licensed under Title 37, chapter 69, whose work is performed according to commercial building codes; and

(c) construction contractors registered under Title 39, chapter 9, whose work is performed according to commercial building codes.

(4) The surveys required under subsection (3) must include those wages, including fringe benefits plus *zone pay, per diem, and* travel allowances if applicable, that are paid in the applicable district by other contractors for work of a similar character performed in that district by each craft, classification, or type of worker needed to complete a contract under this part.

(5) *(a)* The contractor survey must include information pertaining to the number of skilled workers employed in the contractor's peak month of employment and the wages and *fringe* benefits paid for each craft, classification, or type of work.

*(b) (i)* In setting the prevailing wages from the survey for each craft, classification, or type of work, the department shall use a weighted average wage for each craft, classification, or type of work, except in those cases in which the survey shows that at least 50% of the skilled workers are receiving the same wage.

*(ii)* If the survey shows that at least 50% of the skilled workers are receiving the same wage, ~~that wage~~ *then the higher of the collective bargaining agreement rate or the surveyed rate* is the prevailing wage for that craft, classification, or type of work.

*(c) (i) In setting the prevailing fringe benefits from the survey for each craft, classification, or type of work, the department shall use a weighted average fringe benefit for each craft, classification, or type of work, except in those cases in which the survey shows that at least 50% of the skilled workers are receiving fringe benefits pursuant to a collective bargaining agreement or pursuant to an employer's fringe benefit fund, plan, or program that meets the requirements of the Employment Retirement Income Security Act of 1974 or that is approved by the U.S. department of labor.*

*(ii) If the survey shows that at least 50% of the skilled workers are receiving fringe benefits pursuant to a collective bargaining agreement or pursuant to an employer's fringe benefit fund, plan, or program that meets the requirements of the Employment Retirement Income Security Act of 1974 or that is approved by the U.S. department of labor, the higher of fringe benefits received under collective bargaining agreements and employers' fringe benefit funds, plans, or programs is the prevailing fringe benefit for that craft, classification, or type of work.*

(6) The work performed must be work of a similar character to the work performed in the applicable district unless the survey in the applicable district does not generate sufficient data. If the survey produces insufficient data, the rate may be established by the use of other information or methods that the commissioner determines fairly establish the standard prevailing rate of wages.

(7) (a) The commissioner shall establish by rule the methodology for determining the standard prevailing rate of wages. The rules must include an alternate methodology to determine the standard prevailing rate of wages whenever insufficient data is generated by the survey of contractors in the applicable district. The rules must identify the amount of data that constitutes insufficient data.

(b) The commissioner shall use an alternate methodology provided by rule to determine the standard prevailing rate of wages whenever insufficient data exists.

(c) The alternative method of determining the prevailing rate of wages must provide for review and the incorporation of data from work of a similar character, which must be based on a survey that is conducted as closely as possible to the original district.

(8) Whenever work of a similar character is not being performed in the district, the standard prevailing rate of wages, including fringe benefits and the rate of travel allowance, must be those rates established by collective bargaining agreements in effect in the applicable district for each craft, classification, or type of skilled worker needed to complete the contract."

**Section 4.** Section 18-2-414, MCA, is amended to read:

**"18-2-414. Standard prevailing rate of wages for heavy construction services and for highway construction services — definition.** (1) The department shall establish ~~from time to time~~ the standard prevailing rate of wages for heavy construction services and for highway construction services *annually*.

(2) In establishing the standard prevailing rate of wages for heavy construction services and for highway construction services, the department may ~~either~~:

~~(a)~~*(a)* conduct a survey of construction contractors registered under Title 39, chapter 9, who perform heavy construction services or highway construction services*, electrical contractors licensed under Title 37, chapter 68, who perform commercial work, or plumbers licensed under Title 37, chapter 69, whose work is performed according to commercial building codes*; ~~or~~

~~(b)~~*(b)* adopt by reference through rulemaking the rates established by the U.S. department of labor under the federal Davis-Bacon Act, 29 CFR 1, et seq., for projects in Montana*; or*

*(c) use, as provided by rule, a combination of surveyed rates, as provided in subsection (2)(a), and rates adopted by reference, as provided in subsection (2)(b).*

(3) For the purposes of this section, the term "standard prevailing rate of wages for heavy construction services and for highway construction services" means wage rates, including fringe benefits plus zone pay*, per diem,* and travel allowances*, if applicable,* that are determined and established statewide for heavy construction projects and highway construction projects. The department may define by rule the terms heavy construction projects and highway construction projects. The definitions of heavy construction projects and highway construction projects must include but are not limited to projects the same as or similar to the construction, alteration, or repair of roads, streets, highways, alleys, runways, airport runways and ramps, dams, powerhouses, canals, channels, pipelines, parking areas, utility rights-of-way, staging yards located on or off the right-of-way, or new or reopened pits that produce aggregate, asphalt, concrete, or backfill when the pit does not normally sell to the general public."

**Section 5. Wage rates based on project classification.** (1) The contracting agency shall determine, based on the preponderance of labor hours to be worked, whether the public works construction services project is classified as a highway construction project, a heavy construction project, or a building construction project.

(2) Once the project has been classified, employees in each trade classification who are working on that project must be paid at the rate for that project classification.

**Section 6. Zone pay and per diem.** If there is not sufficient data reported to establish zone pay or per diem for a trade classification, the department may establish a zone pay or a per diem amount that reasonably approximates an applicable average zone pay or per diem rate that is payable for the trade classification.

**Section 7. Codification instruction.** [Sections 4 and 5] are intended to be codified as an integral part of Title 18, chapter 2, part 4, and the provisions of Title 18, chapter 2, part 4, apply to [sections 4 and 5].

The district court shall consider the presentence investigation report prior to sentencing.

(b) If the defendant was convicted of an offense under *[section 3], [section 4],* 45-5-502, 45-5-503, 45-5-504, 45-5-505, 45-5-507, 45-5-625, 45-5-627, 45-5-601(3), 45-5-602(3), or ~~45-5-603(2)(c)~~ *45-5-603(2)(b)* or if the defendant was convicted under 46-23-507 and the offender was convicted of failure to register as a sexual offender pursuant to Title 46, chapter 23, part 5, the investigation must include a psychosexual evaluation of the defendant and a recommendation as to treatment of the defendant in the least restrictive environment,

(3) The defendant shall pay to the department of corrections a $50 fee at the time that the report is completed, unless the court determines that the defendant is not able to pay the fee within a reasonable time. The fee may be retained by the department and used to finance contracts entered into under 53-1-203(5)."

**Section 9.** Section 46-18-201, MCA, is amended to read:

**"46-18-201. Sentences that may be imposed.** (1) (a) Whenever a person has been found guilty of an offense upon a verdict of guilty or a plea of guilty or nolo contendere, a sentencing judge may defer imposition of sentence, except as otherwise specifically provided by statute, for a period:

(ii) not exceeding 2 years for a misdemeanor or for a period not exceeding 6 years for a felony if a financial obligation is imposed as a condition of sentence for either the misdemeanor or the felony, regardless of whether any other conditions are imposed.

(b) Except as provided in 46-18-222, imposition of sentence in a felony case may not be deferred in the case of an offender who has been convicted of a felony on a prior occasion, whether or not the sentence was imposed, imposition of the sentence was deferred, or execution of the sentence was suspended.

(2) Whenever a person has been found guilty of an offense upon a verdict of guilty or a plea of guilty or nolo contendere, a sentencing judge may suspend execution of sentence, except as otherwise specifically provided by statute, for a period up to the maximum sentence allowed or for a period of 6 months, whichever is greater, for each particular offense.

(3) (a) Whenever a person has been found guilty of an offense upon a verdict of guilty or a plea of guilty or nolo contendere, a sentencing judge may impose a sentence that may include:

(vii) chemical treatment of sexual offenders, as provided in 45-5-512, if applicable, that is paid for by and for a period of time determined by the department of corrections, but not exceeding the period of state supervision of the person; or

(viii) any combination of subsections (2) and (3)(a)(i) through (3)(a)(vii).

(b) A court may permit a part or all of a fine to be satisfied by a donation of food to a food bank program.

(4) When deferring imposition of sentence or suspending all or a portion of execution of sentence, the sentencing judge may impose upon the offender any reasonable restrictions or conditions during the period of the deferred imposition or suspension of sentence. Reasonable restrictions or conditions imposed under subsection (1)(a) or (2) may include but are not limited to:

(q) any combination of the restrictions or conditions listed in subsections (4)(a) through (4)(p).

(5) In addition to any other penalties imposed, if a person has been found guilty of an offense upon a verdict of guilty or a plea of guilty or nolo contendere and the sentencing judge finds that a victim, as defined in 46-18-243, has sustained a pecuniary loss, the sentencing judge shall, as part of the sentence, require payment of full restitution to the victim, as provided in 46-18-241 through 46-18-249, whether or not any part of the sentence is deferred or suspended.

(6) In addition to any of the penalties, restrictions, or conditions imposed pursuant to subsections (1) through (5), the sentencing judge may include the suspension of the license or driving privilege of the person to be imposed upon the failure to comply with any penalty, restriction, or condition of the sentence. A suspension of the license or driving privilege of the person must be accomplished as provided in 61-5-214 through 61-5-217.

(7) In imposing a sentence on an offender convicted of a sexual or violent offense, as defined in 46-23-502, the sentencing judge may not waive the registration requirement provided in Title 46, chapter 23, part 5.

(8) If a felony sentence includes probation, the department of corrections shall supervise the offender unless the court specifies otherwise."

**Section 10.** Section 46-18-203, MCA, is amended to read:

**"46-18-203. Revocation of suspended or deferred sentence.** (1) Upon the filing of a petition for revocation showing probable cause that the offender has violated any condition of a sentence, any condition of a deferred imposition of sentence, or any condition of supervision after release from imprisonment imposed pursuant to *[section 3], [section 4],* 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-602(3), ~~45-5-603(2)(c)~~ *45-5-603(2)(b)*, or 45-5-625(4), the judge may issue an order for a hearing on revocation. The order must require the offender to appear at a specified time and place for the hearing and be served by delivering a copy of the petition and order to the offender personally. The judge may also issue an arrest warrant directing any peace officer or a probation and parole officer to arrest the offender and bring the offender before the court.

(2) The petition for a revocation must be filed with the sentencing court either before the period of suspension or deferral has begun or during the period of suspension or deferral but not after the period has expired. Expiration of the

period of suspension or deferral after the petition is filed does not deprive the court of its jurisdiction to rule on the petition.

(3) The provisions pertaining to bail, as set forth in Title 46, chapter 9, are applicable to persons arrested pursuant to this section.

(4) Without unnecessary delay, the offender must be brought before the judge, and the offender must be advised of:

(a) the allegations of the petition;

(b) the opportunity to appear and to present evidence in the offender's own behalf;

(c) the opportunity to question adverse witnesses; and

(d) the right to be represented by counsel at the revocation hearing pursuant to Title 46, chapter 8, part 1.

(5) A hearing is required before a suspended or deferred sentence can be revoked or the terms or conditions of the sentence can be modified unless:

(a) the offender admits the allegations and waives the right to a hearing; or

(b) the relief to be granted is favorable to the offender and the prosecutor, after having been given notice of the proposed relief and a reasonable opportunity to object, has not objected. An extension of the term of probation is not favorable to the offender for the purposes of this subsection (5)(b).

(6) (a) At the hearing, the prosecution shall prove, by a preponderance of the evidence, that there has been a violation of:

(i) the terms and conditions of the suspended or deferred sentence; or

(ii) a condition of supervision after release from imprisonment imposed pursuant to *[section 3], [section 4],* 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-602(3), ~~45-5-603(2)(c)~~ *45-5-603(2)(b)*, or 45-5-625(4).

(b) However, when a failure to pay restitution is the basis for the petition, the offender may excuse the violation by showing sufficient evidence that the failure to pay restitution was not attributable to a failure on the offender's part to make a good faith effort to obtain sufficient means to make the restitution payments as ordered.

(7) (a) If the judge finds that the offender has violated the terms and conditions of the suspended or deferred sentence, the judge may:

(i) continue the suspended or deferred sentence without a change in conditions;

(ii) continue the suspended sentence with modified or additional terms and conditions;

(iii) revoke the suspension of sentence and require the offender to serve either the sentence imposed or any sentence that could have been imposed that does not include a longer imprisonment or commitment term than the original sentence; or

(iv) if the sentence was deferred, impose any sentence that might have been originally imposed.

(b) If a suspended or deferred sentence is revoked, the judge shall consider any elapsed time and either expressly allow all or part of the time as a credit against the sentence or reject all or part of the time as a credit. The judge shall state the reasons for the judge's determination in the order. Credit must be allowed for time served in a detention center or home arrest time already served.

(c) If a judge finds that an offender has not violated a term or condition of a suspended or deferred sentence, that judge is not prevented from setting, modifying, or adding conditions of probation as provided in 46-23-1011.

(8) If the judge finds that the prosecution has not proved, by a preponderance of the evidence, that there has been a violation of the terms and conditions of the suspended or deferred sentence, the petition must be dismissed and the offender, if in custody, must be immediately released.

(9) The provisions of this section apply to any offender whose suspended or deferred sentence is subject to revocation regardless of the date of the offender's conviction and regardless of the terms and conditions of the offender's original sentence."

**Section 11.** Section 46-18-205, MCA, is amended to read:

**"46-18-205. Mandatory minimum sentences — restrictions on deferral or suspension.** (1) If the victim was less than 16 years of age, the imposition or execution of the first 30 days of a sentence of imprisonment imposed under the following sections may not be deferred or suspended and the provisions of 46-18-222 do not apply to the first 30 days of the imprisonment:

(3) Except as provided in 46-18-222, the imposition or execution of the first 10 years of a sentence of imprisonment imposed under 45-5-102, deliberate homicide, may not be deferred or suspended.

(4) The provisions of this section do not apply to sentences imposed pursuant to *[section 3], [section 4],* 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-602(3), ~~45-5-603(2)(c)~~ *45-5-603(2)(b),* or 45-5-625(4)."

(b) A person who has been sentenced to life imprisonment without possibility of release may not participate in treatment provided pursuant to this section.

(3) A person who has been ordered to enroll in and successfully complete a phase of a state prison's sexual offender treatment program is not eligible for parole unless that phase of the program has been successfully completed as certified by a sexual offender evaluator to the board of pardons and parole.

(4) (a) Except for an offender sentenced pursuant to *[section 3], [section 4],* 45-5-503(4), 45-5-507(5), 45-5-601(3), 45-5-602(3), ~~45-5-603(2)(c)~~ *45-5-603(2)(b),* or 45-5-625(4), during an offender's term of commitment to the department of corrections or a state prison, the department may place the person in a residential sexual offender treatment program approved by the department under 53-1-203.

(b) If the person successfully completes a residential sexual offender treatment program approved by the department of corrections, the remainder of the term must be served on probation unless the department petitions the sentencing court to amend the original sentencing judgment.

(5) If, following a conviction for a sexual offense as defined in 46-23-502, any portion of a person's sentence is suspended, during the suspended portion of the sentence the person:

(2) the offender's mental capacity, at the time of the commission of the offense for which the offender is to be sentenced, was significantly impaired, although not so impaired as to constitute a defense to the prosecution. However, a voluntarily induced intoxicated or drugged condition may not be considered an impairment for the purposes of this subsection.

(3) the offender, at the time of the commission of the offense for which the offender is to be sentenced, was acting under unusual and substantial duress, although not such duress as would constitute a defense to the prosecution;

**Section 14.** Section 46-18-231, MCA, is amended to read:

**"46-18-231. Fines in felony and misdemeanor cases.** (1) (a) Except as provided in subsection (1)(b), whenever, upon a verdict of guilty or a plea of guilty or nolo contendere, an offender has been found guilty of an offense for which a felony penalty of imprisonment could be imposed, the sentencing judge may, in lieu of or in addition to a sentence of imprisonment, impose a fine only in accordance with subsection (3).

(3) The sentencing judge may not sentence an offender to pay a fine unless the offender is or will be able to pay the fine. In determining the amount and method of payment, the sentencing judge shall take into account the nature of the crime committed, the financial resources of the offender, and the nature of the burden that payment of the fine will impose.

**"76-3-103. Definitions.** As used in this chapter, unless the context or subject matter clearly requires otherwise, the following definitions apply:

(1) "Certificate of survey" means a drawing of a field survey prepared by a registered surveyor for the purpose of disclosing facts pertaining to boundary locations.

(2) "Cluster development" means a subdivision with lots clustered in a group of five or more lots that is designed to concentrate building sites on smaller lots in order to reduce capital and maintenance costs for infrastructure through the use of concentrated public services and utilities, while allowing other lands to remain undeveloped.

(3) "Dedication" means the deliberate appropriation of land by an owner for any general and public use, reserving to the landowner no rights that are incompatible with the full exercise and enjoyment of the public use to which the property has been devoted.

(4) "Division of land" means the segregation of one or more parcels of land from a larger tract held in single or undivided ownership by transferring or contracting to transfer title to ~~or possession of~~ a portion of the tract or properly filing a certificate of survey or subdivision plat establishing the identity of the segregated parcels pursuant to this chapter. The conveyance of a tract of record or an entire parcel of land that was created by a previous division of land is not a division of land.

(5) "Examining land surveyor" means a registered land surveyor appointed by the governing body to review surveys and plats submitted for filing.

(6) "Final plat" means the final drawing of the subdivision and dedication required by this chapter to be prepared for filing for record with the county clerk and recorder and containing all elements and requirements set forth in this chapter and in regulations adopted pursuant to this chapter.

(7) "Governing body" means a board of county commissioners or the governing authority of a city or town organized pursuant to law.

(8) "Immediate family" means a spouse, children by blood or adoption, and parents.

(9) "Minor subdivision" means a subdivision that creates five or fewer lots from a tract of record.

(10) "Planned unit development" means a land development project consisting of residential clusters, industrial parks, shopping centers, or office building parks that compose a planned mixture of land uses built in a prearranged relationship to each other and having open space and community facilities in common ownership or use.

(11) "Plat" means a graphical representation of a subdivision showing the division of land into lots, parcels, blocks, streets, alleys, and other divisions and dedications.

(12) "Preliminary plat" means a neat and scaled drawing of a proposed subdivision showing the layout of streets, alleys, lots, blocks, and other elements of a subdivision that furnish a basis for review by a governing body.

(13) "Public utility" has the meaning provided in 69-3-101, except that for the purposes of this chapter, the term includes county or consolidated city and county water or sewer districts as provided for in Title 7, chapter 13, parts 22 and 23, and municipal sewer or water systems and municipal water supply systems established by the governing body of a municipality pursuant to Title 7, chapter 13, parts 42, 43, and 44.

(14) "Subdivider" means a person who causes land to be subdivided or who proposes a subdivision of land.

(15) "Subdivision" means a division of land or land so divided that it creates one or more parcels containing less than 160 acres that cannot be described as a one-quarter aliquot part of a United States government section, exclusive of public roadways, in order that the title to ~~or possession of~~ the parcels may be sold~~, rented, leased,~~ or otherwise ~~conveyed~~ *transferred* and includes any resubdivision and ~~further includes~~ a condominium. ~~or area, regardless of its size, that provides or will provide multiple space for recreational camping vehicles or mobile homes~~ *The term also means an area, regardless of its size, that provides or will provide multiple spaces for rent or lease on which recreational camping vehicles or mobile homes will be placed*.

(16) (a) "Tract of record" means an individual parcel of land, irrespective of ownership, that can be identified by legal description, independent of any other parcel of land, using documents on file in the records of the county clerk and recorder's office.

(b) Each individual tract of record continues to be an individual parcel of land unless the owner of the parcel has joined it with other contiguous parcels by filing with the county clerk and recorder:

(i) an instrument of conveyance in which the aggregated parcels have been assigned a legal description that describes the resulting single parcel and in which the owner expressly declares the owner's intention that the tracts be merged; or

(ii) a certificate of survey or subdivision plat that shows that the boundaries of the original parcels have been expunged and depicts the boundaries of the larger aggregate parcel.

(c) An instrument of conveyance does not merge parcels of land under subsection (16)(b)(i) unless the instrument states, "This instrument is intended to merge individual parcels of land to form the aggregate parcel(s) described in this instrument" or a similar statement, in addition to the legal description of the aggregate parcels, clearly expressing the owner's intent to effect a merger of parcels."

**Section 10.** Section 76-3-504, MCA, is amended to read:

**"76-3-504. Subdivision regulations — contents.** (1) The subdivision regulations adopted under this chapter must, at a minimum:

(a) list the materials that must be included in a subdivision application in order for the application to be determined to contain the required elements for the purposes of the review required in 76-3-604(1);

(b) except as provided in 76-3-509, 76-3-609, or 76-3-616, require the subdivider to submit to the governing body an environmental assessment as prescribed in 76-3-603;

(c) establish procedures consistent with this chapter for the submission and review of subdivision applications and amended applications;

(d) prescribe the form and contents of preliminary plats and the documents to accompany final plats;

(e) provide for the identification of areas that, because of natural or human-caused hazards, are unsuitable for subdivision development. The regulations must prohibit subdivisions in these areas unless the hazards can be eliminated or overcome by approved construction techniques or other mitigation measures authorized under 76-3-608(4) and (5). Approved construction techniques or other mitigation measures may not include building regulations as defined in 50-60-101 other than those identified by the department of labor and industry as provided in 50-60-901.

(f) prohibit subdivisions for building purposes in areas located within the floodway of a flood of 100-year frequency, as defined by Title 76, chapter 5, or determined to be subject to flooding by the governing body;

(g) prescribe standards for:

(i) the design and arrangement of lots, streets, and roads;

(ii) grading and drainage;

(iii) subject to the provisions of 76-3-511, water supply and sewage and solid waste disposal that meet the:

(A) regulations adopted by the department of environmental quality under 76-4-104 for subdivisions that will create one or more parcels containing less than 20 acres; and

(B) standards provided in 76-3-604 and 76-3-622 for subdivisions that will create one or more parcels containing 20 acres or more and less than 160 acres; and

(iv) the location and installation of public utilities;

(h) provide procedures for the administration of the park and open-space requirements of this chapter;

(i) provide for the review of subdivision applications by affected public utilities and those agencies of local, state, and federal government identified during the preapplication consultation conducted pursuant to subsection (1)(q) or those having a substantial interest in a proposed subdivision. A public utility or agency review may not delay the governing body's action on the application beyond the time limits specified in this chapter, and the failure of any agency to complete a review of an application may not be a basis for rejection of the application by the governing body.

(j) when a subdivision creates parcels with lot sizes averaging less than 5 acres, require the subdivider to:

(i) reserve all or a portion of the appropriation water rights owned by the owner of the land to be subdivided and transfer the water rights to a single entity for use by landowners within the subdivision who have a legal right to the water and reserve and sever any remaining surface water rights from the land;

(ii) if the land to be subdivided is subject to a contract or interest in a public or private entity formed to provide the use of a water right on the subdivision lots, establish a landowner's water use agreement administered through a single entity that specifies administration and the rights and responsibilities of landowners within the subdivision who have a legal right and access to the water; or

(iii) reserve and sever all surface water rights from the land;

(k) (i) except as provided in subsection (1)(k)(ii), require the subdivider to establish ditch easements in the subdivision that:

(A) are in locations of appropriate topographic characteristics and sufficient width to allow the physical placement and unobstructed maintenance of open ditches or belowground pipelines for the delivery of water for irrigation to persons and lands legally entitled to the water under an appropriated water right or permit of an irrigation district or other private or public entity formed to provide for the use of the water right on the subdivision lots;

(B) are a sufficient distance from the centerline of the ditch to allow for construction, repair, maintenance, and inspection of the ditch; and

(C) prohibit the placement of structures or the planting of vegetation other than grass within the ditch easement without the written permission of the ditch owner.

(ii) Establishment of easements pursuant to this subsection (1)(k) is not required if:

(A) the average lot size is 1 acre or less and the subdivider provides for disclosure, in a manner acceptable to the governing body, that adequately notifies potential buyers of lots that are classified as irrigated land and may continue to be assessed for irrigation water delivery even though the water may not be deliverable; or

(B) the water rights are removed or the process has been initiated to remove the water rights from the subdivided land through an appropriate legal or administrative process and if the removal or intended removal is denoted on the preliminary plat. If removal of water rights is not complete upon filing of the final plat, the subdivider shall provide written notification to prospective buyers of the intent to remove the water right and shall document that intent, when applicable, in agreements and legal documents for related sales transactions.

(l) require the subdivider, unless otherwise provided for under separate written agreement or filed easement, to file and record ditch easements for unobstructed use and maintenance of existing water delivery ditches, pipelines, and facilities in the subdivision that are necessary to convey water through the subdivision to lands adjacent to or beyond the subdivision boundaries in quantities and in a manner that are consistent with historic and legal rights;

(m) require the subdivider to describe, dimension, and show public utility easements in the subdivision on the final plat in their true and correct location. The public utility easements must be of sufficient width to allow the physical placement and unobstructed maintenance of public utility facilities for the provision of public utility services within the subdivision.

(n) establish whether the governing body, its authorized agent or agency, or both will hold public hearings;

(o) establish procedures describing how the governing body or its agent or agency will address information presented at the hearing or hearings held pursuant to 76-3-605 and 76-3-615;

(p) establish criteria that the governing body or reviewing authority will use to determine whether a proposed method of disposition using the exemptions provided in 76-3-201 or 76-3-207 is an attempt to evade the requirements of this chapter. The regulations must provide for an appeals process to the governing body if the reviewing authority is not the governing body.

(q) establish a preapplication process that:

(i) requires a subdivider to meet with the authorized agent or agency, other than the governing body, that is designated by the governing body to review subdivision applications prior to the subdivider submitting the application;

(ii) requires, for informational purposes only, identification of the state laws, local regulations, and growth policy provisions, if a growth policy has been adopted, that may apply to the subdivision review process;

(iii) requires a list to be made available to the subdivider of the public utilities, those agencies of local, state, and federal government, and any other entities that may be contacted for comment on the subdivision application and the timeframes that the public utilities, agencies, and other entities are given to respond. If, during the review of the application, the agent or agency designated by the governing body contacts a public utility, agency, or other entity that was

not included on the list originally made available to the subdivider, the agent or agency shall notify the subdivider of the contact and the timeframe for response.

(iv) requires that a preapplication meeting take place no more than 30 days from the date that the authorized agent or agency receives a written request for a preapplication meeting from the subdivider; and

(v) establishes a time limit after a preapplication meeting by which an application must be submitted as provided in 76-3-604;

(r) ~~requires~~ *require* that the written decision required by 76-3-620 must be provided to the applicant within 30 working days following a decision by the governing body to approve, conditionally approve, or deny a subdivision~~.~~*;*

*(s) establish criteria for reviewing an area, regardless of its size, that provides or will provide multiple space for recreational camping vehicles or mobile homes.*

(2) In order to accomplish the purposes described in 76-3-501, the subdivision regulations adopted under 76-3-509 and this section may include provisions that are consistent with this section that promote cluster development.

(3) The governing body may establish deadlines for submittal of subdivision applications."

**Section 11.** Section 76-4-125, MCA, is amended to read:

**"76-4-125. Review of subdivision application — land divisions excluded from review.** (1) Except as provided in subsection (2), an application for review of a subdivision must be submitted to the reviewing authority. The review by the reviewing authority must be as follows:

(a) At any time after the developer has submitted an application under the Montana Subdivision and Platting Act, the developer shall present a subdivision application to the reviewing authority. The application must include preliminary plans and specifications for the proposed development, whatever information the developer feels necessary for its subsequent review, any public comments or summaries of public comments collected as provided in 76-3-604(7), and information required by the reviewing authority. Subdivision fees assessed by the reviewing authority must accompany the application. If the proposed development includes onsite sewage disposal facilities, the developer shall notify the designated agent of the local board of health prior to presenting the subdivision application to the reviewing authority. The agent may conduct a preliminary site assessment to determine whether the site meets applicable state and local requirements.

(b) Within 5 working days after receipt of an application that is not subject to review by a local reviewing authority under 76-4-104, the department shall provide a written notice for informational purposes to the applicant if the application does not include a copy of the certification from the local health department required by 76-4-104(6)(j) or, if applicable, contain an approval from the local governing body under Title 76, chapter 3, together with any public comments or summaries of public comments collected as provided in 76-3-604(7)(a).

(c) If the reviewing authority denies an application and the applicant resubmits a corrected application within 30 days after the date of the denial letter, the reviewing authority shall complete review of the resubmitted application within 30 days after receipt of the resubmitted application. If the review of the resubmitted application is conducted by a local department or board of health that is certified under 76-4-104, the department shall make a

final decision on the application within 10 days after the local reviewing authority completes its review.

(d) Except as provided in 75-1-205(4) and 75-1-208(4)(b), the department shall make a final decision on the proposed subdivision within 55 days after the submission of a complete application and payment of fees to the reviewing authority unless an environmental impact statement is required, at which time this deadline may be increased to 120 days. The reviewing authority may not request additional information for the purpose of extending the time allowed for a review and final decision on the proposed subdivision. If the department approves the subdivision, the department shall issue a certificate of subdivision approval indicating that it has approved the plans and specifications and that the subdivision is not subject to a sanitary restriction.

(2) A subdivision excluded from the provisions of chapter 3 must be submitted for review according to the provisions of this part, except that the following divisions or parcels, unless the exclusions are used to evade the provisions of this part, are not subject to review:

(a) the ~~exclusions~~ *exclusion* cited in 76-3-201 ~~and 76-3-204~~;

(b) divisions made for the purpose of acquiring additional land to become part of an approved parcel, provided that water or sewage disposal facilities may not be constructed on the additional acquired parcel and that the division does not fall within a previously platted or approved subdivision;

(c) divisions made for purposes other than the construction of water supply or sewage and solid waste disposal facilities as the department specifies by rule;

(d) divisions located within jurisdictional areas that have adopted growth policies pursuant to chapter 1 or within first-class or second-class municipalities for which the governing body certifies, pursuant to 76-4-127, that adequate storm water drainage and adequate municipal facilities will be provided; and

(e) subject to the provisions of subsection (3), a remainder of an original tract created by segregating a parcel from the tract for purposes of transfer if:

(i) the remainder is served by a public or multiple-user sewage system approved before January 1, 1997, pursuant to local regulations or this chapter; or

(ii) the remainder is 1 acre or larger and has an individual sewage system serving a discharge source that was in existence prior to April 29, 1993, and, if required when installed, the system was approved pursuant to local regulations or this chapter.

(3) Consistent with the applicable provisions of 50-2-116, a local health officer may require that, prior to the filing of a plat or a certificate of survey subject to review under this part for the parcel to be segregated from the remainder referenced in subsection (2)(e)(ii), the remainder include acreage or features sufficient to accommodate a replacement drainfield."

**Section 12.** Section 76-6-203, MCA, is amended to read:

**"76-6-203. Types of permissible easements.** Easements or restrictions under this chapter may prohibit or limit any or all of the following:

(1) structures—construction or placing of buildings, camping trailers, housetrailers, mobile homes, roads, signs, billboards or other advertising, utilities, or other structures on or above the ground;

**Section 13.** Section 76-7-203, MCA, is amended to read:

**"76-7-203. Permissible easements.** (1) An environmental control easement under this chapter may prohibit or limit the following activities or uses:

(a) constructing or placing of buildings, camping trailers, housetrailers, mobile homes, roads, or other structures on or above the ground;

(b) dumping or placing of soil, debris, or other wastes or substances as landfill or dumping or placing of trash, waste, or unsightly or offensive materials;

**Section 14. Repealer.** The following sections of the Montana Code Annotated are repealed:

# CHAPTER NO. 380

[HB 2]

AN ACT APPROPRIATING MONEY TO VARIOUS STATE AGENCIES FOR THE BIENNIUM ENDING JUNE 30, 2015; AND PROVIDING AN EFFECTIVE DATE.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Short title.** [This act] may be cited as "The General Appropriations Act of 2013".

**Section 2. First level expenditures.** The agency and program appropriation tables in the legislative fiscal analyst narrative accompanying this bill, showing first level expenditures and funding for the 2015 biennium, are adopted as legislative intent.

**Section 3. Legislative intent.** It is the intent of the legislature that the appropriations for personal services contained in this bill for fiscal year 2014 and fiscal year 2015, except for the reductions contained in decision packages that remove an additional vacancy savings amount, are supported by only the number of FTE that are funded. It is the intent of the legislature that this net level of FTE is the level that will be used to calculate personal services funding in the next biennium.

**Section 4. Severability.** If any section, subsection, sentence, clause, or phrase of [this act] is for any reason held unconstitutional, the decision does not affect the validity of the remaining portions of [this act].

**Section 5. Appropriation control.** An appropriation item designated "Biennial" may be spent in either year of the biennium. An appropriation item designated "Restricted" may be used during the biennium only for the purpose designated by its title and as presented to the legislature. An appropriation item designated "One Time Only" or "OTO" may not be included in the present law base for the 2017 biennium. The office of budget and program planning shall establish a separate appropriation on the statewide accounting, budgeting, and human resource system for any item designated "Biennial", "Restricted", "One Time Only", or "OTO". The office of budget and program planning shall establish at least one appropriation on the statewide accounting, budgeting, and human resource system for any appropriation that appears as a separate line item in [this act].

**Section 6. Program definition.** As used in [this act], "program" has the same meaning as defined in 17-7-102, is consistent with the management and accountability structure established on the statewide accounting, budgeting, and human resource system, and is identified as a major subdivision of an agency ordinally numbered with an Arabic numeral.

**Section 7. Totals not appropriations.** The totals shown in [this act] are for informational purposes only and are not appropriations.

**Section 8. Effective date.** [This act] is effective July 1, 2013.

Because state employee benefit plans require a large number of individual contributions for a variety of benefit options, because the portion of the contributions paid by the state is statutorily established in 2-18-703, and because the employee and

retiree-paid portion of those contributions must be adjusted from time to time to meet the requirements of 2-18-812(1) to maintain state employee group benefit plans on an actuarially sound basis, the legislature defines "rates and fees" for state employee programs to mean the state contribution toward employee group benefits provided for in 2-18-703 and the employee contribution toward group benefits necessary to meet the requirements of 2-18-812(1).

(2) satisfactory completion of conditions described in the recommendation section of the project narrative of the renewable resource grant and loan program report to the legislature for the biennium ending June 30, 2015, or, in

the case of grants issued under [section 1(1)], completion of conditions specified at the time of written notification of approved grant authority;

**Section 8. Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

However, a grant recipient's entitlement to receive funds is dependent on the grant recipient's compliance with the conditions described in [section 3(1)] and on the availability of funds.

(5) Funding for projects in subsection (3) will be provided only as long as there are sufficient funds available from the amount that was deposited into the treasure state endowment state special revenue account during the biennium beginning July 1, 2013. Funding for these projects will be made available in the order that the grant recipients satisfy the conditions described in [section 3(1)]. However, any of the projects listed in subsection (3) that have not completed the conditions described in [section 3(1)] by September 30, 2014, must be reviewed by the next regular session of the legislature to determine if the authorized grant should be withdrawn.

(6) Grant recipients shall complete all of the conditions described in [section 3(1)] by September 30, 2016, or any obligation to the grant recipient will cease.

**Section 2. Approval of grants — completion of biennial appropriation.** (1) The legislature, pursuant to 90-6-701, authorizes grants for the projects identified in [section 1(3)], the emergency infrastructure projects in [section 5], and for the infrastructure planning grants in [section 6].

(2) The authorization of these grants completes a biennial appropriation from the treasure state endowment special revenue account provided for in 17-5-703(3)(c).

**Section 3. Condition of grants — disbursements of funds.** (1) The disbursement of grant funds for the projects specified in [section 1(3)] is subject to completion of the following conditions:

(a) The grant recipient shall document that other matching funds required for completion of the project are firmly committed.

(b) The grant recipient must have a project management plan that is approved by the department of commerce.

(c) The grant recipient must be in compliance with the auditing and reporting requirements provided for in 2-7-503 and have established a financial accounting system that the department can reasonably ensure conforms to generally accepted accounting principles. Tribal governments shall comply with auditing and reporting requirements provided for in OMB Circular A-133.

(2) With the exception of bridges, all projects must adhere to the design standards required by the department of environmental quality. Recipients of treasure state endowment program funds that are not subject to the department of environmental quality design standards must adhere to generally accepted industry standards, such as Recommended Standards for Wastewater Facilities or Recommended Standards for Water Works, published by the Great Lakes-Upper Mississippi River Board of State and Provincial Public Health and Environmental Managers, latest edition.

(a) reduce the amount of grant funds to be provided to grant recipients in proportion to all other project funding sources;

(b) authorize the use of the remaining authorized grant amounts for the construction of additional infrastructure components directly related to the approved project that will further enhance the overall system; or

(c) reduce the amount of grant funds to be provided so that the grant recipient's projected average residential user rates do not become lower than their target rate as determined by the department.

(3) If the grant recipient obtains a greater amount of grant funds than was contained in the treasure state endowment program application, the department may reduce the amount of the treasure state endowment program grant funds to be provided to ensure that the grant recipient continues to meet the threshold requirements contained in program guidelines for receiving the larger treasure state endowment program grant.

**Section 5. Appropriations from treasure state endowment state special revenue account for emergency grants.** There is appropriated to the department of commerce $100,000 for the biennium beginning July 1, 2013, from the interest earnings of the treasure state endowment state special revenue account for the purpose of providing local governments, as defined in 90-6-701, with emergency grants for infrastructure projects, as defined in 90-6-701.

**Section 6. Appropriations from treasure state endowment state special revenue account for infrastructure planning grants.** There is appropriated to the department of commerce $900,000 for the biennium beginning July 1, 2013, from the interest earnings of the treasure state endowment state special revenue account for the purpose of providing local governments, as defined in 90-6-701, with infrastructure planning grants for infrastructure projects as defined in 90-6-701.

(2) The Fort Peck-Dry Prairie rural water authority and the Rocky Boys-North Central Montana regional water authority are authorized to receive the funds appropriated in subsection (1).

(3) A regional water authority's receipt of funds is dependent on the authority's compliance with the conditions described in [section 9(1)].

(4) This section constitutes a valid obligation of funds to the regional water authorities listed in subsection (2) for purposes of encumbering the treasure state endowment regional water system special revenue account funds received during the biennium beginning July 1, 2013, under 17-7-302.

**Section 8. Approval of funds — completion of appropriation.** (1) The legislature, pursuant to 90-6-715, authorizes funds for the regional water authorities identified in [section 7(2)].

(2) The authorization of these funds completes an appropriation from the treasure state endowment regional water system special revenue account provided for in 17-5-703(3)(d).

**Section 9. Conditions — manner of disbursements of funds.** (1) The disbursement of funds under [sections 7 and 8] is subject to completion of the following conditions:

(7) The department may promulgate rules not inconsistent with the provisions of this part, collective bargaining statutes, or negotiated contracts to carry out the purposes of this part.

(8) Nothing in this part prohibits the board of regents from engaging in negotiations with the collective bargaining units representing the classified staff of the university system."

**Section 2.** Section 2-18-303, MCA, is amended to read:

**"2-18-303. Procedures for administering broadband pay plan.** (1) On the first day of the first complete pay period in fiscal year ~~2010~~ *2014*, each employee is entitled to the amount of the employee's base salary as it was on June 30, ~~2009~~ *2013*.

(2) An employee's base salary may be no less than the minimum salary of the pay band to which the employee's position is allocated.

(3) ~~All full-time employees whose base pay is $45,000 or less annually will receive a one-time lump-sum payment of $450 for the first full pay period after July 1, 2009. All part-time employees who are regularly scheduled to work 20 hours or more per week and whose base pay is $21.635 per hour or less will receive a one-time lump-sum payment of $225 for the first full pay period after July 1, 2009.~~ *Funds appropriated under [section 3(1)] must be used to increase the base pay for each employee. The base pay of employees must be increased as determined by the executive branch, including those subject to the provisions of Title 39, chapter 31, with particular attention to the lower pay bands and those who did not receive a base pay increase during the biennium beginning July 1, 2011.*

(4) (a) (i) A member of a bargaining unit may not receive the pay adjustment provided for in subsection (3) until the employer's collective bargaining representative receives written notice that the employee's collective bargaining unit has ratified a collective bargaining agreement.

(ii) If ratification of a collective bargaining agreement, as required by subsection (4)(a)(i), is not completed by the date on which a legislatively authorized pay increase is implemented, members of the bargaining unit must continue to receive the compensation that they were receiving until an agreement is ratified.

(b) Methods of administration consistent with the purpose of this part and necessary to properly implement the pay adjustments provided for in this section may be provided for in collective bargaining agreements.

(5) (a) Montana highway patrol officer base salaries must be established through the broadband pay plan. Before January 1 of each odd-numbered year, the department shall, after seeking the advice of the Montana highway patrol, conduct a salary survey to be used in establishing the base salary for existing and entry-level highway patrol officer positions. The county sheriff's offices in the following consolidated governments and counties are the labor market for purposes of the survey: Butte-Silver Bow, Cascade, Yellowstone, Missoula, Lewis and Clark, Gallatin, Flathead, and Dawson. The base salary for existing and entry-level highway patrol officer positions must then be determined by the department of justice, using the results of the salary survey and the department of justice pay plan guidelines. Base or biennial salary increases under this subsection are exclusive of and not in addition to any increases otherwise awarded to other state employees after July 1, 2006.

(b) To the extent that the plan applies to employees within a collective bargaining unit, the implementation of the plan is a negotiable subject under 39-31-305.

(c) The department of justice shall submit the salary survey to the office of budget and program planning as a part of the information required by 17-7-111.

(d) The salary survey and plan must be completed at least 6 months before the start of each regular legislative session."

**Section 3.** Section 2-18-703, MCA, is amended to read:

**"2-18-703. Contributions.** (1) Each agency, as defined in 2-18-601, and the state compensation insurance fund shall contribute the amount specified in this section toward the group benefits cost.

(2) For employees defined in 2-18-701 and for members of the legislature, the employer contribution for group benefits is ~~$626~~ *$733* a month from January ~~2009~~ *2011* through December ~~2009~~ *2013*, ~~$679~~ *$806* a month from January ~~2010~~ *2014* through December ~~2010~~ *2014*, and ~~$733~~ *$887* for January ~~2011~~ *2015* and for each succeeding month. For employees of the Montana university system, the employer contribution for group benefits is ~~$626~~ *$806* a month from July ~~2008~~ *2013* through June ~~2009~~ *2014, ~~$679~~ and $887* a month from July ~~2009~~ *2014* ~~through June 2010, and $733 for July 2010~~ and for each succeeding month. If a state employee is terminated to achieve a reduction in force, the continuation of contributions for group benefits beyond the termination date is subject to negotiation under 39-31-305 *and to the protections of 2-18-1205*. Permanent part-time, seasonal part-time, and temporary part-time employees who are regularly scheduled to work less than 20 hours a week are not eligible for the group benefit contribution. An employee who elects not to be covered by a state-sponsored group benefit plan may not receive the state contribution. A portion of the employer contribution for group benefits may be applied to an employee's costs for participation in Part B of medicare under Title XVIII of the Social Security Act, as amended, if the state group benefit plan is the secondary payer and medicare the primary payer.

(3) For employees of elementary and high school districts, the employer's contributions may exceed but may not be less than $10 a month.

(4) (a) For employees of political subdivisions, as defined in 2-9-101, except school districts, the employer's contributions may exceed but may not be less than $10 a month.

(b) Subject to the public hearing requirement provided in 2-9-212(2)(b), the amount in excess of the base contribution of a local government's property tax levy for contributions for group benefits as determined in subsection (4)(c) is not subject to the mill levy calculation limitation provided for in 15-10-420.

(c) (i) Subject to subsections (4)(c)(ii) and (4)(c)(iii), the base contribution is determined by multiplying the average annual contribution for each employee on July 1, 1999, times the number of employees for whom the employer makes contributions for group benefits under 2-9-212 on July 1 of each fiscal year.

(ii) If a political subdivision did not make contributions for group benefits on or before July 1, 1999, and subsequently does so, the base contribution is determined by multiplying the average annual contribution for each employee in the first year the political subdivision provides contributions for group benefits times the number of employees for whom the employer makes contributions for group benefits under 2-9-212 on July 1 of each fiscal year.

(iii) If a political subdivision has made contributions for group benefits but has not previously levied for contributions in excess of the base contribution, the political subdivision's base is determined by multiplying the average annual contribution for each employee at the beginning of the fiscal year immediately preceding the year in which the levy will first be levied times the number of employees for whom the employer made contributions for group benefits under 2-9-212 in that fiscal year.

(5) Unused employer contributions for any state employee must be transferred to an account established for this purpose by the department of administration and upon transfer may be used to offset losses occurring to the group of which the employee is eligible to be a member.

(6) Unused employer contributions for any government employee may be transferred to an account established for this purpose by a self-insured government and upon transfer may be used to offset losses occurring to the group of which the employee is eligible to be a member or to increase the reserves of the group.

(7) The laws prohibiting discrimination on the basis of marital status in Title 49 do not prohibit bona fide group insurance plans from providing greater or additional contributions for insurance benefits to employees with dependents than to employees without dependents or with fewer dependents."

~~(b) that is based upon allegations or transactions that are the subject of a civil suit or an administrative civil penalty proceeding in which an agency of the governmental entity is already a party;~~

~~(c) that is based upon the public disclosure of allegations or transactions in a criminal, civil, or administrative hearing or in an investigation, report, hearing, or audit conducted by or at the request of the senate or house of representatives, the state auditor or legislative auditor, the auditor or legislative body of a political subdivision, or the news media, unless the person has direct and independent knowledge of the information on which the allegations are based and, before filing the complaint or civil action, voluntarily provided the information to the agency of the governmental entity that is involved with the claim that is the basis for the complaint or civil action and unless the information provided the basis or catalyst for the investigation, report, hearing, or audit that led to the public disclosure; or~~

~~(d) that is based upon information discovered by a present or former employee of the governmental entity during the course of employment unless the employee first, in good faith, exhausted existing internal procedures for reporting and seeking recovery of the falsely claimed sums through official channels and the governmental entity failed to act on the information provided within a reasonable period of time.~~

*(8) The amount of the civil penalty set forth in subsections (1) and (2) must be adjusted for inflation in a manner consistent with the Federal Civil Penalties Inflation Adjustment Act of 1990, Public Law 101-410.*

*(9) If a governmental entity does not intervene, the person who initiated the action has the same right to conduct the action as the government attorney would have had if the governmental entity had intervened, including the right to inspect government records and interview officers and employees of the governmental entity.*"

**Section 3.** Section 17-8-404, MCA, is amended to read:

**"17-8-404. Limitation of actions.** (1) A complaint or civil action filed under 17-8-405 or 17-8-406 must be brought by the later of:

(a) 6 years after the date on which the violation was committed; or

(b) 3 years after the date when facts material to the right of action are known or reasonably should have been known by the official of the governmental entity charged with responsibility to act in the circumstances.

(2) In no event may an action brought pursuant to subsection (1)(b) be brought more than 10 years after the date on which the violation was committed.

*(3) If the governmental entity elects to intervene in any action brought under 17-8-406, the complaint in intervention must relate back to the filing date of the*

*original complaint to the extent that the governmental entity's claim arises out of the conduct, transactions, or occurrences set forth or attempted to be set forth in the original complaint.*"

**Section 4.** Section 17-8-410, MCA, is amended to read:

**"17-8-410. Distribution of damages and civil penalty.** (1) Except as provided in subsection (2), if the government attorney proceeds with an action brought by a person pursuant to 17-8-406, the person must receive at least 15% but not more than 25% of the proceeds recovered and collected in the action or in settlement of the claim, depending on the extent to which the person substantially contributed to the prosecution of the action.

(2) (a) The court may award an amount it considers appropriate but in no case more than 10% of the proceeds in an action that the court finds to be based primarily on disclosures of specific information, other than information provided by the person bringing the action, relating to allegations or transactions disclosed through:

(i) a criminal, civil, or administrative hearing;

(ii) a legislative, administrative, auditor, or inspector general report, hearing, audit, or investigation; or

(iii) the news media.

(b) In determining the award, the court shall take into account the significance of the information and the role of the person bringing the action in advancing the case to litigation.

(3) Any payment to a person bringing an action pursuant to this part may be made only from the proceeds recovered and collected in the action or in settlement of the claim. The person must also receive an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorney fees and costs. The expenses, fees, and costs must be awarded against the defendant.

(4) If the government attorney does not proceed with an action pursuant to 17-8-406, the person bringing the action or settling the claim must receive an amount that the court decides is reasonable for collecting the civil penalty and damages on behalf of the government attorney or governmental entity. The amount may not be less than 25% or more than 30% of the proceeds recovered and collected in the action or settlement of the claim and must be paid out of the proceeds. The person must also receive an amount for reasonable expenses that the court finds were necessarily incurred, plus reasonable attorney fees and costs. All expenses, fees, and costs must be awarded against the defendant.

(5) Whether or not the government attorney proceeds with the action, if the court finds that the action was brought by a person who planned~~,~~ *and* initiated~~, or knowingly participated in~~ the violation of 17-8-403, the court may, to the extent the court considers appropriate, reduce or eliminate the share of the proceeds of the action that the person would otherwise receive pursuant to subsections (1) through (4) of this section, taking into account the role of the person in advancing the case to litigation and any relevant circumstances pertaining to the violation. If the person bringing the action is convicted of criminal conduct arising from the person's role in the violation of this part, the person must be dismissed from the civil action and may not receive any share of the proceeds of the action. The dismissal does not prejudice the right of the government attorney to continue the action.

(6) The governmental entity is entitled to any damages and civil penalty not awarded to the person, and the damages and civil penalty must be deposited in

the general fund of the governmental entity, except that if a trust fund of the governmental entity suffered a loss as a result of the defendant's actions, the trust fund must first be fully reimbursed for the loss and the remainder of the damages and any civil penalty must be deposited in the general fund of the governmental entity.

(7) Unless otherwise provided, the remedies or penalties provided by this part are cumulative to each other and to the remedies or penalties available under all other laws of the state."

**Section 5.** Section 17-8-411, MCA, is amended to read:

**"17-8-411. Costs and attorney fees.** The governmental entity that filed a civil action or intervened is entitled to reasonable costs and attorney fees if the action is settled favorably for the governmental entity or the governmental entity prevails. In an action in which outside counsel is engaged by a government attorney, the costs and attorney fees awarded to that counsel must equal the outside counsel's charges reasonably incurred for costs and attorney fees in prosecuting the action. In any other actions in which costs and attorney fees are awarded to the governmental entity, they must be calculated by reference to the hourly rate charged by the department of justice agency legal services bureau for the provision of legal services to state agencies, multiplied by the number of attorney hours devoted to the prosecution of the action, plus the actual cost of any expenses reasonably incurred in the prosecution of the action. A person who is a plaintiff or coplaintiff is entitled to ~~an amount or~~ reasonable expenses that the court finds to have been necessarily incurred, plus reasonable costs and attorney fees, if the action is settled favorably for the governmental entity or the governmental entity prevails in the action. ~~A~~ *A* defendant in a civil action brought pursuant to this part who prevails in an action that is not settled and that the court finds was clearly frivolous or brought solely for harassment purposes is entitled to the defendant's reasonable costs and attorney fees~~, which must be equitably apportioned against the person who brought the action and the governmental entity if a person and a governmental entity were coplaintiffs~~. *If the governmental entity does not intervene, it is not responsible for any of the defendant's fees and costs.*"

**Section 6.** Section 17-8-412, MCA, is amended to read:

**"17-8-412. ~~Prohibitions on employers — employee~~ *Retaliatory actions prohibited* — remedies.** (1) A governmental entity*,* ~~or~~ private entity*, or person* may not adopt or enforce a rule, regulation, or policy preventing an employee*, agent, or contractor* from disclosing information to a government or law enforcement agency with regard to or from acting in furtherance of an investigation of a violation of 17-8-403 or an action brought pursuant to 17-8-405 or 17-8-406.

(2) A governmental entity*,* ~~or~~ private entity*, or person* may not discharge, demote, suspend, threaten, harass, or deny promotion to or in any other manner discriminate against an employee*, agent, or contractor* in the terms and conditions of employment*, agency, or contract* because of the ~~employee's~~ disclosure *by the employee, agent, or contractor* of information to a government or law enforcement agency pertaining to a violation of 17-8-403.

(3) ~~(a) A governmental entity or private entity that violates the provisions of subsection (2) is liable for:~~

~~(i) reinstatement to the same position with the same seniority status, salary, benefits, and other conditions of employment that the employee would have had but for the discrimination;~~

~~(ii) back pay plus interest on the back pay;~~

~~(iii) compensation for any special damages sustained as a result of the discrimination; and~~

~~(iv) reasonable court or administrative proceeding costs and reasonable attorney fees.~~

~~(b) An employee may file an action for the relief provided in this subsection (3).~~

*An employee, contractor, or agent is entitled to all relief necessary to make the employee, contractor, or agent whole if the employee, contractor, or agent is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment because of lawful acts done by the employee, contractor, or agent or associated others in furtherance of an action under this part or other efforts to stop one or more violations of this part.*

*(4) Relief under subsection (3) includes reinstatement with the same seniority status the employee, contractor, or agent would have had but for the discrimination, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorney fees. A civil action may be brought in the appropriate district court of the state for the relief provided in this subsection.*

*(5) A civil action under this section may not be brought more than 3 years after the date on which the retaliation occurred.*"

**Section 7. Reporting.** Beginning February 15, 2014, and by February 15 of each year, the attorney general shall submit to the law and justice interim committee a report containing the following information:

(1) the number of cases filed under the Montana False Claims Act, Title 17, chapter 8, part 4, that were pending in the state during the previous calendar year;

(2) the number of cases filed under the Montana False Claims Act that were settled during the previous calendar year;

AN ACT PROVIDING ADDITIONAL FUNDING FOR THE TEACHERS' RETIREMENT SYSTEM; CREATING TWO MEMBERSHIP TIERS WITHIN THE SYSTEM; INCREASING THE NORMAL CONTRIBUTION RATE FOR NEW MEMBERS; ENACTING A SUPPLEMENTAL CONTRIBUTION RATE FOR CURRENT MEMBERS; AUTHORIZING THE TEACHERS' RETIREMENT BOARD TO IMPOSE A SUPPLEMENTAL CONTRIBUTION RATE FOR TIER TWO MEMBERS AND EMPLOYERS; AUTHORIZING THE TEACHERS' RETIREMENT BOARD TO INCREASE OR DECREASE ANY SUPPLEMENTAL CONTRIBUTION RATE ACCORDING TO CERTAIN ACTUARIALLY DETERMINED FUNDING STANDARDS; REVISING HOW AVERAGE FINAL COMPENSATION IS CALCULATED FOR NEW MEMBERS; REVISING ELIGIBILITY FOR EARLY AND NORMAL RETIREMENT AND FOR DEATH AND DISABILITY BENEFITS FOR NEW MEMBERS; ESTABLISHING AN INCREASED NORMAL RETIREMENT BENEFIT FOR CERTAIN NEW MEMBERS; REVISING THE GUARANTEED ANNUAL BENEFIT ADJUSTMENT FOR NEW AND CURRENT MEMBERS; DECREASING THE CAP ON SCHOOL DISTRICT RETIREMENT FUND OPERATING RESERVES AND PROVIDING THAT ANY RESERVES IN EXCESS OF THE CAP BE PAID TO THE TEACHERS' RETIREMENT SYSTEM; PROVIDING APPROPRIATIONS; SPECIFYING A TIMETABLE FOR THE PAYMENT OF STATE TRANSPORTATION REIMBURSEMENT TO THE SCHOOL DISTRICTS; AMENDING SECTIONS 19-20-101, 19-20-208, 19-20-409, 19-20-427, 19-20-602, 19-20-605, 19-20-607, 19-20-716, 19-20-719, 19-20-732, 19-20-801, 19-20-802, 19-20-804, 19-20-805, 19-20-901, 19-20-1001, 20-9-501, AND 20-10-145, MCA; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Article VIII, section 15, of the Montana Constitution requires that "Public retirement systems shall be funded on an actuarially sound basis"; and

WHEREAS, Article VIII, section 15, of the Montana Constitution requires that "Public retirement system assets, including income and actuarially required contributions, shall not be encumbered, diverted, reduced, or terminated and shall be held in trust to provide benefits to participants and their beneficiaries and to defray administrative expenses"; and

WHEREAS, the unprecedented collapse of the financial markets in 2008 through 2009 and the subsequent slow rate of economic recovery has resulted in little or no prospect that current statutory contribution rates together with future market returns will be sufficient to fund the Teachers' Retirement System on an actuarially sound basis, and current contributions remain insufficient to pay the past and future accruals of retirement benefits for members currently in the system; and

WHEREAS, failure to return the system to a position of actuarially sound funding places the benefits to be paid to current system participants in jeopardy and results in collection of employee contributions for which future benefits may not be guaranteed; and

WHEREAS, the current and increasing level of unfunded liabilities has the potential to compromise the credit ratings of the state of Montana and of local government entities, including public school districts; and

WHEREAS, because reasonable increases in employer contributions and reasonable reductions in benefits for future participants alone will not be sufficient to return the system to a position of actuarially sound funding, increased contributions for current and future participants and reduced benefits for future participants are also necessary to return the system to a position of actuarially sound funding; and

WHEREAS, section 19-20-501, MCA, provides that benefits and refunds to eligible recipients are payable pursuant to a contract as contained in statute, and this proposed legislation does not diminish the current or future pension benefits promised to current system participants; and

WHEREAS, during the past two legislative sessions and interims, the Legislature, interim committees, the retirement system board and staff, and the Governor's office have analyzed a range of alternatives for returning the system to a position of actuarially sound funding without raising contract impairment issues for current members, but recent actuarial analysis continues to show that the system remains actuarially unsound; and

WHEREAS, due to significant strains on the Montana economy, state and local government budgets, and taxpayers, a modest supplemental contribution rate increase of 1% applied to current retirement system members, with appropriate mechanisms to reduce or terminate the supplemental contribution rate as system funding improves, in conjunction with additional employer and state contributions, is, pursuant to the language of U.S. Trust Company of New York v. New Jersey, 431 U.S. 1 (1977), concerning contract impairment, reasonable and necessary and is the least impairing alternative available to the Legislature as it seeks to fulfill its constitutional obligation to ensure the retirement system is funded in an actuarially sound manner.

*Be it enacted by the Legislature of the State of Montana:*

**Section 3.** Section 19-20-409, MCA, is amended to read:

**"19-20-409. Transfer of service credits and contributions from public employees' retirement system.** (1) An active member may at any time before retirement file a written application with the retirement board to purchase all of the member's previous creditable service in the public employees' retirement system. (b) if a written application to purchase service is signed on or after July 1, 2012, at the actuarially assumed interest rate in effect on the date the written application is signed.

(2) The redeposit must be made in accordance with 19-20-415."

**"19-20-716. Termination pay.** (1) If a member terminates and receives termination pay at the time of retirement, the member shall select, subject to subsections (5) and (6), by signing a binding, irrevocable written election at least 90 days before the member's termination date, one of the following options:

(a) Option 1—The member may use the total termination pay in the calculation of the member's average final compensation. The member and the employer shall pay contributions to the retirement system as determined by the board to adequately compensate the system for the additional retirement benefit. The contributions must be made at the time of termination.

(b) Option 2—The member may use a yearly amount of the total termination pay added to each of the 3 consecutive years' salary used in the calculation of the member's average final compensation. To determine the amount of termination pay used in the calculation of average final compensation, termination pay must be divided by the total number of years of creditable service to determine a yearly amount. The member and the employer shall pay contributions on the termination pay according to the rates provided for in 19-20-602 ~~and~~, 19-20-605(1)*, [section 6], and [section 8]*. The contributions must be made at the time of termination.

(c) Option 3—The member may exclude the termination pay from the average final compensation. A contribution is not required of either the member or the employer.

(2) A binding, irrevocable written election required by this section must be signed by both the member and the employer at least 90 days prior to the member's termination date and must contain statements with regard to the contributions required to be made by the member under subsections (1)(a) and (1)(b) that:

(a) the contributions being picked up, although designated as member contributions, are being paid by the employer directly to the system in lieu of contributions by the member and that the picked up contributions are paid from the same source as compensation is paid;

(b) the member may not choose to directly receive the amounts deducted from the member's termination pay instead of having them paid by the employer to the system;

(c) the member may not prepay any portion of the contributions; and

(d) the effective date of the pickup is the date that the irrevocable written election is signed by both the member and employer. The effective date must be at least 90 days prior to the date of the member's termination. The pickup does not apply to a contribution made before the effective date of the pickup.

(3) For the purpose of this section, the date of termination is the last day the member is performing any services covered under this chapter.

(4) Pursuant to subsection (2), contributions required under subsection (1)(a) or (1)(b) must be:

(a) deducted from the portion of termination pay that:

(i) constitutes wages for the purposes of section 3121 of the Internal Revenue Code, determined without regard to the wage base limitation; and

(ii) can be included in the member's gross income for federal tax purposes; and

(b) picked up by the employer, except as provided in subsections (5) and (6).

(5) A member's contributions greater than the total amount of the member's termination pay may not be picked up by the employer and are subject to the limitations of section 415 of the Internal Revenue Code.

(6) If a member and the member's employer fail to sign the written election within the time period required in subsection (1), the member may contribute for the purposes specified in subsections (1)(a) and (1)(b) on all or any part of the termination pay received. A contribution made pursuant to this subsection may not be picked up by the employer and is subject to the limitations of section 415 of the Internal Revenue Code."

*(2) On January 1 of each year, the retirement allowance payable to each tier two member or benefit recipient of a tier two member who is eligible under subsection (3) must, if the most recent actuarial valuation of the retirement system shows that retirement system liabilities are at least 90% funded and the provision of the increase is not projected to cause the system's liabilities to be less than 85% funded, be increased by an amount equal to or greater than 0.5% but no more than 1.5%, as set by the retirement board.*

**Section 16.** Section 19-20-805, MCA, is amended to read:

**"19-20-805. Calculation of average final compensation.** (1) Except as limited by this section, average final compensation is calculated by averaging the earned compensation paid to*:*

*(b) The earned compensation of a tier two member who retires under 19-20-802, 19-20-804, or 19-20-902 and has less than 5 consecutive years of full-time service during the 7 years immediately preceding the member's termination is the compensation that the member would have earned in the 5 years used to calculate average final compensation had the member's part-time service during the 7 years preceding termination been full-time service.*

*(3)* To determine the compensation that the member would have earned *under subsection (2)*, the compensation reported must be divided by the part-time service credited to the member's account.

~~(3)~~*(4)* (a) Subject to subsection ~~(3)(b)~~ *(4)(b)*, if a member has transferred service from the public employees' retirement system as provided under 19-20-409 and does not have 3 consecutive years of full-time service *if a tier one member or 5 consecutive years of full-time service if a tier two member* reported to the teachers' retirement system, the member's average final compensation must be calculated as follows:

(i) if the member's part-time service credit in the public employees' retirement system plus the member's part-time service credit in the teachers' retirement system equals 1 year in any of the fiscal years used in determining average final compensation, then the member's annual salary for that fiscal year must be the member's salary as a member of the public employees' retirement system plus the member's salary as a member of the teachers' retirement system; or

(ii) if the member's part-time service credit in the public employees' retirement system plus the member's part-time service credit in the teachers' retirement system equals less than 1 year in any of the fiscal years used to determine average final compensation, then the member's part-time salary as a member of the public employees' retirement system plus the member's part-time salary as a member of the teachers' retirement system must be divided by the sum of the member's part-time teachers' retirement system service credit and the member's part-time public employees' retirement system service credit.

(b) Compensation reported to the public employees' retirement system used to calculate average final compensation must be adjusted to exclude any compensation that would be considered termination pay under this chapter.

~~(4)~~*(5)* (a) If the benefits excluded from earned compensation pursuant to 19-20-101(7)(b) have been converted by an employer to earned compensation for all members and have been continuously reported as earned compensation in a like amount for at least 5 fiscal years preceding a member's retirement, the converted benefit amounts must be included in the calculation of average final compensation.

(b) If benefits have been converted to earned compensation as described in subsection ~~(4)(a)~~ *(5)(a)* but have been reported as earned compensation for less than 5 fiscal years or if the member has been given the option to have benefits

converted to earned compensation, any converted benefits reported as earned compensation in the 3 years used to calculate average final compensation may be included in the calculation of average final compensation only as termination pay under 19-20-716(1)(b)."

*(d) The nominated beneficiary of a deceased tier two member may elect to receive a retirement allowance as permitted under subsection (2)(a) only if the tier two member died within 1 year of the last day on which the tier two member was employed in a position reportable to the retirement system. # CHAPTER NO. 390

[HB 454]

AN ACT PROVIDING FUNDING FOR THE PUBLIC EMPLOYEES' RETIREMENT SYSTEM; PROVIDING THAT THE UNALLOCATED PORTION OF COAL SEVERANCE TAX COLLECTIONS IS STATUTORILY APPROPRIATED TO THE PUBLIC EMPLOYEES' DEFINED BENEFIT RETIREMENT PLAN; REVISING THE ALLOCATION OF INTEREST INCOME FROM THE COAL TAX PERMANENT FUND AND PROVIDING A STATUTORY APPROPRIATION OF A PORTION OF THE INTEREST INCOME TO THE PUBLIC EMPLOYEES' DEFINED BENEFIT RETIREMENT PLAN; AMENDING THE TERMINATION DATE FOR THE TRANSFER OF CERTAIN MONEY FROM THE COAL SEVERANCE TAX BOND FUND TO THE TREASURE STATE ENDOWMENT FUND AND THE TREASURE STATE ENDOWMENT REGIONAL WATER SYSTEM FUND; TEMPORARILY INCREASING EMPLOYEE AND EMPLOYER CONTRIBUTIONS TO THE PUBLIC EMPLOYEES' RETIREMENT SYSTEM; REVISING THE GUARANTEED ANNUAL BENEFIT ADJUSTMENT FOR NEW AND CURRENT MEMBERS; PROVIDING AN APPROPRIATION; AMENDING SECTIONS 15-35-108, 17-5-703, 19-3-315, 19-3-316, 19-3-1605, AND 19-3-2117, MCA; AMENDING SECTION 6, CHAPTER 495, LAWS OF 1999, AND SECTIONS 15 AND 16, CHAPTER 389, LAWS OF 2011; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Article VIII, section 15, of the Montana Constitution requires that "Public retirement systems shall be funded on an actuarially sound basis" and that "Public retirement system assets, including income and actuarially required contributions, shall not be encumbered, diverted, reduced, or terminated and shall be held in trust to provide benefits to participants and their beneficiaries and to defray administrative expenses"; and

WHEREAS, the unprecedented collapse of the financial markets in 2008 through 2009 and the subsequent slow rate of economic recovery have resulted in little or no prospect that current statutory contribution rates together with future market returns will be sufficient to fund the Public Employees' Retirement System on an actuarially sound basis, and current contributions remain insufficient to pay the past and future accruals of retirement benefits for members currently in the system; and

WHEREAS, failure to return the system to a position of actuarially sound funding places the benefits to be paid to current system participants in jeopardy and results in collection of employee contributions for which future benefits may not be guaranteed; and

WHEREAS, the current and increasing level of unfunded liabilities has the potential to compromise the credit ratings of the state of Montana and of local government entities, including public school districts; and

WHEREAS, because reasonable increases in employer contributions and reasonable reductions in benefits for future participants alone will not be sufficient to return the system to a position of actuarially sound funding, a reasonable increase in contributions for current participants is necessary to help return the system to a position of actuarially sound funding; and

WHEREAS, during the past two legislative sessions and interims, the Legislature, interim committees, the retirement system board and staff, and the Governor's office have analyzed and enacted alternatives for returning the system to a position of actuarially sound funding without raising contract

impairment issues for current members, which have failed to reduce system costs enough to restore the system to actuarial soundness; and

WHEREAS, in light of significant strains on the Montana economy, on state and local government budgets, and on taxpayers, a modest supplemental contribution rate increase of 1% imposed on current members, with an appropriate mechanism to terminate the supplemental contribution rate as system funding improves and in conjunction with additional employer and state contributions, is, pursuant to the language of U.S. Trust Company of New York v. New Jersey, 431 U.S. 1 (1977), concerning contract impairment, reasonable and necessary, is for a valid public purpose, and is the least impairing alternative available to the Legislature as it seeks to fulfill its constitutional obligation to ensure that the retirement system is funded in an actuarially sound manner.

(18) The fees imposed by subsections (2) through (12) are not required to be paid by a dealer for the enumerated vehicles or vessels that constitute inventory of the dealership.

(19) (a) Unless a person exercises the option in either subsection (19)(b) or (19)(c), an additional fee of $6 must be collected for each light vehicle registered under this part. This fee must be accounted for and transmitted separately from the registration fee. The fee must be deposited in an account in the state special revenue fund to be used for state parks, for fishing access sites, and for the operation of state-owned facilities. Of the $6 fee, the department of fish, wildlife, and parks shall use $5.37 for state parks, 25 cents for fishing access sites, and 38 cents for the operation of state-owned facilities at Virginia City and Nevada City.

(b) A person who registers a light vehicle may, at the time of annual registration, certify that the person does not intend to use the vehicle to visit state parks and fishing access sites and may make a written election not to pay the additional $6 fee provided for in subsection (19)(a). If a written election is made, the fee may not be collected.

(c) (i) A person who registers one or more light vehicles may, at the time of annual registration, certify that the person does not intend to use any of the vehicles to visit state parks and fishing access sites and may make a written election not to pay the additional $6 fee provided for in subsection (19)(a). If a written election is made, the fee may not be collected at any subsequent annual registration unless the person makes the written election to pay the additional fee on one or more of the light vehicles.

(ii) The written election not to pay the additional fee on a light vehicle expires if the vehicle is registered to a different person.

(20) For each light vehicle, trailer, semitrailer, pole trailer, heavy truck, motor home, motorcycle, quadricycle, and travel trailer subject to a registration fee under this section, an additional fee of $5 must be collected and forwarded to the state for deposit in the account established in 44-1-504.

(21) This section does not apply to a motor vehicle, trailer, semitrailer, or pole trailer that is governed by 61-3-721."

**Section 2.** Section 61-3-332, MCA, is amended to read:

**"61-3-332. Standard license plates.** (1) In addition to special license plates, collegiate license plates, generic specialty license plates, and fleet license plates authorized under this chapter, a separate series of standard license plates must be issued for motor vehicles, quadricycles, travel trailers, trailers, semitrailers, and pole trailers registered in this state or offered for sale by a vehicle dealer licensed in this state. Standard license plates issued to licensed vehicle dealers must be readily distinguishable from license plates issued to vehicles owned by other persons.

(2) (a) Except as provided in 61-3-479 and subsections (2)(b), (3)(b), and (3)(c) of this section, all standard license plates for motor vehicles, trailers, semitrailers, or pole trailers must bear a distinctive marking, as determined by the department, and be furnished by the department. In years when standard license plates are not reissued for a vehicle, the department shall provide a registration decal that must be affixed to the rear license plate of the vehicle.

(b) For light vehicles that are permanently registered as provided in 61-3-562 and motor vehicles described in 61-3-303(9) that are permanently registered, the department shall provide a distinctive registration decal indicating that the motor vehicle is permanently registered. The registration decal must be affixed to the rear license plate of the permanently registered motor vehicle.

(c) For a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer that is permanently registered as provided in 61-3-313(2), the department may use the word or an abbreviation for the word "permanent" on the plate in lieu of issuing a registration decal for the plate.

(3) (a) (i) New license plates issued under 61-3-303 or this section must be a standard license plate design first issued ~~within the last 35 years~~ *in 1989 or later* or current collegiate or generic ~~speciality~~ *specialty* license plate designs. For the purposes of this subsection (3), all military, veteran, and amateur radio license plates and any license plate with a wheelchair design, excluding collegiate or generic specialty plates with a wheelchair design, are treated as standard license plates.

(ii) License plates issued on or after January 1, 2010, must be replaced with new license plates if, upon renewal of registration under this section, the license plates are 5 or more years old or will become older than 5 years during the registration period. New license plates must be issued in accordance with the implementation schedule adopted by the department under 61-3-315.

(iii) ~~Until January 1, 2015, and upon payment of the fee required in 61-3-321(13)(b), a~~ *A* vehicle owner may elect to keep the same license plate number from license plates issued ~~on or after January 1, 2006, but~~ before January 1, 2010, when replacement of those plates is required under this subsection.

(b) A motor vehicle that is registered for a 13-month to a 24-month period, as provided in 61-3-311, may display the license plate and plate design in effect at the time of registration for the entire registration period.

(c) A light vehicle described in subsection (2)(b) or a motor home that is permanently registered may display the license plate and plate design in effect at the time of registration for the entire period that the light vehicle or motor home is permanently registered.

(d) The provisions of this subsection (3) do not apply to a travel trailer, motorcycle, quadricycle, trailer, semitrailer, or pole trailer.

(e) The requirements of this subsection (3) apply to collegiate license plates authorized under 61-3-461 through 61-3-468, generic specialty license plates authorized under 61-3-472 through 61-3-481, commemorative centennial license plates authorized under 61-3-448, and special military or veteran license plates authorized under 61-3-458.

(4) (a) All license plates must be metal and treated with a reflectorized background material according to specifications prescribed by the department. The word "Montana" must be placed on each license plate and*, except for license plates that are 4 inches wide and 7 inches in length,* the outline of the state of Montana must be used as a distinctive border on each standard license plate.

(b) Plates for semitrailers, travel trailers, pole trailers, trailers with a declared weight of 6,000 pounds or more, and motor vehicles, other than motorcycles and quadricycles, must be 6 inches wide and 12 inches in length.

(c) Plates for motorcycles and quadricycles must be 4 inches wide and 7 inches in length.

(d) The department shall issue plates that are 4 inches wide and 7 inches in length for trailers with a declared weight of less than 6,000 pounds unless a person registering a trailer with a declared weight of less than 6,000 pounds requests plates that are 6 inches wide and 12 inches in length. A person registering a trailer shall pay all applicable fees for the plates chosen.

(5) The distinctive registration numbers for standard license plates must begin with a number one or with a letter-number combination, such as "A 1" or "AA 1", or any other similar combination of letters and numbers. Except for special license plates, collegiate license plates, generic specialty license plates, ~~and~~ fleet license plates, *and standard license plates that are 4 inches wide and 7 inches in length,* the distinctive registration number or letter-number combination assigned to the motor vehicle must appear on the plate preceded by the number of the county and appearing in horizontal order on the same horizontal baseline. The county number must be separated from the distinctive registration number by a separation mark unless a letter-number combination is used. The dimensions of the numerals and letters must be determined by the department, and all county and registration numbers must be of equal height.

(6) For the use of exempt motor vehicles, trailers, semitrailers, or pole trailers and motor vehicles, trailers, semitrailers, or pole trailers that are exempt from the registration fee as provided in 61-3-321, in addition to the markings provided in this section, standard license plates must bear the following distinctive markings:

(a) For motor vehicles, trailers, semitrailers, or pole trailers owned by the state, the department may designate the prefix number for the various state departments. All numbered plates issued to state departments must bear the words "State Owned", and a year number may not be indicated on the plates because these numbered plates are of a permanent nature and will be replaced by the department only when the physical condition of numbered plates requires it.

(b) For motor vehicles, trailers, semitrailers, or pole trailers that are owned by the counties, municipalities, and special districts, as defined in 18-8-202, organized under the laws of Montana and not operating for profit, and that are used and operated by officials and employees in the line of duty and for motor vehicles on loan from the United States government or the state of Montana to, or owned by, the civil air patrol and used and operated by officials and employees in the line of duty, there must be placed on the standard license plates assigned, in a position that the department may designate, the letter "X" or the word "EXEMPT". Distinctive registration numbers for plates assigned to motor vehicles, trailers, semitrailers, or pole trailers of each of the counties in the state and those of the municipalities and special districts that obtain plates within each county must begin with number one and be numbered consecutively. Because these standard license plates are of a permanent nature, they are subject to replacement by the department only when the physical condition of the license plates requires it and a year number may not be displayed on the plates.

(7) For the purpose of this chapter, the several counties of the state are assigned numbers as follows: Silver Bow, 1; Cascade, 2; Yellowstone, 3; Missoula, 4; Lewis and Clark, 5; Gallatin, 6; Flathead, 7; Fergus, 8; Powder River, 9; Carbon, 10; Phillips, 11; Hill, 12; Ravalli, 13; Custer, 14; Lake, 15; Dawson, 16; Roosevelt, 17; Beaverhead, 18; Chouteau, 19; Valley, 20; Toole, 21; Big Horn, 22; Musselshell, 23; Blaine, 24; Madison, 25; Pondera, 26; Richland, 27; Powell, 28; Rosebud, 29; Deer Lodge, 30; Teton, 31; Stillwater, 32; Treasure, 33; Sheridan, 34; Sanders, 35; Judith Basin, 36; Daniels, 37; Glacier, 38; Fallon, 39; Sweet Grass, 40; McCone, 41; Carter, 42; Broadwater, 43; Wheatland, 44; Prairie, 45; Granite, 46; Meagher, 47; Liberty, 48; Park, 49; Garfield, 50; Jefferson, 51; Wibaux, 52; Golden Valley, 53; Mineral, 54; Petroleum, 55;

Lincoln, 56. Any new counties must be assigned numbers by the department as they are formed, beginning with the number 57.

(8) Each type of special license plate approved by the legislature, except collegiate license plates authorized in 61-3-463 and generic specialty license plates authorized in 61-3-472 through 61-3-481, must be a separate series of plates, numbered as provided in subsection (5), except that the county number must be replaced by a design that distinguishes each separate plate series. Unless otherwise specifically stated in this section, the special plates are subject to the same rules and laws as govern the issuance of standard license plates, must be placed or mounted on a motor vehicle, trailer, semitrailer, or pole trailer owned by the person who is eligible to receive them, with the registration decal affixed to the rear license plate of the motor vehicle, trailer, semitrailer, or pole trailer, and must be removed upon sale or other disposition of the motor vehicle, trailer, semitrailer, or pole trailer.

(9) (a) A Montana resident who is eligible to receive a special parking permit under 49-4-301 may and a person with a low-speed restricted driver's license operating a low-speed electric vehicle or golf cart as provided in 61-5-122 must, upon written application on a form prescribed by the department, be issued a special license plate with a design or decal bearing a representation of a wheelchair as the symbol of a person with a disability.

(b) If the motor vehicle to which the license plate is attached is permanently registered, the owner of the motor vehicle shall provide, upon request of a person authorized to enforce special parking laws or ordinances in this or any state, evidence of continued eligibility to use the license plate in the form of a valid special parking permit issued to or renewed by the vehicle owner under 49-4-304 and 49-4-305.

(c) A person with a permanent condition, as provided in 49-4-301(2)(b), who has been issued a special license plate upon written application, as provided in this subsection (9), is not required to reapply upon reregistration of the motor vehicle.

(10) The provisions of this section do not apply to a motor vehicle, trailer, semitrailer, or pole trailer that is registered as part of a fleet, as defined in 61-3-712, and that is subject to the provisions of 61-3-711 through 61-3-733."

**Section 3.** Section 61-3-337, MCA, is amended to read:

**"61-3-337. Permanently registered motor homes — plate restriction.** The following series of license plates may not be used for purposes of permanent registration of a motor home:

(a) on a federal-aid interstate highway outside an urbanized area of 50,000 population or more is 75 miles an hour at all times and the speed limit for vehicles traveling on federal-aid interstate highways within an urbanized area of 50,000 population or more is 65 miles an hour at all times;

(b) on any other public highway of this state is 70 miles an hour during the daytime and 65 miles an hour during the nighttime;

(c) in an urban district is 25 miles an hour.

(2) A vehicle subject to the speed limits imposed in subsection (1) traveling on a two-lane road may exceed the speed limits imposed in subsection (1) by 10 miles an hour in order to overtake and pass a vehicle and return safely to the right-hand lane.

(3) Subject to the maximum speed limits set forth in subsection (1), a person shall operate a vehicle in a careful and prudent manner and at a reduced rate of speed no greater than is reasonable and prudent under the conditions existing at the point of operation, taking into account the amount and character of traffic, visibility, weather, and roadway conditions.

(4) Except when a special hazard exists that requires lower speed for compliance with subsection (3), the limits specified in ~~61-8-312 and in~~ this section ~~or established as authorized in 61-8-309 through 61-8-311 and 61-8-313~~ are the maximum lawful speeds allowed.

**Section 6.** Section 61-8-309, MCA, is amended to read:

**"61-8-309. Establishment of special speed zones.** (1) (a) If the commission determines upon the basis of an engineering and traffic investigation that a speed limit set by 61-8-303 is greater or less than is reasonable or safe under the conditions found to exist at an intersection, curve, or dangerous location or on a segment of a highway less than 50 miles in length under its jurisdiction, the commission may set a reasonable and safe special speed limit at that location.

(b) If a local authority requests the department of transportation or an engineer, as provided in subsection (1)(c)(i), to conduct an engineering and traffic investigation based on the belief that a speed limit on a highway under the jurisdiction of the department of transportation is greater than is reasonable or safe, the commission may not increase the speed limit under consideration as a result of the investigation.

(c) (i) A local authority may request at its own expense that an engineering and traffic investigation be completed by a licensed professional engineer selected from a list compiled and approved by a committee as provided in subsection (1)(c)(ii).

(ii) A committee containing two department of transportation staff appointed by the director and two representatives of associations whose membership comprises cities, towns, and counties, as authorized by 7-5-2141 and 7-5-4141, shall review credentials submitted by licensed professional engineers and shall determine who appears on the list of individuals authorized to conduct engineering and traffic investigations for local governments. The list must be updated every 2 years.

(iii) Upon completion of an engineering and traffic investigation conducted for a local government, the department of transportation shall submit a report to the commission with findings and recommendations. The commission shall decide on an appropriate speed limit based on the traffic investigation within 120 days from the date the investigation is submitted to the department of transportation.

(d) A local authority may request a temporary special reduced or increased speed zone for a route or route segment that is under consideration for a reduced or increased speed limit under subsection (1)(a), (1)(b), or (1)(c). If a local authority makes multiple requests for temporary special reduced or increased speed zones, the local authority shall prioritize the requests. The department of transportation shall conduct a preliminary visual and engineering review of a route or a route segment for which a temporary special speed zone is requested. The reviewing party must include a representative of the local authority. Upon completion of the preliminary review, if the department of transportation concurs with the local authority that a temporary special reduced or increased speed limit is warranted, a temporary special reduced or increased speed zone

may be established upon formal approval by the commission. The temporary special reduced or increased speed limit remains in effect until a complete traffic and engineering study has been done on the route or route segment and the commission has made a determination on changing the speed limit.

(2) The department of transportation shall erect and maintain appropriate signs giving notice of special limits. When the signs are erected, the limits are effective for those zones at all times or at other times that the commission sets.

(a) decreases the limit at an intersection;

(b) increases the limit within an urban district, but not to more than 65 miles an hour during the nighttime;

(c) decreases the limit outside an urban district, but not to less than 35 miles an hour on a paved road or less than 25 miles an hour on an unpaved road; or

(d) decreases the limit in a school zone or in an area near a senior citizen center, as defined in 23-5-112, or a designated crosswalk that is close to a school or a senior citizen center to not less than 80%, rounded down to the nearest whole number evenly divisible by 5, of the limit that would be set on the basis of an engineering and traffic investigation, but not less than 15 miles an hour. If warranted by an engineering and traffic investigation, a local authority may adopt variable speed limits to adapt to traffic conditions by time of day, provided that the variable limits comply with the provisions of 61-8-206.

(2) A board of county commissioners may set limits, as provided in subsection (1)(c), without an engineering and traffic investigation on a county road.

(4) (a) An altered limit established as authorized under this section is effective at all times or at other times determined by the authority when appropriate signs giving notice of the altered limit are erected upon the highway.

(b) If a local authority decreases a speed limit in a school zone, the local authority shall erect signs conforming with the manual adopted by the department of transportation under 61-8-202 giving notice that the school zone

has been entered, of the altered speed limit and the penalty provided in 61-8-726, and that the school zone has ended.

(5) Except as provided in subsection (1)(d), the commission has exclusive jurisdiction to set special speed limits on all federal-aid highways or extensions of federal-aid highways in all municipalities or urban areas. The commission shall set these limits in accordance with 61-8-309.

(6) A local authority establishing or altering the area of a school zone shall consult with the department of transportation and the commission if the school zone includes a state highway or a federal-aid highway or extension of a federal-aid highway.

(7) A local authority shall consult with district officials for a school when:

(a) establishing or altering the area of a school zone near the school; or

(b) setting a speed limit pursuant to subsection (1)(d) in a school zone near the school.

(8) A speed limit set on an unpaved road under subsection (1)(c) must be the same for all types of motor vehicles that may be operated on the road.

*(9) The violation of a speed limit established under subsections (1)(a) through (1)(c) is a misdemeanor offense and is punishable as provided in 61-8-711. The violation of a speed limit established under subsection (1)(d) is a misdemeanor offense and is punishable as provided in 61-8-726.*"

| 20 | 1 - 10 (nighttime) |
| 40 | 11 - 20 |
| 70 | 21 - 30 |
| 100 | 31+ |

(2) A violation of a speed limit imposed pursuant to 61-8-303 is not a criminal offense within the meaning of 3-1-317, 45-2-101, 46-18-236, 61-8-104, and 61-8-711 and, except as provided in subsection (4), may not be recorded or charged against a driver's record, and an insurance company may not hold a violation of a speed limit against the insured or increase premiums because of the violation if the speed limit is exceeded by no more than:

(a) 10 miles an hour during the daytime; or

(b) 5 miles an hour during the nighttime.

(3) The surcharge provided for in 3-1-317 may not be imposed for a violation of 61-8-303.

(4) The recordkeeping restrictions provided in subsection (2) with respect to a person's driving record do not apply to a speed limit violation or conviction that was committed by:

(a) a Montana resident in another state whose violation or conviction was reported to the department by a court or the licensing authority in the state in which the violation occurred; or

(b) a person who holds a commercial driver's license regardless of whether or not the violation occurred while the person was operating a commercial motor vehicle.

*(5) This section does not apply to the violation of a special speed zone established under 61-8-309 or 61-8-310.*"

AN ACT PROVIDING FOR AN INTERIM STUDY OF HUNTING AND FISHING LICENSING; PROVIDING AN APPROPRIATION; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A TERMINATION DATE.

WHEREAS, the Montana Legislature establishes hunting and fishing license fees; and

WHEREAS, hunting and fishing license fees provide approximately $34 million annually to fund most of the operations of the department of fish, wildlife, and parks; and

WHEREAS, hunting and fishing license fees are historically set at a stable level for 8 to 10 years, when revenue exceeds expenses and creates a surplus in the general license account; and

WHEREAS, the last major adjustment to hunting and fishing license fees was in 2005; and

WHEREAS, reduced cost hunting and fishing licenses for certain population groups result in approximately $4 million less in general license account revenue; and

WHEREAS, the sale of hunting and fishing licenses has declined in recent years, most notably in 2011; and

WHEREAS, the general license account may be close to a critical point, and hunting and fishing license fee increases may be necessary to fund current operations.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Interim study — evaluation of hunting and fishing licensing — reporting.** (1) The environmental quality council shall conduct a study of Montana's hunting and fishing license statutes and fees, including:

(a) the appropriate roles of hunting and fishing license buyers and other fish and wildlife users in funding fish and wildlife management;

(b) options for improving the structural balance between revenue and expenditures for fish and wildlife management;

(c) options for changing and simplifying Montana's hunting and fishing license structure and statutes;

(d) options to improve services and better meet the needs of license buyers;

(m) the recovery during the tax year of any amount deducted in any prior tax year to the extent that the recovered amount did not reduce the taxpayer's Montana income tax in the year deducted;

(3) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(l) shall include in the shareholder's adjusted gross income the earnings and profits of the DISC in the same manner as provided by section 995 of the Internal Revenue Code, 26 U.S.C. 995, for all periods for which the DISC election is effective.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code, 26 U.S.C. 38 and 51(a), is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) Married taxpayers filing a joint federal return who are allowed a capital loss deduction under section 1211 of the Internal Revenue Code, 26 U.S.C. 1211, and who file separate Montana income tax returns may claim the same amount of the capital loss deduction that is allowed on the federal return. If the allowable capital loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(7) In the case of passive and rental income losses, married taxpayers filing a joint federal return and who file separate Montana income tax returns are not required to recompute allowable passive losses according to the federal passive activity rules for married taxpayers filing separately under section 469 of the Internal Revenue Code, 26 U.S.C. 469. If the allowable passive loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(8) Married taxpayers filing a joint federal return in which one or both of the taxpayers are allowed a deduction for an individual retirement contribution under section 219 of the Internal Revenue Code, 26 U.S.C. 219, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction must be attributed to the spouse who made the contribution.

(9) (a) Married taxpayers filing a joint federal return who are allowed a deduction for interest paid for a qualified education loan under section 221 of the Internal Revenue Code, 26 U.S.C. 221, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(b) Married taxpayers filing a joint federal return who are allowed a deduction for qualified tuition and related expenses under section 222 of the Internal Revenue Code, 26 U.S.C. 222, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(10) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to $100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion exceeds $15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding $15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(11) *(a)* An individual who contributes to one or more accounts established under the Montana family education savings program *or to a qualified tuition program established and maintained by another state as provided by section 529(b)(1)(A)(ii) of the Internal Revenue Code, 26 U.S.C. 529(b)(1)(A)(ii),* may reduce adjusted gross income by the lesser of $3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of $3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner~~, as defined in 15-62-103,~~ is the taxpayer, the taxpayer's spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.

*(b) Contributions made pursuant to this subsection (11) are subject to the recapture tax provided in 15-62-208.*

(12) (a) A taxpayer may exclude the amount of the loan payment received pursuant to subsection (12)(a)(iv), not to exceed $5,000, from the taxpayer's adjusted gross income if the taxpayer:

(i) is a health care professional licensed in Montana as provided in Title 37;

(ii) is serving a significant portion of a designated geographic area, special population, or facility population in a federally designated health professional shortage area, a medically underserved area or population, or a federal nursing shortage county as determined by the secretary of health and human services or by the governor;

(iii) has had a student loan incurred as a result of health-related education; and

(iv) has received a loan payment during the tax year made on the taxpayer's behalf by a loan repayment program described in subsection (12)(b) as an incentive to practice in Montana.

(b) For the purposes of subsection (12)(a), a loan repayment program includes a federal, state, or qualified private program. A qualified private loan repayment program includes a licensed health care facility, as defined in 50-5-101, that makes student loan payments on behalf of the person who is employed by the facility as a licensed health care professional.

(13) Notwithstanding the provisions of subsection (1), adjusted gross income does not include 40% of capital gains on the sale or exchange of capital assets before December 31, 1986, as capital gains are determined under subchapter P. of Chapter 1 of the Internal Revenue Code as it read on December 31, 1986.

(14) By November 1 of each year, the department shall multiply the amount of pension and annuity income contained in subsection (2)(c)(i) and the federal adjusted gross income amounts in subsection (2)(c)(ii) by the inflation factor for that tax year, but using the year 2009 consumer price index, and rounding the results to the nearest $10. The resulting amounts are effective for that tax year and must be used as the basis for the exemption determined under subsection (2)(c). (Subsection (2)(f) terminates on occurrence of contingency—sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency—sec. 9, Ch. 262, L. 2001.)"

**Section 2. Effective date.** [This act] is effective on passage and approval.

**Section 3. Retroactive applicability.** [This act] applies retroactively, within the meaning of 1-2-109, to tax years beginning after December 31, 2012.

Approved May 6, 2013

~~bond, the board may retain it if an increase is not allowed. If an increase is obtained, the board shall return the bond to the claimant.~~

(2) If the adjuster who makes ~~the~~ *a* second appraisal *pursuant to the appeal* fails to secure an agreement, the claimant may submit the matter to arbitration as provided in this subsection or sue the board in the district court of the county where the loss occurred, within 90 days from the date of receipt of written notice of the second appraisal. The actions must be trials de novo and the Montana Rules of Civil Procedure apply. ~~If a claimant demands arbitration, the claimant shall, if required by the board, furnish a cash bond to the board in the sum of $50, which must accompany the application. If there is not sufficient allowance made to any claimant after arbitration to cover the cost of arbitration without the use of the $50 bond, the board may use a part or all of the cash bond. If the claimant secures an increase, the bond must be promptly returned to the claimant.~~ If the claimant elects to submit the matter to arbitration, the claimant shall then appoint one disinterested person as ~~appraiser~~ *an adjuster*, the official ~~appraiser~~ *adjuster* shall appoint another person as ~~appraiser~~ *an adjuster*, the two shall select a third disinterested person *as an adjuster*, and the three shall then proceed to ~~adjust~~ *appraise* the loss in the same manner as specified in 80-2-242. The judgment of the majority is the judgment of the ~~appraisers~~ *adjusters* and is binding upon both parties as the final determination of the loss.

(3) (a) If the insured does not recover a greater sum than allowed by the ~~official appraiser~~ *adjuster* in the first instance, the insured shall pay the expenses of the three ~~appraisers~~ *adjusters* and their witnesses in making the ~~adjustment~~ *appraisal*, but if the insured is awarded a larger sum, the expenses must be paid by the ~~board~~ *department*.

(b) If the insured is required to pay the expenses of the ~~reappraisement~~ *reappraisal* as provided in subsection (3)(a), the ~~board~~ *department* may deduct the amount of the expenses from the amount allowed the insured before making settlement for the loss.

(4) The *department or the* board shall examine all reports of ~~appraisers~~ *adjusters* and verify the reports and adjust all losses and for those purposes may order hearings, subpoena witnesses, conduct examinations, and do all things necessary to secure a fair and impartial ~~appraisement~~ *appraisal* of losses by hail."

**Section 14.** Section 80-2-244, MCA, is amended to read:

**"80-2-244. Payment of losses.** (1) The ~~board of hail insurance~~ *department* shall, as soon as practicable after the loss has been sustained, arrange for the payment of the loss in the following manner. From the amount of the loss as adjusted for each claimant, the ~~board~~ *department* shall deduct the amount that the claimant then owes as a delinquent hail insurance fee and the maximum amount assessed as a hail insurance fee for the current year.

(2) The ~~board~~ *department* shall on or before November 1 order payment for the balance of the adjustment to be sent to the claimant, provided that the payment for loss may not exceed the maximum amounts established in 80-2-208. A claimant may not receive payment for any loss incurred if the loss does not equal or exceed 5% of the total value of the crop insured. If the losses in any year exceed the current fees plus the reserve, then the payment of all losses must be prorated among all growers having loss claims adjusted and approved, and the unpaid balance of the losses must be paid out of the reserve without interest in the order that the ~~board~~ *department* directs when, in the judgment of the ~~board~~ *department*, there is sufficient money to provide for the payment of the claims and other items payable out of the reserve. ~~In any year, the board may by~~

~~resolution authorize its presiding officer and secretary to borrow money that the board may consider necessary for the purpose of paying all warrants as issued.~~

~~(3) For any money borrowed under the provisions of this part, the board shall cause warrants to be drawn. The warrants must bear interest at a rate not to exceed 6% a year, and the warrants and the interest on the warrants must be paid out of funds from the state hail insurance program as they are collected. The board may not at any time borrow a total sum greater than the amount of the fees imposed for the current year, together with delinquent fees that remain unpaid.~~"

**Section 15. Rules — hail insurance fees.** The department and the board of hail insurance shall adopt rules necessary for the administration and collection of hail insurance fees pursuant to this part.

**Section 16. Repealer.** The following sections of the Montana Code Annotated are repealed:

80-2-226. Crop lien — when created — assessment.

80-2-231. Foreclosure of lien.

**Section 17. Codification instruction.** [Section 15] is intended to be codified as an integral part of Title 80, chapter 2, part 2, and the provisions of Title 80, chapter 2, part 2, apply to [section 15].

**Section 18. Effective date.** [This act] is effective January 1, 2014.

Members who are full-time salaried officers or employees of this state or of a political subdivision of this state are not entitled to be compensated for their service as members except when they perform their task force duties outside their regular working hours or during hours charged against their leave time, but those members are entitled to be reimbursed for travel expenses as provided for in 2-18-501 through 2-18-503.

**Section 2. Data-for-achievement payment.** (1) The state shall provide a data-for-achievement payment to public school districts as defined in 20-6-101 and 20-6-701. The data-for-achievement payment is the district's ANB, calculated in accordance with 20-9-311, multiplied by:

(2) Funds received for the data-for-achievement payment must be used by a school district to pay for access fees or other costs associated with use of or participation in the statewide data system administered by the office of public instruction or a comparable data system provided by a private vendor, including data entry and staff training on use of the systems.

(3) Unless funds are otherwise appropriated at higher amounts by the legislature, the office of public instruction may spend no more than $500,000 per biennium for the purposes of mediating with vendors, developing a plan, preparing a request for proposal solicitation package, managing the vendor contract, and implementing a plan with school districts for the statewide data system. This limitation does not apply if the office of public instruction develops and administers the statewide data system without a vendor.

**Section 3.** Section 20-7-102, MCA, is amended to read:

**"20-7-102. Accreditation of schools.** (1) The conditions under which each elementary school, each middle school, each junior high school, 7th and 8th grades funded at high school rates, and each high school operates must be reviewed by the superintendent of public instruction to determine compliance with the standards of accreditation. The accreditation status of each school must then be established by the board of public education upon the recommendation of the superintendent of public instruction. Notification of the accreditation status for the applicable school year or years must be given to each district by the superintendent of public instruction.

(2) A school may be accredited for a period consisting of 1, 2, 3, 4, or 5 school years, except that multiyear accreditation may be granted only to schools that are in compliance with 20-4-101.

Options that the office of public instruction shall incorporate and make available for each school district must include data linkages to provide for automated conversion of data from systems already in use by school districts or by the office of public instruction that allow districts to collect, manage, and present local classroom assessment scores, grades, attendance, and other data to assist in instructional intervention alongside the existing school accountability and statewide student achievement results. The office of public instruction shall ensure that the design of the system is enhanced to prioritize collaborative support of each student's needs by classroom educators, administrators, and parents.*

The office of public instruction and the K-12 data task force shall collaborate to* enhance the statewide data system to support*:*

*(a) the needs of school districts in using data to improve instruction and student performance;*

*(b)* the collection of data from schools *through a process that provides for automated conversion of data from systems already in use by school districts or the office of public instruction and that resolves the repetition of data entry and redundancy of data requested that has been characteristic of the data system in the past and that otherwise reduces the diversion of district staff time away from instruction and supervision;*~~, implement a data collection plan to reduce redundant data requests,~~

(e) Subtract the amount determined in subsection (1)(d) from any additional funding requirement to be met by an over-BASE budget amount, a district levy as provided in 20-9-303, and any additional financing as provided in 20-9-353 to determine any additional general fund levy requirements.

(2) The county superintendent shall calculate the number of mills to be levied on the taxable property in the district to finance the general fund levy requirement for any amount that does not exceed the BASE budget amount for the district by dividing the amount determined in subsection (1)(c) by the sum of:

**Section 10.** Section 20-9-311, MCA, is amended to read:

**"20-9-311. Calculation of average number belonging (ANB) — ~~three-year~~ *3-year* averaging.** (1) Average number belonging (ANB) must be computed for each budget unit as follows:

(a) compute an average enrollment by adding a count of regularly enrolled full-time pupils who were enrolled as of the first Monday in October of the prior school fiscal year to a count of regularly enrolled pupils on ~~February 1~~ *the first Monday in December* of the prior school fiscal year *and to a count of regularly enrolled pupils on the first Monday in February of the prior school fiscal year*~~,~~ or the next school day if those dates do not fall on a school day, and divide the sum by ~~two~~ *three*; and

(b) multiply the average enrollment calculated in subsection (1)(a) by the sum of 180 and the approved pupil-instruction-related days for the current school fiscal year and divide by 180.

(2) For the purpose of calculating ANB under subsection (1), up to 7 approved pupil-instruction-related days may be included in the calculation.

(3) When a school district has approval to operate less than the minimum aggregate hours under 20-9-806, the total ANB must be calculated in accordance with the provisions of 20-9-805.

(4) (a) ~~For~~ *Except as provided in subsection (4)(d), for* the purpose of calculating ANB, enrollment in an education program:

(i) from 180 to 359 aggregate hours of pupil instruction per school year is counted as one-quarter-time enrollment;

(ii) from 360 to 539 aggregate hours of pupil instruction per school year is counted as half-time enrollment;

(iii) from 540 to 719 aggregate hours of pupil instruction per school year is counted as three-quarter-time enrollment; and

(iv) 720 or more aggregate hours of pupil instruction per school year is counted as full-time enrollment.

(b) *Except as provided in subsection (4)(d),* ~~Enrollment~~ *enrollment* in a program intended to provide fewer than 180 aggregate hours of pupil instruction per school year may not be included for purposes of ANB.

(c) Enrollment in a self-paced program or course may be converted to an hourly equivalent based on the hours necessary and appropriate to provide the course within a regular classroom schedule.

*(d) A school district may include in its calculation of ANB a pupil who is enrolled in a program providing fewer than the required aggregate hours of pupil instruction required under subsection (4)(a) or (4)(b) if the pupil has demonstrated proficiency in the content ordinarily covered by the instruction as determined by the school board using district assessments. The ANB of a pupil under this subsection (4)(d) must be converted to an hourly equivalent based on the hours of instruction ordinarily provided for the content over which the student has demonstrated proficiency.*

~~(d)~~*(e)* A pupil in kindergarten through grade 12 who is concurrently enrolled in more than one public school, program, or district may not be counted as more than one full-time pupil for ANB purposes.

(5) For a district that is transitioning from a half-time to a full-time kindergarten program, the state superintendent shall count kindergarten enrollment in the previous year as full-time enrollment for the purpose of calculating ANB for the elementary programs offering full-time kindergarten in the current year. For the purposes of calculating the 3-year ANB, the superintendent of public instruction shall count the kindergarten enrollment as one-half enrollment and then add the additional kindergarten ANB to the 3-year average ANB for districts offering full-time kindergarten.

(6) When a pupil has been absent, with or without excuse, for more than 10 consecutive school days, the pupil may not be included in the enrollment count used in the calculation of the ANB unless the pupil resumes attendance prior to the day of the enrollment count.

(7) The enrollment of preschool pupils, as provided in 20-7-117, may not be included in the ANB calculations.

(8) The average number belonging of the regularly enrolled, full-time pupils for the public schools of a district must be based on the aggregate of all the regularly enrolled, full-time pupils attending the schools of the district, except that*:*

*(a)* the ANB is calculated as a separate budget unit when:

~~(a)~~ (i) a school of the district is located more than 20 miles beyond the incorporated limits of a city or town located in the district and at least 20 miles from any other school of the district, the number of regularly enrolled, full-time pupils of the school must be calculated as a separate budget unit for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(ii) a school of the district is located more than 20 miles from any other school of the district and incorporated territory is not involved in the district, the number of regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district;

(iii) the superintendent of public instruction approves an application not to aggregate when conditions exist affecting transportation, such as poor roads, mountains, rivers, or other obstacles to travel, or when any other condition exists that would result in an unusual hardship to the pupils of the school if they were transported to another school, the number of regularly enrolled, full-time pupils of the school must be calculated separately for ANB purposes and the district must receive a basic entitlement for the school calculated separately from the other schools of the district; or

(iv) two or more districts consolidate or annex under the provisions of 20-6-422 or 20-6-423, the ANB and the basic entitlements of the component districts must be calculated separately for a period of 3 years following the consolidation or annexation. Each district shall retain a percentage of its basic entitlement for 3 additional years as follows:

(A) 75% of the basic entitlement for the fourth year;

(B) 50% of the basic entitlement for the fifth year; and

(C) 25% of the basic entitlement for the sixth year.

(b) *when* a junior high school has been approved and accredited as a junior high school, all of the regularly enrolled, full-time pupils of the junior high school must be considered as high school district pupils for ANB purposes;

(c) *when* a middle school has been approved and accredited, all pupils below the 7th grade must be considered elementary school pupils for ANB purposes

and the 7th and 8th grade pupils must be considered high school pupils for ANB purposes; or

(d) *when* a school has ~~not been accredited~~ *been designated as nonaccredited* by the board of public education *because of failure to meet the board of public education's assurance and performance standards*, the regularly enrolled, full-time pupils attending the nonaccredited school are not eligible for average number belonging calculation purposes, nor will an average number belonging for the nonaccredited school be used in determining the BASE funding program for the district.

(9) The district shall provide the superintendent of public instruction with semiannual reports of school attendance, absence, and enrollment for regularly enrolled students, using a format determined by the superintendent.

(10) (a) Except as provided in subsections (10)(b) and (10)(c), enrollment in a basic education program provided by the district through any combination of onsite or offsite instruction may be included for ANB purposes only if the pupil is offered access to the complete range of educational services for the basic education program required by the accreditation standards adopted by the board of public education.

(b) Access to school programs and services for a student placed by the trustees in a private program for special education may be limited to the programs and services specified in an approved individual education plan supervised by the district.

(c) Access to school programs and services for a student who is incarcerated in a facility, other than a youth detention center, may be limited to the programs and services provided by the district at district expense under an agreement with the incarcerating facility.

(d) This subsection (10) may not be construed to require a school district to offer access to activities governed by an organization having jurisdiction over interscholastic activities, contests, and tournaments to a pupil who is not otherwise eligible under the rules of the organization.

(11) A district may include only, for ANB purposes, an enrolled pupil who is otherwise eligible under this title and who is:

(12) A district shall, for ANB purposes, calculate the enrollment of an eligible Montana youth challenge program participant as half-time enrollment.

(13) (a) For an elementary or high school district that has been in existence for 3 years or more, the district's maximum general fund budget and BASE budget for the ensuing school fiscal year must be calculated using the current year ANB for all budget units or the 3-year average ANB for all budget units, whichever generates the greatest maximum general fund budget.

(b) For a K-12 district that has been in existence for 3 years or more, the district's maximum general fund budget and BASE budget for the ensuing school fiscal year must be calculated separately for the elementary and high school programs pursuant to subsection (13)(a) and then combined.

(14) The term "3-year ANB" means an average ANB over the most recent 3-year period, calculated by:

**Section 11.** Section 20-9-314, MCA, is amended to read:

**"20-9-314. Procedures for determining eligibility and amount of increased average number belonging due to unusual enrollment increase.** A district that anticipates an unusual increase in enrollment in the ensuing school fiscal year, as provided for in 20-9-313(1)(d), may increase its basic entitlement and total per-ANB entitlement for the ensuing school fiscal year in accordance with the following provisions:

(1) Prior to June 1, the district shall estimate the elementary or high school enrollment to be realized during the ensuing school fiscal year, based on as much factual information as may be available to the district.

(2) No later than June 1, the district shall submit its application for an *anticipated* unusual enrollment increase by elementary or high school level to the superintendent of public instruction. The application must include:

(a) the enrollment for the current school fiscal year;

(b) the average number belonging used to calculate the basic entitlement and total per-ANB entitlement for the current school fiscal year;

(c) the average number belonging that will be used to calculate the basic entitlement and total per-ANB entitlement for the ensuing school fiscal year;

(d) the ~~estimated~~ *anticipated* enrollment, including the factual information on which the estimate is based, as provided in subsection (1); and

(e) any other information or data that may be requested by the superintendent of public instruction.

(3) The superintendent of public instruction shall immediately review all the factors of the application and shall approve or disapprove the application or adjust the ~~estimated~~ *enrollment used to calculate the budgeted* average number belonging for the ensuing ~~ANB calculation period~~ *school fiscal year*. After approving an estimate, with or without adjustment, the superintendent of public instruction shall:

(a) determine the percentage by which the ~~estimated~~ *adjusted* enrollment exceeds the enrollment used for the budgeted ~~ANB~~ *average number belonging*; and

(b) approve an increase of the average number belonging used to establish the ensuing year's basic entitlement and total per-ANB entitlement in accordance with subsection (5) if the increase in subsection (3)(a) is at least ~~6%~~ *4% or 40 students, whichever is less*.

(4) The superintendent of public instruction shall notify the district of the decision by the fourth Monday in June.

(5) Whenever an unusual enrollment increase is approved by the superintendent of public instruction, ~~the increase of the average number belonging used to establish the basic entitlement and total per-ANB entitlement for the ensuing ANB calculation period is determined using the difference between the enrollment for the ensuing school fiscal year and 106% of the enrollment used to calculate the budgeted ANB. The amount determined is the maximum allowable increase added to the average number belonging for the purpose of establishing the ensuing year's basic entitlement and total per-ANB entitlement~~ *the maximum allowable increase to the average number belonging is equal to the adjusted enrollment as determined by the superintendent of public instruction in subsection (3) minus the sum of:*

*(a) the enrollment used to calculate the budgeted average number belonging for the ensuing school fiscal year; and*

*(b) the lesser of 40 students or 4% of the enrollment used to calculate the budgeted average number belonging for the ensuing school fiscal year*.

(6) (a) Any entitlement increases resulting from provisions of this section must be reviewed at the end of the ensuing school fiscal year.

(b) If the actual enrollment is less than the enrollment used to determine the budgeted ANB, the superintendent of public instruction shall revise the total per-ANB entitlement and basic entitlement calculations, as provided in subsection (5), using the actual enrollment in place of the ~~estimated~~ *adjusted* enrollment. All total per-ANB entitlements received by the district in excess of the revised entitlements are overpayments subject to the refund provisions of 20-9-344(4)."

**Section 12.** Section 20-9-323, MCA, is amended to read:

The 300% limit is not applicable to the building reserve fund, the debt service fund, or the bus depreciation reserve fund.

(2) The county superintendent shall, upon completion of a school fiscal year, redistribute any amounts in excess of the 300% limit among any other school

districts in the same county whose combined ending fund balance for all budgeted funds included in subsection (1) has not exceeded the 300% limit. The county superintendent shall redistribute funds equally to the school districts qualifying for redistribution on a per-quality-educator basis, calculated by dividing the total funds by the total number of quality educators, as defined in 20-4-502, employed by the qualifying school districts in the county in the immediately preceding school fiscal year. School districts receiving the funds may place the funds in any budgeted fund of the district at the discretion of the board of trustees of each district.

(3) Unless an exception is granted under subsection (5), upon completion of a school fiscal year, a school district with combined ending fund balances in excess of the 300% limit shall cooperate with the county superintendent in effectuating the redistribution of excess funds as provided in subsection (2). A school district may make the payment required under this subsection from any fund or funds of the district other than the debt service fund, the building reserve fund, and the bus depreciation reserve fund.

(4) Any funds that cannot be redistributed within a county without causing a school district in the county to exceed the 300% limit must be remitted by the county treasurer to the state for deposit in the guarantee account *and distribution* ~~provided for in~~ *in the same manner as provided in* ~~20-9-622~~ *20-9-622(3)*.

(5) In accordance with 20-9-161, a school district shall report to the education and local government interim committee for any exception taken to the limits prescribed by subsection (1) of this section.

Annual inflation-related adjustments to basic entitlements and per-ANB entitlements.** (1) In preparing and submitting an agency budget pursuant to 17-7-111 and 17-7-112, the superintendent of public instruction shall determine the inflation factor for the basic and per-ANB entitlements*, the data-for-achievement payment, and the general fund payments in 20-9-327 through 20-9-330* in each fiscal year of the ensuing biennium. The inflation factor is calculated as follows:

(a) for the first year of the biennium, divide the consumer price index for July 1 of the prior calendar year by the consumer price index for July 1 of the calendar year 3 years prior to the prior calendar year and raise the resulting ratio to the power of one-third; and

(b) for the second year of the biennium, divide the consumer price index for July 1 of the current calendar year by the consumer price index for July 1 of the calendar year 3 years prior to the current calendar year and raise the resulting ratio to the power of one-third.

(2) The present law base for the ~~basic and per-ANB~~ entitlements *referenced in subsection (1)*, calculated under Title 17, chapter 7, part 1, must consist of any enrollment increases or decreases plus the inflation factor calculated pursuant to this section, not to exceed 3% in each year, applied to both years of the biennium.

(3) For the purposes of this section, "consumer price index" means the consumer price index, U.S. city average, all urban consumers, for all items, using the 1982-84 base of 100, as published by the bureau of labor statistics of the U.S. department of labor."

*(2) Subject to subsection (3), any excess interest and income revenue deposited in the guarantee account in each fiscal year must be distributed in accordance with 20-9-622(3).*

*(3) The excess interest and income revenue must equal at least $1 million in order to be distributed pursuant to subsection (2). Excess interest and income revenue of $1 million or less must be carried forward and added to the excess interest and income revenue in the next ensuing school fiscal year and distributed in accordance with 20-9-622(3).*

*(4) For purposes of this section, "excess interest and income revenue" means an annual amount in excess of $56 million.*"

**Section 15.** Section 20-9-344, MCA, is amended to read:

**"20-9-344. Duties of board of public education for distribution of BASE aid.** (1) The board of public education shall administer and distribute the BASE aid and state advances for county equalization in the manner and with the powers and duties provided by law. The board of public education:

(b) may require reports from the county superintendents, county treasurers, and trustees that it considers necessary; and

(c) shall order the superintendent of public instruction to distribute the BASE aid on the basis of each district's annual entitlement to the aid as established by the superintendent of public instruction. (2) The board of public education may order the superintendent of public instruction to withhold distribution of BASE aid from a district when the district fails to:

(a) submit reports or budgets as required by law or rules adopted by the board of public education; or

(b) maintain accredited status *because of failure to meet the board of public education's assurance and performance standards*.

(3) Prior to any proposed order by the board of public education to withhold distribution of BASE aid or county equalization money, the district is entitled to a contested case hearing before the board of public education, as provided under the Montana Administrative Procedure Act.

(4) If a district or county receives more BASE aid than it is entitled to, the county treasurer shall return the overpayment to the state upon the request of the superintendent of public instruction in the manner prescribed by the superintendent of public instruction.

(5) Except as provided in 20-9-347(2), the BASE aid payment must be distributed according to the following schedule:

(6) The distribution provided for in subsection (5) must occur by the last working day of each month."

**Section 16.** Section 20-9-403, MCA, is amended to read:

**"20-9-403. Bond issues for certain purposes.** (1) The trustees of a school district may issue and negotiate general obligation bonds*, oil and natural gas revenue bonds,* or impact aid bonds of the school district for the purpose of:

(a) building, altering, repairing, buying, furnishing, equipping, purchasing lands for, or obtaining a water supply for a school, teacherage, dormitory, gymnasium, other building, or combination of buildings for school purposes;

(b) buying a school bus or buses;

(c) providing the necessary money to redeem matured bonds, maturing bonds, or coupons appurtenant to bonds when there is not sufficient money to redeem them;

(2) Money realized from the sale of bonds issued on the credit of a high school district may not be used for any of the purposes listed in subsection (1) in an elementary school district, and the money may be used for any of the purposes listed in subsection (1) for a junior high school but only to the extent that the 9th grade of the high school is served.

(3) If applicable, the trustees shall specify whether the bonds are qualified school construction bonds as described in 17-5-116(1) or tax credit bonds as provided in 17-5-117."

**Section 17.** Section 20-9-406, MCA, is amended to read:

**"20-9-406. Limitations on amount of bond issue — definition of federal impact aid basic support payment — *oil and natural gas payment*.** (1) (a) Except as provided in subsection (1)(c), the maximum amount for which an elementary district or a high school district may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471, *oil and natural gas revenue bonds to which a deficiency tax levy is pledged,* and any other loans or notes payable that are held as general obligations of the district, is 50% of the taxable value of the property subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

(b) Except as provided in subsection (1)(c), the maximum amount for which a K-12 school district, as formed pursuant to 20-6-701, may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471, *oil and natural gas revenue bonds to which a deficiency tax levy is pledged,* and any other loans or notes payable that are held as general obligations of the district, is up to 100% of the taxable value of the property subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

(c) (i) The maximum amount for which an elementary district or a high school district with a district mill value per elementary ANB or per high school ANB that is less than the facility guaranteed mill value per elementary ANB or high school ANB under 20-9-366 may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471, *oil and natural gas revenue bonds to which a deficiency tax levy is pledged,* and any other loans or notes payable that are held as general obligations of the district, is 50% of the corresponding facility guaranteed mill value per ANB times 1,000 times the ANB of the district. For a K-12 district, the maximum amount for which the district may become indebted is 50% of the sum of the facility guaranteed mill value per elementary ANB times 1,000 times the elementary ANB of the district and the facility guaranteed mill value per high school ANB times 1,000 times the high school ANB of the district. For the purpose of calculating ANB under this subsection, a district

may use the greater of the current year ANB or the 3-year ANB calculated under 20-9-311.

(ii) If mutually agreed upon by the affected districts, for the purpose of calculating its maximum bonded indebtedness under this subsection (1)(c), a district may include the ANB of the district plus the number of students residing within the district for which the district or county pays tuition for attendance at a school in an adjacent district. The receiving district may not use out-of-district ANB for the purpose of calculating its maximum indebtedness if the out-of-district ANB has been included in the ANB of the sending district pursuant to the mutual agreement. For the purpose of calculating ANB under this subsection, a district may use the greater of the current year ANB or the 3-year ANB calculated under 20-9-311.

(2) The maximum amounts determined in subsection (1) do not pertain to indebtedness imposed by special improvement district obligations or assessments against the school district or to general obligation bonds issued for the repayment of tax protests lost by the district. All general obligation bonds issued in excess of the amount are void, except as provided in this section.

(3) The maximum amount of impact aid revenue bonds that an elementary district, high school district, or K-12 school district may issue may not exceed a total aggregate amount equal to three times the average of the school district's annual federal impact aid basic support payments for the 5 years immediately preceding the issuance of the bonds. However, at the time of issuance of the bonds, the average annual payment of principal *of* and interest on the impact aid bonds each year may not exceed 35% of the total federal impact aid basic support payments of the school district for the current year.

*(4) The maximum amount of oil and natural gas revenue bonds that an elementary district, high school district, or K-12 school district may issue may not exceed a total aggregate amount equal to three times the average of the school district's annual oil and natural gas production taxes received pursuant to 15-36-331, 15-36-332, and 20-9-310 for the 2 fiscal years immediately preceding the issuance of the bonds. At the time of the issuance of the bonds, the average annual payment of principal of and interest on the oil and natural gas revenue bonds each year may not exceed 35% of the total oil and natural gas production taxes received by the school district under the limitations in 20-9-310 for the immediately preceding fiscal year. If the oil and natural gas revenue bonds are also secured by a deficiency tax levy as provided in 20-9-437, the debt limitation provided in subsection (1) of this section applies to the bonds.*

~~(4)~~*(5)* When the total indebtedness of a school district has reached the limitations prescribed in this section, the school district may pay all reasonable and necessary expenses of the school district on a cash basis in accordance with the financial administration provisions of this chapter.

~~(5)~~*(6)* Whenever bonds are issued for the purpose of refunding bonds, any money to the credit of the debt service fund for the payment of the bonds to be refunded is applied toward the payment of the bonds and the refunding bond issue is decreased accordingly.

~~(6)~~*(7)* As used in this part, "federal impact aid basic support payment" means the annual impact aid revenue received by a district under 20 U.S.C. 7703(b) but excludes revenue received for impact aid special education under 20 U.S.C. 7703(d) and impact aid construction under 20 U.S.C. 7707."

**Section 18.** Section 20-9-408, MCA, is amended to read:

**"20-9-408. Definition of forms of bonds.** As used in this part, the following definitions apply:

(1) "Amortization bond" means that form of bond on which a part of the principal is required to be paid each time that interest becomes due and payable. The part payment of principal increases with each following installment in the same amount that the interest payment decreases, so that the combined amount payable on principal and interest is the same on each payment date. However, the payment on the initial interest payment date may be less or greater than the amount of other payments on the bond, reflecting the payment of interest only or the payment of interest for a period different from that between other interest payment dates. The final payment may vary from prior payments in amount as a result of rounding prior payments.

(2) "General obligation bonds" means bonds that pledge the full faith and credit and the taxing power of a school district.

(3) "Impact aid revenue bonds" means bonds that pledge and are payable solely from federal impact aid basic support payments received and deposited to the credit of the fund established in 20-9-514.

*(4) "Oil and natural gas revenue bonds" means bonds that pledge and are payable from a first lien on oil and natural gas production taxes received by a school district pursuant to 20-9-310. Oil and natural gas revenue bonds to which a tax deficiency is pledged are not considered general obligation bonds that are eligible to receive guaranteed tax base aid pursuant to 20-9-367 but are to be considered in determining the debt limit of a school district for the purposes of 20-9-406.*

~~(4)~~*(5)* "Serial bonds" means a bond issue payable in annual installments of principal commencing not more than 2 years from the date of issue, any one installment consisting of one or more bonds, with the principal amount of bonds maturing or subject to mandatory sinking fund redemption in each installment, commencing with the installment payable in the fourth year after the date of issue, not exceeding three times the principal amount of the bonds payable in the immediately preceding installment."

**Section 19.** Section 20-9-422, MCA, is amended to read:

**"20-9-422. Additional requirements for trustees' resolution calling bond election.** (1) In addition to the requirements for calling an election that are prescribed in 20-20-201 and 20-20-203, the trustees' resolution calling a school district bond election must:

(a) specify whether the bonds will be general obligation bonds*, oil and natural gas revenue bonds,* or impact aid revenue bonds *and, if oil and natural gas revenue bonds, whether a tax deficiency is pledged to the repayment of the bonds*;

(b) fix the exact amount of the bonds proposed to be issued, which may be more or less than the amounts estimated in a petition;

(c) fix the maximum number of years in which the proposed bonds would be paid;

(d) in the case of initiation by a petition, state the essential facts about the petition and its presentation; and

(e) state the amount of the state advance for school facilities estimated, pursuant to subsection (2), to be received by the district in the first school fiscal year in which a debt service payment would be due on the proposed bonds.

(2) Prior to the adoption of the resolution calling for a school bond election for a general obligation bond, the trustees of a district may request from the superintendent of public instruction a statement of the estimated amount of state advance for school facilities that the district will receive for debt service payments on the proposed general obligation bonds in the first school fiscal year in which a debt service payment is due. The district shall provide the superintendent with an estimate of the debt service payment due in the first school fiscal year. The superintendent shall estimate the state advance for the general obligation bond issue pursuant to 20-9-371(2)."

**Section 20.** Section 20-9-423, MCA, is amended to read:

**"20-9-423. Form, contents, and circularization of petition proposing school district bond election.** Any petition for the calling of an election on the proposition of issuing school district bonds must:

(1) specify whether the bonds will be general obligation bonds*, oil and natural gas revenue bonds,* or impact aid revenue bonds *and, if oil and natural gas revenue bonds, whether a tax deficiency is pledged to the repayment of the bonds*;

(2) plainly state each purpose of the proposed bond issue and the estimated amount of the bonds that would be issued for each purpose;

(3) be signed by not less than 20% of the school district electors qualified to vote under the provisions of 20-20-301 in order to constitute a valid petition;

(4) be a single petition or it may be composed of more than one petition, all being identical in form, and after being circulated and signed, they must be fastened together to form a single petition when submitted to the county registrar;

(5) be circulated by any one or more qualified electors of the school district; and

(6) contain an affidavit of each registered elector circulating a petition attached to the portion of the petition circulated. The affidavit must attest to the authenticity of the signatures and that the signers knew the contents of the petition at the time of signing it."

**Section 21.** Section 20-9-426, MCA, is amended to read:

**"20-9-426. Preparation and form of ballots for bond election.** (1) The school district shall cause ballots to be prepared for all bond elections, and whenever bonds for more than one purpose are to be voted upon at the same election, separate ballots must be prepared for each purpose.

(2) For bond elections that are not held in conjunction with a school election, the ballots for absentee voting must be printed and made available at least 30 days before the bond election.

**“20-9-437. School district liable on bonds.** (1) The full faith, credit, and taxable resources of a school district issuing general obligation bonds under the provisions of this title are pledged for the repayment of the bonds with interest according to the terms of the bonds. For the purpose of making the provisions of this part enforceable, each school district is a body corporate that may sue and be sued by or in the name of the trustees of the school district.

(2) A school district may use up to 25% of its federal impact aid funds received pursuant to 20-9-514 for repayment of general obligation bonds.

(3) Impact aid revenue bonds must be payable solely from the federal impact aid basic support payment received by the school district and deposited to the credit of the impact aid fund established in 20-9-514 and do not constitute a general obligation of the school district. The school district’s taxing power is not pledged for the repayment of impact aid revenue bonds.

*(4) (a) Oil and natural gas revenue bonds must be payable from the oil and natural gas production taxes received by the school district under the limitations in 20-9-310 and deposited to the debt service fund.*

*(b) A school district, as long as it has specified that its oil and natural gas revenue bonds are further secured by a deficiency tax levy in the bond election question and notice under 20-9-426 and 20-9-427, may additionally provide that if for any reason the oil and natural gas production taxes received by the school district and the amounts in the debt service reserve account are inadequate to pay*

*the principal of or interest on the bonds as they become due, payment will be made from a deficiency tax levy.*

*(5) If for any reason the oil and natural gas taxes or the amounts in the debt service reserve account are inadequate to pay the principal of or interest on any oil and natural gas revenue bonds as to which the school district has pledged a deficiency tax levy in accordance with subsection (4) as it becomes due, the school district shall, at least 15 days before the first day of the month in which the board of county commissioners of the county or counties in which the school district is located levies the amount of taxes required, furnish to the county treasurer an estimate in writing of the amount of money required:*

*(a) by the school district for the payment of the principal of or interest on the bonded debt as it becomes due and to replenish the debt service reserve account;*

*(b) to establish reasonable reserve funds for either purpose; and*

*(c) by the school district for any other purpose set forth in this section.*

*(6) Annually and at the time and in the manner of levying other county or city and county taxes, the county treasurer shall, as instructed by the school district, to the extent of any deficiency resulting from oil and natural gas taxes to pay or secure oil and natural gas revenue bonds to which a deficiency tax is pledged and for any other purpose set forth in this section:*

*(a) until the bonded debt is fully paid, levy upon the taxable property located in the school district and collect a school district oil and natural gas revenue bond deficiency tax sufficient for the payment or reimbursement of the payment of the bonded debt in the current or ensuing fiscal year, or both; and*

*(b) until the bonded debt is fully paid, levy upon all of the taxable property located in the school district and collect a school district oil and natural gas revenue bond deficiency tax sufficient for replenishing amounts in the debt service reserve account.*

*(7) Taxes for the payment of any oil and natural gas revenue bonds to which the school district has pledged a deficiency tax must be levied on the taxable property located in the school district as stated in the resolution fixing the terms and conditions of the bonds, and all taxes for other purposes must be levied on all property located within the school district.*"

**Section 25.** Section 20-9-438, MCA, is amended to read:

**"20-9-438. Preparation of general obligation debt service fund budget — operating reserve.** (1) The trustees of each school district having outstanding general obligation bonds shall include in the debt service fund of the final budget adopted in accordance with 20-9-133 an amount of money that is necessary to pay the interest and the principal amount becoming due during the ensuing school fiscal year for each series or installment of bonds, according to the terms and conditions of the bonds and the redemption plans of the trustees.

(2) The trustees shall also include in the debt service fund of the final budget:

(a) the amount of money necessary to pay the special improvement district assessments levied against the school district that become due during the ensuing school fiscal year; ~~and~~

(b) a limited operating reserve for the school fiscal year following the ensuing school fiscal year as provided in subsection ~~(3)~~ *(4); and*

*(c) an amount to satisfy the reserve requirement for oil and natural gas revenue bonds.*

*(3) The trustees of a school district having outstanding oil and natural gas bonds shall include in the debt service reserve account of the final budget adopted in accordance with 20-9-133 oil and natural gas production taxes received by a school district or other legally available funds sufficient to satisfy the reserve requirement. Funds remaining in the debt service reserve account may not be reappropriated or reverted and must be used for the purposes set forth in [section 28].*

~~(3)~~*(4)* At the end of each school fiscal year, the trustees of a school district may designate a portion of the end-of-the-year fund balance of the debt service fund to be earmarked as a limited operating reserve for the purpose of paying, whenever a cash flow shortage occurs, debt service fund warrants and bond obligations that must be paid from July 1 through November 30 of the school fiscal year following the ensuing school fiscal year. Any portion of the debt service fund end-of-the-year fund balance not earmarked for limited operating reserve purposes must be reappropriated to be used for property tax reduction as provided in 20-9-439.

~~(4)~~*(5)* The county superintendent shall compare the final budgeted amount for the debt service fund with the bond retirement and interest requirement and the special improvement district assessments for the school fiscal year just beginning as reported by the county treasurer in the statement supplied under the provisions of 20-9-121. If the county superintendent finds that the requirement stated by the county treasurer is more than the final budget amount, the county superintendent shall increase the budgeted amount for interest or principal in the debt service fund of the final budget. The amount confirmed or revised by the county superintendent is the final budget expenditure amount for the debt service fund of the school district."

**Section 26.** Section 20-9-440, MCA, is amended to read:

**"20-9-440. Payment of debt service obligations — termination of interest.** (1) The school district shall provide the county treasurer with a general obligation bond*, oil and natural gas revenue bond,* or impact aid revenue bond debt services schedule. The county treasurer shall maintain a separate debt service fund for each school district and, if bonds are to be issued as *either* impact aid revenue bonds *or oil and natural gas revenue bonds*, *shall maintain* a separate impact aid revenue bond debt service fund *or oil and natural gas revenue bond debt service fund, as applicable,* and an impact aid revenue bond debt service reserve account *or oil and natural gas revenue bond debt service reserve account*, if required~~, and~~. *The school district* shall credit all tax money*, oil and natural gas revenue,* or impact aid revenue collected for debt service to the appropriate fund and use the money credited to the fund for the payment of debt service obligations in accordance with the school financial administration provisions of this title.

(2) The county treasurer shall pay from the debt service fund all amounts of interest and principal on school district bonds as the interest or principal becomes due when the coupons or bonds are presented and surrendered for payment and shall pay all special improvement district assessments as they become due. If the bonds are held by the state of Montana, then all payments must be remitted to the state treasurer who shall cancel the coupons or bonds and return the coupons or bonds to the county treasurer with the state treasurer's receipt. If the bonds are not held by the state of Montana and the interest or principal is made payable at some designated bank or financial institution, the county treasurer shall remit the amount due for interest or principal to the bank or financial institution for payment against the surrender of the canceled coupons or bonds.

(3) Whenever any school district bond or installment on school district bonds becomes due and payable, interest ceases on that date unless sufficient funds are available to pay the bond when it is presented for payment or when payment of an installment is demanded. In either case, interest on the bond or installment continues until payment is made.

(4) Any installment on interest and principal on bonds held by the state that is not promptly paid when due draws interest at an annual rate of 6% from the date due until actual payment, irrespective of the rate of interest on the bonds."

**Section 27. Security for oil and natural gas revenue bonds.** (1) To secure the payment of principal of and interest on oil and natural gas revenue bonds, the trustees of a school district, by resolution or indenture of trust, may provide that oil and natural gas revenue bonds are secured by a first lien on the oil and natural gas production revenue received pursuant to 20-9-310 and pledge to the holders of the oil and natural gas revenue bonds all of the oil and natural gas revenue deposited in the district's debt service fund.

(2) Upon receipt of oil and natural gas revenue, the county treasurer shall deposit in the district's debt service fund the amount that is required to pay the principal of and interest on the oil and natural gas revenue bonds due in the next 12-month period and to restore any deficiency in the oil and natural gas revenue debt service reserve account up to reserve requirements. Any remaining oil and natural gas revenue must be deposited as directed by the board of trustees as provided in 20-9-310. The school district and county treasurer may designate a trustee for holders of the bonds to receive the school district's oil and natural gas revenue for purposes of making the annual debt service payments on oil and natural gas revenue bonds and may authorize the trustee to establish and maintain the oil and natural gas revenue bond debt service fund and oil and natural gas revenue bond debt service reserve account.

(3) Any pledge made pursuant to this section is valid and binding from the time the pledge is made, and the money pledged and received by the county treasurer on behalf of the school district to be placed in the debt service fund is immediately subject to the lien of the pledge without any future physical delivery or further act. A lien of any pledge is valid and binding against all parties that have claims of any kind against the school district regardless of whether the parties have notice of the lien. The bond resolution or indenture of trust that creates the pledge, when adopted by the trustees of any district, is notice of the creation of the pledge, and those instruments are not required to be recorded in any other place to perfect the pledge.

(4) The state may not limit, alter, or impair the ability of a school district to qualify for oil and natural gas revenue or in any way impair the rights and remedies of the bondholders until all bonds issued under this section, together with interest on the bonds, interest on any unpaid installments of principal or interest, and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders, are fully met and discharged. The trustees of any district, as agents for the state, may include a pledge and undertaking in resolutions and indentures authorizing and securing the bonds as described in this subsection.

**Section 28. Debt service reserve account.** (1) If a school district issues oil and natural gas revenue bonds, the school district shall establish and maintain an oil and natural gas revenue bond debt service reserve account, to which there must be deposited or transferred an amount from bond proceeds or oil and natural gas production taxes received by a school district or other legally available funds sufficient to satisfy the reserve requirement.

(2) All money held in the oil and natural gas revenue bond debt service reserve account must be used solely for the payment of the principal of or interest on the bonds secured in whole or in part by the account or the debt service fund payments with respect to the bonds, the purchase or redemption of the bonds, the payment of interest on the bonds, or the payment of any redemption premium required to be paid when the bonds are redeemed prior to maturity.

AN ACT REVISING LAWS RELATED TO WATERSHEDS AND CATASTROPHIC FIRES; FINDING THAT WATERSHEDS AND THE DRINKING WATER SUPPLIES OF MANY MONTANA COMMUNITIES ARE AT RISK FROM CATASTROPHIC FIRES IN FEDERALLY MANAGED WATERSHEDS; DIRECTING THE DEPARTMENT OF NATURAL RESOURCES AND CONSERVATION TO ANALYZE FOREST LAND FOR POTENTIAL ZONES OF INFESTATION AND ADVOCATE FOR AUTHORITY TO CONDUCT WATERSHED RESTORATION AND PROTECTION SERVICES ON FEDERAL LAND; AUTHORIZING THE ATTORNEY GENERAL TO INTERVENE IN LITIGATION OF FEDERAL FOREST MANAGEMENT PROJECTS; AND AMENDING SECTIONS 76-13-301, 76-13-303, 76-13-701, AND 76-13-702, MCA.

WHEREAS, properly functioning watersheds are critical to Montana's economic prosperity, the health of its citizens, and the culture of the state but the management of many of these watersheds has left them impaired or at risk for not functioning properly; and

WHEREAS, the Montana Constitution provides that the waters of the state are the property of the state for the use of its people and are subject to appropriation for beneficial uses as provided by law; and

WHEREAS, all persons have a constitutional right to a clean and healthful environment, which includes the protection and restoration of watersheds; and

WHEREAS, the state has inherent power to enact reasonable legislation for the health, safety, and welfare of the public, which includes the protection of drinking water supplies that originate in watersheds; and

WHEREAS, wildfires in critical watersheds and across Montana degrade the quality of our water by overloading streams with sediment and nutrients and clogging our air with pollutants from smoke, resulting last year in 88 days on which the air quality was poor because of smoke; and

WHEREAS, the 2012 fire season was severe, with suppression costs to the state topping $50 million, and comprehensive watershed restoration and protection could significantly reduce fire season costs by preventing fires.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 76-13-301, MCA, is amended to read:

**"76-13-301. Policy.** *(1)* It is the public policy of the state to*:*

*(a)* protect and preserve forest resources from destruction by forest insect pests and tree diseases~~,~~*;*

*(b)* ~~to~~ protect the forests and watersheds of Montana~~,~~ *and restore those watersheds that are most affected by insect pests and tree diseases and are critical to water supplies;*

*(c)* ~~to~~ enhance the production of forests~~,~~*;*

*(d)* ~~to~~ promote the stability of forest industry~~,~~*; and*

*(e)* ~~to~~ protect the recreational values of the forest~~, and to~~.

*(2) It is further the public policy of the state to* independently and through cooperation with the federal government and private forest landowners adopt measures to control, suppress, and eradicate outbreaks of forest insect pests and tree diseases."

**Section 2.** Section 76-13-303, MCA, is amended to read:

**"76-13-303. Creation of zone of infestation.** *(1)* ~~Whenever the department determines that~~ *The department shall annually produce a list of areas where:*

*(a)* there exists an infestation of forest insect pests or forest tree diseases injurious to the timber or forest growth on forest lands within the state and that the infestation is of such a character as to be a menace to the timber or forest growth of this state*; and*

*(b) an infestation of forest insect pests or forest tree diseases in a watershed makes the watershed at risk for wildfire, places the functionality of the watershed at risk, or creates other conditions that threaten the watershed.* ~~, the~~

*(2) The* department shall~~, with the approval of~~ *present the list annually to* the board of land commissioners~~, declare the existence of~~ *to determine if* a zone of infestation *exists and, if so,* ~~and~~ *shall* fix the boundaries ~~so as~~ to definitely describe and identify ~~the~~ *each* zone."

**Section 3.** Section 76-13-701, MCA, is amended to read:

**"76-13-701. Findings and policy.** (1) The legislature finds that the sustainable management of public forests in Montana is vital to conserving the state's natural resources and their economic and ecological potential for the benefit of all Montanans.

(2) The legislature finds that public forests in Montana should be sustainably managed to maintain biodiversity, productivity, regeneration capacity, vitality, and potential to fulfill relevant ecological, economic, and social functions.

(3) The legislature finds that sustainable forest stewardship and management of Montana's public forests requires a balanced approach that ensures a stable timber supply, active restoration, healthy watersheds and fish and wildlife habitat, areas for natural processes, and allowances for multiple uses.

*(4) The legislature finds that:*

*(a) there is overwhelming evidence that the management, protection, and conservation of watersheds in Montana is critical to the well-being of the state;*

*(b) the water supplies of some of the state's most populous cities and surrounding areas originate in federally managed watersheds that are at risk for catastrophic wildfire, the severity of which could be reduced by proper management;*

*(c) a catastrophic wildfire in any one of those municipal watersheds would result in ash and sediment inundating and degrading the water supply, leaving tens of thousands of residents without drinking water, creating a severe public safety situation, and decimating millions of dollars worth of water infrastructure;*

*(d) a burned-out watershed also affects the timing of snow melt and stream flow, which detrimentally affects irrigation and fisheries; and*

*(e) federal land managers are not giving due consideration to the constitutionally protected water rights of the state and its citizens, the exercise of which would be impaired by a catastrophic wildfire.*

~~(4)~~*(5)* The legislature declares that it is the policy of this state to promote the sustainable use of all public forests within the state through sound management and collaboration with local, state, and federal entities."

**Section 4.** Section 76-13-702, MCA, is amended to read:

**"76-13-702. Duties — authority.** To implement the policy of 76-13-701, the department of natural resources and conservation:

(2) shall provide technical information and educational assistance to nonindustrial, private forest landowners;

(3) shall promote forest management activities within and adjacent to the wildland-urban interface and promote the implementation of community wildfire protection plans;

(4) shall promote a viable forest and wood products industry and other businesses and individual activities that rely on public forest lands;

(5) shall represent the state's interest in the federal forest management planning and policy process, including establishing cooperative agency status and coordination with federal agencies;

*(6) shall advocate that Montana be included in federal legislation to establish a good neighbor policy that would allow the secretary of the interior or the secretary of agriculture to enter into a cooperative agreement or contract that would authorize the state forester to provide watershed restoration and protection services on federal land. Watershed restoration and protection services included in the good neighbor policy must include the authority to:*

*(a) treat insect-infested trees;*

*(b) reduce hazardous fuels; and*

*(c) conduct any other activities to restore or improve forest, rangeland, and watershed health, including fish and wildlife habitat.*

~~(6)~~*(7)* may assist local government entities in establishing cooperative agency status and coordination with federal agencies;

~~(7)~~*(8)* shall promote the development of an independent, long-term sustained yield calculation on Montana's federal forests;

~~(8)~~*(9)* has the authority to intervene in litigation or appeals on federal forest management projects that:

(a) comply with the policy in 76-13-701 and in which local and state interests are clearly involved; or

(b) involve fuel-loading conditions that the department considers to be a significant threat to public health and safety *or to hamper watershed restoration and protection*;

~~(9)~~*(10)* has the authority to enter into agreements with federal agencies to participate in forest management activities on federal lands; and

~~(10)~~*(11)* shall participate in and facilitate collaboration between traditional forest interests in reaching consensus-based solutions on federal land management issues."

**Section 5. Federal forest management projects — attorney general authority to intervene**. To fulfill the purposes of Title 76, chapter 13, the attorney general has the authority to intervene in litigation or appeals on federal forest management projects that could affect watershed protection or restoration.

(3) The supervising entity shall maintain a registry of vendor locations that are authorized to sell or solicit portable electronics insurance coverage in this state. Upon request by the commissioner and with 10 days' notice to the supervising entity, the registry must be open to inspection and examination by the commissioner during regular business hours of the supervising entity.

(5) The commissioner may adopt rules to implement the provisions of [sections 1 through 9].

**Section 4. Requirements for sale of portable electronics insurance.** (1) At each location where portable electronics insurance is offered to customers, brochures or other written materials must be made available to a prospective customer that:

(a) disclose that portable electronics insurance may provide a duplication of coverage already provided by a customer's homeowner's insurance policy, renter's insurance policy, or other source of coverage;

All funds received by a vendor from an enrolled customer for the sale of portable electronics insurance are considered funds held in trust by the vendor in a fiduciary capacity for the benefit of the insurer. (b) if an enrolled customer exhausts the aggregate limit of liability, if any, under the terms of the portable electronics insurance policy and the insurer sends notice of termination to the enrolled customer within 30 calendar days after exhaustion of the limit. If the notice of exhaustion is not timely sent, the customer's enrollment must continue regardless of the aggregate limit of liability until the insurer sends notice of termination to the enrolled customer.

(6) When a portable electronics insurance policy is terminated by a vendor policyholder, the vendor policyholder shall mail or deliver written notice to each enrolled customer advising the enrolled customer of the termination of the policy and the effective date of termination. The written notice must be mailed or delivered to the enrolled customer at least 30 days prior to the termination.

If the notice or correspondence is sent by electronic means, it must be sent to the vendor of portable electronics at the vendor's electronic mail address specified for the purpose and to an affected enrolled customer's last-known electronic mail address as provided by each enrolled customer to the insurer or vendor of portable electronics. For purposes of this subsection, an enrolled customer's provision of an electronic mail address to the insurer or vendor of portable electronics is considered to be consent to receive notices and correspondence by electronic means. The insurer or vendor

of portable electronics shall maintain proof that the notice or correspondence was sent.

(8) Notices or correspondence required by [sections 1 through 9] or otherwise required by law may be sent on behalf of an insurer or vendor by the supervising entity appointed by the insurer.

**Section 4.** Section 39-71-123, MCA, is amended to read:

**"39-71-123. Wages defined.** (1) "Wages" means all remuneration paid for services performed by an employee for an employer, or income provided for in subsection (1)(d). Wages include the cash value of all remuneration paid in any medium other than cash. The term includes but is not limited to:

(a) commissions, bonuses, and remuneration at the regular hourly rate for overtime work, holidays, vacations, and periods of sickness;

(b) backpay or any similar pay made for or in regard to previous service by the employee for the employer, other than retirement or pension benefits from a qualified plan;

(c) tips or other gratuities received by the employee, to the extent that tips or gratuities are documented by the employee to the employer for tax purposes;

(d) income or payment in the form of a draw, wage, net profit, or substitute for money received or taken by a sole proprietor or partner, regardless of whether the sole proprietor or partner has performed work or provided services for that remuneration;

(e) board, lodging, rent, or housing if it constitutes a part of the employee's remuneration and is based on its actual value; and

(f) payments made to an employee on any basis other than time worked, including but not limited to piecework, an incentive plan, or profit-sharing arrangement.

(2) The term "wages" does not include any of the following:

(a) employee expense reimbursements or allowances for meals, lodging, travel, subsistence, and other expenses, as set forth in department rules;

(b) the amount of the payment made by the employer for employees, if the payment was made for:

(i) retirement or pension pursuant to a qualified plan as defined under the provisions of the Internal Revenue Code;

(ii) sickness or accident disability under a workers' compensation policy;

(iii) medical or hospitalization expenses in connection with sickness or accident disability, including health insurance for the employee or the employee's immediate family;

(iv) death, including life insurance for the employee or the employee's immediate family;

(c) vacation or sick leave benefits accrued but not paid;

(e) monetary and other benefits paid to a person as part of public assistance, as defined in 53-4-201.

(3) (a) Except as provided in subsection (3)(b), for compensation benefit purposes, the average actual earnings for the four pay periods immediately preceding the injury are the employee's wages, except that if the term of employment for the same employer is less than four pay periods, the employee's wages are the hourly rate times the number of hours in a week for which the employee was hired to work.

(b) For good cause shown, if the use of the last four pay periods does not accurately reflect the claimant's employment history with the employer, the wage may be calculated by dividing the total earnings for an additional period of time, not to exceed 1 year prior to the date of injury, by the number of weeks in that period, including periods of idleness or seasonal fluctuations.

(4) (a) For the purpose of calculating compensation benefits for an employee working concurrent employments, the average actual wages must be calculated as provided in subsection (3). As used in this subsection, "concurrent employment" means employment in which the employee was actually employed at the time of the injury and would have continued to be employed without a break in the term of employment if not for the injury.

(b) Except as provided in ~~39-71-118(7)(c) and (12)(c)~~ *39-71-118(10)(c)*, the compensation benefits for a covered volunteer must be based on the average actual wages in the volunteer's regular employment, except self-employment as a sole proprietor or partner who elected not to be covered, from which the volunteer is disabled by the injury incurred.

(c) The compensation benefits for an employee working at two or more concurrent remunerated employments must be based on the aggregate of

average actual wages of all employments, except for the wages earned by individuals while engaged in the employments outlined in 39-71-401(3)(a) who elected not to be covered, from which the employee is disabled by the injury incurred.

(5) For the purposes of calculating compensation benefits for an employee working for an employer, as provided in 39-71-117(1)(d), and for calculating premiums to be paid by that employer, the wages must be based upon all hours worked multiplied by the mean hourly wage by area, as published by the department in the edition of Montana Informational Wage Rates by Occupation, adopted annually by the department, that is in effect as of the date of injury or for the period in which the premium is due."

The employer shall maintain the roster of service with the effective date of membership for each volunteer firefighter.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Mediation of valuation disputes — centrally assessed and industrial properties.** (1) For appeals relating to the assessed value of centrally assessed property or industrial property that is assessed annually by the department, the objecting taxpayer may require that all issues raised in the complaint be the subject of a mediation proceeding conducted as provided in 26-1-813. The request for mediation must be accompanied by a fee of $100, payable to the department for deposit in the general fund.

(2) If the taxpayer requests mediation, which must be granted, the request is to be included in the complaint filed with the state tax appeal board pursuant to 15-2-302 or, if subsequent to the appeal, upon separate motion to the state tax appeal board. If mediation is requested by the taxpayer, the mediation must be conducted no less than 60 days prior to the contested case hearing on all issues raised in the complaint, to be scheduled by the state tax appeal board.

(3) The mediation proceeding must be conducted pursuant to 26-1-813 as a private, confidential, and informal dispute resolution. The mediation must be conducted by a person who is not a public employee and must be held at a privately owned facility. (4) Within 45 days after the request for mediation, the mediator must have been selected by the parties and the parties must have scheduled a mediation

(5) A mediator is prohibited from conveying information from one party to another during the mediation unless the source party specifically allows the conveyance of the information.

(6) If the mediation is successful, the department shall value the property that was the subject of the objection as agreed to in the mediation.

(7) If the mediation is unsuccessful, the parties shall proceed to a contested case hearing as scheduled by the state tax appeal board.

**Section 2. Mediation of valuation disputes — other property taxpayers.** (1) After a final decision of the county tax appeal board relating to the assessed value of property other than centrally assessed property or industrial property valued annually by the department, the objecting taxpayer may require that the assessed value be the subject of a mediation proceeding conducted as provided in 26-1-813. The request for mediation must be accompanied by a fee of $100, payable to the department for deposit in the general fund.

(2) If the taxpayer requests mediation, which must be granted, the request is to be included in the complaint filed with the state tax appeal board pursuant to 15-2-302 or, if subsequent to the appeal, upon separate motion to the state tax appeal board. If mediation is requested by the taxpayer, the mediation must be conducted no less than 60 days prior to the contested case hearing on all issues raised in the complaint, to be scheduled by the state tax appeal board.

(2) (a) Persons or other entities having a dispute with the department have the right to have the dispute resolved by appropriate means, including consideration of alternative dispute resolution procedures such as mediation.

(b) The department shall establish a dispute resolution office to resolve disputes between the department and persons or other entities.

(c) Disputes must be resolved by a final department decision within 180 days of the referral to the dispute resolution office, unless extended by mutual

consent of the parties. If a final department decision is not issued within the required time period, the remedy is an appeal to the appropriate forum as provided by law.

(3) (a) The department shall provide written notice to a person or other entity advising ~~them~~ *the person or entity* of a dispute over matters administered by the department.

(b) The person or other entity shall have the opportunity to resolve the dispute with the department employee who is responsible for the notice, as indicated on the notice.

(c) If the dispute cannot be resolved, either the department or the other party may refer the dispute to the dispute resolution office.

(d) The notice must advise the person or other entity of their opportunity to resolve the dispute with the person responsible for the notice and their right to refer the dispute to the dispute resolution office.

(4) Written notice must be sent to the persons or other entities involved in a dispute with the department indicating that the matter has been referred to the dispute resolution office. The written notice must include:

(a) a summary of the department's position regarding the dispute;

(b) an explanation of the right to the resolution of the dispute with a clear description of all procedures and options available;

(c) the right to obtain a final department decision within 180 days of the date that the dispute was referred to the dispute resolution office;

(d) the right to appeal should the department fail to meet the required deadline for issuing a final department decision; and

(e) the right to have the department consider alternative dispute resolution methods, including mediation.

(5) The department shall:

(a) develop guidelines that must be followed by employees of the department in dispute resolution matters;

(b) develop policies concerning the authority of an employee to resolve disputes; and

(c) establish procedures for reviewing and approving disputes resolved by an employee or the dispute resolution office.

(6) (a) (i) The director of revenue or the director's designee is authorized to enter into an agreement with a person or other entity relating to a matter administered by the department.

(ii) The director or the director's designee has no authority to bind a future legislature through the terms of an agreement.

(b) Subject to subsection (6)(a)(ii), an agreement under the provisions of subsection (6)(a)(i) is final and conclusive, and, except upon a showing of fraud, malfeasance, or misrepresentation of a material fact:

(i) the agreement may not be reopened as to matters agreed upon or be modified by any officer, employee, or agent of this state; and

(ii) in any suit, action, or proceeding under the agreement or any determination, assessment, collection, payment, abatement, refund, or credit made in accordance with the agreement, the agreement may not be annulled, modified, set aside, or disregarded."

**Section 4.** Section 15-1-402, MCA, is amended to read:

**"15-1-402. Payment of property taxes or fees under protest.** (1) (a) The person upon whom a property tax or fee is being imposed under this title

may, before the property tax or fee becomes delinquent, pay under written protest that portion of the property tax or fee protested.

(b) The protested payment must:

(i) be made to the officer designated and authorized to collect it;

(ii) specify the grounds of protest; and

(iii) not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which may include but are not limited to changes in assessment due to reappraisal under 15-7-111.

(c) If the protested property tax or fee is on property that is subject to central assessment pursuant to 15-23-101, the person shall report to the department the grounds of the protest and the amount of the protested payment for each county in which a protested payment was made. ~~By November 1 of each year, the department shall mail a notice stating the requirements of this subsection (1)(c) to owners of property subject to central assessment under 15-23-101(1) and (2) who have filed a timely appeal under 15-1-211.~~

(2) A person appealing a property tax or fee pursuant to Title 15, chapter 2 or 15, including a person appealing a property tax or fee on property that is *annually assessed by the department or* subject to central assessment pursuant to 15-23-101(1) or (2), shall pay the tax or fee under protest when due in order to receive a refund. If the tax or fee is not paid under protest when due, the appeal *or mediation* may continue but a tax or fee may not be refunded as a result of the appeal *or mediation*.

(3) If a protested property tax or fee is payable in installments, a subsequent installment portion considered unlawful by the state tax appeal board need not be paid and an action or suit need not be commenced to recover the subsequent installment. The determination of the action or suit commenced to recover the first installment portion paid under protest determines the right of the party paying the subsequent installment to have it or any part of it refunded to the party or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

(4) (a) Except as provided in subsection (4)(b), all property taxes and fees paid under protest to a county or municipality must be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and must be retained in the protest fund until the final determination of any action or suit to recover the taxes and fees unless they are released at the request of the county, municipality, or other local taxing jurisdiction pursuant to subsection (5). This section does not prohibit the investment of the money of this fund in the state unified investment program or in any manner provided in Title 7, chapter 6. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(b) (i) Property taxes that are levied by the state against property that is centrally assessed pursuant to 15-23-101 and any protested taxes on industrial property that is annually assessed by the department in a school district that has elected to waive its right to protested taxes in a specific year pursuant to 15-1-409 must be remitted by the county treasurer to the department for deposit as provided in subsections (4)(b)(ii) through (4)(b)(iv).

(ii) The department shall deposit 50% of that portion of the funds levied for the university system pursuant to 15-10-108 in the state special revenue fund to the credit of the university system, and the other 50% of the funds levied pursuant to 15-10-108 must be deposited in a centrally assessed property tax state special revenue fund.

(iii) Fifty percent of the funds remaining after the deposit of university system funds must be deposited in the state general fund, and the other 50% must be deposited in a centrally assessed property tax state special revenue fund.

(iv) Fifty percent of the funds from a school district that has waived its right to protested taxes must be deposited in the state general fund, and the other 50% must be deposited in a school district property tax protest state special revenue fund.

(5) (a) Except as provided in subsections (5)(b) and (5)(c), the governing body of a taxing jurisdiction affected by the payment of taxes under protest in the second and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled, except the amount paid by the taxpayer in the first year of the protest. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled, except the first-year protest amount.

(b) The governing body of a taxing jurisdiction affected by the payment of taxes under protest on property that is centrally assessed pursuant to 15-23-101 or on industrial property that is assessed annually by the department in the first and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled. The decision in a previous year of a taxing jurisdiction to leave protested taxes of centrally assessed property in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled.

(c) The provisions of subsection (5)(b) do not apply to a school district that has elected to waive its right to its portion of protested taxes on centrally assessed property and on industrial property that is assessed annually by the department for that specific year as provided in 15-1-409.

(6) (a) If action before the county tax appeal board, state tax appeal board, or district court is not commenced within the time specified or if the action is commenced and finally determined in favor of the department of revenue, county, municipality, or treasurer of the county or the municipality, the amount of the protested portions of the property tax or fee must be taken from the protest fund or the centrally assessed property tax state special revenue fund and deposited to the credit of the fund or funds to which the property tax belongs, less a pro rata deduction for the costs of administration of the protest fund and related expenses charged to the local government units.

(b) (i) If the action is finally determined adversely to the governmental entity levying the tax, then the treasurer of the municipality, county, or state entity levying the tax shall, upon receipt of a certified copy of the final judgment in the action and upon expiration of the time set forth for appeal of the final judgment, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee that the person holding the judgment is entitled to recover, together with interest from the date

of payment under protest. The department shall refund from the school district property tax protest state special revenue fund the protested portions of property taxes and interest to a taxpayer in a school district in which the school district has elected to waive its right to its portion of protested taxes for that specific year as provided in 15-1-409. If the amount available for the refund in the school district property tax protest state special revenue fund is insufficient to refund the property tax payments, the department shall pay the remainder of the refund from the state general fund.

(ii) The taxing jurisdiction shall pay interest at the rate of interest earned by the pooled investment fund provided for in 17-6-203 for the applicable period.

(c) If the amount retained in the protest fund is insufficient to pay all sums due the taxpayer, the treasurer shall apply the available amount first to tax repayment, then to interest owed, and lastly to costs.

(d) (i) If the protest action is decided adversely to a taxing jurisdiction and the amount retained in the protest fund is insufficient to refund the tax payments and costs to which the taxpayer is entitled and for which local government units are responsible, the treasurer shall bill and the taxing jurisdiction shall refund to the treasurer that portion of the taxpayer refund, including tax payments and costs, for which the taxing jurisdiction is proratably responsible. The treasurer is not responsible for the amount required to be refunded by the state treasurer as provided in subsection (6)(b).

(ii) For an adverse protest action against the state for centrally assessed property, the department shall refund from the centrally assessed property tax state special revenue fund the amount of protested taxes and from the state general fund the amount of interest as required in subsection (6)(b). The amount refunded for an adverse protested action from the centrally assessed property tax state special revenue fund may not exceed the amount of protested taxes or fees required to be deposited for that action pursuant to subsections (4)(b)(ii) and (4)(b)(iii) or, for taxes or fees protested prior to April 28, 2005, an equivalent amount of the money transferred to the fund pursuant to section 3, Chapter 536, Laws of 2005. If the amount available for the adverse protested action in the centrally assessed property tax state special revenue fund is insufficient to refund the tax payments to which the taxpayer is entitled and for which the state is responsible, the department shall pay the remainder of the refund proportionally from the state general fund and from money deposited in the state special revenue fund levied pursuant to 15-10-108.

(e) In satisfying the requirements of subsection (6)(d), the taxing jurisdiction, including the state, is allowed not more than 1 year from the beginning of the fiscal year following a final resolution of the protest. The taxpayer is entitled to interest on the unpaid balance at the rate referred to in subsection (6)(b) from the date of payment under protest until the date of final resolution of the protest and at the combined rate of the federal reserve discount rate quoted from the federal reserve bank in New York, New York, on the date of final resolution, plus 4 percentage points, from the date of final resolution of the protest until refund is made.

(7) A taxing jurisdiction, except the state, may satisfy the requirements of this section by use of funds from one or more of the following sources:

(a) imposition of a property tax to be collected by a special tax protest refund levy;

(b) the general fund or any other funds legally available to the governing body; and

(c) proceeds from the sale of bonds issued by a county, city, or school district for the purpose of deriving revenue for the repayment of tax protests lost by the taxing jurisdiction. The governing body of a county, city, or school district is authorized to issue the bonds pursuant to procedures established by law. The bonds may be issued without being submitted to an election. Property taxes may be levied to amortize the bonds.

(8) If the department revises an assessment that results in a refund of taxes of $5 or less, a refund is not owed."

**Section 5.** Section 15-8-601, MCA, is amended to read:

**"15-8-601. Assessment revision — conference for review.** (1) (a) Except as provided in subsection (1)(b), whenever the department discovers that any taxable property of any person has in any year escaped assessment, been erroneously assessed, or been omitted from taxation, the department may assess the property provided that the property is under the ownership or control of the same person who owned or controlled it at the time it escaped assessment, was erroneously assessed, or was omitted from taxation. All revised assessments must be made within 10 years after the end of the calendar year in which the original assessment was or should have been made.

(b) Within the time limits set by 15-23-116, whenever the department discovers property subject to assessment under Title 15, chapter 23, that has escaped assessment, been erroneously assessed, or been omitted from taxation, the department may issue a revised assessment to the person, firm, or corporation who owned the property at the time it escaped assessment, was erroneously assessed, or was omitted from taxation, regardless of the ownership of the property at the time of the department's revised assessment.

(c) If an erroneous assessment is due to a calculation error by the department, the department shall revise the assessment of like properties that were also erroneously assessed using the same calculation.

(2) When the department proposes to revise the statement reported by the taxpayer under 15-8-301, the action of the department is subject to the notice and conference provisions of this section. Revised assessments of centrally assessed property *and industrial property that is assessed annually by the department* are subject to ~~review~~ *mediation* pursuant to ~~15-1-211~~ *[section 1]*.

(3) (a) Notice of revised assessment pursuant to this section must be made by the department by postpaid letter addressed to the person interested within 10 days after the revised assessment has been made. If the property is locally assessed, the notice must include the opportunity for a conference on the matter, at the request of the person interested, within 30 days after notice is given.

(b) An assessment revision review conference is not a contested case as defined in the Montana Administrative Procedure Act. The department shall keep minutes in writing of each assessment revision review conference, and the minutes are public records.

(c) Following an assessment revision review conference or expiration of the opportunity for a conference, the department shall order an assessment that it considers proper. Any party to the conference aggrieved by the action of the department or a taxpayer who does not request a conference may appeal to the county tax appeal board within 30 days of receipt of the revised assessment or the department's assessment made pursuant to the conference.

(4) The department shall enter in the property tax record all changes and corrections made by it."

**Section 6.** Section 15-23-102, MCA, is amended to read:

**"15-23-102. Independent appraisal option.** (1) The department of revenue may have property subject to the provisions of this chapter assessed by a qualified independent appraiser when both the department and the owner of the property subject to the assessment agree in writing:

(a) on a particular independent appraiser to do an appraisal;

(b) to share the costs of the independent appraisal; and

(c) to accept the results of the appraisal.

(2) Appeals from the decision of the department ~~pursuant to 15-1-211~~ *are subject to mediation under [section 1] and* may be taken to the state tax appeal board."

**Section 7.** Section 15-23-104, MCA, is amended to read:

**"15-23-104. Failure to file — estimate by department — penalty.** (1) If any person fails to file a report or return within the time established in 15-23-103 or by a later date approved by the department, the department shall estimate the value of the property that should have been reported on the basis of the best available information. In estimating the value of the net proceeds of mines, the department shall proceed under 15-23-506, and in estimating the value of the gross proceeds of coal mines, the department shall proceed under 15-35-107. In estimating the value of all other property subject to assessment under parts 2 through 4 of this chapter, the department shall proceed under 15-1-303. In estimating value under this section, the department may subpoena a person or the person's agent as specified in 15-1-302. An assessment pursuant to parts 5, 7, and 8 of this chapter based on estimated value or imputed value is subject to ~~review~~ *review under 15-1-211 and mediation* under ~~15-1-211~~ *[section 1]*. For each month or part of a month that a report is delinquent, the department shall impose and collect a $25 penalty, with the total not to exceed $200, and shall deposit the penalty to the credit of the general fund. The department shall assess a penalty of 1% of the tax due for each month or part of a month that the report is delinquent. The department shall notify the county treasurer of each affected county of the amount of the penalty, and the treasurer shall collect the penalty in the same manner as the taxes to which the penalty applies.

(2) For a delinquency in reporting under 15-23-212, the department shall assess a penalty of 1% of the tax due for each month or part of a month that the report is delinquent."

**Section 8.** Section 15-24-3112, MCA, is amended to read:

Certification.** (1) (a) Upon application by a taxpayer, the department of environmental quality shall determine whether a facility or equipment qualifies for a tax abatement under 15-24-3111 or rules adopted under 15-24-3116. If the department determines that a facility or equipment qualifies for abatement or a classification, it shall issue a certification of eligibility.

(b) An application for certification must be made on forms available from the department.

(c) Certification remains in effect only as long as substantial compliance with this part continues.

(3) If a taxpayer's certification is revoked, the taxpayer forfeits the abatement or classification under 15-6-157 or 15-6-158. Upon revocation, the property must be assessed at 100% of its taxable value beginning on January 1 of the year or years for which the certification is revoked. Any remaining abatement must be forfeited. The taxpayer is immediately liable for any additional taxes, penalty, and interest resulting from the revocation.

(4) A taxpayer that has forfeited any portion of its abatement because of revocation may not reapply for an abatement under this part.

The written notification must be provided to the landowner at least 30 days prior to constructing any associated works or, if no new or expanded works are proposed, 30 days prior to appropriating the water. The written notification under this subsection is a notice requirement only and does not create an easement in or over the real property where the ground water development works are located.

(2) Inside the boundaries of a controlled ground water area, ground water may be appropriated only:

(a) according to a permit received pursuant to 85-2-508; or

(b) according to the requirements of a rule promulgated pursuant to 85-2-506.

(3) (a) ~~(i) Except as provided in subsection (3)(a)(ii), outside~~ *Outside* the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring:

~~(A) with a maximum appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, except that a combined appropriation from the same source from two or more wells or developed springs exceeding this limitation requires a permit; or~~

~~(B)~~*(i)* when the appropriation is made by a local governmental fire agency organized under Title 7, chapter 33, and the appropriation is used only for emergency fire protection, which may include enclosed storage~~.~~*;*

*(ii) when a maximum appropriation of 350 gallons a minute or less is used in nonconsumptive geothermal heating or cooling exchange applications, all of the water extracted is returned without delay to the same source aquifer, and the distance between the extraction well and both the nearest existing well and the hydraulically connected surface waters is more than twice the distance between the extraction well and the injection well;*

*(iii) when the appropriation is outside a stream depletion zone, is 35 gallons a minute or less, and does not exceed 10 acre-feet a year, except that a combined appropriation from the same source by two or more wells or developed springs exceeding 10 acre-feet, regardless of the flow rate, requires a permit; or*

*(iv) when the appropriation is within a stream depletion zone, is 20 gallons a minute or less, and does not exceed 2 acre-feet a year, except that a combined appropriation from the same source by two or more wells or developed springs exceeding this limitation requires a permit.*

~~(ii) Outside the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring with a maximum appropriation of 350 gallons a minute or less for use in nonconsumptive geothermal heating or cooling exchange applications if all of the water extracted is returned without delay to the same source aquifer and if the distance between the extraction well and both the nearest existing well and the hydraulically connected surface waters is more than twice the distance between the extraction well and the injection well.~~

(b) (i) Within 60 days of completion of the well or developed spring and appropriation of the ground water for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department through its offices.

(ii) Upon receipt of the notice, the department shall review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iii) If a notice is not corrected and completed within the time allowed, the priority date of appropriation is the date of refiling a correct and complete notice with the department.

(c) A certificate of water right may not be issued until a correct and complete notice has been filed with the department, including proof of landowner notification or a written federal special use authorization as necessary under subsection (1). The original of the certificate must be sent to the appropriator. The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

(4) An appropriator of ground water by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided in subsection (3), with the department to perfect the water right. The filing of a claim pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation is the date of the filing of a notice, as provided in subsection (3), or the date of the filing of the claim of existing water right.

(5) An appropriation under subsection (4) is an existing right, and a permit is not required. However, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

(6) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if:

(a) the maximum capacity of the impoundment or pit is less than 15 acre-feet;

(b) the appropriation is less than 30 acre-feet a year;

(c) the appropriation is from a source other than a perennial flowing stream; and

(d) the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger.

(7) (a) Within 60 days after constructing an impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. Subject to subsection (7)(b), upon receipt of a correct and complete application for a stock water provisional permit, the department shall automatically issue a provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to terms, conditions, restrictions, or limitations that it considers necessary to protect the rights of other appropriators.

(b) If the impoundment or pit is on national forest system lands, an application is not correct and complete under this section until the applicant has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the permit.

(8) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the department under 85-2-113."

**Section 3. Stream depletion zones — establishment — rulemaking**. (1) Notwithstanding the provisions of subsection (2), the department may establish a stream depletion zone by rule if:

(a) the stream depletion zone lies within a basin closed pursuant to 85-2-319, 85-2-321, 85-2-330, 85-2-336, 85-2-341, 85-2-343, or 85-2-344; and

(b) there exists a hydrogeologic assessment for the area where the stream depletion zone is proposed that was conducted by either the ground water investigation program established by 85-2-525 or by a hydrogeologist or a qualified licensed professional engineer.

(2) If the provisions of subsection (1) are met, the department shall initiate rulemaking to establish a stream depletion zone upon receipt of a petition signed by:

(a) a municipality, county, conservation district, or local water quality district formed under Title 7, chapter 13, part 45; or

(b) the owners of at least 15% of the flow rate of the surface water rights in the area estimated to be affected, the boundary of which cannot exceed the boundaries of the drainage subdivisions established by the office of water data coordination, United States geological survey, and used by the water court.

(3) The department shall provide notice of the rulemaking by first-class mail to an appropriator of water who, according to the records of the department, may be affected by the proposed stream depletion zone.

(4) In establishing rules related to stream depletion zones, the department shall consult with the ground water investigation program and the ground water assessment steering committee established by 2-15-1523.

**Section 4. Water right enforcement of ground water uses exempt from permitting — findings and purpose.** (1) The legislature finds that:

(a) the state of Montana has managed the allocation of water under the prior appropriation doctrine for more than 100 years;

(b) Article IX, section 3, of the Montana constitution recognizes and confirms all existing water rights;

(c) the right to the use of water through a water right is a recognized property right;

(d) the development of ground water wells that are exempt from permitting may have an adverse effect on other water rights;

(e) the Water Use Act requires the department to coordinate the development and use of the water resources of the state so as to effect full utilization, conservation, and protection of its water resources; and

(f) the ability to develop ground water wells that are exempt from permitting contributes to the full utilization of the water resources of the state.

(2) The establishment of a stream depletion zone pursuant to [section 3] provides a conclusive, scientific basis for determining where ground water rights that are exempt from permitting are affecting senior surface water rights.

(3) The purpose of this section is to continue allocating water under the exemptions provided for in 85-2-306 while providing a process by which senior water right holders may protect their rights under the prior appropriation doctrine. Nothing in this section is intended to limit the ability of a senior water right holder to enforce a water right or limit that enforcement to a specific area. Creation of a stream depletion zone is not a prerequisite to an enforcement action.

(4) Any use of water granted by a certificate of water right pursuant to 85-2-306(3)(a) is subject to enforcement according to priority by:

(a) any remedy legally available;

(b) the department, upon receiving a complaint, through the provisions of 85-2-114 and 85-2-122; or

(c) a water commissioner appointed pursuant to 85-5-101.

(5) For each certificate issued pursuant to 85-2-306(3)(a) after [the effective date of this act], the department shall include written notice of the provisions of this section.

**Section 5. Codification instruction.** [Sections 3 and 4] are intended to be codified as an integral part of Title 85, chapter 2, part 3, and the provisions of Title 85, chapter 2, part 3, apply to [sections 3 and 4].

[SB 369]

AN ACT GENERALLY REVISING LAWS RELATED TO STATE LAND CABIN AND HOME SITES; REQUIRING THE BOARD OF LAND COMMISSIONERS, CONSISTENT WITH THE BOARD'S CONSTITUTIONAL FIDUCIARY DUTY OF ATTAINING FULL MARKET VALUE, TO MAKE AVAILABLE FOR SALE AT THE REQUEST OF THE LESSEE OR IMPROVEMENT OWNER ALL LEASED OR VACANT STATE LAND, CABIN OR HOME SITES, AND CABIN SITE IMPROVEMENTS; PROVIDING A PROCESS FOR SELLING ALL LEASED OR VACANT STATE LAND AND CABIN SITE IMPROVEMENTS FOR CABIN AND HOME SITES; PROVIDING FOR A VALUATION PROCESS PRIOR TO SALE; EXEMPTING THE SALE OF CABIN OR HOME SITE LOTS FROM THE PROVISIONS OF TITLE 75, CHAPTER 1, PARTS 1 THROUGH 3; PROVIDING RULEMAKING AUTHORITY; AMENDING SECTIONS 77-2-303, 77-2-311, 77-2-318,

77-2-363, AND 77-2-366, MCA; REPEALING SECTION 77-2-320, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, implementation of the state cabin site leasing laws has become dysfunctional and those laws have become subject to continuous and unproductive litigation; and

WHEREAS, a significant number of state land cabin site properties are vacant and are producing no revenue for the state trust land beneficiaries; and

WHEREAS, the implementation of the state cabin site leasing laws has caused a loss in value of lessee private property improvements; and

WHEREAS, the sale of all state land cabin site properties is the only long-term and viable solution to resolve the state cabin site leasing law issues and maximize revenue to the state trust land beneficiaries; and

WHEREAS, it is recognized that in order to maximize the revenue from the sale of these state cabin site properties to the state trust land beneficiaries, the properties must be sold over a reasonable period of time.

*Be it enacted by the Legislature of the State of Montana:*

**Section 1.** Section 77-2-303, MCA, is amended to read:

**"77-2-303. Restrictions on land available for sale.** (1) Subject to purchase by the department pursuant to 17-6-340, land that in the judgment of the department is likely to contain valuable deposits of coal, oil, oil shale, phosphate, metals, sodium, or other valuable mineral deposits is not subject to sale of either the surface land or any of the mineral deposits. However, this subsection does not prohibit the sale of lands containing sand, gravel, building stone, brick clay, or similar materials.

(2) (a) ~~There~~ *Except any lands previously leased as cabin sites, there* is reserved from sale from all state land bordering on navigable lakes, nonnavigable meandered lakes, and navigable streams, that the board considers in the best interests of the state, a strip of land that includes all the land lying between low-water mark and high-water mark and that extends in width landward from the line of high-water mark of the lake or stream the full width of the 40-acre tract or government lot abutting the line of high-water mark. If the width of the abutting government lot at its narrowest point is less than 100 feet, then the strip reserved must extend to and include the next adjoining 40-acre tract or government lot. The land reserved from sale by this subsection is subject to the granting of easements the same as other state lands.

(b) Strips of land bordering on meandering lakes or on navigable streams, except the strip lying between low-water and high-water mark, whether surveyed and platted into blocks and lots or not, may be leased as provided in this title for the leasing of other state lands."

**Section 2.** Section 77-2-311, MCA, is amended to read:

**"77-2-311. Survey and plat of shore lands.** The board may cause any part of the lands bordering on lakes described in 77-2-303(2) and on navigable streams that are reserved from sale to be surveyed and platted into blocks and lots. The lots may not be less than 125 feet in width, measured in the general direction of the abutting water front*, except that any former cabin or home sites proposed for sale or sold by the board may possess a width less than 125 feet*. In all surveys and plats the strip of 100 feet in width along the water front, referred to in 77-2-303(2)(a), must be reserved for the use and enjoyment of the public. *Cabin sites or home sites bordering on meandered lakes or navigable streams may be surveyed and sold consistent with the procedures provided in 77-2-361 through 77-2-367.*"

**Section 3.** Section 77-2-318, MCA, is amended to read:

**"77-2-318. Sale of leased cabin or home sites ~~or city or town lots~~.** ~~(1) At the request of the lessee and if consistent with the orderly development and management of state lands, the board may make available for sale, in the manner provided in this part, any leased cabin or home site or city or town lot that is under lease during the 15th year of any 15-year lease that was established through the open competitive bidding process or through the transition process provided for in 77-1-236 or subsection (4) of this section.~~

*(1) (a) The board shall, consistent with the board's constitutional fiduciary duty of attaining full market value, make available for sale within a reasonable period of time as provided in this part those lands that were state land cabin or home sites on [the effective date of this act], at the request of a lessee or an improvement owner and with the consent of any mortgagee or other owner of an interest in the cabin or home site improvements, only if the requested sale is consistent with the board's constitutional fiduciary duty of attaining full market value and with the provisions of this part and if the sale is approved by the board.*

*(b) (i) The disposition of proceeds of any sale of state land property pursuant to this section must comply with the provisions of 77-2-337.*

*(ii) The proceeds of any sale of cabin site improvements pursuant to this part must go to the owner of record of the improvements.*

(2) The ~~lessee requesting the sale~~ *department* shall have prepared a current certificate of survey for the property. The cost of preparation of the certificate of survey must be included in the settlement for improvements, as provided for in 77-2-325, if a person other than the lessee is the purchaser.

(3) The sale of a lease is exempt from the subdivision laws, except that the development of any new, replacement, or additional water supply or sewage disposal system on the property must be approved pursuant to the review procedure, fee, and other requirements of Title 76, chapter 4, part 1.

(4) By January 1, ~~2012~~ *2014*, the board shall adopt rules to ensure that the sales process authorized pursuant to this section is orderly and consistent with its constitutional fiduciary duties and that the number of leased cabin or home sites ~~or city or town lots~~ made available for sale at any given time is consistent with the board's constitutional duty of attaining full market value.

(5) Upon a sale of leased land, the department shall, upon compliance with 77-2-101 through 77-2-106, grant a permanent easement across state lands to secure access using current routes.

*(6) For purposes of this section, "cabin site improvements" has the meaning provided in [section 6].*"

**Section 4.** Section 77-2-363, MCA, is amended to read:

**"77-2-363. Land banking land sales and limitations — sale preparation costs.** (1) (a) The board may not cumulatively sell or dispose of more than 250,000 acres of state land. Seventy-five percent of the acreage cumulatively sold must be isolated parcels that do not have a legal right of access by the public. At any one time during the life of the land banking process, the board may not sell more than 20,000 acres of state land unless the board has acted to use the revenue from that land to make purchases pursuant to 77-2-364.

(b) The estimated fair market value must be determined by a Montana-licensed and Montana-certified appraiser.

(2) (a) A person bidding to purchase state land offered for sale shall 20 days prior to the day of auction deposit with the department a bid bond in the form of a certified check or cashier's check drawn on any Montana bank equal to at least

20% of the minimum sale price specified by the department pursuant to 77-2-323(1) to guarantee the bidder's payment of the purchase price. *Bid bonds submitted to secure a bid upon a parcel formerly leased as a cabin or home site need only be equal to 5% of the minimum sale price as specified by the department.*

(b) If the current lessee of the land to be sold has initiated the sale as authorized by 77-2-364, the lessee may cancel the sale by giving notice to the department at least 10 days prior to the day of the auction. When the sale is canceled by the lessee, the lessee shall pay the costs incurred by the department for the preparation of the sale, including any costs incurred for preparation of documents required by 75-1-201.

(c) The department shall retain the bid bond of the successful bidder and shall return the bid bonds of the unsuccessful bidders. If the successful bidder fails to comply with the terms of the sale for any reason, the successful bidder's bid bond must be forfeited and credited to the interest and income account of the proper trust.

(3) Except for a sale that is initiated by the lessee of the parcel of land proposed for sale, prior to the proposed sale of any parcel of state land under the land banking process, the board shall give 60 days' notice of the proposed sale to the lessee of the parcel to allow the lessee sufficient time to determine whether the lessee wishes to propose an exchange of the land to the board.

(4) For a sale initiated by the board ~~or~~, the department, *or the cabin or home site lessee,* the lessee of the land must be afforded all the rights and privileges to match the high bid, as provided in 77-2-324.

(5) (a) ~~When~~ *Except as provided in subsection (6), when* the lessee has initiated a sale of land under this section, the lessee shall remit to the department the estimated costs of preparing the parcel for sale, including but not limited to appraisals, cultural surveys, environmental review pursuant to Title 75, chapter 1, parts 1 through 3, and land surveys*, if necessary*. Payment must be made within 10 days after the board has provided preliminary approval for the sale of the parcel.

(b) If the parcel is sold to the lessee, the funds remitted for the costs of the sale must be applied to the actual costs at closing. If the parcel is sold to a party other than the lessee, the funds remitted by the lessee must be refunded to the lessee and actual costs of preparing the parcel for sale must be assessed to the purchaser at closing.

*(6) For the sale of a parcel formerly leased as a cabin or home site:*

*(a) the department shall assume the cost of the land survey; and*

*(b) the sale is exempt from the provisions of Title 75, chapter 1, parts 1 through 3.*"

**Section 5.** Section 77-2-366, MCA, is amended to read:

**"77-2-366. Land banking *and state land cabin and home sites* — ~~report~~ *reports* to environmental quality council.** *(1) (a)* The department shall provide a report to the environmental quality council by ~~the~~ July 1 prior to each regular legislative session that describes the results of the land banking program in detail.

*(b)* At a minimum, the report must summarize the sale and purchase transactions made through the program by type, location, acreage, value, and trust beneficiary. The environmental quality council shall make any recommendations that it determines necessary regarding the implementation of the state land banking process, including recommendations for legislation.

*(2) Because it is the legislature's intent that the board implement the provisions of 77-2-318(1) in a timely manner, on or before July 1 of each year, the department, in consultation with the appropriate stakeholders, shall report to the environmental quality council by providing a summary of land sales of those lands that were state land cabin or home sites pursuant to 77-2-318 and efforts by the department to comply with the requirements of 77-2-318(1).*"

**Section 6. Valuation of cabin or home site and improvements — rulemaking.** (1) (a) Prior to the board's approval of any sale of state land leased as a cabin or home site or state land with a vacant cabin or home site as provided in 77-2-318, the board shall separately determine the full market value of the land and the value of the cabin site improvements existing on the land and the value of any necessary access easement across existing state lands from the nearest public road. The appraisal to determine these values must be based upon comparable sales of nearby existing properties with the hypothetical condition that the state parcel to be sold is accessible for all lawful purposes. The appraisal must determine the raw undeveloped value of the parcel and the value of the cabin site improvements.

(b) (i) In determining the value of state land leased as a cabin or home site pursuant to subsection (1)(a), the department shall establish a list that is acceptable to the board of no fewer than two third-party independent appraisers that are available to conduct the appraisal of the land and the cabin site improvements. The department shall provide a copy of the list to the cabin site or home site lessee. The lessee shall provide the department with a list of at least 50% of the appraisers from the department's list. The department shall select the appraiser to conduct the appraisal from the list provided by the lessee.

(ii) The department shall assume the proportionate cost of the appraisal of the state land valuation. The lessee shall assume the proportionate cost of the appraisal of the valuation of the cabin site improvements.

(c) The board shall disclose the results of the appraisal to the cabin site or home site lessee of the land for sale and shall give that lessee notice and opportunity for an administrative hearing before the department to contest those valuations. The department shall review the arguments and evidence received at the hearing to make a recommendation of the values of the land and the cabin site improvements to the board. The board shall make a final determination on the values of the land and cabin site improvements.

(2) (a) If the lessee consents to the terms and conditions of the proposed sale and the valuation of cabin site improvements, the sale must proceed utilizing the board's final determination of the values, and the lessee is obligated to transfer its interest in the cabin site improvements existing on the cabin or home site lease according to the board's final determination of their value.

(b) Nothing in this section prohibits the lessee from accepting a price for the cabin site improvements existing on the cabin or home site that is less than the board's final determination of value.

(3) For purposes of this section and 77-2-318, "cabin site improvements" includes but is not limited to:

(a) a home or residence;

(b) outbuildings and structures;

(c) sleeping cabins;

(d) utilities;

(e) water systems;

(f) septic systems;

(g) docks; and

(h) landscaping.

(4) The board may adopt rules to implement the provisions of this section.

**Section 7. Repealer.** The following section of the Montana Code Annotated is repealed:

77-2-320. Appraisal review board.

**Section 8. Codification instruction.** [Section 6] is intended to be codified as an integral part of Title 77, chapter 2, part 3, and the provisions of Title 77, chapter 2, part 3, apply to [section 6].

**Section 9. Effective date.** [This act] is effective on passage and approval.

## HOUSE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY TO INVESTIGATE ELECTRONIC RECORDS MANAGEMENT BY STATE AND LOCAL GOVERNMENT; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 64TH LEGISLATURE.

WHEREAS, Montana state government lacks enterprisewide policy, planning, and resources to properly archive, maintain, and access state and local government electronic records; and

WHEREAS, this lack of a framework for managing state and local government electronic records puts entities at risk of being unable to provide evidence to support the rule of law, support the accountability of government administration, detail interactions between the people of Montana and their government, and document the history and culture of Montana.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) identify and examine strategies for identifying, classifying, managing, and preserving electronic records that have value;

(2) examine the costs and benefits associated with the strategies;

(3) identify funding sources or mechanisms to evaluate long-term governance structures for governing electronic records management;

(4) identify and evaluate the methods and means for improving access to state government electronic records, including alternative formats specifically addressing retention of state e-mail records;

(5) examine public-private partnerships that increase awareness of public records management and access; and

(6) develop educational strategies to provide awareness of electronic records management processes inside and outside of government.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2014.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 64th Legislature.

# HOUSE JOINT RESOLUTION NO. 3

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA URGING THE AMENDMENT OF THE CONSTITUTION OF THE UNITED STATES TO LIMIT THE POWER OF CONGRESS TO REGULATE COMMERCE.

WHEREAS, Article I, section 8, clause 3, of The Constitution of the United States has been interpreted by the United States Supreme Court to grant Congress the overreaching power to regulate intrastate commerce.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(1) That the Montana Legislature finds that the current allotment of power to the United States Congress that allows the Congress to regulate intrastate commerce to be overly broad and overreaching.

(2) That Congress, in accordance with Article V of The Constitution of the United States, immediately transmit to the several states for ratification an amendment to Article I, section 8, clause 3, of The Constitution of the United States stating:

"To regulate Commerce with foreign Nations, and interstate commerce between the several States, and with the Indian Tribes".

(3) That the Secretary of State send a copy of this resolution to the President of the United States, the Speaker of the United States House of Representatives, the Majority Leader of the United States Senate, and to each member of the Montana Congressional Delegation.

# HOUSE JOINT RESOLUTION NO. 9

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA SUPPORTING THE RESPONSIBLE DEVELOPMENT OF COAL RESOURCES AND COAL-BASED ELECTRICITY.

WHEREAS, coal represents the most abundant source of energy in the United States; and

WHEREAS, coal is one of the most reliable and affordable sources of fuel for electric generation; and

WHEREAS, consumers, businesses, communities, and service providers need affordable energy more than ever in this time of economic uncertainty and stand to benefit from affordable and reliable coal-based electricity; and

WHEREAS, the United States holds more coal reserves than any other nation, and Montana is home to the largest coal reserves in the United States with nearly one-third of the estimated recoverable reserves; and

WHEREAS, Montana's annual coal production is currently only 1/20 of 1% of estimated recoverable reserves, and at our current rate of production, it would take more than 1,600 years to exhaust Montana's coal reserves; and

WHEREAS, responsible development of Montana's coal resources will create thousands of new jobs and provide millions of dollars in tax revenue for state and local governments and schools; and

WHEREAS, the coal reserves in Montana can meet the demands of the domestic market and earn revenue for the state of Montana by being exported to foreign markets via West Coast ports; and

WHEREAS, coal-generated electricity has increased by 183% since 1970, while emissions from coal-based power plants have been reduced by 75% per generation unit; and

WHEREAS, Montana, the Treasure State, has abundant natural resources and produces valuable commodities from agriculture, mining, timber, energy, and manufacturing industries; and

WHEREAS, expanded, responsible development of Montana's natural resources would benefit every Montanan by creating thousands of new jobs, new economic opportunities, and billions of dollars in tax revenue for state and local governments and schools; and

WHEREAS, producers of Montana commodities need access to all markets, foreign and domestic, in order to grow, prosper, and achieve maximum profitability.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the 63rd Legislature supports the continued use and responsible development of coal-based power in the United States and supports the expansion of additional shipping capacity through new and existing ports in order to allow for the sale of Montana resources to emerging markets.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the President of the United States, the Montana Congressional Delegation, the Majority Leader of the United States Senate, the Speaker of the United States House of Representatives, the Secretary of the United States Department of Energy, the Administrator of the United States Environmental Protection Agency, and the Governor of the State of Montana.

Adopted April 9, 2013

## HOUSE JOINT RESOLUTION NO. 11

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA RAISING CONCERNS ABOUT POTENTIAL CHANGES TO THE OPERATION AND ADMINISTRATION OF FEDERAL POWER MARKETING ADMINISTRATIONS.

WHEREAS, the Montana Legislature is concerned about outcomes resulting from Department of Energy Secretary Steven Chu's March 16, 2012, memorandum that may affect the Western Area Power Administration and the Bonneville Power Administration and their Montana electricity customers; and

WHEREAS, the memorandum states there will be directives issued to the federal Power Marketing Administration administrators related to the broadly stated initiatives contained in the memorandum; and

WHEREAS, these directives could harm the nearly 50% of Montanans whose electric bills are based on the underlying preference power from federal Power Marketing Administrations, and the Montana Legislature has a stake in the outcome of this initiative; and

WHEREAS, the federal Department of Energy asserts it has conducted a "robust" process of public involvement in the development of recommendations

to implement the initiatives by holding five public 1-day workshops and six listening sessions in cities across the western United States; and

WHEREAS, a committee composed of Western Area Power Administration and Department of Energy employees, known as the Joint Outreach Team, met in nonpublic work sessions to develop its draft recommendations; and

WHEREAS, the Montana Legislature does not consider these nonpublic Joint Outreach Team meetings either robust or public; and

WHEREAS, the Western Area Power Administration has an outstanding history of being an electric utility industry leader; and

WHEREAS, the Montana Legislature is appreciative that the Western Area Power Administration and Department of Energy Joint Outreach Team leaders attended a joint session of the Montana House and Senate Energy Committees on January 9, 2013, to share the outcomes of their report; and

WHEREAS, the Joint Outreach Team is planning to make final recommendations to the Secretary of Energy in early 2013.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That if the final recommendations are consistent with what the Joint Outreach Team leaders shared during their January 9, 2013, visit to Montana, these recommendations would:

(1) be much narrower in scope than the present draft report;

(2) contain greater recognition of the superb job the Western Area Power Administration has done and is doing in the areas covered in the report;

(3) ensure change is incremental, not wholesale; and

(4) most importantly, provide economic protections to Montana preference customers.

BE IT FURTHER RESOLVED, that although the Montana Legislature supports actions to increase efficiency, actions that create cost shifts to Montana preference customers who have paid their way are unacceptable.

BE IT FURTHER RESOLVED, that the Montana Legislature requests that, in the future, the Department of Energy make a greater effort to notify the Legislature of actions impacting Montana citizens in advance of public hearings rather than leaving the Legislature to first hear about these Department of Energy actions from its constituents.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the members of Montana's Congressional Delegation and to the U.S. Secretary of Energy.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF STATE-OPERATED PUBLIC INSTITUTIONS SERVING INDIVIDUALS WITH MENTAL ILLNESS, INTELLECTUAL DISABILITIES, AND CHEMICAL DEPENDENCY; AND REQUIRING THAT THE FINAL RESULTS OF THE STUDY BE REPORTED TO THE 64TH LEGISLATURE.

WHEREAS, the Department of Public Health and Human Services operates public institutions that care for individuals in need, including individuals in need of treatment and services because of mental illness, intellectual disabilities, or chemical dependency; and

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, to:

(1) study state-operated facilities that serve individuals with mental illness, intellectual disabilities, and chemical dependency to determine if changes to the current system of facilities could:

(a) provide more effective treatment; and

(b) serve individuals in a more cost-effective manner; and

(2) review operations at the Montana State Hospital at Warm Springs, the Montana Developmental Center at Boulder, the Montana Chemical Dependency Center at Butte, the Montana Mental Health Nursing Care Center at Lewistown, the Montana State Prison at Deer Lodge, and the Montana Women's Prison at Billings.

WHEREAS, the State of Montana currently has seven compensation plans, or "pay plans", used to provide compensation to state employees; and

WHEREAS, the costs related to the employment of state personnel are a large part of the state's budget and for many state agencies are a significant part of the agency's overall budget; and

## HOUSE JOINT RESOLUTION NO. 25

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF MONTANA'S WORKERS' COMPENSATION SYSTEM REGARDING SUBROGATION, THE WORKERS' COMPENSATION COURT STRUCTURE, THE STRUCTURE OF THE STATE COMPENSATION INSURANCE FUND, AND VARIOUS MEDICAL AND SAFETY COMPONENTS OF THE WORKERS' COMPENSATION SYSTEM.

WHEREAS, the term subrogation, frequently accompanied by the terms "made whole" and "third-party tortfeasors", is not well understood among those not in the insurance or legal worlds, yet the real-world impacts related to subrogation affect workers' compensation premiums paid by employers and affect injured workers who receive medical and wage-loss benefits under workers' compensation but do not receive compensation for pain and suffering or full wage-loss benefits, which may be available through subrogation if the worker's injuries were caused by a third-party tortfeasor; and

WHEREAS, under section 39-71-414, MCA, workers' compensation insurers are allowed to pursue subrogation and in certain cases to receive from third-party tortfeasors an offset of their workers' compensation payouts, yet various Montana court cases, including State Compensation Insurance Fund v. McMillan, 2001 MT 168, 306 Mont. 155, 31 P.3d 347, have held that section 39-71-414, MCA, does not apply until a claimant is given a chance to be made whole in a civil action against a third party or, as provided in Article II, section 16, of the Montana Constitution, given "full legal redress for injury incurred in employment"; and

WHEREAS, workers' compensation insurers in other states may be able to successfully subrogate and receive offsets against their costs thus potentially lowering workers' compensation premiums while in Montana few insurers are willing to pay the court costs necessary to pursue subrogation because of concerns that under the constitutional interpretations an injured worker first must be made whole; and

WHEREAS, this lack of a feasible, clear process to hold a third party responsible by workers' compensation insurers who seek to recover costs through subrogation may contribute to workers' compensation premiums in Montana being among the top 10 highest rates nationwide as determined by a

biennial Oregon workers' compensation analysis of national workers' compensation premiums; and

WHEREAS, previous studies of Montana's workers' compensation system have paid little attention to the workers' compensation court's structure, including whether the political nature of the judicial appointment process causes inconsistencies in the application of laws because of potential philosophical variations among judges; and

WHEREAS, several other states have dismantled their state-based workers' compensation funds and a 2003-2004 study of similarly changing Montana's workers' compensation system to allow the State Compensation Insurance Fund to become independent of the state was conducted by the State Compensation Insurance Fund itself, and a new review of the State Compensation Insurance Fund's independence is again timely;

WHEREAS, although the changes in workers' compensation laws in 2011 were broad and are expected to take time to show their ultimate impacts, some changes may be evident as to efficiencies regarding medical utilization and treatment guidelines, efforts to improve return-to-work or stay-at-work policies, and on-the-job safety and reports on these topics may help to determine if other statutory changes or other actions are needed to help reduce the number of Montanans injured or killed on the job.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to review:

(1) subrogation in light of Montana's Constitution and court cases regarding making an injured worker "whole", including an examination of the meaning of "made whole" and the impacts of the lack of effective subrogation on workers' compensation insurers;

(2) the use of subrogation in civil actions and in settlements and what lessons are to be learned regarding application of the law for each approach;

(3) how other states handle subrogation for workers' compensation purposes;

(4) the structure of the workers' compensation court and whether nonpolitical appointments are feasible or needed;

(5) the structure of the State Compensation Insurance Fund as a state agency, the implications of independence on the Montana workers' compensation insurance system, and the requirements for separating the State Compensation Insurance Fund from state government;

(6) the use of medical utilization and treatment guidelines, including the guidelines related to narcotic prescriptions, and whether any cost savings are associated with the use of the guidelines and whether medical providers are using the guidelines;

(7) the use of stay-at-work and return-to-work forms and the interaction between medical providers and employers to determine if employers are getting more information on workers' return-to-work status;

(8) the impact on employees of changes to benefits, the definition of permanent partial disability, and other provisions enacted by the 2011 Legislature in House Bill No. 334; and

(9) the actions already taken to increase safety in the workplace and what other actions may be possible or necessary to enhance safety in the workplace.

BE IT FURTHER RESOLVED, that a study provide an opportunity for panel discussions and interaction by stakeholders, including attorneys, insurers, and any injured workers willing to participate.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2014.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 64th Legislature.

## HOUSE JOINT RESOLUTION NO. 26

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY ON THE INTERSECTING INTERESTS OF ESTATE OWNERS AND DITCH OWNERS AND PROVIDING A MEANS TO ACCOMMODATE BOTH ESTATES.

WHEREAS, Montana has a rich history of irrigated agriculture that must be protected, but residential development in irrigated river valleys and elsewhere is increasingly pitting the rights of homeowners against the rights of ditch easement owners;

WHEREAS, inflexible notions of dominant and servient estates hamper the common-sense approach that competing uses of property between two interested owners should be accommodated where possible; and

WHEREAS, the Colorado Supreme Court has recognized that ditch easements are a property right that the burdened estate owner may not alter without consent of the ditch owner, but there may be some circumstances in which an alteration would not harm the ditch owner but would greatly benefit the burdened estate owner; and

WHEREAS, in a ruling on secondary easements to maintain ditches, the Montana Supreme Court concluded that some permanent encroachments may not justify a finding of unreasonable interference; and

WHEREAS, House Bill No. 149 and proposed amendments attempted to provide a process to accommodate the needs of both the estate owner and the ditch owner, but testimony made clear that the issue needs further study.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate the water policy interim committee, established by section 5-5-231, MCA, or direct sufficient staff resources to examine the intersecting interests of estate owners and ditch owners and contemplate options to accommodate both estates.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2014.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 64th Legislature.

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA TO COMPILE INFORMATION ON STATE AND FEDERAL BENEFITS OFFERED TO ACTIVE-DUTY OR RESERVE MILITARY PERSONNEL, MEMBERS OF THE MONTANA NATIONAL GUARD, AND VETERANS OF EACH.

WHEREAS, the House Taxation Committee considered a number of bills to provide tax benefits for active-duty or reserve military personnel, members of the Montana National Guard, and veterans of each; and

WHEREAS, other standing committees and the Committee of the Whole of the 63rd Legislature also considered bills to provide various benefits for active-duty or reserve military personnel, members of the Montana National Guard, and veterans of each; and

WHEREAS, the information on the benefits offered to active-duty or reserve military personnel, members of the Montana National Guard, and veterans of each will likely be useful for the 64th Legislature.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to compile information on the benefits available to active-duty or reserve military personnel, members of the Montana National Guard, and veterans of each.

BE IT FURTHER RESOLVED, that the information compiled include all types of benefits offered by state and local government, including but not limited to:

(1) tax benefits, including treatment of pension income;

(2) reduced or waived fees for government services;

(3) hunting and fishing license benefits;

(4) education benefits, including allowing military education and training to apply for certification or licensure;

(5) employment preferences; and

(6) health benefits.

BE IT FURTHER RESOLVED, that the information clearly distinguish which benefits are available and the commensurate value of the benefits to active-duty or reserve military personnel, members of the Montana Army National Guard, and veterans of each.

BE IT FURTHER RESOLVED, that information also be compiled, to the extent possible, on federal benefits received by active-duty or reserve military personnel, members of the Montana National Guard, and veterans of each.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2014.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 64th Legislature.

**H10-80. Minority Whip.** The major responsibilities for the minority whip may include but are not limited to:

(4) other duties as assigned by the caucus.

**H10-90. Employees.** (1) The Speaker shall appoint a Chief Clerk and Sergeant-at-Arms and may appoint a Chaplain, subject to confirmation of the House (section 5-2-221, MCA).

(2) The Speaker shall employ necessary staff or delegate that function to the employees designated in subsection (1).

(3) The secretary for a standing or select committee is generally responsible to the committee chair but shall work under the direction of the Chief Clerk.

(4) The Speaker and majority and minority leaders may each appoint a private secretary.

**H10-100. Chief Clerk's duties.** The Chief Clerk, under the supervision of the Speaker, is the chief administrative officer of the House and is responsible to:

(1) supervise all House employees;

(2) have custody of all records and documents of the House;

(3) supervise the handling of legislation in the House, the House journal, and other House publications; deliver to the Secretary of State at the close of each session the House journal, bill and resolution records, and all original House bills and joint resolutions; collect minutes and exhibits from all House committees and subcommittees and arrange to have them printed on archival paper and copied in an electronic format within a reasonable time after each meeting. An electronic copy will be provided to the Legislative Services Division and the State Law Library of Montana. The archival paper copy will be delivered to the Montana Historical Society.

**H10-110. Duties of Sergeant-at-Arms.** The Sergeant-at-Arms shall:

(1) under the direction of the Speaker and the Chief Clerk, have charge of and maintain order in the House, its lobbies, galleries, and hallways and all other rooms in the Capitol assigned for the use of the House;

(8) enforce parking regulations applicable to areas of the Capitol complex under the control of the House;

(9) supervise the doorkeeper; and

(10) supervise the pages.

**H10-120. Legislative aides.** (1) A legislative aide is a person specifically designated by a representative to assist that representative in performing legislative duties. A representative may sponsor one legislative aide a session by written notification to the Sergeant-at-Arms.

(2) No representative may designate a second legislative aide in the same session without the approval of the House Rules Committee.

(3) A legislative aide must be of legal age unless otherwise approved by the House Rules Committee.

(4) The Sergeant-at-Arms shall issue distinctive identification tags to legislative aides. The cost must be paid by the sponsoring representative.

**H10-130. Legislative interns.** A legislative intern is a person designated under Title 5, chapter 6, MCA.

**H10-140. House journal.** (1) The House shall keep a journal, which is the official record of House actions (Montana Constitution, Art. V, Sec. 10). The journal must be prepared under the direction of the Speaker.

(2) Records of the following proceedings must be entered on the journal:

(a) the taking and subscription of the constitutional oath by representatives (Montana Constitution, Art. III, Sec. 3; 5-2-214);

(b) committee reports;

(c) messages from the Governor;

(d) messages from the Senate;

(e) every motion, the name of the representative presenting it, and its disposition;

(f) the introduction of legislation in the House;

(g) consideration of legislation subsequent to introduction;

(h) on final passage of legislation, the names of the representatives and their vote on the question (Montana Constitution, Art. V, Sec. 11);

(i) roll call votes; and

(j) upon a request by two representatives before a vote is taken, the names of the representatives and their votes on the question.

(3) The Chief Clerk shall provide to the Legislative Services Division such information as may be required for the publication of the daily journal.

(4) Any representative may examine the daily journal and propose corrections. The Speaker may direct a correction to be made when suggested subject to objection by the House.

(5) The Speaker shall authenticate the House journal after the close of the session (section 5-11-201, MCA).

(6) The Legislative Services Division shall publish and distribute the House journal (sections 5-11-202 and 5-11-203, MCA). The title of each bill must be listed in the index of the published session journal.

**H10-150. Votes recorded and public.** Every vote of each representative on each substantive question in the House, in any committee, or in Committee of the Whole must be recorded and made public (Montana Constitution, Art. V, Sec. 11).

**H10-160. Duration of legislative day.** A legislative day ends either 24 hours after the House convenes for that day or at the time the House convenes for the following legislative day, whichever is earlier. (See Joint Rule 10-20.)

## CHAPTER 2

## Decorum

**H20-10. Addressing the House — recognition.** (1) When a member desires to speak to or address any matter to the House, the member should rise and respectfully address the Speaker or the presiding officer.

(2) The Speaker or presiding officer may ask, "For what purpose does the member rise?" or "For what purpose does the member seek recognition?" and may then decide if recognition is to be granted. There is no appeal from the Speaker's or presiding officer's decision.

**H20-20. Questions of order and privilege — appeal — restrictions.** (1) The Speaker shall decide all questions of order and privilege, subject to an appeal by any representative seconded by two representatives. The question on appeal is, "Shall the decision of the chairman be sustained?".

(2) Responses to parliamentary inquiries and decisions of recognition may not be appealed.

(3) Questions of order and privilege, in order of precedence, are:

(a) those affecting the collective rights, safety, dignity, and integrity of the House; and

(b) those affecting the rights, reputation, and conduct of individual representatives.

(4) A member may not address the House on a question of privilege between the time:

(a) an undebatable motion is offered and the vote is taken on the motion;

(b) the previous question is ordered and the vote is taken on the proposition included under the previous question; or

(c) a motion to lay on the table is offered and the vote is taken on the motion.

**H20-30. Limits on lobbying.** Lobbying on the House floor and in the anteroom is prohibited during a daily session, 2 hours before the session, and 2 hours after the session.

**H20-40. Admittance to the House floor.** (1) The following persons may be admitted to the House floor during a daily session: present and former legislators; legislative employees necessary for the conduct of the session; registered media representatives; and members' spouses and children. The Speaker may allow exceptions to this rule.

(2) Only a member may sit in a member's chair when the House is in session.

**H20-50. Dilatory motions or questions — appeal.** The House has a right to protect itself from dilatory motions or questions used for the purpose of delaying or obstructing business. The presiding officer shall decide if motions (except a call of the House) or questions are dilatory. This decision may be appealed to the House.

**H20-60. Lobbying by employees — sanctions.** (1) A legislative employee, intern, or aide of either house is prohibited from lobbying, although a legislative committee may request testimony from a person so restricted.

(2) The Speaker may discipline or discharge any House employee violating this prohibition. The Speaker may withdraw the privileges of any House aide or intern violating this prohibition.

**H20-70. Papers distributed on desks — exception.** A paper concerning proposed legislation may not be placed on representatives' desks unless it is authorized by a member and permission has been granted by the Speaker. The Sergeant-at-Arms shall direct its distribution. This restriction does not apply to material prepared by staff and placed on a representative's desk at the request of the representative.

**H20-80. Violation of rules — procedure — appeal.** (1) If a member, in speaking or otherwise, violates the rules of the House, the Speaker shall, or the majority or minority leader may, call the member to order, in which case the member called to order must be seated immediately.

(2) The member called to order may move for an appeal to the House and if the motion is seconded by two members, the matter must be submitted to the House for determination by majority vote. The motion is nondebatable.

(3) If the decision of the House is in favor of the member called to order, the member may proceed. If the decision is against the member, the member may not proceed.

(4) If a member is called to order, the matter may be referred to the Rules Committee by the majority or minority leader. The Committee may recommend to the House that the member be censured or be subject to other action. The House shall act upon the recommendation of the Committee.

## CHAPTER 3

## Committees

**H30-10. House standing committees — appointments — classification.** (1) The Speaker shall determine the total number of members and after good faith consultation with the minority leader shall appoint the chairs, vice chairs, and members to the standing committees.

(2) The standing committees of the House are as follows:

(a) class one committees:

(i) Appropriations;

(ii) Business and Labor;

(iii) Judiciary;

(iv) State Administration; and

(v) Taxation;

(b) class two committees:

(i) Education;

(ii) federal Relations, Energy, and Telecommunications;

(iii) Human Services;

(iv) Natural Resources; and

(v) Transportation;

(c) class three committees:

(i) Agriculture;

(ii) Fish, Wildlife, and Parks; and

(iii) Local Government; and

(d) on call committees:

(i) Ethics;

(ii) Rules; and

(iii) Legislative Administration.

(3) A class 1 committee is scheduled to meet Monday through Friday. A class 2 committee is scheduled to meet Monday, Wednesday, and Friday. A class 3 committee is scheduled to meet Tuesday and Thursday. Unless a class is prescribed for a committee, it meets upon the call of the chair.

(4) The Legislative Council shall review the workload of the standing committees to determine if any change is indicated in the class of a standing committee for the next legislative session. The Legislative Council's recommendations must be submitted to the leadership nominated or elected at the presession caucus provided for in 5-2-201.

(5) There will be six subcommittees of the Committee on Appropriations, Education, General Government, Health and Human Services, Natural Resources and Transportation, Judicial Branch, Law Enforcement, and Justice, and Long-Range Planning. Each member serving on the Appropriations Committee must be appointed to at least one of the subcommittees.

(6) The Speaker shall give notice of each appointment to the Chief Clerk for publication.

(7) The Speaker may, in the Speaker's discretion or as authorized by the House, create and appoint select committees, designating the chairman and vice chairman of the select committee. Select committees may request or receive legislation in the same manner as a standing committee and are subject to the rules of standing committees.

**H30-20. Chairman's duties.** (1) The principal duties of the chairman of standing or select committees are to:

(a) preside over meetings of the committee and to put all questions;

(b) maintain order and decide all questions of order subject to appeal to the committee;

(c) supervise and direct staff of the committee;

(d) have the committee secretary keep the official record of the minutes;

(e) sign reports of the committee and submit them promptly to the Chief Clerk;

(f) appoint subcommittees to perform on a formal or an informal basis as provided in subsection (2); and

(g) inform the Speaker of committee activity.

(2) With the exception of the House Appropriations subcommittees, a subcommittee of a standing committee may be appointed by the chairman of the committee. The chairman of the standing committee shall appoint the chairman of the subcommittee.

**H30-30. Quorum — officers as members.** (1) A quorum of a committee is a majority of the members of the committee. A quorum of a committee must be present at a meeting to act officially. A quorum of a committee may transact business, and a majority of the quorum, even though it is a minority of the committee, is sufficient for committee action.

(2) The Speaker, the majority leader, and the minority leader are ex officio, nonvoting members of all House committees. They may count toward establishing a quorum.

**H30-40. Meetings — purpose — notice — minutes.** (1) All meetings of committees must be open to the public at all times, subject always to the power and authority of the chairman to maintain safety, order, and decorum. The date, time, and place of committee meetings must be posted.

(2) A committee or subcommittee may be assembled for:

(a) a public hearing at which testimony is to be heard and at which official action may be taken on bills, resolutions, or other matters;

(b) a formal meeting at which the committees may discuss and take official action on bills, resolutions, or other matters without testimony; or

(c) a work session at which the committee may discuss bills, resolutions, or other matters but take no formal action.

(3) All committees meet at the call of the chairman or upon the request of a majority of the members of the committee directed to and with the approval of the Speaker.

(4) All committees shall provide for and give public notice, reasonably calculated to give actual notice to interested persons, of the time, place, and subject matter of regular and special meetings. All committees are encouraged to provide at least 3 legislative days notice to members of committees and the general public. However, a meeting may be held upon notice appropriate to the circumstances.

(5) A committee may not meet during the time the House is in session without leave of the Speaker. Any member attending such a meeting must be considered excused to attend business of the House subject to a call of the House.

(6) All meetings of committees must be recorded and the minutes must be available to the public within a reasonable time after the meeting. The official record must contain at least the following information:

(a) the time and place of each meeting of the committee;

(b) committee members present, excused, or absent;

(c) the names and addresses of persons appearing before the committee, whom each represents, and whether the person is a proponent, opponent, or other witness;

(d) all motions and their disposition;

(e) the results of all votes;

(f) references to the recording log, sufficient to serve as an index to the original recording; and

(g) testimony and exhibits submitted in writing.

**H30-50. Procedures — absentee or proxy voting — member privileges.** (1) The chairman shall notify the sponsor of any bill pending before the committee of the time and place it will be considered.

(2) A standing or select committee may not take up referred legislation unless the sponsor or one of the cosponsors is present or unless the sponsor has given written consent. The chairman shall attempt to not schedule Senate bills while the Senate is in session.

(3) (a) Subject to subsection (3)(b), the committee shall act on each bill in its possession:

(i) by reporting the bill out of the committee:

(A) with the recommendation that it be referred to another committee;

(B) favorably as to passage; or

(C) unfavorably; or

(ii) by tabling the measure in committee.

(b) At the written request of the sponsor, a committee shall finally dispose of a bill without a hearing. A bill may not be reported from a committee without a hearing.

(4) The committee may not report a bill to the House without recommendation.

(5) The committee may recommend that a bill on which it has made a favorable recommendation by unanimous vote be placed on the consent calendar. A tie vote in a standing committee on the question of a recommendation to the whole House on a matter before the committee, for example on a question of whether a bill is recommended as "do pass" or "do not pass", does not result in the matter passing out to the whole House for consideration without recommendation.

(6) In reporting a measure out of committee, a committee shall include in its report:

(a) the measure in the form reported out;

(b) the recommendation of the committee;

(c) an identification of all substantive changes; and

(d) a fiscal note, if required.

(7) If a measure is withdrawn from a committee and brought to the House floor for debate on second reading on that day without a committee recommendation, the bill does not include amendments formally adopted by the committee because committee amendments are merely recommendations to the House that are formally adopted when the committee report is accepted by the House.

(8) A second to any motion offered in a committee is not required in order for the motion to be considered by the committee.

(9) The vote of each member on all committee actions must be recorded. All motions may be adopted only on the affirmative vote of a majority of the members voting. Standing and select committees may by a majority vote of the committee authorize members to vote by proxy if absent, while engaged in other legislative business or when excused by the presiding officer of the committee due to illness or an emergency. Authorization for absentee or proxy voting must be reflected in the committee minutes.

(10) A motion to take a bill from the table may be adopted by the affirmative vote of a majority of the members present at any meeting of the committee.

(11) An action formally taken by a committee may not be altered in the committee except by reconsideration and further formal action of the committee.

(12) A committee may reconsider any action as long as the matter remains in the possession of the committee. A committee member need not have voted with the prevailing side in order to move reconsideration.

(13) Any legislation requested by a committee requires three-fourths of all members of the committee to vote in favor of the question to allow the committee to request the drafting or introduction of legislation. Votes requesting drafting and introduction of committee legislation may be taken jointly or separately.

(14) The chairman shall decide points of order.

(15) The privileges of committee members include the following:

(a) to participate freely in committee discussions and debate;

(b) to offer motions;

(c) to assert points of order and privilege;

(d) to question witnesses upon recognition by the chairman;

(e) to offer any amendment to any bill; and

(f) to vote, either by being present or by proxy if authorized pursuant to subsection (9), using a standard form or through the vice chairman or minority vice chairman.

(16) Any meeting of a committee held through the use of telephone or other electronic communication must be conducted in accordance with Chapter 3 of the House Rules.

(17) A committee may consolidate into one bill any two or more related bills referred to it whenever legislation may be simplified by the consolidation.

(18) Committee procedure must be informal, but when any questions arise on committee procedure, the rules or practices of the House are applicable except as stated in the House Rules.

**H30-60. Public testimony — decorum — time restrictions.** (1) Testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee. All persons, other than the sponsor, offering testimony shall register on the committee witness list.

(2) Any person wishing to offer testimony to a committee hearing a bill or resolution must be given a reasonable opportunity to do so, orally or in writing. Written testimony may not be required of any witness, but all witnesses must be encouraged to submit a statement in writing for the committee's official record.

(3) The chairman may order the committee room cleared of visitors if there is disorderly conduct. During committee meetings, visitors may not speak unless called upon by the chairman. Restrictions on time available for testimony may be announced.

(4) The number of people in a committee room may not exceed the maximum posted by the State Fire Marshal. The chairman shall maintain that limit.

(5) In any committee meeting, the use of cameras, television, radio, or any form of telecommunication equipment is allowed, but the chairman may designate the areas of the hearing room from which the equipment must be operated. Cell phone use is allowed only at the discretion of the chairman.

## CHAPTER 4

## Legislation

**H40-10. Introduction deadlines.** If a representative accepts drafted legislation from the Legislative Services Division after the deadline for preintroduction, the representative may not introduce that legislation after 2 legislative days from the time the bill was accepted from the Legislative Services Division.

**H40-20. House resolutions.** (1) A House resolution is used to adopt or amend House rules, make recommendations on the districting and apportionment plan (Montana Constitution, Art. V, Sec. 14), express the sentiment of the House, or assist House operations.

(2) As to drafting, introduction, and referral, a House resolution is treated as a bill. A House resolution may be requested and introduced at any time. Final passage of a House resolution is determined by the Committee of the Whole report. A House resolution does not progress to third reading.

(3) The Chief Clerk shall transmit a copy of each passed House resolution to the Senate and the Secretary of State.

**H40-30. Cosponsors.** (1) Prior to submitting legislation to the Chief Clerk for introduction, the chief sponsor may add representatives and senators as cosponsors by having them sign the legislation.

(2) After legislation is submitted for introduction but before the legislation returns from the first House committee, the chief sponsor may add or remove cosponsors by filing a cosponsor form with the Chief Clerk. This filing must be noted by the Chief Clerk for the record on Order of Business No. 11.

**H40-40. Introduction — receipt — messages from Senate and elected officials.** (1) During a session, proposed House legislation may be introduced in the House by submitting it, endorsed with the signature of a representative as chief sponsor, to the Chief Clerk for introduction. Except for the first 15 bill numbers that may be reserved for preintroduced legislation, in each session of the Legislature, the proposed legislation must be numbered consecutively by type in the order of receipt. Submission and numbering of properly endorsed legislation constitutes introduction.

(2) Preintroduction of legislation prior to a session under provisions of the joint rules constitutes introduction in the House.

(3) Acknowledgment by the Chief Clerk of receipt of legislation or other matters transmitted from the Senate for consideration by the House constitutes introduction of the Senate legislation in the House or receipt by the House for purposes of applying time limits contained in the House rules. All legislation may be referred to a committee prior to being read across the rostrum as provided in H40-50.

(4) Acknowledgment by the Chief Clerk of receipt of messages from the Senate or other elected officials constitutes receipt by the House for purposes of any applicable time limit. Senate legislation or messages received from the Senate or elected officials are subject to all other rules.

**H40-50. First reading — receipt of Senate legislation.** Legislation properly introduced or received in the House must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a representative may question adherence to rules. Acknowledgment by the Chief Clerk of receipt of legislation transmitted from the Senate commences the time limit for consideration of the legislation. All legislation received by the House may be referred to a committee prior to being read across the rostrum.

**H40-60. One reading per day — exception.** Except on the final legislative day, legislation may receive no more than one reading per legislative day. On the final legislative day, legislation may receive more than one reading.

**H40-70. Referral.** (1) The Speaker shall refer to a House committee, joint select committee, or joint special committee all properly introduced House legislation and transmitted Senate legislation in conformity to the committee jurisdiction.

(2) Legislation may not receive final passage and approval unless it has been referred to a House committee, joint select committee, or joint special committee.

**H40-80. Rereferral — Appropriations Committee rereferral — normal progression.** (1) Except as provided in subsection (2), legislation that is in the possession of the House and that has not been finally disposed of may be rereferred to a House committee by House motion approved by not less than three-fifths of the members present and voting.

(2) (a) Legislation that is in the possession of the House and that has been reported from a committee with a do pass or be concurred in recommendation may be rereferred to a House committee by a majority vote.

(b) (i) With the consent of the majority leader, the minority leader, and the bill sponsor, legislation that has passed second reading in the Committee of the Whole and that has been rereferred to the Appropriations Committee pursuant to H40-80(2)(a) and is reported from committee without amendments may be placed on third reading.

(ii) Prior to being placed on third reading, legislation rereferred pursuant to H40-80(2)(b)(i) must be sent to be processed and reproduced as a third reading version and specifically marked as having been passed on second reading and rereferred to the House Appropriations Committee and reported from the committee without amendments.

(3) The normal progress of legislation through the House consists of the following steps in the order listed: introduction; referral to a standing or select committee; a report from the committee; second reading; and third reading.

**H40-90. Legislation withdrawn from committee.** Legislation may be withdrawn from a House committee by House motion approved by not less than three-fifths of the members present and voting.

**H40-100. Standing committee reports — requirement for rejection of adverse committee report.** (1) A House standing committee recommendation of "do pass" or "be concurred in" must be announced across the rostrum and, if there is no objection to form, is considered adopted.

(2) A recommendation of "do not pass" or "be not concurred in" must be announced across the rostrum and, on the following legislative day, may be debated and adopted or rejected on Order of Business No. 2. A motion to reject an adverse committee report must be approved by not less than three-fifths of the members voting. Failure to adopt a motion to reject an adverse committee report constitutes adoption of the report.

(3) If the House rejects an adverse committee report, the bill progresses to second reading, as scheduled by the Speaker, with any amendments recommended by the committee.

**H40-110. Consent calendar procedure.** (1) Noncontroversial bills and simple and joint resolutions may be recommended for the consent calendar by a standing committee and processed according to the following provisions:

(a) To be eligible for the consent calendar, the legislation must receive a unanimous vote by the members of the standing committee in attendance (do pass, do pass as amended). In addition, a motion must be made and passed unanimously to place the legislation on the consent calendar and this action reflected in the committee report. Appropriation or revenue bills may not be recommended for the consent calendar.

(b) The legislation must then be sent to be processed and reproduced as a third reading version and specifically marked as a "consent calendar" item.

(2) Other legislation may be placed on the consent calendar by agreement between the Speaker and the minority leader following a positive recommendation by a standing committee. The legislation must be sent to be processed as a second reading version but must be specifically announced and posted as a "consent calendar" item.

(3) Legislation must be posted immediately (as soon as it is received appropriately printed) on the consent calendar and must remain there for 1 legislative day before consideration under Order of Business No. 11, special orders of the day. At that time, the presiding officer shall announce consideration of the consent calendar and allow "reasonable time" for questions and answers upon request. No debate is allowed.

(4) If any one representative submits a written objection to the placement of legislation on the consent calendar, the legislation must be removed from the consent calendar and added to the regular second reading board.

(5) Consent calendar legislation will be considered on Order of Business No. 8, third reading of bills, following the regular third reading agenda, as separately noted on the agenda.

(6) Legislation on the consent calendar must be considered individually with the roll call vote spread on the journal as the final vote in the House.

(7) Legislation passed on the consent calendar must then be transmitted to the Senate. Legislation must be appropriately printed prior to transmittal.

**H40-120. Legislation requiring other than a majority vote.** Legislation that requires other than a majority vote for final passage needs only a majority vote for any action that is taken prior to third reading and that normally requires a majority vote.

**H40-130. Amending House second and third reading agendas — vote requirements.** (1) A majority of representatives present may rearrange or remove legislation from either the second or third reading agenda on that legislative day.

(2) Legislation may be added to the second or third reading agenda on that legislative day on a motion approved by not less than three-fifths of the members present and voting.

**H40-140. Second reading — timing — obverse vote on failed motion — status of amendments — rejection of report — segregation.** (1) Legislation returned or withdrawn from committee by motion must be placed on second reading prior to the transmittal deadlines provided for in Joint Rule 40-200 that are applicable to each piece of legislation.

(2) The House shall form itself into a Committee of the Whole to consider business on second reading. The Committee of the Whole may debate legislation, attach amendments, and recommend approval or disapproval of legislation.

(3) Except on the final legislative day, at least 1 legislative day must elapse between the time legislation is reported from committee and the time it is considered on second reading.

(4) If a motion to recommend that a bill "do pass" or "be concurred in" fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill "do not pass" or "be not concurred in", is considered to have passed. If a motion to recommend that a bill "do not pass" or "be not concurred in" fails in the Committee of the Whole, the obverse, i.e., a recommendation that the bill "do pass" or "be concurred in", is considered to have passed.

(5) An amendment attached to legislation by the Committee of the Whole remains unless removed by further legislative action.

(6) When the Committee of the Whole reports to the House, the House shall adopt or reject the Committee of the Whole report. If the House rejects the Committee of the Whole report, the legislation remains on second reading, as amended by the Committee of the Whole, unless the House orders otherwise.

(7) A representative may move to segregate legislation from the Committee of the Whole report before the report is adopted. Segregated legislation, as amended by the Committee of the Whole, must be placed on second reading unless the House orders otherwise. Amendments adopted by the Committee of the Whole on segregated legislation remain adopted unless reconsidered pursuant to H50-170 or unless the legislation is rereferred to a committee.

**H40-150. Amendments in the Committee of the Whole — timing — official records.** (1) All Committee of the Whole amendments must be prepared by the Legislative Services Division and checked by the House amendments coordinator for format, style, clarity, consistency, and other factors, in accordance with the most recent Bill Drafting Manual published by the Legislative Services Division, before the amendment may be accepted at the rostrum. The amendment form must include the date and time the amendment is submitted for that check.

(2) An amendment submitted to the rostrum for consideration by the Committee of the Whole must be marked as checked by the amendments coordinator and signed by a representative. Unless the majority leader, the minority leader, and sponsor agree, amendments must be printed and placed on the members' desks prior to consideration.

(3) An amendment may not be proposed until the sponsor has opened on a bill.

(4) A copy of every amendment rejected by the Committee of the Whole must be kept as part of the official records.

(5) An amendment may not change the original purpose of the bill.

**H40-160. Motions in the Committee of the Whole — quorum required.** (1) When the House resolves itself into a Committee of the Whole, the only motions in order are to:

(a) recommend passage or nonpassage;

(b) recommend concurrence or nonconcurrence (Senate amendments to House legislation);

(c) amend;

(d) reconsider as provided in H50-170;

(e) pass consideration;

(f) call for cloture;

(g) change the order in which legislation is placed on the agenda; and

(h) rise, rise and report, or rise and report progress and beg leave to sit again.

(2) Subsections (1)(d) through (1)(f) and (1)(h) are nondebatable but may be amended. Once a motion under subsection (1)(a) or (1)(b) is made, a contrary motion is not in order.

(3) The motions listed in subsection (1) may be made in descending order as listed.

(4) If a quorum of representatives is not present during second reading, the Committee of the Whole may not conduct business on legislation and a motion for a call of the House without a quorum is in order.

**H40-170. Limits on debate in the Committee of the Whole.** (1) Except as provided in H40-180, a representative may not speak more than once on the motion and may speak for no more than 5 minutes. The representative who makes the motion may speak a second time for 5 minutes in order to close.

(2) After at least two proponents and two opponents have spoken on a question and 30 minutes have elapsed, a motion to call for cloture is in order. Approval by not less than two-thirds of the members present and voting is required to sustain a motion for cloture. Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

(3) By previous agreement of the majority leader and the minority leader:

(a) a lead proponent and a lead opponent may be granted additional time to speak on a bill;

(b) a bill or resolution may be allocated a predetermined amount of time for debate and number of speakers.

**H40-180. Special provisions for debate on the general appropriations bill — sections — amendments.** (1) The Appropriations Committee chairman, in presenting the bill, is not subject to the 5-minute speaking limitation.

(2) Each appropriations subcommittee chairman shall fully present the chairman's portion of the bill. A subcommittee chairman is not subject to the 5-minute speaking limitation.

(3) After the presentation by the subcommittee chairman, the respective section of the bill is open for debate, questions, and amendments. A proposed amendment to the general appropriations act may not be divided.

(4) An amendment that affects more than one section of the bill must be offered when the first section affected is considered.

(5) Following completion of the debate on each section, that section is closed and may not be reopened except by majority vote.

(6) If a member moves to reopen a section for amendment, only the amendment of that member may be entertained. Another member wishing to amend the same section shall make a separate motion to reopen the section.

(7) Debate on the motion to reopen a section is limited to the question of reopening the section. The amendment itself may not be debated at that time. This limitation does not prohibit the member from explaining the amendment to be considered.

**H40-190. Engrossing.** (1) After legislation is passed on second reading, it must be engrossed within 48 hours under the direction of the Speaker. The Speaker may grant additional time for engrossing.

(2) When the legislation that has passed second reading, as amended, has been correctly engrossed, it must be placed on third reading on the following legislative day. If the bill is not amended, the bill must be sent to printing and must be placed on third reading on the legislative day after receipt. On the final legislative day, the correctly engrossed legislation may be placed on third reading on the same legislative day. For the purposes of this rule, "engrossing" means placing amendments in a bill. (See Joint Rule 40-150.)

**H40-200. Third reading.** (1) All bills, joint resolutions, and Senate amendments to House bills and joint resolutions passing second reading must be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) Legislation on third reading may not be amended or debated.

(3) The Speaker shall state the question on legislation on third reading. If a majority of the representatives voting does not approve the legislation, it fails to pass third reading.

**H40-210. Senate legislation in the House.** Senate legislation properly transmitted to the House must be treated as House legislation.

**H40-220. Senate amendments to House legislation.** (1) When the Senate has properly returned House legislation with Senate amendments, the House shall announce the amendments on Order of Business No. 4, and the Speaker shall place them on second reading for debate. The Speaker may rerefer House legislation with Senate amendments to a committee for a hearing

if the Senate amendments constitute a significant change in the House legislation. The second reading vote is limited to consideration of the Senate amendments.

(2) If the House accepts Senate amendments, the House shall place the final form of the legislation on third reading to determine if the legislation, as amended, is passed or if the required vote is obtained.

(3) If the House rejects the Senate amendments, the House may request the Senate to recede from its amendments or may direct appointment of a conference committee and request the Senate to appoint a like committee.

**H40-230. Conference committee reports.** (1) When a House conference committee files a report, the report must be announced under Order of Business No. 3.

(2) The House may debate and adopt or reject the conference committee report on second reading on any legislative day. The House may reconsider its action in rejecting a conference committee report under rules for reconsideration, H50-160.

(3) If both the House and the Senate adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the House, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(4) If the House rejects a conference committee report, the committee continues to exist unless dissolved by the Speaker or by motion. The committee may file a subsequent report.

(5) A House conference committee may confer regarding matters assigned to it with any Senate conference committee with like jurisdiction and submit recommendations for consideration of the House.

**H40-240. Enrolling.** (1) When House legislation has passed both houses, it must be enrolled within 48 hours under the direction of the Speaker. The Speaker may grant additional time for enrolling.

(2) The chief sponsor of the legislation shall examine the enrolled legislation and, if it has no enrolling errors, shall, within 1 legislative day, certify the legislation as correctly enrolled.

(3) The correctly enrolled legislation must be delivered to the Speaker, who shall sign the legislation.

(4) After the legislation has been reported correctly enrolled but before it is signed, any representative may examine the legislation. (See Joint Rule 40-160.)

**H40-250. Governor's amendments.** (1) When the Governor returns a bill with recommended amendments, the House shall announce the amendments under Order of Business No. 5.

(2) The House may debate and adopt or reject the Governor's recommended amendments on second reading on any legislative day.

(3) If both the House and the Senate accept the Governor's recommended amendments on a bill that requires more than a majority vote for final passage, the House shall place the final form of the legislation on third reading to determine if the required vote is obtained.

**H40-260. Governor's veto.** (1) When the Governor returns a bill with a veto, the House shall announce the veto under Order of Business No. 5.

(2) On any legislative day, a representative may move to override the Governor's veto by a two-thirds vote under Order of Business No. 9.

## CHAPTER 5

**H50-10. Attendance — excuse — call of the House.** (1) A representative, unless excused, is required to be present at every sitting of the House.

(2) A representative may request in writing to be excused for a specified cause by the representative's party leader. This excused absence is not a leave with cause from a call of the House.

**H50-20. Quorum.** (1) A quorum of the House is fifty-one representatives (Montana Constitution, Art. V, Sec. 10).

(2) Any representative may question the lack of a quorum at any time a vote is not being taken. The question is nondebatable, may not be amended, and is resolved by a roll call.

(3) The House may not conduct business without a quorum, except that representatives present may convene, compel the attendance of absent representatives, or adjourn.

**H50-30. Call of the House without a quorum.** (1) In the absence of a quorum, a majority of the representatives present may compel the attendance of absent representatives through a call of the House without a quorum. The motion for the call is nondebatable, may not be amended, and is in order at any time it has been established that a quorum is not present.

(2) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(3) When a quorum has been achieved under the call, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

**H50-40. Call of the House with a quorum.** (1) If a quorum is present but at least one representative is excused or absent, one-third of the representatives present and voting may order a call of the House with a quorum.

(2) The motion for a call is nondebatable, may not be amended, and is in order at any time a vote is not being taken, except that a call of the House with a quorum is not allowed in the Committee of the Whole.

(3) During a call of the House, all business is suspended. No motion is in order except a motion to adjourn or to remove the call.

(4) When all representatives are present, except those on leave with cause, the call is automatically lifted. The call may also be lifted by adjournment or by two-thirds of the representatives present and voting.

(4) During a call of the House, a representative on leave with cause may not cast an absentee vote.

**H50-70. Motions.** (1) Any representative may propose a motion allowed by the rules for the order of business under which the motion is offered for the consideration of the House. Unless otherwise specified in rule or law, a majority of representatives voting is necessary and sufficient to decide a motion.

(2) Seconds to motions on the House floor are not required.

(3) Absentee votes are not allowed on votes that are specified as "representatives present and voting".

(4) The majority leader shall make routine procedural motions required to conduct the business of the House.

**H50-80. Limits on debate of debatable motions.** (1) Except for the representative who places a debatable motion before the body, no representative may speak more than once on the question unless a unanimous House consents. The representative who places the motion may close.

(2) No representative may speak for more than 10 minutes on the same question, except that a representative may have 5 minutes to close.

**H50-90. Nondebatable motions.** (1) A representative has the right to understand any question before the House and, usually under the administration of the presiding officer, may ask questions to exercise this right.

**H50-130. Withdrawing motions.** A representative who proposes a motion may withdraw it before it is voted on or amended.

**H50-140. Dividing a question.** Except as provided in H40-180(3), a representative may request to divide a question as a matter of right if it includes two or more propositions so distinct that they can be separated and if at least one substantive question remains after one substantive question is removed. The request is nondebatable under H50-90. The presiding officer may rule that a question is nondivisible. The ruling of the chair may be appealed as provided in H50-160(15) or (17) and H70-50. For an appeal of a ruling of the presiding officer, the question for the house must be stated as, "Shall the ruling of the chair be upheld?".

**H50-150. Previous question — close.** (1) If a majority of representatives present and voting adopts a motion for the previous question, debate is closed on the question and it must be brought to a vote. The Speaker may not entertain a motion to end debate unless at least one proponent and one opponent have spoken on the question.

(2) Notwithstanding the passage of a motion to end debate, the sponsor of the motion on which debate was ended may close.

**H50-160. Questions requiring other than a majority vote.** The following questions require the vote specified for each condition:

(2) A motion to reconsider is a debatable motion, but the debate is limited to the motion. The debate on a motion to reconsider is limited to two proponents and two opponents to the motion and the debate may not address the substance of the matter for which reconsideration is sought. However, an inquiry may be made concerning the purpose of the motion to reconsider.

(3) A motion for reconsideration, unless tabled or replaced by a substitute motion, must be disposed of when made.

The motion must be made on Order of Business No. 9, motions. All of the members present and voting are required to consent to the change in order for it to be effective.

(2) The representative making the motion shall first specify the bill number, the question, and the original vote tally. A vote may not be changed if it would affect the outcome of legislation.

(b) If a bill contains substantive provisions dealing with policy and an appropriation, the bill must be referred to the committee with jurisdiction over the subject addressed in the policy provisions. If the bill is reported from the committee to which it was assigned, the Speaker may rerefer the bill to the Appropriations Committee. The referral must be announced to the House. The rereferral does not require action or approval by the House, but may be overturned by a majority vote.

(4) If a committee chair upon consultation with the vice chair determines that the committee cannot effectively process all bills assigned to the committee because of time limitations, the chair shall, in writing, request the Speaker to reassign specific bills. The Speaker shall reassign the bills to an appropriate committee. The reassignments must be announced to the House. The reassignments do not require action or approval by the House, but may be overturned by a three-fifths vote.

## HOUSE RESOLUTION NO. 2

A RESOLUTION OF THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA PROVIDING RECOMMENDATIONS ON THE LEGISLATIVE REDISTRICTING PLAN TO THE MONTANA DISTRICTING AND APPORTIONMENT COMMISSION.

WHEREAS, the Montana Districting and Apportionment Commission submitted its legislative redistricting plan to the Legislature on January 8, 2013, as required by Article V, section 14, of the Montana Constitution; and

WHEREAS, the Commission adopted criteria to guide the drawing of district lines that preserve the principle of "one person, one vote"; and

WHEREAS, the House of Representatives commends the Commission for establishing a maximum 3% population deviation, which surpasses the standard of a 5% population deviation; and

WHEREAS, the Commission formed districts that successfully comply with all requirements of the federal Voting Rights Act and that protect the voting rights of minority populations; and

WHEREAS, the House of Representatives contends that criteria directing the creation of compact and contiguous districts that preserve communities of interest and, when possible, follow the lines of political and geographic boundaries have not been satisfactorily adhered to; and

WHEREAS, the House of Representatives contends that the proposed plan does not pass a general appearance test regarding compactness in numerous instances, particularly House Districts 23 and 24 in Cascade County, House Districts 47, 48, 49, and 50 in Yellowstone County, House District 66 in Gallatin County, House District 81 in Lewis and Clark County, and House District 96 in Missoula County; and

WHEREAS, the House of Representatives contends that the proposed plan fractures communities of interest in House Districts 21, 23, 77, 78, 82, and 84; and

WHEREAS, the House of Representatives contends that pairings of House Districts made to form Senate Districts fracture communities of interest, particularly the assignments of House Districts 73, 74, 75, 76, 77, and 79 in Deer Lodge, Jefferson, and Silver Bow Counties; and

WHEREAS, the House of Representatives contends that holdover Senator Webb is assigned to a Senate District predominantly composed of citizens who have never had the opportunity to vote for him, when it is possible to assign him to a district that includes significant populations from his original Senate District; and

WHEREAS, the Legislature is required to return the plan to the Commission with its recommendations on or before February 7, 2013.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the House of Representatives urges the passage of amendments necessary for the Legislative Redistricting Plan to conform to the Commission's established criteria. To this end, the House of Representatives recommends that the Commission consider the following amendments:

(1) redraw House Districts 21 and 23 in Cascade County, House Districts 47, 48, 49, and 50 in Yellowstone County, House District 66 in Gallatin County, House Districts 82 and 84 in Lewis and Clark County, and House District 96 in Missoula County to better meet the standard of a general appearance test regarding compactness. A compact district would be more square-like, as opposed to a long rectangle.

(2) preserve both compactness and communities of interest by reassigning the following House Districts into Senate District pairings: House Districts 73 and 76, House Districts 74 and 77, and House Districts 75 and 78. The House

District lines for Districts 74 and 77 should be moved together in order to meet the contiguous standard in the Commission's criteria.

(3) redraw House Districts 77 and 78 to keep the town of Anaconda whole; and

(4) reassign Senator Webb from Senate District 23 to Senate District 22.

BE IT FURTHER RESOLVED, that a copy of this resolution be kept on file by the Secretary of State and that copies be sent by the Secretary of State to the presiding officer and each member of the Montana Districting and Apportionment Commission.

Adopted February 4, 2013

## HOUSE RESOLUTION NO. 5

A RESOLUTION OF THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA INVITING FIREARMS MANUFACTURERS AND FIREARMS ACCESSORY MANUFACTURERS THREATENED BY HOSTILE LAWS IN OTHER STATES TO MOVE TO MONTANA.

WHEREAS, some states have enacted laws or are considering enacting laws that would prohibit the possession of certain firearms or of certain firearms accessories; and

WHEREAS, these laws may make it impossible for existing manufacturers to remain in or legally do business in those states; and

WHEREAS, many firearms and firearms accessory manufacturers are examining options for relocating their manufacturing to a more firearms-friendly location; and

WHEREAS, Montana is a firearms-friendly state with a good legal infrastructure for firearms possession, use, and manufacture; and

WHEREAS, Montana has a well-educated workforce of people with a strong work ethic and with a culture of firearms knowledge and tolerance; and

WHEREAS, Montana offers space, beauty, and a great place to live and work.

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That Montana says to threatened firearms manufacturers and firearms accessory manufacturers: "Come to Montana. We want you here!".

BE IT FURTHER RESOLVED, that Montana says: "Montana is open for business for manufacturers of firearms and firearms accessories".

BE IT FURTHER RESOLVED, that the Secretary of State is encouraged to coordinate with firearms-related groups and businesses existing in Montana to develop contacts with manufacturers of firearms and firearms accessories in other states and deliver this resolution to them.

BE IT FURTHER RESOLVED, that Governor Steve Bullock is urged to actively seek out any manufacturers of firearms and firearms accessories to encourage them to move to Montana and to aid these manufacturers in relocation in whatever way may be possible.

Adopted April 8, 2013

# Senate Joint Resolutions

## SENATE JOINT RESOLUTION NO. 1

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ADOPTING THE JOINT LEGISLATIVE RULES.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the following Joint Rules be adopted:

**JOINT RULES OF THE MONTANA SENATE AND HOUSE OF REPRESENTATIVES**

**CHAPTER 10**

**Administration**

**10-10. Time of meeting.** Each house may order its time of meeting.

**10-20. Legislative day — duration.** (1) If either house is in session on a given day, that day constitutes a legislative day.

(2) A legislative day for a house ends either 24 hours after that house convenes for the day or at the time the house convenes for the following legislative day, whichever is earlier.

**10-30. Schedules.** The presiding officer of each house shall coordinate its schedule to accommodate the workload of the other house.

**10-40. Adjournment — recess — meeting place.** A house may not, without the consent of the other, adjourn or recess for more than 3 days or to any place other than that in which the two houses are sitting (Montana Constitution, Art. V, Sec. 10(5)). The procedure for obtaining consent is contained in Joint Rule 20-10.

**10-50. Access of media — registration — decorum — sanctions.** (1) Subject to the presiding officer's discretion on issues of decorum and order, a registered media representative may not be prohibited from photographing, televising, or recording a legislative meeting or hearing.

(2) The presiding officer shall authorize the issuance of cards to media representatives to allow floor access, and media representatives holding the cards are subject to placement on the floor by the presiding officer. The presiding officer may delegate enforcement of this rule to the office of the Secretary of the Senate, Chief Clerk of the House, the respective Sergeant-at-Arms, or the Legislative Information Officer. The privilege may be revoked or suspended for a violation of decorum and order as agreed to by the media representative upon application for registration.

(3) Registered media representatives may be subject to seating in designated areas. Overflow access will be in the gallery.

**10-60. Conflict of interest.** A member who has a personal or private interest in any measure or bill proposed or pending before the Legislature shall disclose the fact to the house to which the member belongs. (section 2-2-112, MCA)

**10-70. Telephone calls and internet access.** (1) Long-distance telephone calls made by a member while the Legislature is in session or while the member is in travel status are considered official legislative business. These include but are not limited to calls made to constituencies, places of business, and family members. A member's access to the internet through a permissible server is a proper use of the state communication system if the use is for legislative business or is within the scope of permissible use of long-distance telephone calls.

(2) Session staff, including aides and interns, may use telephones for long-distance calls only if specifically authorized to do so by their legislative sponsor or supervisor. Sponsoring members and supervisors are accountable for use of state telephones and internet access by their staff, including aides and interns, and may not authorize others to use state phones or state servers to access the internet.

(3) Permanent staff of the Legislature shall comply with executive branch rules applying to the use of state telephones.

**10-80. Joint employees.** The presiding officers of each house, acting together, shall:

(1) hire joint employees; and

(2) review a dispute or complaint involving the competency or decorum of a joint employee, and dismiss, suspend, or retain the employee.

**10-85. Harassment prohibited — reporting.** (1) Legislators and legislative employees have the right to work free of harassment on account of race, color, sex, culture, social origin or condition, or religious ideas when performing services in furtherance of legislative responsibilities, whether the offender is an employer, employee, legislator, lobbyist, or member of the public.

(2) A violation of this policy must be reported to the party leader in the appropriate house if the offended party is a legislator or to the presiding officer if the offended party is the party leader. The presiding officer may refer the matter to the rules committee of the applicable house, and the offender is subject to discipline or censure, as appropriate.

(3) If the offended party is an employee of the house of representatives or the senate, the violation must be reported to the employee's supervisor or, if the offender is the supervisor for the house of representatives or the senate, the report should be made to the chief clerk of the house of representatives or to the secretary of the senate, as appropriate. If the offended party is a permanent legislative employee, the report should be made to the employee's supervisor or, if the offender is the supervisor, to the appropriate division director. If the offender is a division director, the report should be made to the presiding officer of the appropriate statutory committee.

(4) If the offended party is a supervisor for the house of representatives or the senate, the violation must be reported to the chief clerk of the house of representatives or to the secretary of the senate, as appropriate. If the offended party is a supervisor of permanent legislative employees, the violation must be reported to the appropriate division director. If the offender is a division director, the report should be made to the presiding officer of the appropriate statutory committee.

(5) The chief clerk or the secretary shall report the violation to the presiding officer. The presiding officer may refer the matter to the rules committee. If the offender is an employee or supervisor, the employee or supervisor is subject to discipline or discharge.

**10-90. Legislative interns.** Qualifications for legislative interns are specified in Title 5, chapter 6, MCA.

**10-100. Legislative Services Division.** (1) The staff of the Legislative Services Division shall serve both houses as required.

(2) Staff members shall:

(a) maintain personnel files for legislative employees; and

(b) prepare payrolls for certification and signature by the presiding officer and prepare a monthly financial report.

(3) The Legislative Services Division shall train journal clerks for both houses.

**10-120. Engrossing and enrolling staff — duties.** (1) The Legislative Services Division shall provide all engrossing and enrolling staff.

(2) The duties of the engrossing and enrolling staff are:

(a) to engross or enroll any bill or resolution delivered to them within 48 hours after it has been received, unless further time is granted in writing by the presiding officer of the house in which the bill originated; and

(b) to correct clerical errors, absent the objection of the sponsor of a bill, resolution, or amendment and the Secretary of the Senate or the Chief Clerk of the House of Representatives in any bill or amendment originating in the house by which the Clerk or Secretary is employed. The following kinds of clerical errors may be corrected:

(i) errors in spelling;

(ii) errors in numbering sections;

(iii) additions or deletions of underlining or lines through matter to be stricken;

(iv) material copied incorrectly from the Montana Code Annotated;

(v) errors in outlining or in internal references;

(vi) an error in a title caused by an amendment;

(vii) an error in a catchline caused by an amendment;

(viii) errors in references to the Montana Code Annotated; and

(ix) other nonconformities of an amendment with Bill Drafting Manual form.

(3) The engrossing and enrolling staff shall give notice in writing of the clerical correction to the Secretary of the Senate or the Chief Clerk of the House, who shall give notice to the sponsor of the bill or amendment. The form must be filed in the office of the amendments coordinator. A party receiving notice may register an objection to the correction by filing the objection in writing with the Secretary of the Senate or the Chief Clerk of the House by the end of the next legislative day following receipt of the notice. The Senate or House shall vote on whether or not to uphold the objection. If the objection is upheld, the Secretary of the Senate or the Chief Clerk of the House shall notify the Executive Director of the Legislative Services Division, and the engrossing staff shall change the bill to remove the correction or corrections to which the objection was made.

(4) For the purposes of this rule, "engrossing" means placing amendments in a bill.

**10-130. Bills — sponsorship — style — format — withdrawal prohibited.** (1) A bill must be sponsored by a member of the Legislature.

(2) A bill must be:

(a) printed on paper with numbered lines;

(b) numbered at the foot of each page (except page 1);

(c) backed with a page of substantial material that includes spaces for notations for tracking the progress of the bill; and

(d) introduced. Introduction constitutes the first reading of the bill.

(3) In a section amending an existing statute, matter to be stricken out must be indicated with a line through the words or part to be deleted, and new matter must be underlined.

(4) Sections of the Montana Code Annotated repealed or amended in a bill must be stated in the title.

(5) Introduced bills must be reproduced on white paper and distributed to members.

(6) An introduced bill may not be withdrawn.

**10-140. Voting on bills — constitutional amendments.** (1) A bill may not become a law except by vote of the constitutionally required majority of all the members present and voting in each house (Montana Constitution, Art. V, Sec. 11(1)). On final passage, the vote must be taken by ayes and noes and the names of those voting entered on the journal (Montana Constitution, Art. V, Sec. 11(2)).

(2) Any vote in one house on a bill proposing an amendment to The Constitution of the State of Montana under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote.

(3) This rule does not prevent a committee from tabling a bill proposing an amendment to The Constitution of the State of Montana.

**10-150. Recording and publication of voting.** (1) Every vote of each member on each substantive question in the Legislature, in any committee, or in Committee of the Whole must be recorded and made available to the public. On final passage of any bill or joint resolution, the vote must be taken by ayes and noes and the names entered on the journal.

(2) (a) Roll call votes must be taken by ayes and noes and the names entered on the journal on adopting an adverse committee report and on those motions made in Committee of the Whole to:

(i) amend;

(ii) recommend passage or nonpassage;

(iii) recommend concurrence or nonconcurrence; or

(iv) indefinitely postpone.

(b) The text of all proposed amendments in Committee of the Whole must be recorded.

(3) A roll call vote must be taken on nonsubstantive questions on the request of two members who may, on any vote, request that the ayes and noes be spread upon the journal.

(4) Roll call votes and other votes that are to be made public but are not specifically required to be spread upon the journal must be entered in the minutes of the appropriate committee or of the appropriate house (Montana Constitution, Art. V, Sec. 11(2)). A copy of the minutes must be filed with the Montana Historical Society. If electronically recorded minutes are kept for a committee, a written log conforming to section 2-3-212(2), MCA, must also be kept.

**10-160. Journal.** Each house shall:

(1) supply the Legislative Services Division with the contents of the daily journal to be stored on an automated system;

(2) examine its journal and order correction of any errors; and

(3) make a daily journal available to all members.

**10-170. Journals — authentication — availability.** (1) The journal of the Senate must be authenticated by the signature of the President and the journal of the House of Representatives must be authenticated by the signature of the Speaker.

(2) The Legislative Services Division shall make the completed journals available to the public (sections 5-11-201 through 5-11-203, MCA).

## CHAPTER 20

## Relations With Other House

**20-10. Consent for adjournment or recess.** As required by Article V, section 10(5), of the Montana Constitution, the consent of the other house is required for adjournment or recess for more than 3 calendar days. Consent for adjournment is obtained by having the house wishing to adjourn send a message to the other house and having the receiving house vote favorably on the request. The receiving house shall inform the requesting house of its consent or lack of consent. Consent is not required on or after the 87th legislative day.

## CHAPTER 30

## Committees

**30-10. Joint committee chair — exception.** Except as provided in Joint Rule 30-50 concerning the joint meetings of the Senate Finance and Claims Committee and the House Appropriations Committee, the chair of the Senate committee is the chair of all joint committees.

**30-20. Voting in joint committees — exception.** (1) Except for Rules Committees and conference committees, a member of a joint committee votes individually and not by the house to which the committee member belongs.

(2) Because the Rules Committees and conference committees are joint meetings of separate committees, in those committees the committees from each house vote separately. A majority of each committee shall agree before any action may be taken, unless otherwise specified by individual house rules.

**30-30. Conference committees — subject matter restrictions.** (1) If either house requests a conference committee and appoints a committee for the purpose of discussing an amendment on which the two houses cannot agree, the other house shall appoint a committee for the same purpose. The time and place of all conference committee meetings must be agreed upon by their chairs and announced from the rostrum. This announcement is in order at any time. Failure to make this announcement does not affect the validity of the legislation being considered. A conference committee meeting must be conducted as an open meeting, and minutes of the meeting must be kept.

(2) A conference committee, having conferred, shall report to the respective houses the result of its conference. A conference committee shall confine itself to consideration of the disputed amendment. The committee may recommend:

(a) acceptance or rejection of each disputed amendment in its entirety; or

(b) further amendment of the disputed amendment.

(3) If either house requests a free conference committee and the other house concurs, appointments must be made in the same manner as provided in

subsection (1). A free conference committee may discuss and propose amendments to a bill in its entirety and is not confined to a particular amendment. However, a free conference committee is limited to consideration of amendments that are within the scope of the title of the introduced bill.

**30-40. Conference committee — enrolling.** A conference committee report must give clerical instructions for a corrected reference bill and for enrolling by referring to the reference bill version.

**30-50. Committee consideration of general appropriation bills.** (1) All general appropriation bills must first be considered by a joint subcommittee composed of designated members of the Senate Finance and Claims Committee and the House Appropriations Committee, and then by each committee separately.

(2) Joint meetings of the House Appropriations Committee and the Senate Finance and Claims Committee must be held upon call of the chair of the House Appropriations Committee, who is chair of the joint committee.

(3) The committee chair of the Senate Finance and Claims Committee or of the House Appropriations Committee may be a voting member in the joint subcommittees if:

(a) either house has fewer members on the joint subcommittees;

(b) the chair represents the house with fewer members on the subcommittees; and

(c) the chair is present for the vote at the time that a question is called. A vote may not be held open to facilitate voting by a chair.

**30-60. Estimation of revenue.** (1) The Revenue and Transportation Interim Committee shall introduce a House joint resolution for the purpose of estimating revenue that may be available for appropriation by the Legislature. (5-5-227, MCA)

(2) For the 2013 legislative session only, in the event that the Revenue and Transportation Interim Committee has not caused a revenue estimating resolution to be introduced in accordance with 5-5-227, MCA, a Senate joint resolution must be introduced by the chair of the Senate Taxation Committee for the purpose of estimating revenue that may be available for appropriation by the Legislature.

(3) The Senate shall transmit the Senate joint resolution on the revenue estimate to the House no later than the 15th legislative day. The Senate joint resolution does not constitute the Legislature's revenue estimate until adopted and passed by the House with any House amendments concurred in by the Senate.

**30-70. Appointment of interim committees.** As provided for in section 5-5-211(6), MCA, 50% of interim committees must be selected from the following legislative standing committees:

(1) Economic Affairs Interim Committee:

(a) Senate Agriculture, Livestock, and Irrigation Committee;

(b) Senate Business, Labor, and Economic Affairs Committee;

(c) Senate Finance and Claims Committee;

(d) House Agriculture Committee;

(e) House Business and Labor Committee;

(f) House Federal Relations, Energy, and Telecommunications Committee; and

(g) House Appropriations Committee;

(b) Senate Local Government Committee;
(c) Senate Finance and Claims Committee;
(d) House Education Committee;
(e) House Local Government Committee; and
(f) House Appropriations Committee;
(3) Children, Families, Health, and Human Services Interim Committee:
(a) Senate Public Health, Welfare, and Safety Committee;
(b) Senate Finance and Claims Committee;
(c) House Human Services Committee; and
(d) House Appropriations Committee;
(4) Law and Justice Interim Committee:
(a) Senate Judiciary Committee;
(b) Senate Finance and Claims Committee;
(c) House Judiciary Committee; and
(d) House Appropriations Committee;
(5) Revenue and Transportation Interim Committee:
(a) Senate Taxation Committee;
(b) Senate Highways and Transportation Committee;
(c) Senate Finance and Claims Committee;
(d) House Taxation Committee;
(e) House Transportation Committee; and
(f) House Appropriations Committee;
(6) State Administration and Veterans' Affairs Interim Committee:
(a) Senate State Administration Committee;
(b) Senate Finance and Claims Committee;
(c) House State Administration Committee; and
(d) House Appropriations Committee;
(7) Energy and Telecommunications Interim Committee:
(a) Senate Energy Committee;
(b) House Federal Relations, Energy, and Telecommunications Committee;
(c) House Appropriations Committee; and
(d) Senate Finance and Claims Committee.

## CHAPTER 40
## Legislation

**40-10. Amendment to state constitution.** A bill must be used to propose an amendment to The Constitution of the State of Montana. The bill is not subject to the veto of the Governor (Montana Constitution, Art. VI, Sec. 10(1)).

**40-20. Appropriation bills — introduction in House — feed bill.** (1) All appropriation bills must originate in the House of Representatives.

(2) Appropriation bills for the operation of the Legislature must be introduced by the chair of the House Appropriations Committee.

**40-30. Effective dates.** (1) Except as provided in subsections (2) through (4), a statute takes effect on October 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(2) A law appropriating public funds for a public purpose takes effect on July 1 following its passage and approval unless a different time is prescribed in the enacting legislation.

(3) A statute providing for the taxation or imposition of a fee on motor vehicles takes effect on the first day of January following its passage and approval unless a different time is prescribed in the enacting legislation.

(4) A joint resolution takes effect on its passage unless a different time is prescribed in the joint resolution (sections 1-2-201 and 1-2-202, MCA).

**40-40. Bill requests and introduction — limits and procedures — drafting priority — agency and committee bills.** (1) Prior to a regular session, a person entitled to serve in that session, referred to as a "member", or a legislative committee is entitled to request bill drafting services from the Legislative Services Division. Deadlines for requesting certain types of bills during a legislative session are contained in Joint Rule 40-50.

(a) Prior to 5 p.m. on December 5 preceding a regular session of the Legislature, a member may request an unlimited number of bills and resolutions to be prepared by the Legislative Services Division for introduction in the regular session.

(b) After 5 p.m. on December 5, a member may request no more than seven bills or resolutions to be prepared by the Legislative Services Division. At least five of the seven bills or resolutions must be requested before the regular session convenes.

(c) After December 5, a member, in the member's discretion, may grant to any other member any of the remaining bill or resolution requests the granting member has not used. A bill requested by an individual may not be transferred to another legislator but may be introduced by another legislator. The requestor must pick up the bill and sign a receipt indicating delivery of the bill and may either introduce the bill or give the bill to another legislator for introduction.

(d) These limitations on bill and resolution requests do not apply to:

(i) Code Commissioner bills;

(ii) a bill or resolution requested by a standing committee; and

(iii) a bill or resolution requested by a member at the request of a newly elected state official if so designated.

(2) (a) Except as provided in subsection (2)(b) or this subsection, the staff of the Legislative Services Division shall work on bill draft requests in the order received. After a member has requested the drafting of five bills, the sixth bill request and all subsequent bill requests of that member must receive a lower drafting priority than all other bills of members not in excess of five per member. The Speaker of the House, the minority leader of the House, the President of the Senate, and the minority leader of the Senate may each direct the staff of the Legislative Services Division to assign a higher priority to 20 draft requests. The staff of the Legislative Services Division shall assign a higher priority to any bill draft request when jointly directed by the President of the Senate, the minority leader of the Senate, the Speaker of the House, and the minority leader of the House.

(b) Except for bill draft requests described in subsection (1)(d)(iii), if a draft bill has not been received by the Legislative Services Division by November 15

for a bill by request of an agency or entity, the draft loses its priority under this rule.

(3) Bills and resolutions must be reviewed by the staff of the Legislative Services Division prior to introduction for proper format, style, and legal form. The staff of the Legislative Services Division shall store bills on the automated bill drafting equipment and shall print and deliver them to the requesting members. The original bill back must be signed to indicate review by the Legislative Services Division. A bill may not be introduced unless it is so signed.

(4) (a) During a session, a bill may be introduced by endorsing it with the name of a member and presenting it to the Chief Clerk of the House of Representatives or the Secretary of the Senate. Bills or joint resolutions may be sponsored jointly by Senate and House members. A jointly sponsored bill must be introduced in the house in which the member whose name appears first on the bill is a member. The chief joint sponsor's name must appear immediately to the right of the first sponsor's name, and the chief sponsor may not be changed. Except as provided in subsection (4)(b), in each session of the Legislature, bills, joint resolutions, and simple resolutions must be numbered consecutively in separate series in the order of their receipt.

(b) The first 15 House bills may be reserved for preintroduced bills.

(5) (a) Any bill requested by an interim or statutory legislative committee or on behalf of an administrative or executive agency or department through an interim or statutory committee must be so indicated by placing after the names of the sponsors the phrase "By Request of the..... (Name of committee or agency)". The phrase may not be added to an introduced bill by amendment. The phrase may not be placed on a bill unless requested by a statutory or interim committee prior to the convening of the session. Unless requested by an individual member, a bill draft request submitted at the request of an agency must be submitted to, reviewed by, and requested by the appropriate interim or statutory committee. Except as provided in subsection (5)(b), an agency or committee bill request must be preintroduced or the request is canceled. Preintroduction of an agency, committee, or individual legislator's bill must occur no later than 5 p.m. on December 15th prior to the convening of a regular legislative session. Preintroduction is accomplished when the Legislative Services Division receives a signed preintroduction form.

(b) The preintroduction requirement does not apply to an office held by an elected official during the official's first year in that office or to bills requested by a joint select or joint special committee appointed prior to the convening of the legislative session to address a specific issue. Bills requested under this subsection (5)(b) may include the phrase "By Request of.....(Name of official or committee)".

(6) Bills may be preintroduced, numbered, and reproduced prior to a legislative session by the staff of the Legislative Services Division. Actual signatures of persons entitled to serve as members in the ensuing session may be obtained on a consent form from the Legislative Services Division and the sponsor's name printed on the bill. Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill. These names will be forwarded to the Legislative Services Division to be included on the face of the bill following standing committee approval.

**40-50. Schedules for drafting requests and bill introduction.** (1) The following schedule must be followed for submission of drafting requests.

**40-60. Joint resolutions.** (1) A joint resolution must be adopted by both houses and is not approved by the Governor. It may be used to:

(a) express desire, opinion, sympathy, or request of the Legislature;

(2) A joint resolution may not be used for purposes of congratulating or recognizing an individual or group achievement. Recognition of individual or group achievements is handled on special orders of the day.

(3) Except as otherwise provided in these rules or The Constitution of the State of Montana, a joint resolution is treated in all respects as a bill.

(4) A copy of every joint resolution must be transmitted after adoption to the Secretary of State by the Secretary of the Senate or the Chief Clerk of the House.

**40-65. Appropriation required for bills requesting interim studies.** A bill including a request for an interim study may not be transmitted to the Governor unless the bill contains an appropriation sufficient to conduct the study. A fiscal note may be requested for a bill requesting an interim study if the appropriation does not appear to be sufficient.

**40-70. Bills with same purpose — vetoes.** (1) A bill may not be introduced or received in a house after that house, during that session, has finally rejected a bill designed to accomplish the same purpose, except with the approval of the Rules Committee of the house in which the bill is offered for introduction or reception.

(2) Failure to override a veto does not constitute final rejection.

**40-80. Reproduction of full statute required.** A statute may not be amended or its provisions extended by reference to its title only, but the statute section that is amended or extended must be reproduced or published at length.

**40-90. Bills — original purpose.** A law may not be passed except by bill. A bill may not be so altered or amended on its passage through either house as to change its original purpose (Montana Constitution, Art. V, Sec. 11(1)).

**40-100. Fiscal notes.** (1) As provided in Title 5, chapter 4, part 2, MCA, all bills reported out of a committee of the Legislature, including interim committees, having a potential effect on the revenues, expenditures, or fiscal liability of the state, local governments, or public schools, except appropriation measures carrying specific dollar amounts, must include a fiscal note incorporating an estimate of the fiscal effect. The Legislative Services Division staff shall indicate at the top of each bill prepared for introduction that a fiscal note may be necessary under this rule. Fiscal notes must be requested by the presiding officer of either house, who, at the time of introduction or after adoption of substantive amendments to an introduced bill, shall determine the need for the note, based on the Legislative Services Division staff recommendation.

(2) The Legislative Services Division shall make available an electronic copy of any bill for which it has been determined a fiscal note may be necessary to the Budget Director immediately after the bill has been prepared for introduction and delivered to the requesting member. The Budget Director may proceed with the preparation of a fiscal note in anticipation of a subsequent formal request. A bill with financial implications for a local government or school district must comply with subsection (4).

(3) The Budget Director, in cooperation with the governmental entity or entities affected by the bill, is responsible for the preparation of the fiscal note. Except as provided in subsection (4), the Budget Director shall return the fiscal note within 6 days unless further time is granted by the presiding officer or committee making the request, based upon a written statement from the Budget Director that additional time is necessary to properly prepare the note.

(4) (a) A bill that may require a local government or school district to perform an activity or provide a service or facility that requires the direct expenditure of additional funds without a specific means to finance the activity, service, or facility in violation of section 1-2-112 or 1-2-113, MCA, must be accompanied, at the time that the bill is presented for introduction, by an estimate of all direct and indirect fiscal impacts on the local government or school district. The

estimate of the fiscal impacts must be prepared by the Budget Director in cooperation with a local government or school district affected by the bill.

(b) The Budget Director has 10 days to prepare the estimate. Upon completion of the estimate, the Budget Director shall submit it to the presiding officer and the chief sponsor of the bill.

(5) A completed fiscal note must be submitted by the Budget Director to the presiding officer who requested it. The presiding officer shall notify the bill's chief sponsor of the completed fiscal note and request the chief sponsor's signature. The chief sponsor has 1 legislative day after delivery to review the fiscal note and to discuss the findings with the Budget Director, if necessary. After the legislative day has elapsed, all fiscal notes must be reproduced and placed on the members' desks, either with or without the chief sponsor's signature.

(6) A fiscal note must, if possible, show in dollar amounts:

(a) the estimated increase or decrease in revenues or expenditures;

(b) costs that may be absorbed without additional funds; and

(c) long-range financial implications.

(7) The fiscal note may not include any comment or opinion relative to merits of the bill. However, technical or mechanical defects in the bill may be noted.

(8) A fiscal note also may be requested, with the approval of the presiding officer, on a bill and on an amended bill by:

(a) a committee considering the bill;

(b) a majority of the members of the house in which the bill is to be considered, at the time of second reading; or

(c) the chief sponsor.

(9) The Budget Director shall prepare and deliver an amended fiscal note on an amended bill within 3 days of the request by the presiding officer; otherwise the bill may proceed without the updated fiscal note.

(10) The Budget Director shall make available on request to any member of the Legislature all background information used in developing a fiscal note.

(11) If a bill requires a fiscal note, the bill may not be reported from a committee for second reading unless the bill is accompanied by the fiscal note.

**40-110. Sponsor's fiscal note rebuttal.** (1) If a sponsor elects to prepare a sponsor's fiscal note rebuttal pursuant to section 5-4-204, MCA, the sponsor shall make the election as provided and return the completed sponsor's fiscal note rebuttal form to the presiding officer within 4 days of the election. The form must identify the bill number, the sponsor of the bill, the date prepared, the version of the fiscal note being rebutted, the reasons the sponsor disagrees with the fiscal note, the items or assumptions in the fiscal note that the sponsor believes are incorrect, and the sponsor's estimate of the fiscal impact, if an estimate is available.

(2) The presiding officer may grant additional time to the sponsor for preparation of the sponsor's fiscal note rebuttal.

(3) Upon receipt of the completed sponsor's fiscal note rebuttal form, the presiding officer shall refer it to the committee hearing the bill. If the bill is printed, the form must be identified as a sponsor's fiscal note rebuttal, reproduced, and placed on the members' desks.

(4) The Legislative Services Division shall provide forms for preparation of sponsors' fiscal note rebuttals and shall print the completed sponsors' fiscal note

rebuttal forms on a different color paper than the fiscal notes prepared by the Budget Director.

**40-120. Substitute bills.** (1) A committee may recommend that every clause in a bill be changed and that entirely new material be substituted so long as the new material is relevant to the title and subject of the original bill. The substitute bill is considered an amendment and not a new bill.

(2) The proper form of reporting a substitute bill by a committee is to propose amendments to strike out all of the material following the enacting clause, to substitute the new material, and to recommend any necessary changes in the title of the bill.

(3) If a committee report is adopted that recommends a substitute for a bill originating in the other house, the substitute bill must be printed and reproduced.

**40-130. Reading of bills.** Prior to passage, a bill, other than a bill requested by a joint select or joint special committee as provided in 40-40(5)(b), must be read three times in the house in which it is under consideration. It may be read either by title or by summary of title. Introduction constitutes the first reading of the bill.

**40-140. Second reading — bill reproduction.** (1) If the majority of a house adopts a recommendation for the passage of a bill originating in that house after the bill has been returned from a committee with amendments, the bill must be reproduced on yellow paper with all amendments incorporated into the copies.

(2) If a bill has been returned from a committee without amendments, only the first sheet must be reproduced on yellow paper, and the remainder of the text may be incorporated by reference to the preceding version of the entire bill.

(3) A bill requested by and heard by a joint select or joint special committee, as provided in 40-40(5)(b), may be referred directly to second reading. If the bill is passed by the house of origin, the bill must be transmitted to the other house, and if the bill was not amended, it may be placed on second reading without the need for referral to a committee.

**40-150. Engrossing.** (1) When a bill has been reported favorably by Committee of the Whole of the house in which it originated and the report has been adopted, the bill must be engrossed if the bill is amended. Committee of the Whole amendments must be included in the engrossed bill. If the bill is not amended, the bill must be sent to printing. The bill must be placed on the calendar for third reading on the legislative day after receipt.

(2) Copies of the engrossed bill to be distributed to members are reproduced on blue paper. If a bill is unamended by the Committee of the Whole and contains no clerical errors, it is not required to be reprinted. Only the first sheet must be reproduced on blue paper, with the remainder of the text incorporated by reference to the preceding version of the entire bill.

(3) If a bill is amended by a standing committee in the second house, the amendments must be included in a tan-colored bill and distributed in the second house for second reading consideration. If the bill is amended in Committee of the Whole, the amendments must be included in a salmon-colored reference bill and distributed in the second house for third reading. If the bill passes on third reading, copies of the reference bill must be distributed in the original house. The original house may request from the second house a specified number of copies of the amendments to be printed.

**40-160. Enrolling.** (1) When a bill has passed both houses, it must be enrolled. An original and two duplicate printed copies of the bill must be enrolled, free from all errors, with a margin of two inches at the top and one inch on each side. In sections amending existing statutes, new matter must be underlined and deleted matter must be shown as stricken.

(2) When the enrolling is completed, the bill must be examined by the sponsor.

(3) The correctly enrolled bill must be delivered to the presiding officer of the house in which the bill originated. The presiding officer shall sign the original and two copies of each bill not later than the next legislative day after it has been reported correctly enrolled, unless the bill is delivered on the last legislative day, in which case the presiding officer shall sign it that day. The fact of signing must be announced by the presiding officer and entered upon the journal no later than the next legislative day. At any time after the report of a bill correctly enrolled and before the signing, if a member signifies a desire to examine the bill, the member must be permitted to do so. The bill then must be transmitted to the other house where the same procedure must be followed.

(4) A bill that has passed both houses of the Legislature by the 90th day may be:

(a) enrolled;

(b) clerically corrected by the presiding officers, if necessary;

(c) signed by the presiding officers; and

(d) delivered to the Governor or, in the case of a bill proposing a referendum, to the Secretary of State, not later than 5 working days after the 90th legislative day.

(5) All journal entries authorized under this rule must be entered on the journal for the 90th day.

(6) The original and two copies signed by the presiding officer of each house must be presented to the Governor or the Secretary of State, as applicable, in return for a receipt. A report then must be made to the house of the day of the presentation, which must be entered on the journal.

(7) The original must be filed with the Secretary of State. Signed copies with chapter numbers assigned pursuant to section 5-11-204, MCA, must be filed with the Clerk of the Supreme Court and the Legislative Services Division.

**40-170. Amendment by second house.** (1) Amendments to a bill by the second house may not be further amended by the house in which the bill originated, but must be either accepted or rejected. A bill amended by the second house when the effect of the combined amendments is to return the bill to the form that the bill passed the house in which the bill originated is not considered to have been amended and need not be returned to the house of origin for acceptance or rejection of the amendments. If the amendments are rejected, a conference committee may be requested by the house in which the bill originated. If the amendments are accepted and the bill is of a type requiring more than a majority vote for passage, the bill again must be placed on third reading in the house of origin.

(2) The vote on third reading after concurrence in amendments is the vote of the house of origin that must be used to determine if the required number of votes has been cast.

**40-180. Final action on a bill.** (1) When a bill being heard by the second house has received its third reading or has been rejected, the second house shall

transmit it as soon as possible to the original house with notice of the second house's action.

(2) A bill that reduces revenue and that contains a contingent voidness provision may not be transmitted to the Governor unless there is an identified corresponding reduction in an appropriation contained in the general appropriations act.

**40-190. Transmittal of bills between houses — referral — hearing.** (1) Each house shall transmit to the other with any bill all relevant papers.

(2) When a House bill is transmitted to the Senate, the Secretary of the Senate shall give a dated receipt for the bill to the Chief Clerk of the House. When a Senate bill is transmitted to the House of Representatives, the Chief Clerk of the House shall give a dated receipt to the Secretary of the Senate.

(3) Transmitted bills must be referred to committee and scheduled for hearing.

**40-200. Transmittal deadlines — two-thirds vote requirement.** (1) (a) A bill or amendment transmitted after the deadline established in this subsection (1) may be considered by the receiving house only upon approval of two-thirds of its members present and voting. If the receiving house does not so vote, the bill or amendment must be held pending in the house to which it was transmitted.

(b) (i) A bill, except for an appropriation bill, a revenue bill, a bill proposing a referendum, an interim study resolution, or amendments considered by joint committee, must be transmitted from one house to the other on or before the 45th legislative day.

(ii) Amendments, except to appropriation bills, committee bills implementing the general appropriations bill, the revenue estimating resolution, interim study resolutions, bills proposing referenda, and revenue bills, must be transmitted from one house to the other on or before the 73rd legislative day.

(c) (i) Revenue bills and bills proposing referenda must be transmitted to the other house on or before the 71st legislative day.

(ii) Amendments to revenue bills and bills proposing referenda, received from the other house, must be transmitted to the house of origin on or before the 82nd legislative day.

(iii) A revenue bill is one that either increases or decreases revenue by enacting, eliminating, increasing, or decreasing taxes, fees, or fines or by suspending or otherwise changing the allocation of revenues.

(d) (i) Appropriation bills and any bill implementing provisions of a general appropriation bill must be transmitted to the Senate on or before the 67th legislative day. A fund transfer within the state treasury is not an appropriation for purposes of this section.

(ii) Senate amendments to appropriation bills must be transmitted by the Senate to the House on or before the 80th legislative day.

(2) (a) A joint resolution introduced pursuant to 5-5-227, MCA, for the purpose of estimating revenue available for appropriation by the Legislature must be transmitted to the Senate no later than the 60th legislative day.

(b) Amendments to the revenue estimating resolution must be transmitted to the body in which the resolution was introduced no later than the 82nd legislative day.

(3) Bills repealing or directing the amendment or adoption of administrative rules and joint resolutions advising or requesting the repeal, amendment, or adoption of administrative rules may be transmitted at any time during a session.

(4) Interim study resolutions must be transmitted from one house to the other on or before the 85th legislative day.

**40-210. Governor's veto.** (1) Except as provided in 40-65 and 40-180, each bill passed by the Legislature must be submitted to the Governor for the Governor's signature. This does not apply to:

(a) bills proposing amendments to The Constitution of the State of Montana;

(b) bills ratifying proposed amendments to the United States Constitution;

(c) resolutions; and

(d) referendum measures of the Legislature.

(2) If the Governor does not sign or veto the bill within 10 days after its delivery, the bill becomes law.

(3) The Governor shall return a vetoed bill to the Legislature with a statement of reasons for the veto.

(4) If after receipt of a veto message, two-thirds of the members of each house present approve the bill, it becomes law.

(5) If the Legislature is not in session when the Governor vetoes a bill, the Governor shall return the bill with reasons for the veto to the Legislature as provided by law. The Legislature may be polled on a bill that it approved by two-thirds of the members present or it may be reconvened to reconsider any bill so vetoed (Montana Constitution, Art. VI, Sec. 10).

(6) The Governor may veto items in appropriation bills, and in these instances the procedure must be the same as upon veto of an entire bill (Montana Constitution, Art. VI, Sec. 10).

**40-220. Response to Governor's veto.** (1) When the presiding officer receives a veto message, the presiding officer shall read it to the members over the rostrum. After the reading, a member may move that the Governor's veto be overridden.

(2) A vote on the motion is determined by roll call. If two-thirds of the members present vote "aye", the veto is overridden. If two-thirds of the members present do not vote "aye", the veto is sustained.

**40-230. Governor's recommendations for amendment — procedure.** (1) The Governor may return any bill to the Legislature with recommendations for amendment. The Governor's recommendations for amendment must be considered first by the house in which the bill originated.

(2) If the Legislature passes the bill in accordance with the Governor's recommendations, it shall return the bill to the Governor for reconsideration. The Governor may not return a bill to the Legislature a second time for amendment.

(3) If the Governor returns a bill to the originating house with recommendations for amendment, the house shall reconsider the bill under its rules relating to amendments offered in Committee of the Whole.

(4) The bill then is subject to the following procedures:

(a) The originating house shall transmit to the second house, for consideration under its rules relating to amendments in Committee of the Whole, the bill and the originating house's approval or disapproval of the Governor's recommendations.

(b) If both houses approve the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(c) If both houses disapprove the Governor's recommendations, the bill must be returned to the Governor for reconsideration.

(d) If one house disapproves the Governor's recommendations and the other house approves, then either house may request a conference committee, which may be a free conference committee.

(i) If both houses adopt a conference committee report, the bill in accordance with the report must be returned to the Governor for reconsideration.

(ii) If a conference committee fails to reach agreement or if its report is not adopted by both houses, the Governor's recommendations must be considered not approved and the bill must be returned to the Governor for further consideration.

## CHAPTER 60

## Rules

**60-10. Suspension of joint rule — change in rules.** (1) A joint rule may be repealed or amended only with the concurrence of both houses, under the procedures adopted by each house for the repeal or amendment of its own rules.

(2) A joint rule governing the procedure for handling bills may be temporarily suspended by the consent of two-thirds of the members of either house, insofar as it applies to the house suspending it.

(3) Any Rules Committee report recommending a change in the joint rules must be referred to the other house. Any new rule or any change in the rules of either house must be transmitted to the other house for informational purposes.

(4) Upon adoption of any change, the Secretary of the Senate and the Chief Clerk of the House of Representatives shall provide the office of the Legislative Services Division:

(a) one copy of all motions or resolutions amending Senate, House, or joint rules; and

(b) copies of all minutes and reports of the Rules Committees.

**60-20. Reference to Mason's Manual.** Mason's Manual of Legislative Procedure (2010) governs the proceedings of the Senate and the House of Representatives in all cases not covered by these rules.

**60-30. Publication and distribution of joint rules.** (1) The Legislative Services Division shall codify and publish in one volume:

(a) the rules of the Senate;

(b) the rules of the House of Representatives; and

(c) the joint rules of the Senate and the House of Representatives.

(2) After the rules have been published, the Legislative Services Division shall distribute copies as directed by the Senate and the House of Representatives.

**60-40. Tenure of joint rules.** The joint rules remain in effect until removed by a joint resolution or until a new Legislature is elected and takes office.

Adopted January 18, 2013

# SENATE JOINT RESOLUTION NO. 2

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA ESTABLISHING AN OFFICIAL ESTIMATE OF THE STATE'S GENERAL FUND REVENUE FOR FISCAL YEAR 2013 AND EACH FISCAL YEAR OF THE 2014-2015 BIENNIUM FOR THE PURPOSE OF ACHIEVING A BALANCED BUDGET AS REQUIRED BY ARTICLE VIII, SECTION 9, OF THE MONTANA CONSTITUTION; ACCEPTING AN UNASSIGNED GENERAL FUND BALANCE THAT WAS ESTABLISHED BASED ON GENERALLY ACCEPTED ACCOUNTING PRINCIPLES; ESTABLISHING OFFICIAL ESTIMATES OF CERTAIN NONGENERAL FUND REVENUE; AND REQUESTING THAT THE GOVERNOR'S OFFICE OF BUDGET AND PROGRAM PLANNING USE THE REVENUE ESTIMATES CONTAINED IN THIS RESOLUTION AS OFFICIAL REVENUE ESTIMATES FOR FISCAL YEARS 2013, 2014, AND 2015.

WHEREAS, Article VI, section 9, of the Montana Constitution requires the Governor to submit to the Legislature a budget for the ensuing fiscal period, containing in detail for all operating funds the proposed expenditures and estimated revenue of the state; and

WHEREAS, Article VIII, section 9, of the Montana Constitution prohibits the Legislature from appropriating funds in excess of the anticipated revenue of the state; and

WHEREAS, the Revenue and Transportation Interim Committee, which is required by section 5-5-227(2), MCA, to estimate the amount of revenue projected to be available for legislative appropriation and to introduce a resolution setting forth the Committee's current revenue estimate, did not introduce an estimate of the amount of revenue; and

WHEREAS, the proposed Joint Rules of the 63rd Legislature require the chair of the Senate Taxation Committee to prepare a revenue estimate for the purpose of estimating revenue that may be available for appropriation by the Legislature; and

WHEREAS, the Legislative Fiscal Analyst and the Executive Branch agencies assisted in the development of the revenue estimates; and

WHEREAS, the proposed Joint Rules of the 63rd Legislature provide that the Senate shall transmit the revenue estimate to the House no later than the 15th legislative day and that the Senate Joint Resolution does not constitute the Legislature's revenue estimate until passed by the House and any House amendments are concurred in by the Senate; and

WHEREAS, the amount of estimated revenue and the general fund balance affects policy decisions of the Executive Branch and the Legislative Branch; and

WHEREAS, the revenue estimates and the underlying assumptions contained in this resolution provide the basis for a comprehensive analysis of the state's revenue condition.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the state general fund revenue for fiscal years 2013, 2014, and 2015 be estimated to be $1,994,950,000, $2,056,252,000, and $2,137,410,000, respectively.

BE IT FURTHER RESOLVED, that the Legislature accepts for budget purposes the preliminary unassigned fiscal year 2012 fund balance of

$452,400,000 for the general fund, prepared according to generally accepted accounting principles.

BE IT FURTHER RESOLVED, that the Legislature recommends that the Governor's Office of Budget and Program Planning use the revenue estimates and the underlying assumptions contained in this resolution as the official revenue estimates for fiscal years 2013, 2014, and 2015.

GENERAL FUND REVENUE

The projections for total general fund revenue for fiscal years 2013, 2014, and 2015 are based on the assumption of the continuation of Montana law as it existed on January 1, 2013, and on the assumption of the expiration of the federal Economic Growth and Tax Relief Act of 2001 (Pub. L. 107-16, 115 Stat. 38) and the Jobs and Growth Tax Relief Reconciliation Act of 2003 (Pub. L. 108-27, 117 Stat. 752). The revenue estimates contained in the following tables are based on the assumptions listed in the tables that follow the general fund estimates and the assumptions for each general fund revenue source contained in the "Legislative Budget Analysis, 2015 Biennium, Volume 2 — Revenue Estimates" prepared by the Legislative Fiscal Division.

# SENATE JOINT RESOLUTION NO. 3

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING A STUDY OF THE OPERATIONS OF THE MONTANA BOARD OF PARDONS AND PAROLE.

WHEREAS, the increase in the prison population in Montana prisons is well known and documented and has recently led the Montana Legislature to appropriate millions of dollars for increased capacity at Montana prisons for medium security inmates; and

WHEREAS, it costs over $90 per day to incarcerate an offender but only $5 per day to supervise an offender on parole, and according to the 2011 biennial report of the Board of Pardons and Parole, 72% of the correctional population is eligible for parole but 60% of those eligible for parole are denied parole on their initial appearance before the Board; and

WHEREAS, the Legislature has the responsibility to ensure that the statutes and policies administered by the Board do not contribute to prison overcrowding and unnecessary additional expense of housing prison inmates who may be safely paroled; and

WHEREAS, the Law and Justice Interim Committee heard testimony during the 2011-2012 interim from persons with loved ones appearing before the Board; and

WHEREAS, the testimony those persons gave to the Committee indicated strong dissatisfaction with the operation of the Board for many reasons, including inmate access to the inmates' own parole files and discrepancies between prison files and Board files; and

WHEREAS, the Board has more discretion than do most other agencies of state government in making administrative decisions and decisions regarding whether to release inmates on parole; and

WHEREAS, it has recently been determined that the Board is exempt from any of the standards contained in section 2-4-305, MCA, governing administrative rules of state agencies, including the prohibition contained in that section that rules may not contravene statutes; and

WHEREAS, as many as 15 states have eliminated their parole boards for various reasons, including monetary savings, but no such proposal has been recently considered by the Montana Legislature; and

WHEREAS, the operation of the Board has not been the subject of a study by an interim study committee of the Montana Legislature for many years; and

WHEREAS, it is appropriate for an interim committee of the Legislature to review the operation and rules of and the statutes governing the Montana Board of Pardons and Parole.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, to study the operation of the Montana Board of Pardons and Parole, including the parole philosophy of the Board, the statutes and rules administered by the Board, the degree to which the Board has prevented or contributed to the need for additional prison beds, the effect of the possible elimination of the Board, and other aspects of the Board's administration as appropriate.

BE IT FURTHER RESOLVED, that the study solicit the views of the law enforcement community, the Judicial Branch of state government, providers of community services, the Department of Corrections, and other appropriate stakeholders.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2014.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 64th Legislature.

## SENATE JOINT RESOLUTION NO. 4

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY OF WAYS TO IMPROVE THE MARKETING, MANAGEMENT, OPERATION, MAINTENANCE, AND FUNDING OF STATE-OWNED SITES AT VIRGINIA CITY, NEVADA CITY, AND REEDER'S ALLEY IN HELENA.

WHEREAS, the state-owned historic sites at Virginia City and Nevada City are among the most valuable and fascinating historic sites in Montana and are a tremendous resource for all residents, families, schools, and surrounding communities and for Montana's economy; and

WHEREAS, the proximity of Virginia City and Nevada City to Yellowstone National Park make them ripe to capitalize on the millions of visitors that travel to or through the area each year; and

WHEREAS, the 1997 Legislature authorized the purchase of these properties in Virginia City and Nevada City, including 248 buildings, 160 acres, and over 1 million artifacts for $6.5 million dollars; and

WHEREAS, the 1997 Legislature stipulated that the state-owned sites in Virginia City and Nevada City must be managed to become self-sufficient and profitable and that no general fund money is to be given to them in the future; and

WHEREAS, in subsequent sessions, the Legislature has not altered that statutory directive; and

WHEREAS, the Montana Heritage Preservation and Development Commission, which manages the sites along with Reeder's Alley in Helena, has struggled to achieve that goal of self-sufficiency for many reasons, including extensive preservation, stabilization, and maintenance needs; and

WHEREAS, the Commission employs only two full-time maintenance workers and the Commission's repair and maintenance budget, as approved by the 2011 Legislature, was just $23,890 for fiscal years 2012 and 2013; and

WHEREAS, long-range building program money was not appropriated to the Commission by the 2011 Legislature; and

WHEREAS, the Commission reorganized in August 2011 due to a $400,000 budget shortfall, resulting in a reduction in force of five FTE; and

WHEREAS, the Commission, as part of that reorganization, is placing a greater emphasis on business planning and has hired a full-time business development manager; and

WHEREAS, the Legislative Environmental Quality Council reviewed the Commission and its work as part of the House Joint Resolution No. 32 study of state parks and outdoor recreation and heritage resource programs during the 2011-2012 interim; and

WHEREAS, the Council found much opportunity and greater need for state support to improve the Commission's marketing, operation, preservation, and maintenance of Virginia City, Nevada City, and Reeder's Alley; and

WHEREAS, the Council recognizes the changes and improvements that are being made under the Commission's new organizational structure and business plan; and

WHEREAS, the Council feels that while integrating the administration of Virginia City, Nevada City, and Reeder's Alley with other recreational and heritage resources, including state parks, might be desirable due to seemingly natural alliances between their missions, operations, and resource needs, it does not seem appropriate to do so at this time.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee or statutory committee, pursuant to 5-5-217, MCA, or direct sufficient staff resources to:

(1) provide continued oversight of the Montana Heritage Preservation and Development Commission and its management and operation of state-owned sites at Virginia City, Nevada City, and Reeder's Alley;

(2) review the implementation and impacts of the Commission's restructuring and newly adopted business plan;

(3) review in greater detail the myriad properties and artifacts the state purchased at Virginia City and Nevada City to determine whether the statutory mission for the sites should be redefined or whether recommendations should be made regarding the deaccession of any properties or artifacts;

(4) identify overall preservation needs at Virginia City, Nevada City, and Reeder's Alley and make recommendations regarding the scale and scope of those efforts based on available resources;

(5) review marketing efforts and identify other ways to make Virginia City, Nevada City, and Reeder's Alley better known to residents and nonresidents alike;

(6) review the Commission's funding and revenue and make recommendations for improving overall finances, especially funding for preservation and maintenance work;

(7) identify opportunities to integrate and better coordinate the administration of state-owned sites at Virginia City, Nevada City, and Reeder's Alley with other recreational and heritage resources, including state parks; and

(8) evaluate the makeup of the Commission and whether its membership, powers, and duties should be restructured or redefined, including whether some duties should be transferred to the Department of Commerce, to which the Commission is attached.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2014.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 64th Legislature.

(a) whether the standard has mitigated or contributed to higher energy costs for consumers;

BE IT FURTHER RESOLVED, that upon completion of the study, the committee make recommendations, if appropriate, to:

(1) revise Montana's Renewable Power Production and Rural Economic Development Act; and

(2) clarify existing law to ensure that the compliance costs do not outweigh the economic and environmental benefits.

WHEREAS, the Centers for Disease Control and Prevention report that approximately 29,000 Americans died from unintentional drug overdoses in 2007 and the increase in unintentional deaths is due to increased use of opioid analgesics, which since 2003 have been responsible for more deaths than heroin and cocaine combined; and

WHEREAS, the Centers for Disease Control and Prevention report that prescription drug abuse and overdose deaths are highest among men, persons who are between the ages of 19 and 65, non-Hispanic white people, and poor and rural populations; and

WHEREAS, surveys have shown that the 9 million people who reported long-term medical use of opioids and the 5 million people who reported nonmedical use within a month of being surveyed are at the highest risk of prescription drug overdoses; and

WHEREAS, managed effectively, prescription drugs can provide effective relief for individuals with chronic pain; and

WHEREAS, 10% of Montana teens surveyed for the 2010 Montana Prevention Needs Assessment reported using prescription pain relievers at some point in their lives; and

WHEREAS, national data suggests that rural teens are more likely than urban teens to abuse prescription drugs; and

WHEREAS, a 2011 study estimated that the total cost in the United States of nonmedical use of prescription opioids was $53.4 billion, of which $42 billion was attributable to lost productivity, $8.2 billion to criminal justice costs, $2.2 billion to drug abuse treatment, and $944 million to medical complications.

BE IT FURTHER RESOLVED, that the study include representatives of the Department of Public Health and Human Services, the Department of Justice, the Board of Pharmacy, the Board of Medical Examiners, health care providers, and other parties interested in efforts to prevent prescription drug abuse.

# SENATE JOINT RESOLUTION NO. 22

A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA REQUESTING AN INTERIM STUDY EVALUATING CURRENT COURT PROCEDURES IN FAMILY LAW CASES AND IDENTIFYING ALTERNATIVE SOLUTIONS.

WHEREAS, Montana's district courts experienced a record number of filings in 2012, exceeding 50,000 new case filings statewide for the first time in history; and

WHEREAS, more than one in five of all cases filed in the district courts are domestic relations and family law cases, approximately 60% of which, more than 6,500 cases in 2012, have at least one party who is not represented by counsel; and

WHEREAS, the high percentage of the district courts' caseload and the attention the various issues in these filings require have the dual effect of overwhelming the bench and depriving litigants of the prompt, careful consideration they deserve; and

WHEREAS, children and families suffer in contested parenting cases, where the win-lose adversarial court system often escalates family conflict instead of working to find solutions that will create a healthy environment in which children may grow up without being caught in the middle of their parents' disagreements; and

WHEREAS, other states have created alternatives for handling family law matters, including early case management and early neutral evaluation programs, administrative law models that allow fact-gathering and processing of family cases prior to involvement by the court, and other alternative dispute resolution processes; and

WHEREAS, alternative dispute resolution methods would assist parties in resolving matters before significant financial and emotional resources are expended on litigation and would help avoid lengthy and expensive court battles, while at the same time freeing up the district courts to spend more time on the other areas of their growing caseloads.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

That the Legislative Council be requested to designate an appropriate interim committee, pursuant to section 5-5-217, MCA, or direct sufficient staff resources to:

(1) evaluate the cost and effectiveness of Montana's current court processes in addressing domestic relations matters;

(2) research family law models and approaches, legislative and otherwise, being used in other states; and

(3) identify measures that will help improve the administration of justice and promote the nonadversarial resolution of family law disputes.

BE IT FURTHER RESOLVED, that if the study is assigned to staff, any findings or conclusions be presented to and reviewed by an appropriate committee designated by the Legislative Council.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation and review requirements, be concluded prior to September 15, 2014.

BE IT FURTHER RESOLVED, that the final results of the study, including any findings, conclusions, comments, or recommendations of the appropriate committee, be reported to the 64th Legislature.

WHEREAS, it is in the interest of the state of Montana to ensure that taxpayer appeals are fair, time efficient, and equitable.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE OF REPRESENTATIVES OF THE STATE OF MONTANA:

(4) analyze the appropriateness and timeliness of formal mandatory or voluntary mediation processes as part of the taxpayer appeal process;

(5) analyze whether changes to the appeal process are necessary for appeal of centrally assessed properties and large industrial facility properties to ensure an efficient process that attempts to avoid costly and time-consuming appeals;

(6) determine whether to recommend an alternate process other than the current local government tax appeal process and state tax appeal process, including:

(a) consideration of specific education, experience, and continuing education of state tax appeal board members; and

(b) implementation of a tax court system; and

(c) implementation of a rotating district judge to handle direct appeals from centrally assessed and large industrial facility properties; and

(7) ensure that the resulting recommendations for tax appeals processes be in accordance with Article VIII, section 7, of the Montana Constitution.

BE IT FURTHER RESOLVED, that all aspects of the study, including presentation, review requirements, and recommendations, be concluded before September 15, 2014.

A quorum of a committee may transact business, and a majority of the quorum, even though it is a minority of the committee, is sufficient for committee action.

(2) The majority leader and the minority leader are ex officio nonvoting members of all committees in order to establish a quorum.

**S30-50. Chair's duties.** (1) The chair of a committee is the presiding officer of that committee and is responsible for:

(a) maintaining order within the committee room and its environs;

(b) scheduling hearings and executive action;

(c) supervising committee work, including the appointment of subcommittees to act on a formal or informal basis; and

(d) authenticating committee reports by signing them and submitting them promptly to the Secretary of the Senate. The chair shall sign business reports reflecting action taken in each committee meeting that enable the preparation of committee minutes. The minutes must be printed on archival paper.

(2) The Secretary of the Senate shall arrange to have the minutes copied in an electronic format. An electronic copy will be provided to the Legislative Services Division and the State Law Library of Montana. The archival paper copy must be delivered to the Montana Historical Society.

**S30-60. Meetings — notice — purpose — minutes.** (1) All meetings of committees must be open to the public at all times, subject always to the power and authority of the chair to maintain safety, order, and decorum. The date, time, and place of committee meetings must be announced.

(2) Notice of a committee hearing must be made by posting the date, time, and subject of the hearing in a conspicuous public place not less than 3 legislative days in advance of the hearing. This 3-day notice requirement does not apply to hearings scheduled:

(a) prior to the third legislative day;

(b) less than 10 legislative days before the transmittal deadline applicable to the subject of the hearing;

(c) to consider confirmation of a gubernatorial appointment received less than 10 legislative days before the last scheduled day of a legislative session; or

(d) due to appropriate circumstances.

(3) When a committee hearing is scheduled with less than 3 days' notice, the committee chair shall use all practical means to disseminate notice of the hearing to the public.

(4) Notice of conference committee hearings must be given as provided in Joint Rule 30-30.

(5) A committee or subcommittee may be assembled for:

(a) a public hearing at which testimony is to be heard and at which official action may be taken on bills, resolutions, or other matters;

(b) a formal meeting at which the committees may discuss and take official action on bills, resolutions, or other matters without testimony; or

(c) a work session at which the committee may discuss bills, resolutions, or other matters but take no formal action.

(6) All committees meet at the call of the chair or upon the request of a majority of the members of the committee.

(7) A committee may not meet during the time the Senate is in session without leave of the President. Any Senator attending a meeting while the Senate is in session must be considered excused to attend business of the Senate subject to a call of the Senate.

(8) All meetings of committees must be recorded and the minutes must be available to the public within a reasonable time after the meeting. The official record must contain at least the following information:

(a) the time and place of each meeting of the committee;

(b) committee members present, excused, or absent;

(c) the names and addresses of persons appearing before the committee, whom each represents, and whether the person is a proponent, opponent, or other witness;

(d) all motions and their disposition;

(e) the results of all votes; and

(f) all testimony and exhibits.

(9) If a bill is heard in a joint committee, it must be referred to a standing committee. The standing committee is not required to hold an additional hearing but shall take executive action and may report the bill to the Committee of the Whole.

(10) A bill or resolution may not be considered or become a law unless referred to a committee and returned from a committee.

(11) A bill may be rereferred at any time before its passage.

**S30-70. Procedures — member privileges.** (1) The chair shall notify the sponsor of any bill pending before the committee of the time and place it will be considered.

(2) A standing or select committee may not hear legislation unless the sponsor or one of the cosponsors is present or unless the sponsor has given written consent.

(3) (a) Subject to subsection (3)(b), the committee shall act on each bill in its possession:

(i) by reporting the bill out of the committee:

(A) with the recommendation that it be referred to another committee;

(B) favorably as to passage; or

(C) unfavorably; or

(ii) by tabling the measure in committee.

(b) At the written request of the sponsor made at least 48 hours prior to a scheduled hearing, a committee shall finally dispose of a bill without a hearing. Except as provided in S30-60(9), a bill may not be reported from a committee without a hearing.

(4) The committee may not report a bill to the Senate without recommendation.

(5) In reporting a measure out of committee, a committee shall include in its report:

(a) the measure in the form reported out;

(b) the recommendation of the committee;

(c) an identification of all proposed changes; and

(d) a fiscal note, if required.

(6) If a measure is taken from a committee and brought to the Senate floor for debate on second reading on that day without a committee recommendation, the bill does not include amendments formally adopted by the committee because committee amendments are merely recommendations to the Senate that are formally adopted when the committee report is accepted by the Senate.

(7) A second to any motion offered in a committee is not required in order for the motion to be considered by the committee.

(8) The vote of each member on all committee actions must be recorded and reported in the committee minutes. All motions may be adopted only on the affirmative vote of a majority of the members voting.

(9) A motion to take a bill from the table may be adopted by the affirmative vote of a majority of the members present at any meeting of the committee.

(10) An action formally taken by a committee may not be altered in the committee except by reconsideration and further formal action of the committee.

(11) A committee may reconsider any action as long as the matter remains in the possession of the committee. A bill is in the possession of the committee until a report on the bill is made to the Committee of the Whole. A committee member need not have voted with the prevailing side in order to move reconsideration.

(12) The chair shall decide points of order.

(13) The privileges of committee members include the following:

(a) to participate freely in committee discussions and debate;

(b) to offer motions;

(c) to assert points of order and privilege;

(d) to question witnesses upon recognition by the chair;

(e) to offer any amendment to any bill; and

(f) to vote, either by being present or by proxy, using a standard form.

(14) Any meeting of a committee held through the use of telephone or other electronic communication must be conducted in accordance with Chapter 3 of the Senate Rules.

(15) A committee may consolidate into one bill any two or more related bills referred to it whenever legislation may be simplified by the consolidation.

(16) Committee procedure must be informal, but when any questions arise on committee procedure, the rules or practices of the Senate are applicable except as stated in the Senate Rules.

**S30-80. Public testimony — decorum — time restrictions.** (1) Testimony from proponents, opponents, and informational witnesses must be allowed on every bill or resolution before a standing or select committee. All persons, other than the sponsor, offering testimony shall register on the committee witness list.

(2) Any person wishing to offer testimony to a committee hearing a bill or resolution must be given a reasonable opportunity to do so, orally or in writing, subject to time constraints. Written testimony may not be required of any witness, but all witnesses must be encouraged to submit a statement in writing for the committee's official record.

(3) The chair may order the committee room cleared of visitors if there is disorderly conduct. During committee meetings, visitors may not speak unless called upon by the chair. Restrictions on time available for testimony may be announced.

(4) The number of people in a committee room may not exceed the maximum posted by the State Fire Marshall. The chair shall maintain that limit.

(5) In any committee meeting, the use of cameras, television, radio, or any form of telecommunication equipment is allowed, but the chair may designate the areas of the hearing room from which the equipment must be operated. Cell phone use is at the discretion of the chair.

**S30-100. Pairs prohibited — absentee or proxy voting.** Pairs in standing committee are prohibited. Standing and select committees may by a majority vote of the committee authorize Senators to vote in absentia. Authorization for absentee or proxy voting must be reflected in the committee minutes.

**S30-140. Reconsideration in committee.** A committee may at any time prior to submitting a report to the Secretary of the Senate reconsider its previous action on legislation.

**S30-150. Committee requested legislation.** (1) (a) Except as provided in subsection (1)(b), at least three-fourths of all the members of a standing committee must have voted in favor of the question to allow the committee to request the drafting and introduction of legislation.

(b) The Finance and Claims Committee may request the drafting and introduction of legislation by a majority vote of all of the members of the committee.

(2) The chair of a committee shall introduce, or shall designate a member of the committee to introduce, legislation requested by the committee. The introduced bill must be referred to the requesting committee.

**S30-160. Ethics Committee.** (1) The Ethics Committee shall meet only upon the call of the chair after the referral of an issue from the Rules Committee or to consider a request for a determination pursuant to subsection (4). The Rules Committee may be convened to consider the referral of a matter to the Ethics Committee upon the request of a Senator. The Rules Committee shall prepare a written statement of the specific question or issue to be addressed by the Ethics Committee. The issues referred to the Ethics Committee must be related to the actions of a Senator during a legislative session.

(2) The matters that may be referred to the Ethics Committee are:

(a) a violation of:

(i) 2-2-103;

(ii) 2-2-104;

(iii) 2-2-111;

(iv) 2-2-112;

(b) the use or threatened use of a Senator's position for personal or personal business benefit or advantage; or

(c) any other violation of law by a Senator while acting in the capacity of Senator.

(3) If there is a recommendation from the Ethics Committee, the recommendation is made to the Senate.

(4) As provided in 2-2-112, a Senator may seek a determination from the Ethics Committee concerning the possibility of a personal conflict of interest.

## CHAPTER 4
## Legislation

**S40-10. Types of legislation.** The only types of legislation that may be introduced in the Senate are those that have been drafted and approved by the Legislative Services Division and signed by a Senator as chief sponsor. The types of legislation allowed include:

(1) bills of any subject, except appropriations;

(2) joint resolutions, which may be used for any purpose specified in Joint Rule 40-60; and

(3) simple resolutions, which may:

(a) adopt or amend Senate rules;

(b) provide for the internal affairs of the Senate;

(c) express confirmation of the Governor's appointments; or

(d) make recommendations concerning the districting and apportionment plan as provided by Article V, section 14(4), of the Montana Constitution.

**S40-20. Introduction — first reading.** (1) Upon receiving a bill or resolution from a Senator, the Secretary of the Senate shall assign an appropriate sequential number, which constitutes introduction of the legislation. Legislation properly introduced or received in the Senate must be announced across the rostrum and public notice provided. This announcement constitutes first reading, and no debate or motion is in order except that a Senator may question adherence to rules. Acknowledgment by the Secretary of the Senate of receipt of legislation transmitted from the House commences the time limit for consideration of the legislation. All legislation received by the Senate may be referred to a committee prior to being read across the rostrum.

(2) Bills and resolutions preintroduced as provided in Joint Rule 40-40 may be assigned to committee and printed prior to the legislative session. The Legislative Services Division is responsible for ensuring the preintroduction intent from each Senator and presenting the preintroduced legislation to the Secretary of the Senate.

(3) Upon referral to committee, the Secretary of the Senate shall publicly post a listing of the bill or resolution by a summary of its title, together with a notation of the committee to which it has been assigned.

(4) The sponsor may ask the Legislative Services Division to change or correct a short title used on the bill status system.

**S40-30. Additional sponsors.** (1) Additional sponsors may be added on motion of the chief sponsor at any time prior to a standing committee report on the bill or resolution. Forms for adding sponsors will be supplied on request by the Secretary of the Senate.

(2) Upon passage of the motion, the names of the additional sponsors will be printed in the journal and the form containing the signatures of the additional sponsors will be forwarded to the Legislative Services Division with the original bill for the inclusion of the names in subsequent printings of the bill or resolution.

**S40-40. Reading limitations.** (1) Every bill must be read three times prior to passage, either by title or by summary of title as provided in these rules.

(2) A bill or resolution may not have more than one reading on the same day except the last legislative day.

(3) An amendment may not be offered on third reading.

**S40-60. Scheduling for second reading.** (1) All bills and resolutions that have been reported by a committee or withdrawn from a committee by motion, accepted by the Senate, and reproduced must be scheduled for consideration by Committee of the Whole.

(2) Until the 50th legislative day, 1 day must elapse between receiving the legislation from printing and scheduling for second reading for consideration by Committee of the Whole unless a printed version of an unamended bill is available.

(3) The majority leader shall arrange legislation on the agenda in the order in which the bills will be considered, unless otherwise ordered by the Senate or Committee of the Whole.

## CHAPTER 5
## Floor Action

**S50-10. Attendance — mandatory voting — quorum.** (1) Unless excused, Senators must be present at every sitting of the Senate and shall vote on questions put before the Senate.

(2) A majority of the Senate shall constitute a quorum to do business, but a smaller number may adjourn from day to day and compel the attendance of absent Senators, in the manner and under penalties as the Senate may prescribe (Montana Constitution, Art. V, sec. 10(2)).

**S50-20. Orders of business.** After prayer, roll call, and report on the journal, the order of business of the Senate is as follows:

(1) communications and petitions;

(2) reports of standing committees;

(3) reports of select committees;

(4) messages from the Governor;

(5) messages from the House of Representatives;

(6) motions;

(7) first reading and commitment of bills;

(8) second reading of bills (Committee of the Whole);

(9) third reading of bills;

(10) unfinished business;

(11) special orders of the day; and

(12) announcement of committee meetings.

To revert to or pass to a new order of business requires only a majority vote. Unless otherwise specified in the motion to recess, the Senate shall revert to Order of Business No. 1 when reconvening after a recess.

**S50-30. Limitations on debate.** A Senator may not speak more than twice on any one motion or question without unanimous consent of the Senate, unless the Senator has introduced or proposed the motion or question under debate, in which case the Senator may speak twice and also close the debate. However, a Senator who has spoken may not speak again on the same motion or question to the exclusion of a Senator who has not spoken.

**S50-40. Procedure upon offering a motion.** (1) When a motion is offered it must be restated by the presiding officer. If requested by the presiding officer or a Senator, it must be reduced to writing, presented at the rostrum, and read aloud by the Secretary.

(2) A motion may be withdrawn by the Senator offering it at any time before it is amended or voted upon.

**S50-50. Precedence of motions.** (1) When a question is under debate only the following privileged and subsidiary motions may be made:

(a) to adjourn (nondebatable S50-60);

(b) for a call of the Senate (nondebatable S50-60);

(c) to recess (nondebatable S50-60);

(d) question of privilege;

(e) to lay on the table (nondebatable S50-60);

(f) for the previous question (nondebatable S50-60);

(g) to postpone to a certain day;

(h) to refer or commit;

(i) to amend; and

(j) to postpone indefinitely.

(2) The motions listed in subsection (1) have precedence in the order listed.

(3) A question may be indefinitely postponed by a majority roll call of all Senators present and voting. When a bill or resolution is postponed indefinitely, it is finally rejected and may not be acted upon again except upon a motion of reconsideration as provided in S50-90.

(4) A motion or proposition on a subject different from that under consideration may not be accepted unless a substitute motion is in order.

**S50-60. Nondebatable motions.** The following motions are not debatable:

(1) to adjourn;

(2) for a call of the Senate;

(3) to recess or rise;

(4) for parliamentary inquiry;

(5) for suspension of the rules;

(6) to lay on the table;

(7) for the previous question;

(8) to limit, extend the limits of, or to close debate;

(9) to amend an undebatable motion;

(10) to change a vote (S50-200);

(11) to pass business in Committee of the Whole;

(12) to take from the table;

(13) a decision of the presiding officer, unless appealed or unless the presiding officer submits the question to the Senate for advice or decision; and

(14) all incidental motions, such as motions relating to voting or other questions of a general procedural nature.

**S50-70. Amending motions — restrictions.** (1) Subject to subsection (2), no more than one amendment and no more than one substitute motion may be made to a motion. This rule permits the main motion and two modifying motions.

(2) A motion for a call of the Senate, for the previous question, to table, or to take from the table may not be amended.

**S50-80. Previous question.** (1) Except as provided in subsection (2), the effect of calling for the previous question, if adopted, is to close debate immediately, to prevent the offering of amendments or other subsidiary motions, and to bring to vote promptly the immediately pending main question and the adhering subsidiary motions, whether on appeal or otherwise. The motion for the previous question is nondebatable as provided in S50-60(7).

(2) When the previous question is ordered on any debatable question on which there has been no debate, the question may be debated for one-half hour, one-half of that time to be given to the proponents and one-half to the opponents. The sponsor of the main motion on which the previous question is adopted may close on the motion regardless of whether debate on the main motion has occurred.

(3) A call of the Senate is not in order after the previous question is ordered unless it appears upon an actual count by the presiding officer that a quorum is not present.

**S50-90. Reconsideration — time restrictions.** (1) Subject to subsection (6), any Senator may, on the day the vote was taken or on the next day the Senate is in session, move to reconsider the question. A motion to reconsider is a debatable motion, but the debate is limited to the motion. The debate on a motion to reconsider may not address the substance of the matter for which reconsideration is sought. However, an inquiry may be made concerning the purpose of the motion to reconsider.

(2) A motion to reconsider must be disposed of when made unless a proper substitute motion is made and adopted.

(3) A motion to recall a bill from the House of Representatives constitutes notice to reconsider and must be acted on as a motion to reconsider. A motion to reconsider or to recall a bill from the House of Representatives may be made only under Order of Business No. 6 and, under that order of business, takes precedence over all motions except motions to recess or adjourn.

(4) When a motion to reconsider is laid on the table, a two-thirds majority is required to take it from the table. When a motion to reconsider fails, the question is finally and conclusively settled.

(5) If a motion to reconsider third reading action is carried, there may not be further action until the succeeding legislative day.

(6) If the Senate has adjourned for more than 2 days, then a motion to reconsider action taken on the last day the Senate was in session is in order on the day the Senate reconvenes or on the following legislative day.

**S50-100. Dividing a question — segregation excluded.** A Senator may request to divide a question if it includes two or more propositions so distinct in substance that if one thing is taken away a substantive question will remain. A vote is not required on a request to divide a question, but the chair may rule that a question is not divisible. The ruling of the chair may be appealed as provided in S20-10 and S20-20. For an appeal of a ruling of the presiding officer, the question for the Senate must be stated as, "Shall the ruling of the chair be upheld?". A motion to segregate pursuant to S50-140(4) is not a request to divide a question.

**S50-110. Rules for questions or bills requiring other than a majority vote.** (1) Except as provided in subsection (2), a question or bill requires more

than a majority vote for final passage, a majority vote is sufficient to decide any question relating to the question or bill prior to third reading.

(2) Any vote in the Senate on a bill proposing an amendment to the Montana Constitution under circumstances in which there exists the mathematical possibility of obtaining the necessary two-thirds vote of the Legislature will cause the bill to progress as though it had received the majority vote. This rule does not prevent a committee from indefinitely postponing or tabling a bill proposing an amendment to the Montana Constitution.

(3) If a bill has been amended in the House of Representatives and the amendments are accepted by the Senate, the bill must again be placed on third reading in the Senate to determine if the required number of votes has been cast.

**S50-120. Committee reports to Senate — reconsideration.** (1) Reports of standing committees must be read on Order of Business No. 2, and, subject to subsection (4), debate may not be had on any report.

(2) On an adverse committee report, the sponsor may respond to the chair of the committee making the report.

(3) Any Senator seeking a reconsideration of the Senate's action on the adoption of a committee report shall do so on Order of Business No. 6 by motion to reconsider as provided in S50-90. Any Senator may make the reconsideration motion and need not have voted on the prevailing side. This rule applies notwithstanding any joint rule to the contrary. Subject to S50-90(6), the reconsideration motion must be made within 1 legislative day of the adoption of the committee report and is not in order if the bill has been considered in Committee of the Whole.

(4) (a) Subject to subsection (4)(b), the Rules Committee and conference committees may report at any time, except during a call of the Senate, when a vote is being taken, or during Committee of the Whole.

(b) The Rules Committee may report during Committee of the Whole on matters referred to the Committee by the Committee of the Whole.

**S50-130. Conference committee — reports.** (1) When a conference committee report is filed with the Secretary of the Senate, the report must be read under Order of Business No. 3, select committees, and placed on the calendar the succeeding legislative day for consideration on second reading. If recommended favorably by the Committee of the Whole, it may be considered on third reading the same legislative day.

(2) If both the Senate and the House of Representatives adopt the same conference committee report on legislation requiring more than a majority vote for final passage, the Senate, following approval of the conference committee report on third reading, shall place the final form of the legislation on third reading to determine if the required vote is obtained.

(3) If the Senate rejects a conference committee report, the committee continues to exist unless dissolved by the President or by motion. The committee may file a subsequent report.

(4) A Senate conference committee may confer regarding matters assigned to it with any House conference committee with like jurisdiction and submit recommendations for consideration of the Senate.

**S50-140. Second reading — Committee of the Whole report — segregation — rejection.** (1) The Senate may resolve itself into a Committee of the Whole for consideration of business on second reading, by approval of a motion for that purpose.

(2) After a Committee of the Whole has been formed, the President shall appoint a chair to preside.

(3) All legislation considered in the Committee of the Whole must be read by a summary of its title. The sponsor shall make an opening statement, proposed amendments must be considered, and then the bill must be considered in its entirety.

(4) Prior to adoption of the Committee of the Whole report, a Senator may move to segregate legislation. If the motion prevails, the legislation remains on second reading.

(5) When a Committee of the Whole report on legislation is rejected, the legislation remains on second reading.

**S50-150. Committee of the Whole amendments.** (1) All Committee of the Whole amendments must be prepared by the staff of the Legislative Services Division, stipulating the date and time of preparation and staff approval, and delivered to the Secretary of the Senate for reading before the amendment is voted on.

(2) Each amendment, rejected or adopted, must be printed in the journal, along with the name of the sponsor and the vote on each.

**S50-160. Motions in Committee of the Whole.** (1) All proper motions on second reading are debatable unless specified in S50-60.

(2) The only motions in order during Committee of the Whole are to:

(a) recommend passage or nonpassage;

(b) recommend concurrence or nonconcurrence (House amendments to Senate legislation);

(c) amend;

(d) indefinitely postpone;

(e) pass consideration;

(f) change the order in which legislation is placed on the agenda (nondebatable S50-60(14));

(g) rise (nondebatable S50-60(3));

(h) rise and report progress and ask leave to sit again (nondebatable S50-60(3)); or

(i) rise and report (nondebatable S50-60(3)).

(3) The motions listed in subsection (2) may be made in descending order as listed.

**S50-170. Committee of the Whole — generally.** (1) The Committee of the Whole may not appoint subcommittees.

(2) The Committee of the Whole may not punish its members for misconduct, but may report disorder to the Senate.

**S50-180. Voting on second reading — positive disposition of motions.** (1) On Order of Business No. 8, in addition to other methods, a recorded vote may be made in the following manner: the chair may call for a voice vote to accept or reject a question. If the vote is other than unanimous, the chair may ask that the lesser number on the question indicate their vote by standing. The Secretary will then record the vote of those standing. The chair may then rule that unless excused those not standing and present have voted on the prevailing side of the question and that their vote be recorded as voting on the prevailing side. If there was a unanimous voice vote, all those present will be recorded as having voted for the question.

(2) A motion on second reading must be disposed of by a positive vote.

**S50-190. Third reading procedure.** (1) Unless rereferred to a committee by a majority vote after the adoption of the Committee of the Whole report but before moving to another order of business, all legislation passing second reading must be placed on third reading the day following the receipt of the engrossing or other appropriate printing report.

(2) On Order of Business No. 9 the Secretary shall read the title and the President shall state the question as follows: "Senate bill number (or other appropriate identification)..... having been read three several times, the question is, shall the bill (or other appropriate identification) pass the Senate?"

(3) If an electronic voting system is used, the President shall state "Those in favor vote yes and those opposed vote no" and the Secretary will sound the signal and open the board for voting. After a reasonable pause the presiding officer asks "Has every member voted?" (reasonable pause), "Does any member wish to change his or her vote?" (reasonable pause), "The Secretary will record the vote."

**S50-200. Senate voting — changing a vote — objection.** (1) A roll call vote must be taken on the request of two Senators, if the request occurs before the vote is taken.

(2) On a roll call vote the names of the Senators must be called alphabetically, unless an electronic voting system is used. A Senator may not vote after the decision is announced from the chair. A Senator may not explain a vote until after the decision is announced from the chair.

(3) A Senator may move to change the Senator's vote, on any recorded vote, within 1 legislative day of the vote. The Senator making the motion shall first specify the bill number, the date of the vote, and the original vote tally. A vote may not be changed if it would affect the outcome of legislation. The motion is nondebatable. If none of the Senators present object, the change must be entered into the journal.

(4) If any Senator objects to the request in subsection (3), the Senator making the request may move to suspend the rules to allow the Senator to change the Senator's vote.

(5) An error caused by a malfunction of the voting system may be corrected without a vote within 10 minutes of the malfunction.

**S50-210. Pairs — Committee of the Whole.** (1) Two Senators may pair on a question that will be determined by a majority vote. On a question requiring a two-thirds vote for adoption, three Senators may pair, with two Senators for the question and one Senator against. Pairing is permitted only when one of the paired Senators is excused when the vote is taken.

(2) An agreement to pair must be in writing and dated and signed by the Senators agreeing to be bound and must specify the duration of the pair. When an agreement to pair is filed with the Secretary of the Senate, it binds the Senators signing until the expiration of time for which it was signed, unless the paired Senators sooner appear and ask that the agreement be canceled.

**S50-220. Call of the Senate.** (1) In the absence of a quorum, a majority of Senators present may compel the attendance of absent Senators by ordering a call of the Senate.

(2) If a quorum is present, five Senators may order a call of the Senate.

(3) On a call of the Senate, a Senator who refuses to attend may be arrested by the Sergeant-at-Arms or any other person, as the majority of the Senators present direct. When the attendance of an absent Senator is secured and the Senate refuses to excuse the Senator's absence, the Senator may not be paid any

expense payments while absent and is liable for the expenses incurred in procuring the Senator's attendance.

(4) During a call of the Senate, all business must be suspended. After a call has been ordered, no motion is in order except a motion to adjourn or remove the call. The call may be removed by a two-thirds vote of the members present.

**S50-230. House amendments to Senate legislation.** (1) When the House has properly returned Senate legislation with House amendments, the Senate shall announce the amendments on Order of Business No. 5 and the President shall place them on second reading for debate. The President may rerefer Senate legislation with House amendments to a committee for a hearing if the House amendments constitute a significant change in the Senate legislation. The second reading vote is limited to consideration of the House amendments.

(2) If the Senate accepts House amendments, the Senate shall place the final form of the legislation on third reading to determine if the legislation, as amended, is passed or if the required vote is obtained.

(3) If the Senate rejects the House amendments, the Senate may request the House to recede from its amendments or may direct appointment of a conference committee and request the House to appoint a like committee.

**S50-240. Governor's amendments.** (1) When the Governor returns a bill with recommended amendments, the Senate shall announce the amendments under Order of Business No. 4.

(2) The Senate may debate and adopt or reject the Governor's recommended amendments on second reading on any legislative day.

(3) If both the Senate and the House of Representatives accept the Governor's recommended amendments on a bill that requires more than a majority vote for final passage, the Senate shall place the final form of the legislation on third reading to determine if the required vote is obtained.

**S50-250. Governor's veto.** (1) When the Governor returns a bill with a veto, the Senate shall announce the veto under Order of Business No. 4.

(2) On any legislative day, a Senator may move to override the Governor's veto by a two-thirds vote under Order of Business No. 6.

## CHAPTER 6

## Rules

**S60-10. Senate rules — amendment — adoption — suspension.** (1) A motion to amend or adopt a rule of the Senate must be referred to the Rules Committee without debate. A rule of the Senate may be amended or adopted only with the concurrence of a majority of the Senate and after 1 day's notice.

(2) A rule may be suspended temporarily by a two-thirds vote.

**S60-20. Mason's Manual of Legislative Procedure.** Mason's Manual of Legislative Procedure (2010) governs the proceedings of the Senate in all cases not covered by these rules.

## CHAPTER 7

## Nominations from the Governor

**S70-10. Nominations.** (1) The Governor shall nominate and, by and with the consent of the Senate, appoint all officers whose offices are established by the Montana Constitution or which may be created by law and for whom appointment or election is not otherwise provided.

(2) If during a recess of the Senate a vacancy occurs in any office subject to Senate confirmation, the Governor shall appoint some fit person to discharge

the duties of the office until the next meeting of the Senate, when the Governor shall nominate a person to fill the office.

**S70-20. Introduction and first reading of nominations.** (1) Nominations received from the Governor must be:

(a) received by the President;

(b) delivered to the Secretary of the Senate;

(c) read under Order of Business No. 4, messages from the Governor; and

(d) referred to committee. The President of the Senate may refer any individual nomination contained in a list received from the Governor to any standing committee.

(2) The procedure in subsection (1) constitutes introduction and first reading of the nominations.

(3) The Secretary shall distribute a copy of the list of nominations to each Senator.

**S70-30. Committee process — preliminary reports — separate consideration.** (1) (a) The committee shall research each nominee and may request biographical information from the Governor for each nominee if none has been provided.

(b) The committee chair shall submit a bill draft request on behalf of the committee for a simple resolution to include the nominee submitted to the committee or a group of nominees, the group of nominees being specified by the committee chair. These bill draft requests will not count against any bill draft request limit imposed on members. When the resolution has been prepared and introduced, the committee shall hold a hearing on the resolution after appropriate public notice has been given.

(2) Following the hearings for a group of nominees, the committee shall issue preliminary standing committee reports to be distributed to each Senator, stating the committee's recommendations concerning the nominees. A preliminary standing committee report is not required for a resolution for a single nominee pursuant to subsection (5).

(3) (a) If a Senator wishes to have an individual nominee or group of nominees considered by the Senate separately from the group of nominees recommended by the committee, the Senator may request of the chair of the committee that the nominee or nominees be considered by a separate resolution.

(b) A Senator shall request separate consideration of a nominee within 3 days of receipt of the preliminary standing committee report. The committee chair shall honor this request.

(4) After waiting 3 days from the day of distribution of the preliminary standing committee report, the committee chair shall issue a final standing committee report and deliver the report to the Secretary of the Senate.

(a) If a nominee is to be separated from the resolution, the final standing committee report must include an amendment deleting that nominee.

(b) When a nominee has been separated at the request of a Senator or when a single nomination has been submitted to a committee, the committee chair shall submit a bill draft request on behalf of the committee for a simple resolution to include only the single or separated nominee. When the resolution has been prepared and introduced, the committee shall take executive action on the resolution. When a hearing on the separated nomination was held prior to the committee's preliminary standing committee report, an additional hearing is not required to be held before the committee takes action on the separate

resolution. After the committee's executive action, the committee chair shall issue a standing committee report.

(5) If a resolution contains only one nominee, the committee shall dispense with the preliminary standing committee report and shall issue a final standing committee report to be distributed to each Senator stating the committee's recommendation concerning the nominee.

(6) The Secretary will read the reports under Order of Business No. 2, reports of standing committees.

(7) After the report has been read, the resolution must be placed on Order of Business No. 11 the next legislative day for consideration by the Senate. Motions to approve or disapprove of the resolution are in order and may be debated.

## SENATE RESOLUTION NO. 2

A RESOLUTION OF THE SENATE OF THE STATE OF MONTANA RAISING CONCERNS ABOUT POTENTIAL CHANGES TO THE OPERATION AND ADMINISTRATION OF FEDERAL POWER MARKETING ADMINISTRATIONS.

WHEREAS, the Montana Senate is concerned about outcomes resulting from Department of Energy Secretary Steven Chu's March 16, 2012, memorandum that may affect Western Area Power Administration and Bonneville Power Administration and its Montana electricity customers; and

WHEREAS, the memo states there will be directives issued to the federal Power Marketing Administration administrators related to the broadly stated initiatives contained in the memorandum; and

WHEREAS, these directives could harm the nearly 50% of Montanans whose electric bills are based on the underlying preference power from federal Power Marketing Administrations and the Montana Legislature has a stake in the outcome of this initiative; and

WHEREAS, the federal Department of Energy asserts it has conducted a "robust" process of public involvement in the development of recommendations to implement the initiatives by holding five public 1-day workshops and six listening sessions in cities across the western United States; and

WHEREAS, a committee composed of Western Area Power Administration and Department of Energy employees, known as the Joint Outreach Team, met in nonpublic work sessions to develop its draft recommendations; and

WHEREAS, the Montana Senate does not consider these nonpublic Joint Outreach Team meetings either robust or public; and

WHEREAS, the Western Area Power Administration has an outstanding history of being an electric industry leader; and

WHEREAS, the Montana Senate is appreciative that the Western Area Power Administration and Department of Energy Joint Outreach Team leaders attended a joint session of the Montana House and Senate energy committees on January 9, 2013, to share the outcomes of their report; and

WHEREAS, the Joint Outreach Team is planning to make final recommendations to the Secretary of Energy in January 2013.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF MONTANA:

That if the final recommendations are consistent with what the Joint Outreach Team leaders shared during their January 9, 2013, visit to Montana, these recommendations would:

(1) be much narrower in scope than the present draft report;

(2) contain greater recognition of the superb job Western Area Power Administration has done and is doing in the areas covered in the report;

(3) ensure change is incremental, not wholesale; and

(4) most important, provide economic protections to Montana preference customers.

BE IT FURTHER RESOLVED, that although the Montana Senate supports actions to increase efficiency, actions that create cost shifts to Montana preference customers who have paid their way are unacceptable.

BE IT FURTHER RESOLVED, that the Montana Senate requests that, in the future, the Department of Energy make a greater effort to notify the Legislature of actions impacting Montana citizens in advance of public hearings rather than leaving the Legislature to first hear about these Department of Energy actions from its constituents.

BE IT FURTHER RESOLVED, that the Secretary of State send copies of this resolution to the members of Montana's Congressional Delegation and to the U.S. Secretary of Energy.

Adopted January 19, 2013

## SENATE RESOLUTION NO. 3

A RESOLUTION OF THE SENATE OF THE STATE OF MONTANA PROVIDING RECOMMENDATIONS ON THE LEGISLATIVE REDISTRICTING PLAN TO THE MONTANA DISTRICTING AND APPORTIONMENT COMMISSION.

WHEREAS, the Montana Districting and Apportionment Commission submitted its legislative redistricting plan to the Legislature on January 8, 2013, as required by Article V, section 14, of the Montana Constitution; and

WHEREAS, the Commission adopted criteria to guide the drawing of district lines that preserve the principle of "one person, one vote"; and

WHEREAS, the Senate recognizes that the Commission established a maximum 3% population deviation, which surpasses the standard of a 5% population deviation, and commends the Commission for accomplishing a deviation of less than 1% for both House and Senate Districts; and

WHEREAS, the Commission formed districts that successfully comply with all requirements of the federal Voting Rights Act and that protect the voting rights of minority populations; and

WHEREAS, the Senate contends that criteria directing the creation of compact and contiguous districts that preserve communities of interest and, when possible, follow the lines of political and geographic boundaries have not been satisfactorily adhered to; and

WHEREAS, the Senate contends that pairings of House Districts made to form Senate Districts fracture communities of interest, particularly the assignments of House Districts 73, 74, 75, 76, 77, and 79 in Deer Lodge, Jefferson, and Silver Bow Counties; and

WHEREAS, pairing House Districts 75 and 78 results in a Senate District that is primarily rural in nature and pairing House Districts 73 and 76 and House Districts 74 and 77 results in two Senate Districts that are tied together by common interests, including the historical copper mining industry; and

WHEREAS, the Senate contends that the Commission split Lake County into four different Senate Districts, ignoring communities of interest and county political boundaries; and

WHEREAS, the Senate contends that holdover Senator Webb has been assigned to a Senate District predominantly composed of citizens who have never had the opportunity to vote for him, when it is possible to assign him to a district that includes more than 80% of the population from his original Senate District; and

WHEREAS, the Legislature is required to return the plan to the Commission with its recommendations on or before February 7, 2013.

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF THE STATE OF MONTANA:

That the Senate urges the passage of amendments necessary for the Legislative Redistricting Plan to conform to the Commission's established

criteria. To this end, the Senate recommends that the Commission consider the following amendments:

(1) preserve both compactness and communities of interest by reassigning the following House Districts into Senate District pairings: House Districts 73 and 76, House Districts 74 and 77, and House Districts 75 and 78. The House District lines for Districts 74 and 77 should be moved together in order to meet the contiguous standard in the Commission's criteria.

(2) reassign Senator Webb from Senate District 23 to Senate District 22, which includes the communities from which he was originally elected.

BE IT FURTHER RESOLVED, that a copy of this resolution be kept on file by the Secretary of State and that copies be sent by the Secretary of State to the presiding officer and each member of the Montana Districting and Apportionment Commission.

Adopted February 7, 2013

WHEREAS, the last balanced budget presented was in 1998 by President Clinton, who presented the first balanced federal budget since 1969; and

LR-120 prohibits a physician from performing an abortion on a minor under 16 years of age unless a physician notifies a parent or legal guardian of the minor at least 48 hours prior to the procedure. Notice is not required if: (1) there is a medical emergency; (2) it is waived by a youth court in a sealed proceeding; or (3) it is waived by the parent or guardian. A person who performs an abortion in violation of the act, or who coerces a minor to have an abortion, is subject to criminal prosecution and civil liability.

THE COMPLETE TEXT OF HOUSE BILL NO. 627 (CH. 307, L. 2011), REFERRED BY LR-120

*Be it enacted by the Legislature of the State of Montana:*

**Section 1. Short title.** [Sections 1 through 9] may be cited as the "Parental Notice of Abortion Act of 2011".

**Section 2. Legislative purpose and findings.** (1) The legislature finds that:

(a) immature minors often lack the ability to make fully informed choices that take into account both immediate and long-range consequences;

(b) the medical, emotional, and psychological consequences of abortion are sometimes serious and can be lasting, particularly when the patient is immature;

(c) the capacity to become pregnant and the capacity for mature judgment concerning the wisdom of an abortion are not necessarily related;

(d) parents ordinarily possess information essential to a physician in the exercise of the physician's best medical judgment concerning the minor;

(e) parents who are aware that their minor daughter has had an abortion may better ensure that the daughter receives adequate medical care after the abortion; and

(f) parental consultation is usually desirable and in the best interests of the minor.

(2) The purpose of [sections 1 through 9] is to further the important and compelling state interests of:

(a) protecting minors against their own immaturity;

(b) fostering family unity and preserving the family as a viable social unit;

(c) protecting the constitutional rights of parents to rear children who are members of their household; and

(d) reducing teenage pregnancy and unnecessary abortion.

**Section 3. Definitions.** As used in this part, unless the context requires otherwise, the following definitions apply:

(1) "Actual notice" means the giving of notice directly in person or by telephone.

(2) "Coerce" means to restrain or dominate the choice of a minor female by force, threat of force, or deprivation of food and shelter.

(3) "Emancipated minor" means a person under 18 years of age who is or has been married or who has been granted an order of limited emancipation by a court as provided in 41-3-438.

(4) "Medical emergency" means a condition that, on the basis of the physician's good faith clinical judgment, so complicates the medical condition of a pregnant woman as to necessitate the immediate abortion of the woman's pregnancy to avert the woman's death or a condition for which a delay in treatment will create serious risk of substantial and irreversible impairment of a major bodily function.

(5) "Minor" means a female under 16 years of age who is not an emancipated minor.

(6) "Physical abuse" means any physical injury intentionally inflicted by a parent or legal guardian on a child.

(7) "Physician" means a person licensed to practice medicine under Title 37, chapter 3.

(8) "Sexual abuse" has the meaning given in 41-3-102.

**Section 4. Notice of parent required.** A physician may not perform an abortion upon a minor unless the physician has given at least 48 hours' actual notice to one parent or to the legal guardian of the pregnant minor of the physician's intention to perform the abortion. The actual notice may be given by a referring physician. The physician who performs the abortion must receive the written statement of the referring physician certifying that the referring physician has given actual notice. If actual notice is not possible after a reasonable effort, the physician or the physician's agent shall give alternate notice as provided in [section 5].

**Section 5. Alternative notification.** In lieu of the actual notice required by [section 4], notice may be made by certified mail addressed to the parent at the usual place of residence of the parent with return receipt requested and delivery restricted to the addressee, which means a postal employee may deliver the mail only to the authorized addressee. Time of delivery is considered to occur at noon on the next day on which regular mail delivery takes place after mailing.

**Section 6. Exceptions.** Notice is not required under [section 4 or 5] if:

(1) the attending physician certifies in the patient's medical record that a medical emergency exists and there is insufficient time to provide notice;

(2) notice is waived, in writing, by the person entitled to notice; or

(3) notice is waived under [section 8].

**Section 7. Coercion prohibited.** A parent, a guardian, or any other person may not coerce a minor to have an abortion. If a minor is denied financial support by the minor's parents, guardian, or custodian because of the minor's refusal to have an abortion, the minor must be considered an emancipated minor for the purposes of eligibility for public assistance benefits. The public assistance benefits may not be used to obtain an abortion.

**Section 8. Procedure for judicial waiver of notice.** (1) The requirements and procedures under this section are available to minors whether or not they are residents of this state.

(2) The minor may petition the youth court for a waiver of the notice requirement and may participate in the proceedings on the person's own behalf. The petition must include a statement that the petitioner is pregnant and is not emancipated. The court may appoint a guardian ad litem for the petitioner. A guardian ad litem is required to maintain the confidentiality of the proceedings. The youth court shall advise the petitioner of the right to assigned counsel and shall order the office of state public defender, provided for in 47-1-201, to assign counsel upon request.

(3) Proceedings under this section are confidential and must ensure the anonymity of the petitioner. All proceedings under this section must be sealed. The petitioner may file the petition using a pseudonym or using the petitioner's initials. All documents related to the petition are confidential and are not available to the public. The proceedings on the petition must be given preference over other pending matters to the extent necessary to ensure that the court reaches a prompt decision. The court shall issue written findings of fact and conclusions of law and rule within 48 hours of the time that the petition is filed unless the time is extended at the request of the petitioner. If the court fails to rule within 48 hours and the time is not extended, the petition is granted and the notice requirement is waived.

(4) If the court finds that the petitioner is competent to decide whether to have an abortion, the court shall issue an order authorizing the minor to consent to the performance or inducement of an abortion without the notification of a parent or guardian.

(5) The court shall issue an order authorizing the petitioner to consent to an abortion without the notification of a parent or guardian if the court finds that:

(a) there is evidence of physical abuse, sexual abuse, or emotional abuse of the petitioner by one or both parents, a guardian, or a custodian; or

(b) the notification of a parent or guardian is not in the best interests of the petitioner.

(6) If the court does not make a finding specified in subsection (4) or (5), the court shall dismiss the petition.

(7) A court that conducts proceedings under this section shall issue written and specific findings of fact and conclusions of law supporting its decision and shall order that a confidential record of the evidence, findings, and conclusions be maintained.

(8) The supreme court may adopt rules providing an expedited confidential appeal by a petitioner if the youth court denies a petition. An order authorizing an abortion without notice is not subject to appeal.

(9) Filing fees may not be required of a pregnant minor who petitions a court for a waiver of parental notification or appeals a denial of a petition.

**Section 9. Criminal and civil penalties.** (1) A person convicted of performing an abortion in violation of [section 4 or 5] shall be fined an amount not to exceed $500 or be imprisoned in the county jail for a term not to exceed 6 months, or both.

(2) Failure to provide the notice required under [section 4 or 5] is prima facie evidence in an appropriate civil action for a violation of a professional obligation. The evidence does not apply to issues other than failure to notify the parents or guardian. A civil action may be based on a claim that the failure to notify was the

result of a violation of the appropriate legal standard of care. Failure to provide notice is presumed to be actual malice pursuant to the provisions of 27-1-221. [Sections 1 through 9] do not limit the common-law rights of parents.

(3) A person who coerces a minor to have an abortion is guilty of a misdemeanor and upon conviction shall be fined an amount not to exceed $1,000 or be imprisoned in the county jail for a term not to exceed 1 year, or both. On a second or subsequent conviction, the person shall be fined an amount not less than $500 and not more than $50,000 and be imprisoned in the state prison for a term not less than 10 days and not more than 5 years, or both.

(4) A person not authorized to receive notice under [section 5] who signs a notice of waiver as provided in [section 6(2)] is guilty of a misdemeanor.

**Section 10.** Section 41-1-405, MCA, is amended to read:

**"41-1-405. Emergencies and special situations.** (1) A health professional may render or attempt to render emergency service or first aid, medical, surgical, dental, or psychiatric treatment, without compensation, to any injured person or any person regardless of age who is in need of immediate health care when, in good faith, the professional believes that the giving of aid is the only alternative to probable death or serious physical or mental damage.

(2) A health professional may render nonemergency services to minors for conditions that will endanger the health or life of the minor if services would be delayed by obtaining consent from spouse, parent, parents, or legal guardian.

(3) Consent may not be required of a minor who does not possess the mental capacity or who has a physical disability that renders the minor incapable of giving consent and who has no known relatives or legal guardians, if a physician determines that the health service should be given.

(4) Self-consent of minors does not apply to sterilization or abortion, except as provided in ~~Title 50, chapter 20, part 2~~ *[sections 1 through 9]*."

AN ACT DENYING CERTAIN STATE-FUNDED SERVICES TO ILLEGAL ALIENS; ESTABLISHING PROCEDURES FOR DETERMINING A PERSON'S CITIZENSHIP STATUS; PROVIDING THAT THE PROPOSED ACT BE SUBMITTED TO THE QUALIFIED ELECTORS OF MONTANA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Under LR-121, every individual seeking a state service, such as applying for any state licenses, state employment, unemployment or disability benefits, or aid for university students, must provide evidence of U.S. citizenship or lawful alien status, and/or have their status verified through federal databases. The costs associated with verifying U.S. citizenship or lawful alien status will vary by agency and cannot be precisely determined. However, on-going costs may include: hiring and training state personnel to use various federal databases; software, hardware and search charges; and information assessment and management costs.

# INITIATIVE REFERENDUM NO. 124

AN ACT OF THE LEGISLATURE
REFERRED BY REFERENDUM PETITION

In 2004, Montana voters approved I-148, creating a medical marijuana program for patients with debilitating medical conditions. Senate Bill 423, passed by the 2011 Legislature, repeals I-148 and enacts a new medical marijuana program, which includes: permitting patients to grow marijuana or designate a provider; limiting each marijuana provider to three patients; prohibiting marijuana providers from accepting anything of value in exchange for services or products; granting local governments authority to regulate marijuana providers; establishing specific standards for demonstrating chronic pain; and reviewing the practices of doctors who certify marijuana use for 25 or more patients in a 12-month period.

If Senate Bill 423 is affirmed by the voters, there will be no fiscal impact because the legislature has funded the costs of its implementation. If Senate Bill 423 is rejected by the voters, there may be a small savings to the State.

(b) the registered cardholder acquires or uses marijuana.

(3) A physician may not be arrested, prosecuted, or penalized in any manner or be denied any right or privilege, including but not limited to civil penalty or disciplinary action by the board of medical examiners or the department of labor and industry, solely for providing written certification for a patient with a debilitating medical condition.

(7) The provisions of this section relating to protection from arrest or prosecution do not apply to an individual unless the individual has obtained a registry identification card prior to an arrest or the filing of a criminal charge. It is not a defense to a criminal charge that an individual obtains a registry identification card after an arrest or the filing of a criminal charge.

(8) (a) A registered cardholder, a provider, or a marijuana-infused products provider is presumed to be engaged in the use of marijuana as allowed by [sections 1 through 23] if the person:

A person with a tetrahydrocannabinol (THC) level of 5 ng/ml may be charged with a violation of 61-8-401.

(b) A registered cardholder, provider, or marijuana-infused products provider who violates subsection (1)(a) is subject to revocation of the person's registry identification card if the individual is convicted of or pleads guilty to any offense related to driving under the influence of alcohol or drugs when the initial offense with which the individual was charged was a violation of 61-8-401, 61-8-406, or 61-8-410. (iii) examine a patient for the purposes of diagnosing a debilitating medical condition at a location where medical marijuana is cultivated or manufactured or where marijuana-infused products are made.

(b) Subsection (1)(a) does not prevent a physician from accepting a fee for providing medical care to a provider or marijuana-infused products provider if the physician charges the person the same fee that the physician charges other patients for providing a similar level of medical care.

(2) If the department has cause to believe that a physician has violated this section, has violated a provision of rules adopted pursuant to this chapter, or has not met the standard of care required under this chapter, the department may refer the matter to the board of medical examiners provided for in 2-15-1731 for review pursuant to 37-1-308.

**Section 30.** Section 50-46-201, MCA, is amended to read:

**"50-46-201. Medical use of marijuana — legal protections — limits on amount — presumption of medical use.** (1) A person who possesses a registry identification card issued ~~pursuant to 50-46-103~~ *before [the effective date of this section]* may not be arrested, prosecuted, or penalized in any manner or be denied any right or privilege, including but not limited to civil penalty or disciplinary action by a professional licensing board or the department of labor and industry, if:

(a) the qualifying patient or caregiver acquires, possesses, cultivates, manufactures, delivers, transfers, or transports marijuana not in excess of the amounts allowed in subsection (2); or

(b) the qualifying patient uses marijuana for medical use.

(2) A qualifying patient and that qualifying patient's caregiver may not possess more than six marijuana plants and 1 ounce of usable marijuana each.

(3) (a) A qualifying patient or caregiver is presumed to be engaged in the medical use of marijuana if the qualifying patient or caregiver:

(i) is in possession of a registry identification card; and

(ii) is in possession of an amount of marijuana that does not exceed the amount permitted under subsection (2).

(b) The presumption may be rebutted by evidence that the possession of marijuana was not for the purpose of alleviating the symptoms or effects of a qualifying patient's debilitating medical condition.

(4) A physician may not be arrested, prosecuted, or penalized in any manner or be denied any right or privilege, including but not limited to civil penalty or disciplinary action by the board of medical examiners or the department of labor

and industry, for providing written certification for the medical use of marijuana to qualifying patients.

(5) An interest in or right to property that is possessed, owned, or used in connection with the medical use of marijuana or acts incidental to medical use may not be forfeited under any provision of law providing for the forfeiture of property other than as a sentence imposed after conviction of a criminal offense.

(6) A person may not be subject to arrest or prosecution for constructive possession, conspiracy, as provided in 45-4-102, or other provisions of law or any other offense for simply being in the presence or vicinity of the medical use of marijuana as permitted under this chapter.

(7) Possession of or application for a registry identification card does not alone constitute probable cause to search the person or property of the person possessing or applying for the registry identification card or otherwise subject the person or property of the person possessing or applying for the card to inspection by any governmental agency, including a law enforcement agency.

(8) A registry identification card or its equivalent issued by another state government to permit the medical use of marijuana by a qualifying patient or to permit a person to assist with a qualifying patient's medical use of marijuana has the same force and effect as a registry identification card issued by the department."

**Section 31.** Section 50-46-202, MCA, is amended to read:

**"50-46-202. Disclosure of confidential information relating to medical use of marijuana — penalty.** *(1) The department shall maintain a confidential list of the persons to whom the department has issued registry identification cards. Individual names and other identifying information on the list must be confidential and are not subject to disclosure except to:*

*(a) authorized employees of the department as necessary to perform official duties of the department; or*

*(b) state or local law enforcement agencies only as necessary to verify that a person is a lawful possessor of a registry identification card.*

~~(1)~~*(2)* A person, including an employee or official of the department or other state or local government agency, commits the offense of disclosure of confidential information relating to medical use of marijuana if the person knowingly or purposely discloses confidential information in violation of ~~50-46-103~~ *this section*.

~~(2)~~*(3)* A person convicted of disclosure of confidential information relating to medical use of marijuana shall be fined not to exceed $1,000 or be imprisoned in the county jail for a term not to exceed 6 months, or both."

**Section 32.** Section 61-11-101, MCA, is amended to read:

**"61-11-101. Report of convictions and suspension or revocation of driver's licenses — surrender of licenses.** (1) If a person is convicted of an offense for which chapter 5 or chapter 8, part 8, makes mandatory the suspension or revocation of the driver's license or commercial driver's license of the person by the department, the court in which the conviction occurs shall require the surrender to it of all driver's licenses then held by the convicted person. The court shall, within 5 days after the conviction becomes final, forward the license and a record of the conviction to the department. If the person does not possess a driver's license, the court shall indicate that fact in its report to the department.

(2) A court having jurisdiction over offenses committed under a statute of this state or a municipal ordinance regulating the operation of motor vehicles on

highways, except for standing or parking statutes or ordinances, shall forward a record of the conviction, as defined in 61-5-213, to the department within 5 days after the conviction becomes final. The court may recommend that the department issue a restricted probationary license on the condition that the individual comply with the requirement that the person attend and complete a chemical dependency education course, treatment, or both, as ordered by the court under 61-8-732.

(3) A court or other agency of this state or of a subdivision of the state that has jurisdiction to take any action suspending, revoking, or otherwise limiting a license to drive shall report an action and the adjudication upon which it is based to the department within 5 days on forms furnished by the department.

(4) A conviction becomes final for the purposes of this part upon the later of:

(a) expiration of the time for appeal of the court's judgment or sentence to the next highest court;

(b) forfeiture of bail that is not vacated; or

(c) imposition of a fine or court cost as a condition of a deferred imposition of a sentence or a suspended execution of a sentence.

(5) (a) On a conviction referred to in subsection (1) of a person who holds a commercial driver's license or who is required to hold a commercial driver's license, a court may not take any action, including deferring imposition of judgment, that would prevent a conviction for any violation of a state or local traffic control law or ordinance, except a parking law or ordinance, in any type of motor vehicle, from appearing on the person's driving record. The provisions of this subsection (5)(a) apply only to the conviction of a person who holds a commercial driver's license or who is required to hold a commercial driver's license and do not apply to the conviction of a person who holds any other type of driver's license.

(b) For purposes of this subsection (5), "who is required to hold a commercial driver's license" refers to a person who did not have a commercial driver's license but who was operating a commercial motor vehicle at the time of a violation of a state or local traffic control law or ordinance resulting in a conviction referred to in subsection (1).

*(6) (a) If a person who holds a valid registry identification card issued pursuant to [section 4 or 5] is convicted of or pleads guilty to any offense related to driving under the influence of alcohol or drugs when the initial offense with which the person was charged was a violation of 61-8-401, 61-8-406, or 61-8-410, the court in which the conviction occurs shall require the person to surrender the registry identification card.*

*(b) Within 5 days after the conviction becomes final, the court shall forward the registry identification card and a copy of the conviction to the department of public health and human services.*"

**Section 33. Emergency rulemaking.** The department of public health and human services shall adopt emergency rules as provided in 2-4-303 to allow for issuance of registry identification cards in accordance with the provisions of [sections 1 through 23] beginning June 1, 2011.

**Section 34. Repealer.** The following sections of the Montana Code Annotated are repealed:

50-46-101. Short title.

50-46-102. Definitions.

50-46-103. Procedures — minors — confidentiality — report to legislature.

50-46-201. Medical use of marijuana — legal protections — limits on amount — presumption of medical use.
50-46-202. Disclosure of confidential information relating to medical use of marijuana — penalty.
50-46-205. Limitations of Medical Marijuana Act.
50-46-206. Affirmative defense.
50-46-207. Fraudulent representation of medical use of marijuana — penalty.
50-46-210. Rulemaking — fees.

**Section 35. Transition.** (1) Registry identification cards issued to persons with debilitating medical conditions prior to [the effective date of this section] are valid until the expiration date listed on the card.

(2) (a) The department of public health and human services may issue registry identification cards to persons with debilitating medical conditions and to the persons named as providers or marijuana-infused products providers beginning June 1, 2011, under emergency rules adopted pursuant to [section 33].

(b) Until October 1, 2011, the department may issue cards to persons applying as providers or marijuana-infused products providers before the department has obtained the results of the fingerprint and background check required under [sections 4 and 5].

(c) A person who obtains a registry identification card as a provider or marijuana-infused products provider before October 1, 2011, shall submit fingerprints as required by [sections 4 and 5] no later than October 1, 2011.

(3) (a) The department shall revoke the registry identification card issued to a provider or marijuana-infused products provider under subsection (2) if:

(i) the person fails to submit fingerprints by October 1, 2011; or

(ii) the results of a fingerprint and background check conducted after issuance of the card shows that the person is ineligible for the card.

(b) The department shall notify the provider or marijuana-infused products provider and the registered cardholder who named the provider or marijuana-infused products provider that the person may no longer assist the registered cardholder with the use of marijuana to alleviate the symptoms of the cardholder's debilitating medical condition.

(4) A person who obtained a registry identification card as a caregiver pursuant to 50-46-103 before [the effective date of this section] may not be in possession of mature marijuana plants, seedlings, cuttings, clones, usable marijuana, or marijuana-related products on July 1, 2011, if the person has not obtained a registry identification card pursuant to the provisions of [sections 1 through 23] as provided for in subsection (2). Before July 1, 2011, a caregiver who has not obtained a registry identification card pursuant to [sections 1 through 23] shall take any mature marijuana plants, seedlings, cuttings, clones, usable marijuana, or marijuana-related products still in the caregiver's possession to the law enforcement agency having jurisdiction in the caregiver's area. The law enforcement agency shall destroy the items.

**Section 36. Codification instruction.** [Sections 1 through 23] are intended to be codified as an integral part of Title 50, chapter 46, and the provisions of Title 50, chapter 46, apply to [sections 1 through 23].

**Section 37. Coordination instruction.** If both House Bill No. 175 and [this act] are passed and approved and [this act] repeals 50-46-101, 50-46-102,

50-46-103, 50-46-201, 50-46-202, 50-46-205, 50-46-206, 50-46-207, and 50-46-210, then House Bill No. 175 is void.

**Section 38. Instructions to code commissioner.** (1) Wherever a reference to "medical use of marijuana" or "medical marijuana" appears in legislation enacted by the 2011 legislature, the code commissioner is directed to change the reference to "use of marijuana for a debilitating medical condition".

(2) Wherever a reference to 50-46-102 appears in legislation enacted by the 2011 legislature, the reference must be replaced with a reference to [section 2 of Senate Bill No. 423], if appropriate.

(3) Wherever a reference to 50-46-205 appears in legislation enacted by the 2011 legislature, the reference must be replaced with a reference to [section 11 of Senate Bill No. 423].

**Section 39. Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

**Section 40. Effective dates.** (1) Except as provided in subsection (2), [this act] is effective July 1, 2011.

(2) [Sections 20, 30, 31, 33, the repeal of 50-46-103 provided for in section 34, and sections 35 and 38], and this section are effective on passage and approval.

# INITIATIVE NO. 166

A LAW PROPOSED BY INITIATIVE PETITION

Ballot initiative I-166 establishes a state policy that corporations are not entitled to constitutional rights because they are not human beings, and charges Montana elected and appointed officials, state and federal, to implement that policy. With this policy, the people of Montana establish that there should be a level playing field in campaign spending, in part by prohibiting corporate campaign contributions and expenditures and by limiting political spending in elections. Further, Montana's congressional delegation is charged with proposing a joint resolution offering an amendment to the United States Constitution establishing that corporations are not human beings entitled to constitutional rights.

THE COMPLETE TEXT OF INITIATIVE NO. 166

*Be it enacted by the People of the State of Montana:*

NEW SECTION. **Section 1. Short title.** [Sections 1 through 4] may be cited as the "Prohibition on Corporate Contributions and Expenditures in Montana Elections Act."

NEW SECTION. **Section 2. Preamble.** The people of the state of Montana find that:

(1) since 1912, through passage of the Corrupt Practices Act by initiative, Montana has prohibited corporate contributions to and expenditures on candidate elections;

(2) in 1996, by passage of Initiative No. 125, Montana prohibited corporations from using corporate funds to make contributions to or expenditures on ballot issue campaigns;

(3) Montana's 1996 prohibition on corporate contributions to ballot issue campaigns was invalidated by *Montana Chamber of Commerce v. Argenbright*, 226 F.3d 1049 (2000). Montana's 1912 prohibition on corporate contributions to and expenditures on candidate elections is also being challenged under the holding of *Citizens United v. FEC*, 558 U.S. _____, 130 S.Ct. 876 (2010). This decision equated the political speech rights of corporations with those of human beings.

(4) in 2011 the Montana Supreme Court, in its decision, *Western Tradition Partnership, Inc. v. Attorney General*, 2011 MT 328, upheld Montana's 1912 prohibition on corporate contributions to and expenditures on candidate campaigns, stating in its opinion as follows:

(a) examples of well-financed corruption involving corporate money abound in Montana;

(b) the corporate power that can be exerted with unlimited corporate political spending is still a vital interest to the people of Montana;

(c) corporate independent spending on Montana ballot issues has far exceeded spending from other sources;

(d) unlimited corporate money into candidate elections would irrevocably change the dynamic of local Montana political office races;

(e) with the infusion of unlimited corporate money in support of or opposition to a targeted candidate, the average citizen candidate in Montana would be unable to compete against the corporate-sponsored candidate, and Montana citizens, who for over 100 years have made their modest election contributions meaningfully count, would be effectively shut out of the process; and

(f) clearly the impact of unlimited corporate donations creates a dominating impact on the Montana political process and inevitably minimizes the impact of individual Montana citizens.

NEW SECTION. **Section 3. Policy.** (1) It is policy of the state of Montana that each elected and appointed official in Montana, whether acting on a state or federal level, advance the philosophy that corporations are not human beings with constitutional rights and that each such elected and appointed official is charged to act to prohibit, whenever possible, corporations from making contributions to or expenditures on the campaigns of candidates or ballot issues. As part of this policy, each such elected and appointed official in Montana is charged to promote actions that accomplish a level playing field in election spending.

(2) When carrying out the policy under subsection (1), Montana's elected and appointed officials are generally directed as follows:

(a) that the people of Montana regard money as property, not speech;

(b) that the people of Montana regard the rights under the United States Constitution as rights of human beings, not rights of corporations;

(c) that the people of Montana regard the immense aggregation of wealth that is accumulated by corporations using advantages provided by the

government to be corrosive and distorting when used to advance the political interests of corporations;

(d) that the people of Montana intend that there should be a level playing field in campaign spending that allows all individuals, regardless of wealth, to express their views to one another and their government; and

(e) that the people of Montana intend that a level playing field in campaign spending includes limits on overall campaign expenditures and limits on large contributions to or expenditures for the benefit of any campaign by any source, including corporations, individuals, or political committees.

NEW SECTION. **Section 4. Promotion of policy by elected or appointed officials.** (1) Montana's congressional delegation is charged with proposing a joint resolution offering an amendment to the United States constitution that accomplishes the following:

(a) overturns the U.S. Supreme Court's ruling in Citizens United v. Federal Election Commission;

(b) establishes that corporations are not human beings with constitutional rights;

(c) establishes that campaign contributions or expenditures by corporations, whether to candidates or ballot issues, may be prohibited by a political body at any level of government; and

(d) accomplishes the goals of Montanans in achieving a level playing field in election spending.

(2) Montana's congressional delegation is charged to work diligently to bring such a joint resolution to a vote and passage, including use of discharge petitions, cloture, and every other procedural method to secure a vote and passage.

(3) The members of the Montana legislature, if given the opportunity, are charged with ratifying any amendment to the United States constitution that is consistent with the policy of the state of Montana.

NEW SECTION. **Section 5. Saving clause.** [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act.]

NEW SECTION. **Section 6. Severability.** If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

NEW SECTION. **Section 7. Effective date.** [This act] is effective upon approval by the electorate.

NEW SECTION. **Section 8. Codification instruction.** Sections [1 through 4] are intended to be codified as an integral part of Title 13 and the provisions of Title 13 apply to sections [1 through 4].
